

Appendix A – Promotional materials

St. Boniface Outdoor Aquatic Park

The City of Winnipeg is exploring what a new outdoor aquatic park in St. Boniface could look like and where it could go.

Take the survey or attend an open house to tell us what you would like to see at the proposed St. Boniface Outdoor Aquatic Park.

Open House

Date: November 14, 2024

Time: 4 p.m. – 7 p.m.

Location: Champlain Community Centre
282 Niverville Ave.

Format: Drop-in (come and go)

Survey

Scan the QR code or visit the project webpage to take the online survey by December 4, 2024.

For inquiries or for those who require alternate formats or interpretation to participate, please contact 204-986-4243 or info@mcgowanrussell.com.

Parc aquatique extérieur de Saint-Boniface

La Ville de Winnipeg est en train d'examiner à quoi pourrait ressembler un nouveau parc aquatique extérieur à Saint-Boniface et où il pourrait être construit.

Veuillez répondre au sondage ou assister à une journée portes ouvertes pour nous dire ce que vous aimeriez voir au parc aquatique extérieur de Saint-Boniface proposé.

Journée portes ouvertes

Date : le 14 novembre 2024

Heure : de 16 h à 19 h

Lieu : Centre communautaire de Champlain
282, avenue Niverville

Formule : Portes ouvertes (sans rendez-vous)

Sondage

Balayez le code QR ou consultez la page Web du projet pour répondre au sondage en ligne d'ici au 4 décembre 2024.

Pour toute demande de renseignements ou pour les personnes qui ont besoin de médias substituts ou de services d'interprétation pour participer, veuillez composer le 204-986-4243 ou écrire à info@mcgowanrussell.com.

Appendix B – Survey results

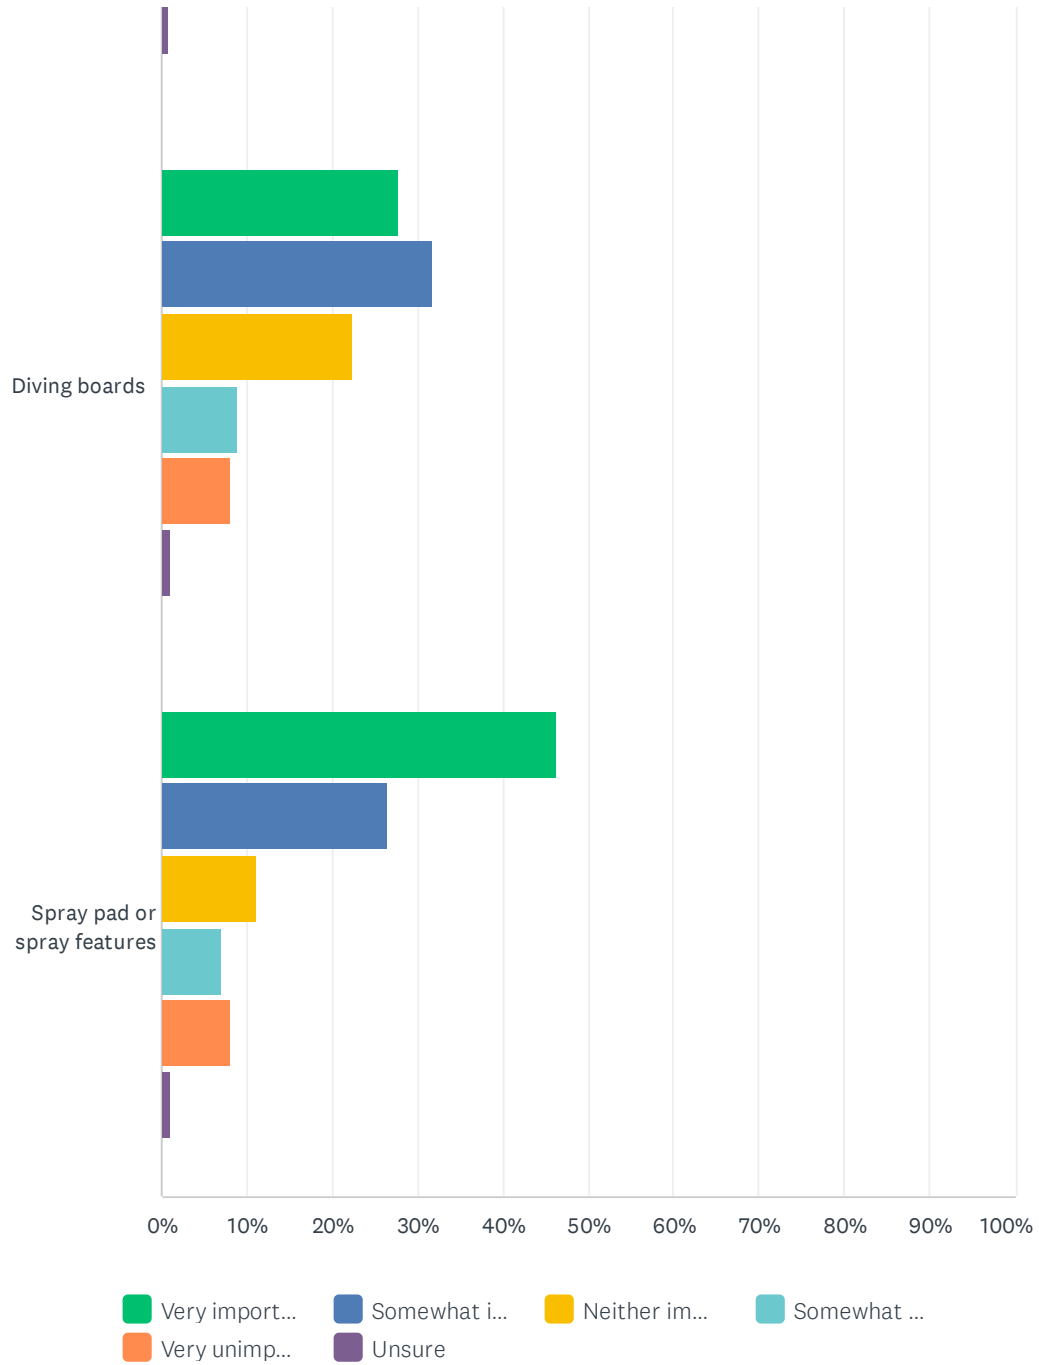

Please note: the views expressed in the verbatim survey comments are those of residents and are not those of the City of Winnipeg. The City of Winnipeg reviews comments to analyze feedback and remove comments that are inconsistent with our [moderation policy](#).

Q1 The site will include a heated outdoor pool and a number of other amenities to make the pool fun and welcoming for families and people of all ages and abilities. How important are each of these potential pool amenities to you?

Answered: 1,750 Skipped: 1

St. Boniface Outdoor Aquatic Park

St. Boniface Outdoor Aquatic Park

	VERY IMPORTANT	SOMEWHAT IMPORTANT	NEITHER IMPORTANT OR UNIMPORTANT	SOMEWHAT UNIMPORTANT	VERY UNIMPORTANT	UNSURE	TOTAL
Lanes for lap swimming	30.34% 531	25.66% 449	20.74% 363	10.80% 189	11.37% 199	1.09% 19	1,750
Accessible beach entry	50.11% 877	27.26% 477	11.83% 207	4.00% 70	4.91% 86	1.89% 33	1,750
Waterslides	52.06% 911	26.97% 472	11.20% 196	3.66% 64	5.26% 92	0.86% 15	1,750
Diving boards	27.77% 486	31.83% 557	22.34% 391	8.91% 156	8.11% 142	1.03% 18	1,750
Spray pad or spray features	46.23% 809	26.51% 464	11.14% 195	6.97% 122	8.06% 141	1.09% 19	1,750

#	OTHER (PLEASE SPECIFY)	DATE
1	Hot water for showers	12/4/2024 4:53 PM
2	afforability	12/2/2024 7:04 PM
3	Shade areas	11/29/2024 8:53 PM
4	Small slides for toddlers as well as larger slides for older children in age appropriate depth. If lanes for swimming are included, there should be appropriate lane swimming times (this seems obvious but has not been the case at current outdoor pools)	11/29/2024 12:33 PM
5	Make sure it's fully fenced including the splash pad. The splash pad with a mini kids pool (like St Vital one at Jonathan Toews CC)	11/28/2024 8:43 PM
6	Tarzan Rope	11/26/2024 11:48 AM
7	We do not want this park at all. Terrible idea.	11/25/2024 3:43 PM
8	not tearing down provencher pool	11/25/2024 10:43 AM
9	Any future aquatic park should also meet the needs of the Canine community	11/23/2024 9:06 PM
10	Lazy River	11/23/2024 3:46 PM
11	Outdoor shower	11/23/2024 3:04 PM
12	That the spray pad be outside the fenced paid access area, like it is in most other neighborhoods, unlike the one at the end of des meurons	11/23/2024 1:50 PM
13	Lazy river	11/22/2024 10:02 PM
14	Indoor park for use throughout the year preferred	11/22/2024 7:42 PM
15	The community needs a place to cool down	11/22/2024 4:58 AM
16	Shaded sitting area	11/21/2024 8:05 PM
17	lazy river!!!!	11/21/2024 1:40 PM
18	Beach entry very important for littles and people with disabilities!!!!	11/21/2024 12:28 PM
19	Food kiosk	11/21/2024 10:24 AM
20	Spray features look cool, but add very little to the experience. Please - focus on a proper pool.	11/20/2024 12:16 PM
21	a spray pad is not good fro teens. We have Boni Vital for laps. We need a pool for all ages	11/19/2024 12:01 PM
22	Vermillion park	11/18/2024 5:53 AM
23	Lane swim with early access on weekends.	11/16/2024 8:53 AM
24	There is another site close by with spray pads. This park should be more suitable for kids eight	11/16/2024 8:33 AM

St. Boniface Outdoor Aquatic Park

through 17 years old, as many other perks are suited to younger kids.

25	Must be accessible for those that don't have a vehicle	11/16/2024 12:07 AM
26	This is ridiculous. I hope you lose your seat, the bike lanes crumble and you have to pay your bus fare 100% all the time.	11/15/2024 8:13 PM
27	Lap pools for exercise very important including long hours	11/15/2024 3:47 PM
28	A hot tub	11/15/2024 10:33 AM
29	Large capacity... it's always so hard to get into outdoor pools	11/15/2024 10:26 AM
30	Does not need to be heated, it's better if it's free	11/14/2024 9:08 PM
31	I'd be happy with a basic pool if it means more pools available to the community.	11/14/2024 6:41 PM
32	Green space. Shade by canopy (not trees) and no shade in the pool.	11/14/2024 4:39 PM
33	Picnic areas	11/14/2024 2:38 PM
34	greenspace	11/14/2024 2:35 PM
35	Gratuité pour a) les enfants b) les familles dans le besoin	11/14/2024 11:47 AM
36	Enough space for many people to feel comfortable. Transcona is too small and you're always bumping into people.	11/14/2024 10:07 AM
37	Hot tub and sauna	11/14/2024 9:16 AM
38	We need an indoor one too not just an outdoor one. There are no indoor pools in the south area	11/13/2024 10:44 PM
39	Shaded areas	11/13/2024 9:00 PM
40	Have you considered a lazy river?	11/13/2024 6:55 PM
41	Lap swimming with stands for spectators for high level club swimming manta Merlin's seals and other competitive swimming dive clubs	11/13/2024 5:55 PM
42	Cost to the public..entrance fee must be low	11/13/2024 4:03 PM
43	Lazy river or wave pool	11/13/2024 3:35 PM
44	Baby and children friendly environment	11/13/2024 1:33 PM
45	Financially accessible access as in free ND easy to find information	11/13/2024 12:46 PM
46	Younger children will be with parents for swimming or splash pads. It is the teens that must find it fun and inviting also or the project will be of little value if it just concentrates on the very young children. The pool should be divided into younger and older children.	11/13/2024 12:37 PM
47	Having designated deep and shallow areas, and specifically areas for older children, teens and adults who are strong swimmers.	11/13/2024 12:34 PM
48	Good parking and lots of picnic tables	11/13/2024 11:21 AM
49	tous ce qui pourrait inciter les gens à y passer plus de temps comme tables de pique-nique, eau potable, espace vert ombragé, toilettes, etc.	11/13/2024 11:14 AM
50	Pickleball Courts	11/13/2024 9:13 AM
51	Taking away small neighbourhood pools to create this Walmart style aquatic park, which reduces accessibility and will create much more carbon emissions due to everyone having to drive to it, is a bad idea. Not in favour. Maintain the small pools.	11/13/2024 9:07 AM
52	Free entry for the poor and a bus to pick up the poor families,	11/11/2024 1:56 AM
53	Sitting area	11/10/2024 10:00 AM
54	Tree canopy for shade is very important	11/9/2024 1:16 PM
55	Green space with trees for shade	11/8/2024 9:13 PM
56	A safe space for parents to take preschoolers and school aged kiddos is so imortant,	11/7/2024 8:43 PM

St. Boniface Outdoor Aquatic Park

especially closer to Windsor Park area. St. B has a splash pad at least.

57	Just a pool. Doesn't even need to be heated. Stop getting rid of ones that exist already.	11/7/2024 6:37 PM
58	Wave pool! (Since Winnipeg doesn't have one.)	11/6/2024 7:11 AM
59	The artificial turf, used at the Transcona Pool, is a nice touch	11/5/2024 12:55 PM
60	Design that compliments the character of the area rather than clashing with it.	11/4/2024 3:10 PM
61	There are already spray pads in most areas.	11/4/2024 7:44 AM
62	Lazy river	11/3/2024 9:24 PM
63	St Boniface actually needs an indoor pool.	11/3/2024 8:07 PM
64	Dump bucket or waterfall feature	11/3/2024 1:45 PM
65	INDOOR, We are cold and winterpeg, we need this to be indoors	11/3/2024 10:20 AM
66	Warm temperature	11/2/2024 10:53 PM
67	It should be indoors. This is Winnipeg!!! And build a wave pool. Make it like the Calgary Southland Leisure Centre.	11/2/2024 8:37 PM
68	Shade and green space for families to sit	11/2/2024 9:05 AM
69	Hoy tube- sauna picnic area	11/1/2024 5:56 PM
70	Adult swim times. One lap lane open. Low, Low fees for SINGLE SENIORS. Accessibility for ALL.	11/1/2024 5:29 PM
71	Lazy river	11/1/2024 4:42 PM
72	Greenspace with trees, place to lock up bikes, change room and showers	11/1/2024 1:16 PM
73	wave pool	11/1/2024 12:40 PM
74	indoor pool facility would be preferred for year-round enjoyment rather than just an outdoor for 3 months	11/1/2024 10:38 AM
75	small pool in proximity, not a mega centre	11/1/2024 8:18 AM
76	Shade covers overhead of sitting benches	10/31/2024 4:42 PM
77	An indoor component seems foolish to not at least consider as part of this project.	10/31/2024 11:00 AM
78	Include everything, so everyone of all ages, abilities, level of skill can have FUN. Make it big enough so that people can just show up and enjoy, not stress about line up's with kids and coolers of food. Make it enjoyable so people don't travel to Wisconsin dell's or grandforks or Lilac resort or portage la prairie to enjoy a water park. The city needs to build it so people will come. And not worry about food, lineups, space etc.	10/31/2024 8:20 AM
79	Indoor pool	10/31/2024 6:47 AM
80	A lift for accessibility in and out of the pool	10/31/2024 6:35 AM
81	Life jackets & other floats available to use	10/30/2024 8:51 PM
82	Lazy river!!	10/30/2024 6:51 PM
83	Shade, reduce winds	10/30/2024 6:36 PM
84	Private girls only/boys only change rooms.	10/30/2024 4:33 PM
85	Greenspace and shaded picnic area	10/30/2024 1:48 PM
86	Large sitting area around pool to watch kids and sit together in a group. Lots of parking nearby and accessible washrooms.	10/30/2024 1:05 PM
87	Im not to happy here at all as a winnipeg citizen im tired of being restricted to summer only outdoor exhibits only for like 2 months what we need in the city of winnipeg is a indoor amusement park and indoor waterpark like the west edmonton mall we need something like that to do in the winters	10/30/2024 11:50 AM

St. Boniface Outdoor Aquatic Park

88	But why at at Champlain? It seem to me it would be a better fix at Provencher park. So much more room.	10/30/2024 11:47 AM
89	A circular area where kids & their family friends but especially kids can sit, cry off or relax on natural-material seating with amongst tree plantings [possibly cedar & fruit trees] & still be seen by their guardians. [Trees & green spaces so important to mental health & Environment]	10/30/2024 9:53 AM
90	Use the money to build an indoor facility	10/30/2024 9:24 AM
91	Should be indoors due to length of season in Winnipeg	10/30/2024 7:53 AM
92	Baby and toddler areas with interactive elements such as a geyser.	10/30/2024 7:41 AM
93	accessible for kids with disabilities	10/30/2024 7:37 AM
94	The spray pad should be outside of the fenced pool area, so that it is accessible for everyone who can't afford the entry fee.	10/30/2024 6:12 AM
95	Natural rock hot spring, sauna, floating island, wave pool	10/29/2024 11:17 PM
96	Family.type change rooms bike locks	10/29/2024 10:15 PM
97	Variety makes or accessible for all ages and abilities	10/29/2024 6:12 PM
98	outdoor shower, outdoor lockers, shaded picnic areas, seating, lifejackets	10/29/2024 5:16 PM
99	Should change to indoor water park so people can enjoy it year round	10/29/2024 4:31 PM
100	A body of water deep enough for my child to continue strengthening his swimming skills	10/29/2024 3:55 PM
101	Shaded areas, adequate family seating	10/29/2024 3:52 PM
102	Lazy river	10/29/2024 2:57 PM
103	Lazy river, indoor aquatic centre	10/29/2024 2:37 PM
104	make it indoor!!	10/29/2024 2:31 PM
105	Shade!!! Picnic tables. Rubber ground/floor so it doesn't get as hot as concrete. Grassed areas for comfier kids' seating	10/29/2024 2:22 PM
106	Make it indoor	10/29/2024 2:21 PM
107	bike lockers (not just racks but more secure lockers)	10/29/2024 2:20 PM
108	Space for teaching lessons (even if not specifically a lap pool)	10/29/2024 1:42 PM
109	Shade Structures	10/29/2024 1:34 PM
110	Large Hot tub	10/29/2024 1:15 PM
111	You can't afford to keep pools open, but you're building a waterpark?	10/29/2024 1:12 PM
112	Trees for shade, lounge chairs	10/29/2024 12:36 PM
113	Spray park structure - similar to West Edmonton Mall. Play structure with spray/splash features incorporated	10/29/2024 12:34 PM
114	Please make it 4 season!	10/29/2024 12:18 PM
115	I don't actually need or know anyone who needs accessible beach entry but believe it's very important for those that do need it	10/29/2024 12:17 PM
116	Not sure diving boards are needed, and might then need a deeper pool, space and safety issues, and cost more to heat- I don't know that it is justified for public/fun spaces	10/29/2024 12:16 PM
117	Please make it ,Family affordable friendly	10/29/2024 12:11 PM
118	A wave pool or hottub/sauna	10/29/2024 11:45 AM
119	It is important to have a pool for older children and adults and a space for younger children	10/29/2024 11:35 AM
120	Should be an indoor pool	10/29/2024 10:54 AM

St. Boniface Outdoor Aquatic Park

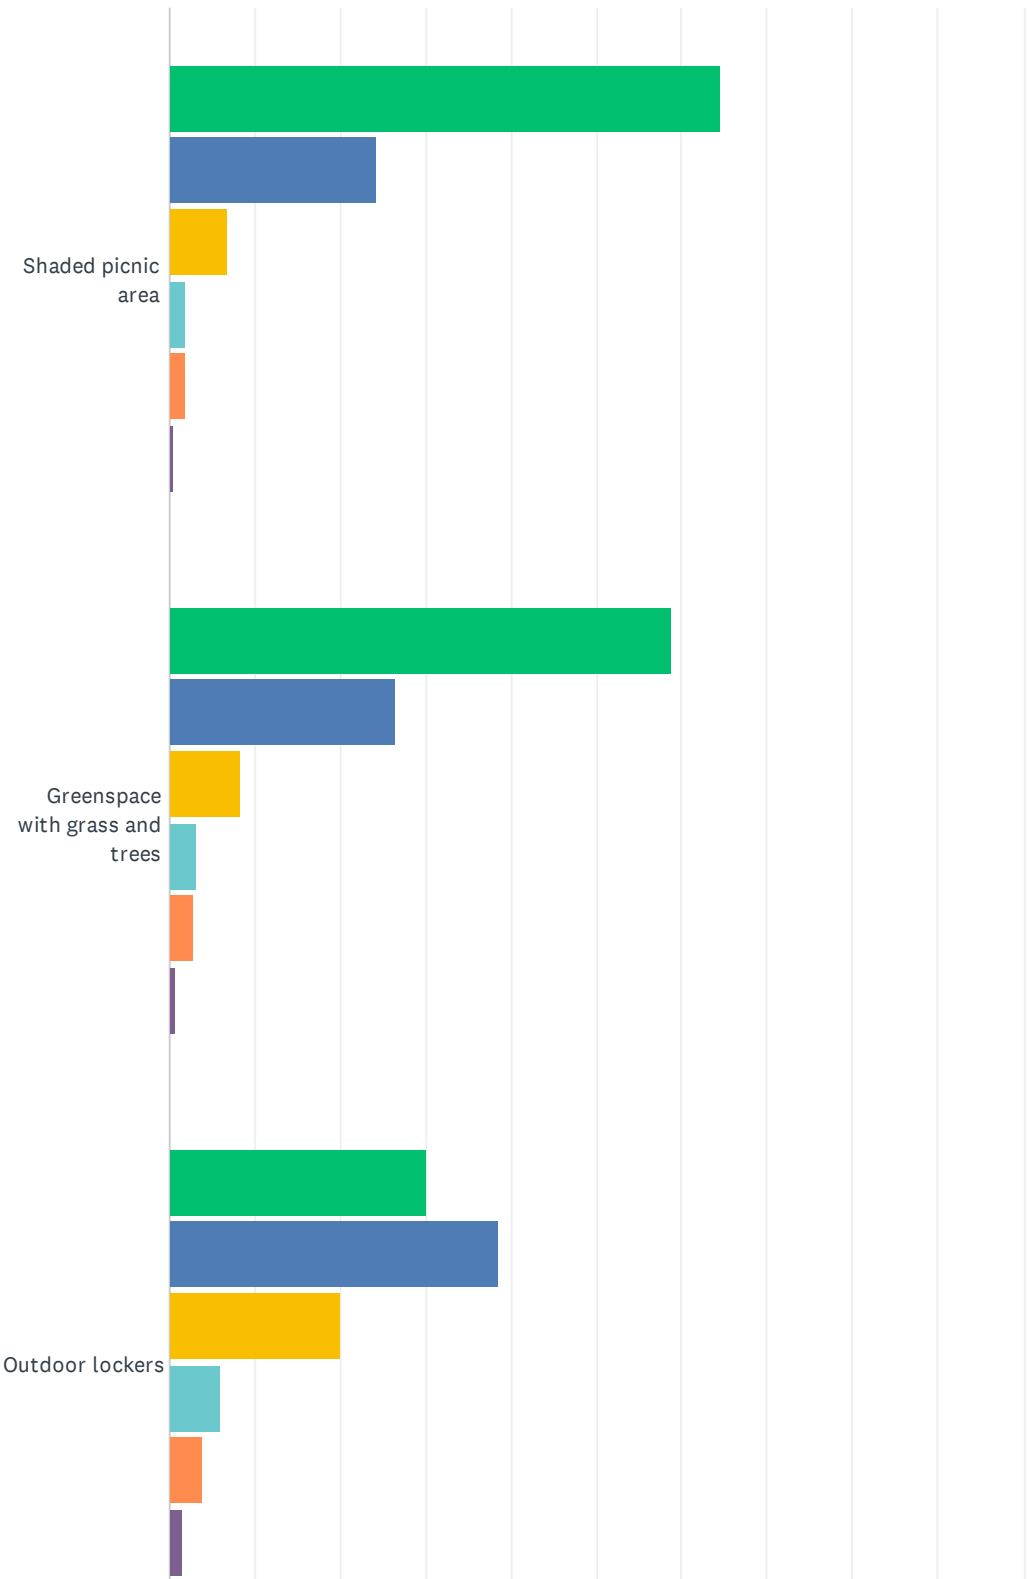

121	In Norwood	10/29/2024 10:16 AM
122	Wave pool!	10/29/2024 10:15 AM
123	it would be nice to have a beach with sand that replicates the real thing if possible.	10/29/2024 10:13 AM
124	Kiddie/shallow area	10/29/2024 9:59 AM
125	Enough space for families to actually go	10/29/2024 9:49 AM
126	Lot of parking	10/29/2024 9:47 AM
127	Wavepool, cafeteria, locker room, tube sliding	10/29/2024 9:30 AM
128	Parking lot for vehicles and bicycles	10/29/2024 9:19 AM
129	make it indoors	10/29/2024 8:58 AM
130	Just look at Canad inns aquatic center for slide ideas !!!	10/29/2024 8:41 AM
131	There MUST be shade and green space available.	10/29/2024 8:34 AM
132	If people want to swim laps and dive go to Bonivital pool	10/29/2024 8:22 AM
133	Hot tub!!!	10/29/2024 8:18 AM
134	raft or tubing feature. Look at Portage La Prairie one	10/29/2024 7:49 AM
135	Aquafit	10/29/2024 7:49 AM
136	Tables and lots of chairs	10/29/2024 7:48 AM
137	Deeper pool area for kids to play is very important	10/29/2024 7:33 AM
138	Outdoor shower (similar to St. Vital pool). A separate wading pool like st. Vital pool would be a nice consideration along with a beach entry to the regular pool. And splash pad / spray features like at st. Vital pool	10/29/2024 6:06 AM
139	outdoor sandy beach pool similar to the one in Selkirk.	10/29/2024 1:08 AM
140	lazy river!	10/28/2024 10:21 PM
141	fun atmosphere: a destination waterpark	10/28/2024 9:42 PM
142	A year round indoor pool would make a lot more sense than an amenity people can only use for 4 months a year.. if that!	10/28/2024 9:39 PM
143	like kildonan outdoor pool there are all of these aspects are in one place, making it great for our mutliget family use	10/28/2024 8:53 PM
144	Do not proceed with any part of this project until you repair and re-open Happyland. Maintain what you have before you spend money on new things.	10/28/2024 8:36 PM
145	Anything allowing kids and family's stay active is a big yes from me	10/28/2024 8:32 PM
146	parking room, bus service available	10/28/2024 8:29 PM
147	We need swimming pools that allow for summer lessons and practice. Unheated free small pools were a good model.	10/28/2024 7:56 PM
148	Handicap access into the water	10/28/2024 7:41 PM
149	This is [REDACTED]	10/28/2024 7:28 PM
150	Accessibility	10/28/2024 6:34 PM
151	Shade	10/28/2024 5:33 PM
152	A small separate wading area for littles	10/28/2024 5:21 PM
153	Wave pool	10/28/2024 5:11 PM
154	the counsellor is [REDACTED] closed several pools.	10/28/2024 5:06 PM
155	Buvette	10/28/2024 5:01 PM

St. Boniface Outdoor Aquatic Park

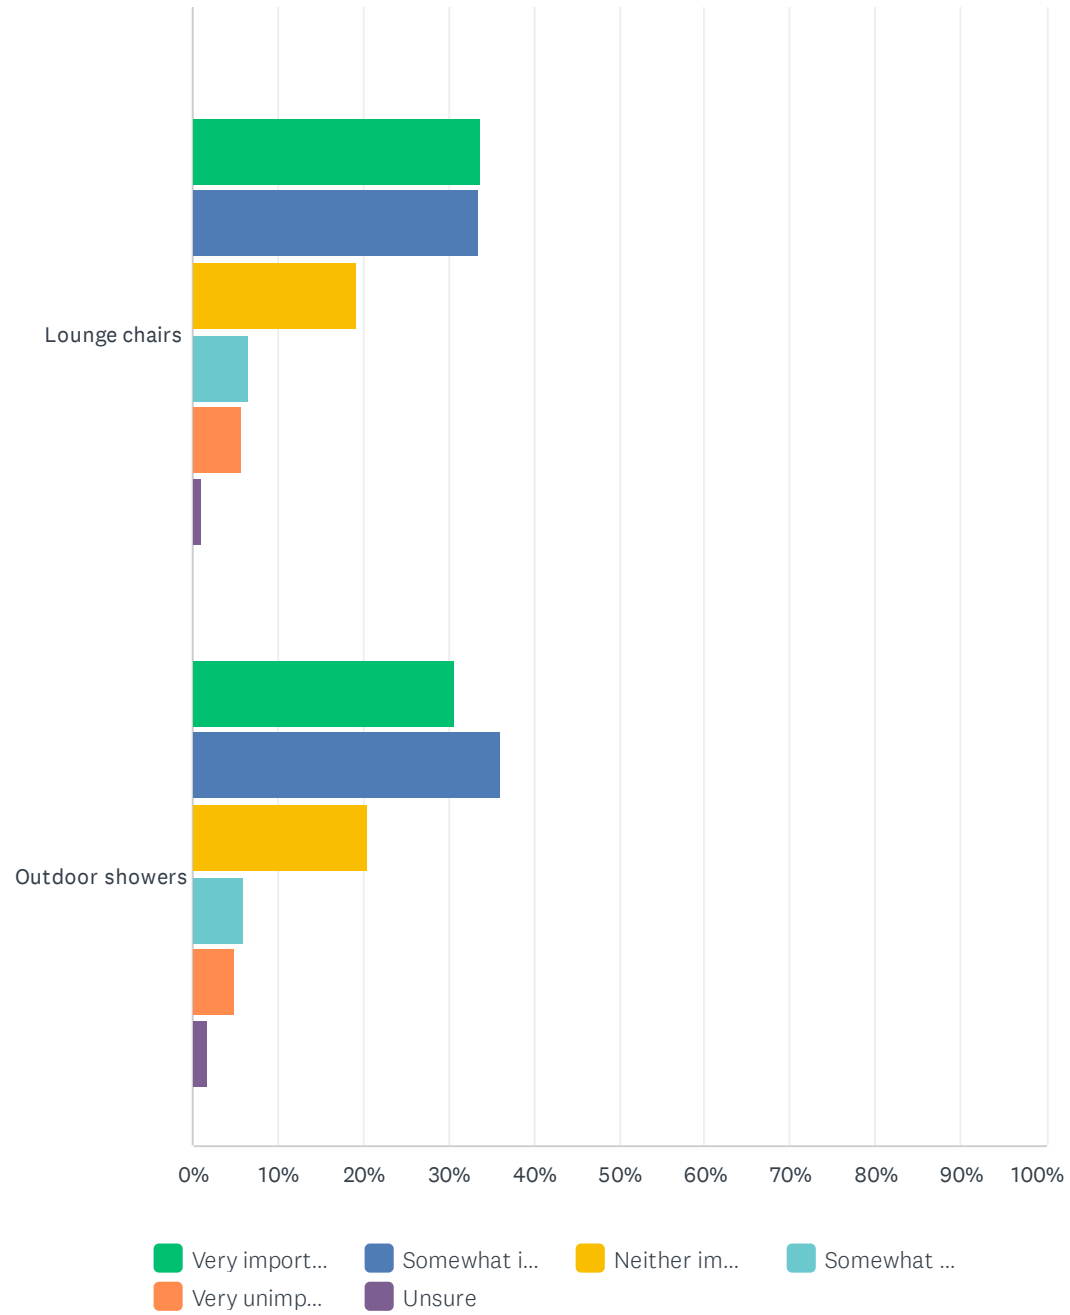

156	Scuba diving pool	10/28/2024 4:58 PM
157	All of the above presents safety hazards and opens liability issues for the city of Winnipeg.	10/28/2024 3:47 PM
158	greenspace with grass and trees	10/28/2024 3:41 PM
159	anything for leisure swimming vs competitive training	10/28/2024 3:32 PM
160	NOT on Lyndale Drive	10/28/2024 3:07 PM
161	Tables and seating in the shade	10/28/2024 3:00 PM
162	an outdoor pool would extremely costly to build and maintain.	10/28/2024 2:53 PM
163	Time and space for swim lessons	10/28/2024 2:47 PM
164	Lazy river	10/28/2024 2:46 PM
165	Lazy River - Very Important	10/28/2024 2:42 PM
166	Hot tub	10/28/2024 2:35 PM
167	Should be indoor so it could be used year round with an outdoor element for the summer months	10/28/2024 2:31 PM
168	Pool-side chairs - important	10/28/2024 2:22 PM
169	Aquatic exercise classes	10/28/2024 2:17 PM
170	There are enough spray pads in the area. Due to Allard taking away all our outdoor public swimming pools we need pools. Not pads !	10/28/2024 2:15 PM
171	Shade! Build more shaded areas than the Transcona Aquatic Park.	10/28/2024 2:12 PM

Q2 The site will include a pool building with washrooms, showers, and changerooms. How important are each of these potential site amenities to you?

Answered: 1,750 Skipped: 1

St. Boniface Outdoor Aquatic Park

St. Boniface Outdoor Aquatic Park

	VERY IMPORTANT	SOMEWHAT IMPORTANT	NEITHER IMPORTANT OR UNIMPORTANT	SOMEWHAT UNIMPORTANT	VERY UNIMPORTANT	UNSURE	TOTAL
Shaded picnic area	64.51% 1,129	24.34% 426	6.91% 121	1.89% 33	1.83% 32	0.51% 9	1,750
Greenspace with grass and trees	58.74% 1,028	26.40% 462	8.23% 144	3.20% 56	2.80% 49	0.63% 11	1,750

#	OTHER (PLEASE SPECIFY)	DATE
1	Access to showers with hot water. Does not need to be outdoor.	12/4/2024 4:53 PM
2	why outdoor showers and lockers	12/2/2024 7:04 PM
3	Family changing room. Small outdoor play structure within close proximity.	11/29/2024 12:33 PM
4	Enough Parking.	11/28/2024 8:43 PM
5	bike racks to lock bike in the pool area	11/25/2024 10:43 AM
6	big pool	11/25/2024 10:43 AM
7	Would sooner see more smaller community based facilities. Large ones draw from all over and people in the community can't always access. Check the one in Transcona. When you close all the other smaller ones that's what will happen when. Bigger is not always better. People just want to be able to walk over and have a day at the pool. That's what's so nice about what StBoniface had.	11/24/2024 10:49 AM
8	Food kiosk	11/21/2024 10:24 AM
9	we can bring our own chairs. showers should be inside and private? outdoor lockers would rust. having grass in a pool area will create more stuff in the pool filters and cause problems	11/19/2024 12:01 PM
10	Large family change rooms for families with special needs children. Sometimes a mom will take her older son to the pool and she doesn't want to change an older teen in front of girls in the change room. Or a dad brings his daughter and he doesn't want her in the men's change room.	11/16/2024 9:28 AM
11	This is ridiculous. I hope you lose your seat, the bike lanes crumble and you have to pay your bus fare 100% all the time.	11/15/2024 8:13 PM
12	Outdoor shower to support accessibility needs too!	11/14/2024 8:17 PM
13	Il est mieux de construire un bâtiment qui sera accessible durant toute l'annee cad pendant l'été et l'hiver	11/14/2024 1:48 PM
14	We can an indoor pool so that kids can play all year round	11/14/2024 1:43 PM
15	Indoor pool	11/13/2024 10:44 PM
16	Family change room for parents with children of opposite genders.	11/13/2024 9:00 PM
17	Showers yes but not outdoors	11/13/2024 7:44 PM
18	Indoor facilities more important than outdoor given our climate and many outdoor splash pads already exist, we need large indoor swimming pools	11/13/2024 5:55 PM
19	Dog friendly	11/13/2024 12:50 PM

St. Boniface Outdoor Aquatic Park

20	Walkable distance	11/13/2024 12:46 PM
21	Volley ball, tether ball could be played individually without supervision and would add to the enjoyment of the facility.	11/13/2024 12:37 PM
22	Not just shaded picnic areas, but areas of the pool itself that are shaded is essential for people with medical conditions that require us to limit sun exposure. Showers that allow for privacy/dignity of people with mobility needs, cultural needs, and more important than lounge chairs is the need for regular, upright seating with regular chair backs for people with mobility needs to sit upright, safely remove and put on footwear.	11/13/2024 12:34 PM
23	Taking away small neighbourhood pools to create this Walmart style aquatic park, which reduces accessibility and will create much more carbon emissions due to everyone having to drive to it, is a bad idea. Not in favour. Maintain the small pools.	11/13/2024 9:07 AM
24	As for bathrooms I trust there will be one for females and one for males NO SHARING! Shower stalls need to be private as not wanting men pretending to be females watching girls shower, chairs should be located all around the pool so people have privacy and can keep an eye on their belongings. a	11/11/2024 1:56 AM
25	Lots of clean bathrooms and private changing area	11/8/2024 12:16 AM
26	Focus more on utility then luxury, I'm happy to bring a chair or a blanket.	11/7/2024 8:43 PM
27	As long as indoor is available	11/7/2024 8:49 AM
28	Outdoor showers promote rinsing off before entering the pool	11/5/2024 12:55 PM
29	Family style/all gender change rooms	11/3/2024 8:03 PM
30	BYO portable lawn chair preferable to shared lounge chairs	11/3/2024 1:45 PM
31	This needs to be indoor. Do not go down the path of outdoor and lose money more than half the year	11/3/2024 10:20 AM
32	Outdoors is the wrong approach. Make this a destination attraction instead of a 4 month pool.	11/2/2024 8:37 PM
33	Chairs & stools for adults & children. Low Tables for snacks, no glass & a water fountain a Must. Outdoor shower to rinse chlorine & life jackets. Resistant weights for adult swim times. Shaded areas a must with climate being dangerous. Spray pad with shaded area for kids AND to cover strollers with babies. Water Fountain Height Appropriate.	11/1/2024 5:29 PM
34	Chairs or benches of high quality verses loungers seems more practical on a budget	10/31/2024 4:42 PM
35	showers / bathrooms gender specific	10/31/2024 9:35 AM
36	Have a restaurant	10/31/2024 6:47 AM
37	Accessible change room with adult change table	10/31/2024 6:35 AM
38	Fontaines d'eau potables	10/30/2024 8:30 PM
39	Snacks!	10/30/2024 6:51 PM
40	Enough change areas and bathrooms	10/30/2024 6:36 PM
41	Same as my first thing I wrote	10/30/2024 11:50 AM
42	Enforcement of shower use before entering the pool is very important - so many people do not even rinse before going in city pools and they are bringing into the pool all the bodily build-up from being outside in the dusty air, from the furniture and pets in their homes, and from their literally unwashed bodies - the shower is free, so there is zero excuse for not showering before entering the pool ; an unshowered person is obvious for having dry body, dry swimsuit and dry hair on approaching the pool	10/30/2024 11:37 AM
43	Not sure if outdoor lockers will attract crime and vandalism during off hours though people will need a storage space for their things	10/30/2024 7:55 AM
44	We can bring our own chairs if you want to put the money somewhere else. The showers could be costly in the long run. We can shower at home.	10/30/2024 7:41 AM
45	Halal restaurants. Breastfeeding area. An area to dry wet towels and clothes	10/30/2024 7:41 AM

St. Boniface Outdoor Aquatic Park

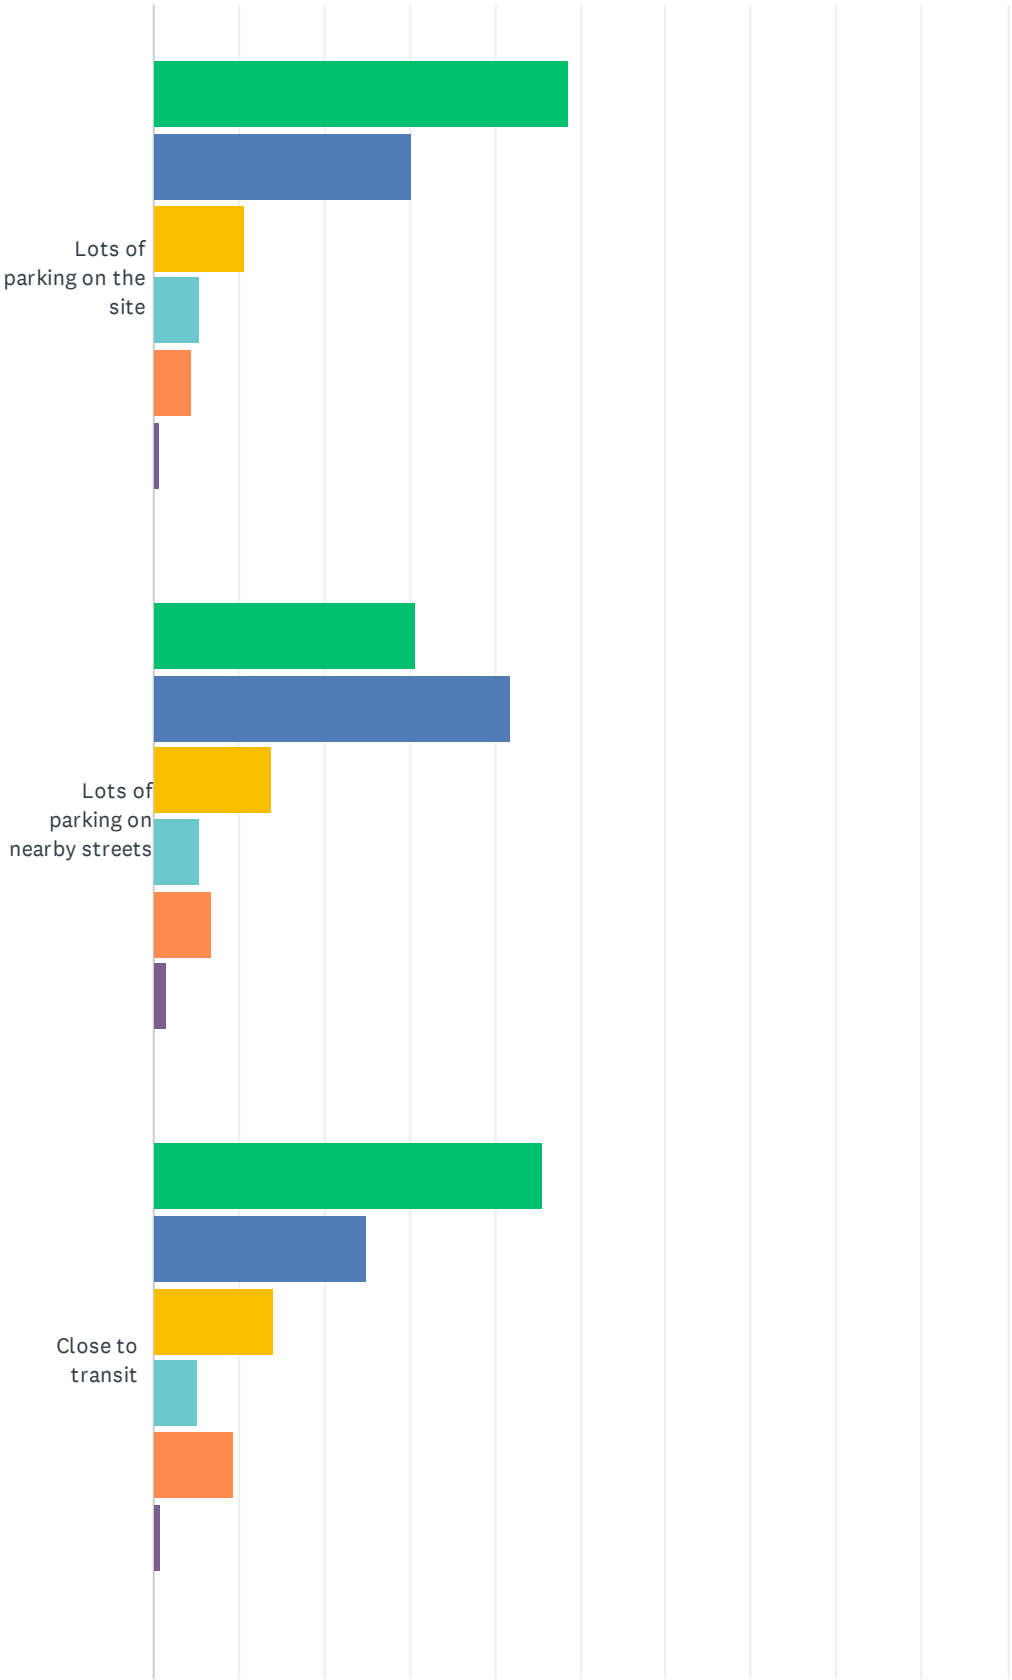

46	Bicycle lockers	10/30/2024 6:35 AM
47	concession area(ice cream, drinks, sunscreen) gated bicycle parking area! Ambient music or radio	10/29/2024 11:17 PM
48	Gender neutral washroom and change room. Also mobility friendly change rooms with chair lifts	10/29/2024 10:15 PM
49	Covered or sheltered area for protection from wind and occasional rain showers	10/29/2024 4:38 PM
50	picnic tables	10/29/2024 4:26 PM
51	water bottle filling station would be nice	10/29/2024 2:20 PM
52	Gender Neutral and family changing areas	10/29/2024 1:34 PM
53	Maybe figure out how to keep things open before building new ones you won't be able to keep open in a few years.	10/29/2024 1:12 PM
54	Adequate parking	10/29/2024 12:59 PM
55	The site needs to have excellent transit services to ensure you are not marginalizing lower income families.	10/29/2024 12:37 PM
56	I believe showering before hand would keep pool cleaner, and afterwards to reduce exposure to chemicals from pool. Shade during summer days critically important	10/29/2024 12:16 PM
57	It would be nice to have some shade. How would reentrance work? I am assuming you would have to leave the pool area for the picnic area.	10/29/2024 11:35 AM
58	Indoor pool :)	10/29/2024 10:54 AM
59	Separated areas based on activity/ages	10/29/2024 10:34 AM
60	Canteen and towel service	10/29/2024 10:15 AM
61	Security or deterrents for [REDACTED]	10/29/2024 9:47 AM
62	Changeroom, swimming lessons, make it an indoor water park	10/29/2024 9:30 AM
63	Parking lot for vehicles and bicycles	10/29/2024 9:19 AM
64	make it indoors	10/29/2024 8:58 AM
65	indoor showers	10/29/2024 8:42 AM
66	Bring back our happy land pool	10/29/2024 8:32 AM
67	A multipurpose room for birthday parties and other gatherings	10/29/2024 8:18 AM
68	Outdoor showers will turn it into a [REDACTED] camp. PS they need affordable housing and shelter more than we need a water park and we NEED a waterpark	10/29/2024 8:16 AM
69	Just make it as cheap as possible. The city has already torn down 2 pools in the st boniface area so the goal should be to keep this one long term and affordable to the city	10/29/2024 7:15 AM
70	Accessible change area including change table for adults	10/29/2024 6:49 AM
71	Room to bring your own chairs/blankets too. I think the lounge chair picture isn't safe for families as some parents will lounge and not watch their children in the water.	10/29/2024 6:34 AM
72	Would prefer indoor showers	10/29/2024 6:08 AM
73	outdoor sandy beach pool similar to the one in Selkirk.	10/29/2024 1:08 AM
74	Lounge chairs imply parents can sun tan when they should be watching their kids. Check your messaging here. Would rather more covered picnic tables.	10/28/2024 10:50 PM
75	No dogs allowed in the grass/green space, so kids can play in bare feet. Herbicides for the grass to prevent weeds and thistles	10/28/2024 9:42 PM
76	indoor change area is better esp if it rains	10/28/2024 8:53 PM
77	indoor showers would also be fine	10/28/2024 8:38 PM

St. Boniface Outdoor Aquatic Park

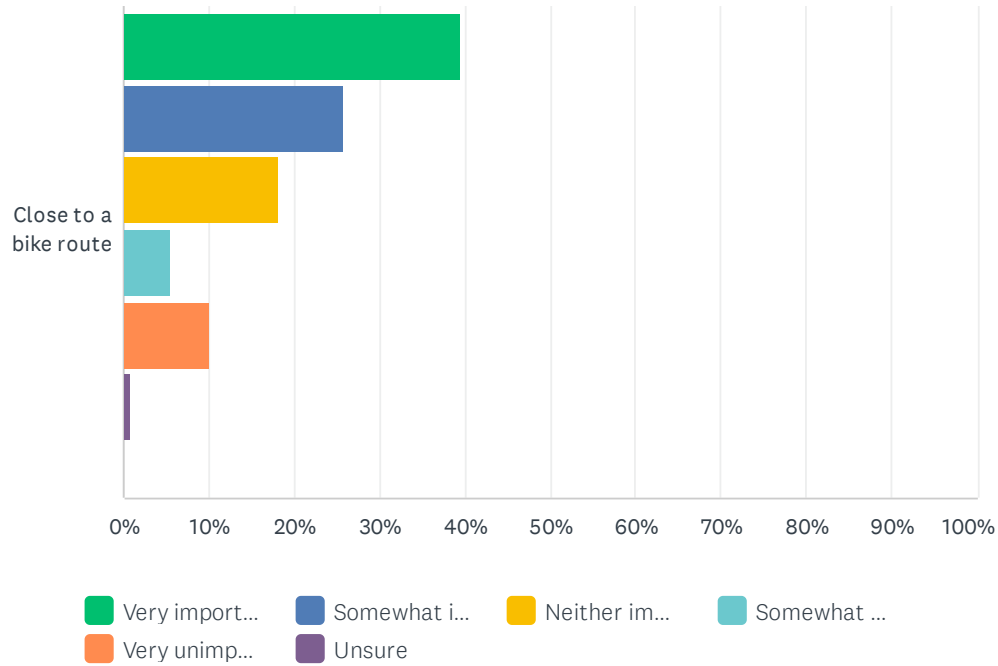

78	Do not proceed with any part of this project until you repair and re-open Happyland. Maintain what you have before you spend money on new things.	10/28/2024 8:36 PM
79	possibility of small canteen for snacks	10/28/2024 8:29 PM
80	Indoor showers and indoor lockers	10/28/2024 7:55 PM
81	This is [REDACTED]	10/28/2024 7:28 PM
82	Norwood CC have the room and parking to host a new pool and should be at the top of the list which is centrally located for your 4/5km radius.	10/28/2024 6:00 PM
83	Accessibility washrooms	10/28/2024 5:21 PM
84	lots of shades. allows bbq	10/28/2024 5:08 PM
85	Projection screen	10/28/2024 4:58 PM
86	Outdoor facilities will just get vandalized and result in budget overruns. I would not feel safe nor want to risk my valuables in a public space.	10/28/2024 3:47 PM
87	For an outdoor area these are important but this should be a mult seasonal use indoor for the winter with outdoor elements for the summer	10/28/2024 2:31 PM
88	Security personnel so that everyone is/feels safe to use the facilities	10/28/2024 2:11 PM
89	rentable gazebo area for special events	10/28/2024 2:10 PM

Q3 How important are the following transportation criteria to you?

Answered: 1,707 Skipped: 44

St. Boniface Outdoor Aquatic Park

	VERY IMPORTANT	SOMEWHAT IMPORTANT	NEITHER IMPORTANT OR UNIMPORTANT	SOMEWHAT UNIMPORTANT	VERY UNIMPORTANT	UNSURE	TOTAL
Lots of parking on the site	48.68% 831	30.23% 516	10.66% 182	5.39% 92	4.39% 75	0.64% 11	1,707

Q6 Are there any other criteria the City should look at when selecting a site?

Answered: 366 Skipped: 1,385

#	RESPONSES	DATE
1	Community outdoor pools are a neighbourhood gathering place to meet and enjoy our short summer season. In all my years of enjoying the amenities of Norwood, Happyland, Provencher, and Windsor, with my family, no resident ever complained about the size of the pool. It was about meeting your neighbours while the kids played in the pool and cooling off on a hot summer day. The City of Winnipeg should allocate the funds reserved for this huge project to save our three (3) community outdoor pools (Happyland, Windsor and Provencher) and rebuild Norwood which are all situated within a two (2) kilometer walking radius within each community. This new project, which has a four (4) kilometer radius within Saint Boniface, will require many residents to drive to access the amenities. In addition, the parking space for 50 to 60 vehicles will require the removal of several mature trees depending on the site chosen and will increase traffic in the area. This new project contravenes the Walk Friendly Communities program initiatives. During the open house, it was mentioned that the project's aim is to service low-income families and residents. This initiative will not meet this objective. Currently, there is no admission fee for access to Provencher, Windsor, as was Happyland and Norwood. The cost for daily admission or a seasonal pass is not within the means of many residents struggling with the cost of living. Having access to a free pool allows residents to cool off, children to play in a safe and supervised environment, with adult role models (lifeguards), and away from the grasp of gangs. Otherwise, it will service residents of other communities that have the means to pay the admission fees while the kids in the neighbourhood look on. The City of Toronto committed to increasing access to recreation by offering free leisure swim and skating to its residents. This initiative provides equity for all residents without stigmatization. The City of Winnipeg should focus instead on rebuilding existing outdoor community pools at end of life within the same location. Build a new pool for Norwood which also services downtown residents across the Norwood bridge. The preference is smaller than bigger which also costs less. The only desired upgrades are a beach entry (contingent of site as more terrain is required to build) for accessibility, deep end floating area, lap lanes, diving area, area for lounge chairs and hot water for showers. And a small office for staff. Extras such as splash pads, water slides, green spaces (in which the grass just ends up in the pool) and other expensive amenities are not required.	12/4/2024 5:29 PM
2	Proximity to other wading pools and splash pads	12/4/2024 11:22 AM
3	Outside of the city. We need a summer family waterslides, picnic tables Friendly fun place We need a huge attraction in Wpg to invite visitors	12/3/2024 5:36 PM
4	Price to access - affordable for all. Accessible for all - include people with disabilities. Job creation - building, running & maintaining. Useful through out year vs only summer months??	12/3/2024 5:00 PM
5	Look at how the area is currently used in fall, winter, spring when an outdoor pool facility is closed.	12/3/2024 3:49 PM
6	High density areas	12/3/2024 12:53 PM
7	should be convenient for all	12/2/2024 7:06 PM
8	Not be adjacent to an industrial building.	11/29/2024 12:46 PM
9	Winakwa is a perfect location. Near schools, central to areas without a pool like Island Lakes, Bonavista, Sage Creek, Royalwood, Southdale, Southland Park. Close enough for St Boniface residents to commute.	11/28/2024 8:47 PM
10	We have lots of spray pads and pools in the City already. We need a indoor playground free for kids play during Winter or raining days.	11/28/2024 1:28 PM
11	They should look at Calgary prairie winds park which is FREE.. ENOUGH OF BUILDING POOLS WHERE YOU HAVE TO PAY OR RESERVE SPACE. Archibald and Marion would be	11/27/2024 2:50 PM

St. Boniface Outdoor Aquatic Park

a great area. Prairie winds in Calgary is set up just right for everyone.

12	Le cout d'entrée sera une barrière majeure pour les nouveaux arrivants!! Ce sont ces familles avec le plus grand nombre d'enfants, mais avec un niveau économique faible.	11/26/2024 12:53 PM
13	De servir le plus de gens possible, prêt de edifice à haute densité	11/26/2024 11:35 AM
14	we need many sites and amenities as possible	11/25/2024 10:43 AM
15	pick as many sites as possibly we need many amenities	11/25/2024 10:43 AM
16	St vital areas	11/24/2024 8:51 PM
17	St vital areas is the best	11/24/2024 8:47 PM
18	Greater recreation opportunities for high poverty areas are critical. Wealthy Winnipeggers can travel further. Prioritize public and active transportation access to the area over parking.	11/24/2024 2:48 PM
19	More small pools in communities. Kids can walk or ride to. No waiting to access or book online to get in. Also security for bikes and possessions.	11/24/2024 10:53 AM
20	Plenty of garbage cans! Is it near existing residential that may impact that areas "culture"	11/24/2024 10:29 AM
21	Away from busy roads	11/23/2024 3:47 PM
22	Maximize use of facility through the year	11/22/2024 7:44 PM
23	Easily accessible. Large enough to create a big pool area.	11/21/2024 10:07 PM
24	Centralized	11/21/2024 8:06 PM
25	Needs to be within Windsor Park community.	11/21/2024 7:55 PM
26	What I instead would like to understand, is who's going to benefit from this, what will it do for our community, and where will the proceeds go? Our efforts are probably better off in helping support families in other ways, which would then allow them to spend more money to generate revenue for taxes. Think of daycares. Quebec has an excellent system and we should be investing in doing the same. The study show that we will earn more money as a community if our parents are supported with low cost daycare and accessible daycare. Families are able to work better jobs get better training and can commit for longer times.	11/21/2024 6:47 PM
27	Yes the Norwood flats has no pool anymore since the city refused to fix it or come up with a new pool so you need to put one back in this neighborhood	11/21/2024 4:45 PM
28	Do not remove a service/facility e.g. soccer field to accommodate a new facility. Does not add up except expenses.	11/21/2024 2:31 PM
29	centrally located within city no need to travel far down marion or st. mary's to reach it.	11/21/2024 1:43 PM
30	Don't do it. Stop removing existing pools in the neighbourhood (e.g., Happyland) just to have one big pool that will only be accessible at cost to people who can drive. Stop trying to centralize services to the upper-middle class.	11/21/2024 12:49 PM
31	none	11/21/2024 12:16 PM
32	Norwood Flats would be a great location	11/21/2024 12:09 PM
33	Build on existing infrastructure. Maintain that infrastructure. Why build all new?	11/21/2024 10:59 AM
34	Are the trees being removed for construction? Try to keep as many trees as possible. Should be near a corner store or city should have a canteen for drinking water, cold drinks, ice cream, etc.	11/21/2024 10:36 AM
35	Current water and waste infrastructure exists	11/21/2024 10:25 AM
36	Impact to existing community with respect to traffic safety, parking, loss of green space and mature trees, garbage.	11/21/2024 9:39 AM
37	Consider proximity to busy streets like Marion, Archibald, St. Mary's etc, flying rocks and gravel are hazardous	11/21/2024 9:18 AM
38	Provide alternative services, activities, and facilities to high poverty and other areas affected by pool closures that cater to 8-16 year olds during the summer.	11/20/2024 8:58 PM

St. Boniface Outdoor Aquatic Park

39	Compensate areas that have lost or will be losing their pool with this project. Go closer to downtown where it will be easily accessible. Do not build in the tower district.	11/20/2024 8:53 AM
40	The Windsor Park neighborhood would be at a huge loss if the pool closed. Many teenagers use it all summer long.	11/20/2024 8:48 AM
41	traffic volumes	11/19/2024 3:32 PM
42	central location	11/19/2024 3:23 PM
43	Updating an existing site	11/19/2024 3:18 PM
44	Safety and quick access to EM vehicles	11/19/2024 3:14 PM
45	proximity to residential area	11/19/2024 3:03 PM
46	local neighborhood	11/19/2024 2:56 PM
47	Walkability	11/19/2024 2:46 PM
48	population density in proximity to new site	11/19/2024 2:38 PM
49	Safety	11/19/2024 2:34 PM
50	Shade is an important consideration, some kids/seniors spend hours at the pool and when poolside sometimes need a break from sun, natural shade from trees is preferred over artificial, (umbrellas, etc.).	11/19/2024 1:47 PM
51	why would a pool be built by trees? The roots will eventually cause problems. We NEED to build a pool where lower income families have easy access. If kids are bored this is where problems arise.	11/19/2024 12:04 PM
52	Selecting a site with an indoor pool would further benefit the people with the most potential to use it. Since the plan is to use tax dollars for construction, why not at least attempt to create something that Manitobans can use year-round instead of for an approximate 6 months?	11/19/2024 3:36 AM
53	not in a village community such as Sage Creek. Being close to other facilities i.e. community club, school parking lots should be a consideration, as opposed to a high density street where noise and street parking would garner complaints by residents.	11/18/2024 5:09 PM
54	Windsor Park Pool! Please don't replace the pool with a splash pad!!	11/18/2024 3:23 PM
55	Southdale Vermillion Park	11/18/2024 5:56 AM
56	Central to high numbers of citizens. High priority for replacement of pool that has spray been taken away rather than replace one that still has life left	11/17/2024 10:17 PM
57	If it's close to schools then maybe the city could have the pool open in June so students could take swimming lessons. Swimming lessons don't always have to be in an indoor pool.	11/17/2024 9:33 PM
58	Traffic flow/congestion getting in and out of the parking areas safely as a vehicle and a pedestrian	11/16/2024 8:54 AM
59	It should be accessible to families, especially those who don't have a lot of money.	11/16/2024 8:35 AM
60	Affordability, current/past traffic to existing pools that are slated for closure, avoiding high income/housing areas like Norwood, accessibility eg. walking/cycling distance for a larger population.	11/16/2024 8:32 AM
61	In the old happy land site would be preferable	11/15/2024 8:52 PM
62	This is ridiculous. I hope you lose your seat, the bike lanes crumble and you have to pay your bus fare 100% all the time.	11/15/2024 8:13 PM
63	All persons who want access to these types of facilities are important not just those in poverty	11/15/2024 3:50 PM
64	This project is confusing at a time when the city has budget issues and is talking of raising taxes. There are a number of excellent community pools in St. B. area. However they are not properly staffed which results in underutilization. We are in the Provencher pool neighborhood. We go regularly, all summer long. Nearly every day access is limited by lack of lifeguards. The city says the pool is near end-of-life. It is unclear to us what that means and difficult to imagine that pouring new concrete, fixing pipes, or adding some paint will come anywhere near	11/15/2024 2:01 PM

St. Boniface Outdoor Aquatic Park

the cost of the scope being proposed for a new aquatic centre. I think what is being missed in this project is the role of community building that a simple pool, next to a playground and a splash pad and a soccer pitch and a field and other spaces, has in bringing together the diverse elements of a community like St. B. We encounter new immigrants, numerous languages, many francophones, all coming together in these loosely connected spaces. Provencher park is an almost perfect community building space where newcomers, old-manitobains, Canadians from other communities, all find spaces and activities that fit their needs. It lets parents share the space while their kids meet and play. No cost barrier, no fancy new structures, just a simple pool, splashpad and playground bringing people together. Not to be a luddite - but really, what value is a waterslide going to bring to St. B compared to simple community parks? Some families will be excited. Some people will drive across town to pay to use it. A lot of people won't...

65	compare cost of maintaining several existing pools to consolidating into one	11/15/2024 7:17 AM
66	I should be able to bike there, safely, with my 6 and 8 year old.	11/14/2024 10:45 PM
67	Attempt to limit additional traffic in already congested areas (example: Archibald/Marion area) Accessible large parking spaces for people with disabilities using wheelchairs.	11/14/2024 8:59 PM
68	Will there be a gender neutral single changeroom? Bathrooms can be gender neutral with full doors/walls with shared sinks (like at Brazen Hall restaurant). If no locker facilities, have a coat check services with someone taking your things to store in. numbered bin (matches with a bracelet).	11/14/2024 8:21 PM
69	I like the idea of a playground nearby.	11/14/2024 6:42 PM
70	Please consider developing this property in the Water Tower District. The neighborhoods wanted to keep Happyland Pool open, not to remove more of the surrounding park and its existing amenities. The Water Tower District land has not yet been developed and will require no trees to be removed.	11/14/2024 5:52 PM
71	Closer to the core of the city is best.	11/14/2024 4:33 PM
72	The bigger the site, you can always expand over time. Try to be forward thinking & planning for future.	11/14/2024 3:47 PM
73	I would like it if it was built in st boniface	11/14/2024 1:48 PM
74	These facilities should be built in the same locations as facilities that were demolished. Part if this is the notion that citizens feel that they do not get value for their tax dollars. Where is the reduction in property tax to correspond with the reduction in service and amenities. By rebuilding in the same locations, that feeling is diminished.	11/14/2024 12:12 PM
75	Gratuité pour a) les enfants b) les familles dans le besoin	11/14/2024 11:47 AM
76	Safe access from cross streets and turning lines, eg traffic lights, traffic calming in the neighbourhood, high visibility of crosswalks, lower speeds like school zones on nearby main roads	11/14/2024 10:10 AM
77	Accessible to south end of City. Whether you like it or not, that's where the growth is, and therefore, a lot of young families.	11/14/2024 10:09 AM
78	Not being visible to high traffic streets, or areas where a lot of people would be able to be watching the children playing.	11/13/2024 11:09 PM
79	Please consider attaching an indoor pool for future development so that kids can attend swimming during spring, fall and winter months	11/13/2024 10:45 PM
80	Crime in area, graffiti, litter. Safety in surrounding area, needles, proper lighting etc.	11/13/2024 9:01 PM
81	Provide parking. Street parking is not desirable for residents. We don't like to compete for parking on our own street.	11/13/2024 8:18 PM
82	Away from busy traffic areas. Better for child safety like st vital outdoor pool	11/13/2024 7:04 PM
83	It needs to be accessible to the whole ward and should consider where previous pools have been.	11/13/2024 6:56 PM
84	Population density and expansion. As st Boniface expands to the south are there any amenities to serve this area?	11/13/2024 6:30 PM

St. Boniface Outdoor Aquatic Park

85	Ensure it's as accessible as possible, and equidistant to all neighborhoods in the entire catchment area.	11/13/2024 6:11 PM
86	Size ensure it is large enough and has ample parking	11/13/2024 5:57 PM
87	There is nothing in the south east corner of the city and the bus transportation is the worst - would be nice to have something close to sage Creek and island Lakes!!!	11/13/2024 4:42 PM
88	Put it close to where the kids are...of make it accessible to kids- supported by transit and active transportation	11/13/2024 4:23 PM
89	Happyland Pool should not have been abandoned. That being said a giant new facility is not appropriate for Happyland Park. Put it somewhere else.	11/13/2024 4:09 PM
90	The new site should be central to the ward boundaries	11/13/2024 3:55 PM
91	Not too noisy or near traffic/just beside a road	11/13/2024 3:28 PM
92	The location should be in the centre of residential neighborhoods. A location people can easily get to.	11/13/2024 2:34 PM
93	Times for free swim, should be OFTEN	11/13/2024 1:42 PM
94	Happy Land Park: Its central position makes it an attractive choice, accessible for many and already familiar as a recreational area. Kavanagh Park: A quieter option that could provide a more serene setting for relaxation and leisure. Morier Park: This would be an impressive location with the added benefit of views of the Seine River. An outdoor terrace here would create a unique experience, blending nature and leisure beautifully.	11/13/2024 1:40 PM
95	We should always be aware of the surroundings that add beauty and peace to play areas. Trees needed for shade and ambiance, grass, not stones or mud. Easy access for all. Bus fares are expensive if your children have to travel every day in order to take advantage of the facility.	11/13/2024 12:41 PM
96	Preference for a site close to central St Boniface, where many in community live in apartments, otherwise don't have outdoor space, a location most can walk to, bike to site safely.	11/13/2024 12:34 PM
97	Access for disability	11/13/2024 12:31 PM
98	New facility MUST replace an existing site that is being decommissioned	11/13/2024 12:04 PM
99	Ne pas être loin d'une piscine qui sera fermée pour de bon	11/13/2024 11:16 AM
100	City should reconsider building a large, expensive, costly to access, car centric aquatic facility and plan to construct two or three community pools,	11/13/2024 10:20 AM
101	Ensure that the size and scale of the new aquatic park is at least the same as the Steinbach facility. Winnipeg is the largest city in central Canada and we deserve a really good aquatic facility with at least a handful of waterslides which can be used 12 months of the year.	11/13/2024 10:10 AM
102	The Provencher Park location should not be considered as it is at the farthest end of all the pools that closed or will be closed.	11/13/2024 9:19 AM
103	Taking away small neighbourhood pools to create this Walmart style aquatic park, which reduces accessibility and will create much more carbon emissions due to everyone having to drive to it, is a bad idea. I am not in favour of this idea. Maintain the small pools, keep our neighbourhood amenities from becoming shopping malls.	11/13/2024 9:09 AM
104	Proximity to med-high density. Good directed lighting to keep swimming pool open late and to minimize dark corners while ensuring to "light what you need, when you need it." SAFE bike and stroller storage for pool users.	11/12/2024 10:31 AM
105	- Demographic, what age are you catering to for this site? - Secure bike parking. - Other uses in the vicinity - light industrial is too open for safety complications....eg auto body shop near the pool.	11/11/2024 12:52 PM
106	The city is making a big mistake building this as the poor will never be able to afford to use this. The poor have no way to get to this pool. The city really needs to re think this and keep or build the smaller pools in each area to service all tax payer. The divide between rich and poor	11/11/2024 2:17 AM

St. Boniface Outdoor Aquatic Park

is a bad move. When you close a pool in a poor area that services 99% of the area this will ensure these poor or disabled people fall through the cracks. The poor, new comers and disabled would never go to the big dream pool because it is too over whelming for them. Winnipeg tax payers do not need more taxes because someone at city hall has an unrealistic dream. Like all areas told city hall at city hall THIS DREAM pool is NOT WHAT WE WANT. Keep or build our smaller pools in our own areas. If this silly dream pool is built make sure there is as many parking stalls as the capacity of the pool. Lockers should not be outside because of the crazy theft in St.B. and locks are for honest people. Having a DREAM pool in St.B where people do not have the money to go to will be another HUGE mistake that city hall makes. It will not be prosperous.

107	Concentrating recreational facilities in a location so neighbourhood will use the same space year-round, aquatic facilities in summer, skating facilities in winter	11/9/2024 1:21 PM
108	I realize this comment has nothing to do with selecting site, but have affordable entry cost so access is available to all.	11/8/2024 9:17 PM
109	Snacks	11/8/2024 10:21 AM
110	Happy land park needs to be redone	11/8/2024 6:45 AM
111	Safe area of the city	11/8/2024 12:18 AM
112	The amount of amenities near by, try to spread it out. I also like the idea of reducing as much environmental damage as possible.	11/7/2024 8:44 PM
113	As long as the green spaces are replaced in other areas. If trees must be removed consider planting new trees	11/7/2024 8:33 PM
114	While the Water Tower district seems like an obvious choice, the smell from the mushroom and maple leaf plan will be extremely off putting.	11/7/2024 7:14 PM
115	Don't close another pool!	11/7/2024 6:40 PM
116	Parking should be the last consideration. If the city chooses a location that is walkable and close to transit, it will need less parking.	11/7/2024 3:45 PM
117	This project could align with re-forestation or naturalizing turf that is infrequently used. The North Kildonan Pool is an excellent example. Trees provide privacy, shade, windbreak and increase Winnipeg's tree canopy and biodiversity.	11/5/2024 12:58 PM
118	Consult lifeguards when designing the aquatic park!	11/5/2024 11:36 AM
119	Youth age demographics, areas that have the most young families moving to (lower income, lower rent/housing costs). And better maintain infrastructure that we have so we don't need to close pools :)	11/4/2024 12:22 PM
120	Build larger waterpark that can accommodate a lot of people. These small one waterpark are insufficient for the current population. A larger waterpark will also act as a tourist attraction that can help bring people to Winnipeg. Closest large waterpark to Winnipeg is in Edmonton Mall.	11/4/2024 7:47 AM
121	Develop city spaces that are not being used or used minimally. Accessible by bus, car, bike.	11/3/2024 9:27 PM
122	Provencher Park is currently free to use. I hope this continues...whether it's a new pool or not. Having a paid pool near a high poverty area is useless.	11/3/2024 8:05 PM
123	This may sound odd, but how to be as sustainable with water use as possible. Having access to recycling and trash, and even compost where possible. Developing a sense of ownership among patrons as well as a sense of community. Have accessible signage to suit people of different language backgrounds (so less reliance on written word and more reliance on image-based signs).	11/3/2024 6:11 PM
124	Make sure you're not tearing down other pools !!!!!!!!!	11/3/2024 3:19 PM
125	St. Boniface desperately needs this!	11/3/2024 3:05 PM
126	An outdoor pool is not a good idea for Winnipeg! Make it an indoor pool etc and that would be an excellent idea!,	11/3/2024 11:21 AM
127	It needs to be indoors, inside, heated, not outside and useless most of the year. This is needed but if it's in Winnipeg is needs to be done properly and it needs to be indoor	11/3/2024 10:21 AM

St. Boniface Outdoor Aquatic Park

128	Create an indoor aquatic centre that can be used 12 months of the year.	11/2/2024 8:39 PM
129	Proximity to stinky mushroom farm- move the loveday mushroom farm 😊	11/2/2024 2:40 PM
130	Very close to where exists pools have been closed	11/2/2024 7:17 AM
131	Don't destroy great existing sites. Figure out how you will staff it as this is the key issue with existing facilities. an	11/1/2024 8:25 PM
132	The site should be as close as possible to the site of the Happyland Pool.	11/1/2024 8:14 PM
133	Kids friendly lazy River on the pool design	11/1/2024 5:58 PM
134	The amount of leaves Twigs branches dust that finds its way into the pool areas therefore costing more in cleaning supplies and staff not to mention the wear and tear of the pool Outdoors of course. This is why shaded area might have to be built at an angle so we don't have problems with water sitting on top causing rotted or mosquitoes. Most important must be easy affordable access for persons with disability and handy Transit now known as Transit Plus and this would be my number one consideration so that all people truly have access to the most beneficial sport.	11/1/2024 5:34 PM
135	A lot of pool users come from downtown (and those people are less likely to have air conditioning at home). I think choosing a location that is close to downtown and accessible by bus would be the socially responsible thing to do.	11/1/2024 4:45 PM
136	A lot of the proposed sites have significant tree canopy, it seems a shame to reduce these established trees and remove them to put a pool. Winakwa, Water tower district, and Norwood seem to have the least 'environmental' impacts as far as tree removals are concerned. That should be a consideration when choosing the site.	11/1/2024 1:17 PM
137	La proximité aux rues très achalandées (ex. St.Mary's à côté du Parc Coronation ou Marion au Parc Happyland) est une chose à éviter, selon moi.	11/1/2024 1:07 PM
138	Located in a safe neighborhood, lots of shade preferably from trees.	11/1/2024 9:16 AM
139	Build a facility in an area where lower income families can access & where something is already shut down!	11/1/2024 9:00 AM
140	Proximity is important. Several small pools that we can walk to is better than a mega pool that you have to drive to. Leaders talk about a 15 minute city and then administrators propose projects that achieve the opposite.	11/1/2024 8:21 AM
141	Southeast quadrant needs more	10/31/2024 8:20 PM
142	Security and vandalism prevention	10/31/2024 6:35 PM
143	Maintain a " bio design in mind" for a yard / park that grows with the crowds.....the nature of design link to new Toronto series [REDACTED]	10/31/2024 4:51 PM
144	The site should be centrally accessible in St. Boniface and suitable to replace the pools the city has taken from the community, such as Happyland and Lyndale.	10/31/2024 11:02 AM
145	Somewhere where people feel safe to walk to and from their vehicles. More waterslides than 2 or 3 with Fun Mtn gone, we sure miss a whole day of fun and the slides.	10/31/2024 10:46 AM
146	The question about proximity to high poverty areas is a bit confusing. If you are asking about the importance of folks who are in poverty or lower income to easily access this site, then yes!	10/31/2024 10:23 AM
147	easy access from public roads in multiple directions	10/31/2024 10:15 AM
148	Again, big enough to make it great, and accessible. And to have people enjoy without restrictions like lineups, prices ,etc. Allow people to bring in food/alcohol (like lilac) but have reasonable priced canteen onsite as well	10/31/2024 8:22 AM
149	Ensure ppl can bring their bikes inside pool area	10/30/2024 9:44 PM
150	Endroit central, comme le parc Provencher a du sens. Packers? La folie.	10/30/2024 9:12 PM
151	Universal Change room or washrooms	10/30/2024 8:21 PM
152	Make room for hotdogs and ice cream	10/30/2024 6:53 PM

St. Boniface Outdoor Aquatic Park

153	Accessible to those traveling from surrounding areas by car, due to mobility issues which make biking and long walking not viable.	10/30/2024 6:39 PM
154	Industrial smells and noise.	10/30/2024 6:22 PM
155	Enough washrooms, picnic tables	10/30/2024 6:11 PM
156	Demographic who would most likely use park	10/30/2024 5:11 PM
157	Places for little kids and older	10/30/2024 2:36 PM
158	On devrait ajouter au nombre de piscines à la place d'en remplacer une à la « fin de sa vie utile ». On devrait rénover tout nos piscines publiques. Arrêtez d'en fermer pour l'amour du ciel.	10/30/2024 1:04 PM
159	I'd like to see a variety of flowers ans shrubs make it pretty	10/30/2024 12:27 PM
160	Again as i and most of city wants is what I stated that the city needs and wants a huge indoor water park like west edmonton mall.	10/30/2024 11:52 AM
161	Provencher park has so much more room. A lot of bus for people to get there.	10/30/2024 11:49 AM
162	Easily accessible. Large space so that many can enjoy the benefits on any given day. Not everyone can drive out of town to enjoy beach/pool. Would be nice have other activities such as wave pool, games, music, wall climbing, etc. Make it multi functional.	10/30/2024 11:48 AM
163	Build this new pool as close to the shuttered Happyland Pool as possible - it is a crying shame the Happyland Pool was not allowed to be opened, despite supporters raising a LOT of money to show their commitment to supporting the pool - the city owes the user community of Happyland Pool a nearby replacement pool	10/30/2024 11:39 AM
164	Safe area Well policed area Life guards Free use of life jackets - must be returned	10/30/2024 10:27 AM
165	Security	10/30/2024 10:04 AM
166	Considering our weather ie. winter 8 months of the year, resources should be used to build an indoor facility.	10/30/2024 9:26 AM
167	Devrait y avoir des espaces proches de la piscine pour les picnic et un terrain de jeux. Devrait y avoir un lieu ombragé pour ceux qui attendent l'admission à la piscine. Tout effort doit être pris pour assurer qu'il y a suffisamment d'employés afin d'assurer la capacité optimal de nageur (en 2024 la piscine Provencher était à capacité réduite 2/3 du temps en raison de manque d'employés. Il y avait souvent 20+ personne en fils d'attente au plein soleil.)	10/30/2024 8:48 AM
168	N/A	10/30/2024 8:42 AM
169	As a former pool manager/lifeguard - As much as people will want trees, choose shade structure over trees. Trees drop leaves, seeds & sap, attract bugs and impact the structural integrity of a pool/concrete. To manage dirt & debris and comfort, consider wind direction & proximity to roads. Slides & diving boards create lineups & take up precious pool space which limits usage & enjoyment.	10/30/2024 8:39 AM
170	Proximity to retail	10/30/2024 8:28 AM
171	Ability for privacy fencing	10/30/2024 8:28 AM
172	Because of Winnipegs weather, a pool/complex such as this would only be useful for a small portion of the year. By making it an indoor complex, such as the Newton recreation complex in Surrey BC [REDACTED] would provide much more return on Winnippeggers investment.	10/30/2024 7:57 AM
173	It just needs to be easily accessible via public transit if it isn't located near a high poverty area	10/30/2024 7:55 AM
174	You might want to consider parking for young families and disabled people nearby and another lot further for people who can walk a bit.	10/30/2024 7:44 AM
175	An area that is close to highways or the perimeter to avoid congestion to everyday traffic. An area that is away from downtown.	10/30/2024 7:44 AM
176	Accessible for children with disability just like the Pool in 7 oaks	10/30/2024 7:39 AM
177	An area that people can feel safe going to. Don't have to worry about needles or people	10/30/2024 7:34 AM

St. Boniface Outdoor Aquatic Park

	sleeping around the area.	
178	Location should be accessible where traffic is easily accessible and not congested at peak traffic times.	10/30/2024 6:40 AM
179	Large enough that it doesn't feel congested.	10/30/2024 6:26 AM
180	Trees need to be more protected in this city. There is a really high disregard for mature trees.	10/30/2024 6:14 AM
181	Will allow enough seating and change rooms for all occupants. Half the space can provide shade. Waiting space/area for occupants to wait in line to get in is in the shade.	10/30/2024 12:19 AM
182	Away from high volume traffic routes to avoid noise, pollution, etc.	10/29/2024 11:45 PM
183	Consider the forks waterpark that we were promised, and how upset the community was over losing Happyland pool and Norwood pool, and instead of wasting more money on surveys, build us an awesome Waterpark	10/29/2024 11:22 PM
184	Is there enough power supply. Feasibility of traffic, can the area support more traffic? How accessible is the site to alternate transportation?	10/29/2024 10:51 PM
185	Make it accessible by bus.	10/29/2024 10:17 PM
186	Using the site of Provencher pool or Happyland pool would be a great way to put a modern facility in a well established neighborhood.	10/29/2024 9:48 PM
187	Access to other businesses. Ice cream, snacks, tourist, restaurants. Shaded area and play structures for waiting in line to access. Think Kildonan Park.	10/29/2024 9:29 PM
188	Density. The greater the population that lives close to the site, can result in greater access for more individuals, as well as reduced demand for parking.	10/29/2024 8:48 PM
189	This should be in an area where there are young families. I don't believe this is the case for the st.b area.	10/29/2024 8:06 PM
190	Easy to enter and exit and doesn't disrupt the flow of traffic.	10/29/2024 7:39 PM
191	Norwood flats would be great	10/29/2024 7:37 PM
192	Somewhere where it can expand and hotels can be built nearby for a world class waterpark	10/29/2024 6:35 PM
193	safe area	10/29/2024 6:27 PM
194	Useable by the entire city Accessible for all people - eg/ mobility, age, SES	10/29/2024 6:14 PM
195	Ideally it would be on an area where a pool has already been removed like in Norwood flats	10/29/2024 5:41 PM
196	Environmental planning for green space and environmentally friendly facility.	10/29/2024 5:39 PM
197	That it be located in actual St-B (between the Red and Des Meurons and enfield) and not east into the industrial area or windsor park	10/29/2024 5:39 PM
198	Communities lacking in things to do for kids	10/29/2024 5:29 PM
199	Indoor would be better, for this city. Or at least a 3 season heated outdoor pool.	10/29/2024 5:25 PM
200	Norwood	10/29/2024 5:08 PM
201	Proximity to residential properties be a reasonable distance from pool area.	10/29/2024 4:43 PM
202	just build it at Happyland Park	10/29/2024 4:27 PM
203	The East Fort Garry area , we were supposed to get a new splash pad, but some one pulled a fast one and cancelled the build!	10/29/2024 4:11 PM
204	Areas where criminals who are conditionally released are more common to reside.	10/29/2024 3:57 PM
205	Just make sure it's in st Boniface.	10/29/2024 3:53 PM
206	If trees are removed I wouldn't be too worried if there was a commitment to re-plant an equal number of trees on/near the site.	10/29/2024 3:40 PM
207	How much industrial and commercial is around the site. This creates "dead" areas where no one lives around the facility. Must also be in an existing and developed area, not in an area	10/29/2024 3:40 PM

St. Boniface Outdoor Aquatic Park

where there are no houses for many years.

208	integration into the existing grounds and facility, minimize unnecessary parking lots unless there is dual function	10/29/2024 3:37 PM
209	An area or space that does not require a lot of expense or time to demolish existing features that would delay construction start.	10/29/2024 3:17 PM
210	Where low income families can come and go without hopping on a bus they can't afford.	10/29/2024 3:17 PM
211	walking distance	10/29/2024 3:04 PM
212	Distance from major roadways/intersections.	10/29/2024 2:59 PM
213	Having the location central to the most people and close to public transit / walking / bike routes is important for st boniface. Many people don't drive and those who do can it is much easier to commute . When looking to take small children to a pool if you need to take a bus and then walk it extends your travel time and puts up barriers which is not ideal.	10/29/2024 2:35 PM
214	free parking	10/29/2024 2:22 PM
215	Must be adequately heated and in a safe area (ie not a high crime area)	10/29/2024 2:20 PM
216	Consider safety of families.	10/29/2024 2:19 PM
217	Not necessarily about the site of it, but more about the amount that people will be charged.	10/29/2024 2:18 PM
218	The norwood pool was unnecessary removed. I moved in to this neighborhood with hopes this will be safe place for my kids to hang out during summer months. It was free!, It was close by!, It was safe!, it was clean. I really don't need anything more than that. Just replace to wat was there before, it will be cheaper than this fancy aqua places but reasonable in those times of epidemic powerty.	10/29/2024 2:11 PM
219	St B is a big ward and some of the ward is closer to downtown. Maximizing those distances and making this pool accessible tot hose residents would be great. It would be great if it was co-located too.	10/29/2024 1:44 PM
220	accessible to the highest need populations (low SES, seniors, newcomers, ppl with disabilities and children) and how can the site be used YEAR ROUND/ be multit-use.	10/29/2024 1:38 PM
221	Enough room to allow for a separate spray pad where you would not have to pay pool admission to access.	10/29/2024 1:36 PM
222	Lions Pool has city land and should be converted to a larger facility similar to Kildonan Park Pool. Why not start there so south end has a nice facility with slides & fun family features.	10/29/2024 1:36 PM
223	It would make the most sense to use old pool infrastructure if possible.	10/29/2024 1:22 PM
224	Happy Land	10/29/2024 1:18 PM
225	Keep the area safe and free of riff raff	10/29/2024 1:07 PM
226	Pedestrians should not have to cross busy travel corridors to access site from parking lots. Ensure that neighborhood can still park into her own neighborhood when site is active. Where proposed sites are abutting community centres ensure that it aligns with their needs/master plans too.	10/29/2024 1:07 PM
227	Help reducing crime in the area by attracting lots of people	10/29/2024 12:50 PM
228	Land that is already owned and on the east side of the city. There has been much development on the west and north and little to none on the south east corner.	10/29/2024 12:39 PM
229	close to quick travel routes; not in the middle of St. Boniface.	10/29/2024 12:36 PM
230	Make sure there is ample parking.	10/29/2024 12:27 PM
231	Location should provide some semblance of privacy from the public who are not participating at the park. For example, building it beside a 20 story apartment building may make some people uncomfortable.	10/29/2024 12:24 PM
232	Criteria used are key, however still a lot of unknowns-especially the cost of retrofitting sewer and considering flood zones. If Water District one of top three there must be negotiation with	10/29/2024 12:22 PM

St. Boniface Outdoor Aquatic Park

developers to ensure city interests are not over run by developers looking to maximize profits. I would also want to consider how close by other resources are related to child care, youth programs etc- for example when Norwood Pool was open there was a tennis camp that used the pool every day- very popular! Having day cares close by would also help for working parents and centres to utilize.

233	Walkability is the most important thing by a mile and a half. The giant field being CLR sticks out to me as a good spot.	10/29/2024 11:58 AM
234	Security / safety [REDACTED]	10/29/2024 11:49 AM
235	It should be in an area where people who rely on Transit can get to easily, preferably by walking or biking. It should be environment friendly.	10/29/2024 11:38 AM
236	there's a site that the neighborhood attempted to save last year, if this goes anywhere other than there it's going to look sooooo offensive to the residents, you may as well not run for council again.	10/29/2024 11:28 AM
237	High priority should be on proximity to frequent transit route and being in a walkable location for the largest number of residents.	10/29/2024 11:12 AM
238	It should only be located where bus routes are frequent at all times of operating hours and near active transit routes for people to walk, bike, or roll there. Parking is unimportant except for specialized spots for seniors, handicap passes, and parents with small children or who are currently pregnant.	10/29/2024 11:02 AM
239	It should be an indoor pool. Similar to Concordia pool or Kildonan park pool, but inside. We need a big Waterpark in this city that's accessible to everyone.	10/29/2024 10:56 AM
240	Close to other amenities such as a playground, other outdoor activities, shops/restaurants would be a bonus.	10/29/2024 10:50 AM
241	There is a need to have a pool and a splash pas for families in StB. This place should be accessible and have Green Space around it so families can play, there is Space to sit in the Shade and enjoy outdoor.	10/29/2024 10:39 AM
242	Norwood Community Center	10/29/2024 10:35 AM
243	I love this idea of a new pool. Good job!! It would be nice to include a toddler section separate from the pool and perhaps a hot tub/pool. So have a space that could include these ideas (if possible). Where we lived previously, there was a pool just down from the school. It was great to access the pool after school and easy to get to.	10/29/2024 10:22 AM
244	Please consider Norwood	10/29/2024 10:18 AM
245	Proximity to folks downtown who have very few recreational facilities. Walkable and safe. Norwood CC is a safe place to walk or bike to and very central. One can picture families spending a day there.	10/29/2024 10:12 AM
246	replacement of the pool closed by the Mayor and Matt Allard. Happyland pool should have been left open this past summer until the new pool was built.	10/29/2024 10:10 AM
247	Norwood - site of previous in ground outdoor pool	10/29/2024 10:06 AM
248	Just build in same location as the old pool. There is abundant space there already.	10/29/2024 10:03 AM
249	What nearby amenities there are - somewhere with lots of newer recreation options is not as well served as a location with aging/no rec infrastructure	10/29/2024 9:51 AM
250	Choose largest mass of land already owned by the city to keep costs down.	10/29/2024 9:49 AM
251	Make it in a location everyone can get to.	10/29/2024 9:40 AM
252	Happy land park would be a great choice for revitalization	10/29/2024 9:35 AM
253	Keep added traffic and parking off residential streets.	10/29/2024 9:22 AM
254	Install where the former Norwood Flats pool was	10/29/2024 9:21 AM
255	All about accessibility, traffic included	10/29/2024 9:03 AM
256	Flood bowl	10/29/2024 9:02 AM

St. Boniface Outdoor Aquatic Park

257	make it indoors	10/29/2024 8:59 AM
258	Enough space on grass for busy season. Cafeteria/restaurant. 3 meter and 5 meter diving board. Extended opening season from mid-May to mid-October.	10/29/2024 8:45 AM
259	The answer is a question in itself ! Would you go there ? Do you feel safe there etc Simple	10/29/2024 8:43 AM
260	Having the site in a residential area that allows the community to easily walk to it or ride bikes.	10/29/2024 8:41 AM
261	No	10/29/2024 8:36 AM
262	Rebuild her Happyland pool as per requested	10/29/2024 8:35 AM
263	Have a pool so if city can't have enough classed atleast the private instructors can teach..another pool where people can practice swimming..atleast have 3big pools	10/29/2024 8:35 AM
264	Ease of accessibility (ie. getting to and from the waterpark) is one of the most important factors to consider.	10/29/2024 8:30 AM
265	Q4 - Replaces an existing pool that is reaching its end of life - The City of Winnipeg has already shutdown 2 pools - Norwood Outdoor Pool + Happyland - which one does this replace?	10/29/2024 8:25 AM
266	Should make inside a building to be used year round	10/29/2024 8:24 AM
267	Should be accessible for families, the elderly, accommodate the disabled	10/29/2024 8:23 AM
268	Please don't put it way out on the edge of the neighbourhood where it is hard to get to. Also don't put it near the mushroom plant for goodness' sake.	10/29/2024 8:22 AM
269	Rip down some old TENNIS COURT or BADMINTON court in tuxedo and make it accessible to those in need	10/29/2024 8:18 AM
270	The city should strongly consider placing an outdoor waterpark near a rapid transit line and as close to downtown as possible.	10/29/2024 8:06 AM
271	A site where people from surrounding areas can easily walk there, especially important that kids/teens who want to go on their own can get there safely	10/29/2024 7:34 AM
272	Walking distances from neighborhoods	10/29/2024 7:17 AM
273	Why is the city trying to reinvent the wheel. The pool at provencher park could easily be updated instead of wasting all the money and time on a completely new location and facilities!	10/29/2024 7:17 AM
274	If this pool is servicing a larger area, it should be built large enough to accommodate many people of all ages. I like the water tower district or winakwa location options, as this is more central to st.boniface as a whole and more accessible for the southern parts of the community (southdale and island lakes). Winakwa may be too disruptive to their current activities they host in their field but I don't know. Please don't ask people if accessibility is something the people want as an option when it should be a given in your plans.	10/29/2024 7:14 AM
275	Please make it indoor so it's accessible all year long!	10/29/2024 7:04 AM
276	Not on Marion Not on Archibald Not on Goulet	10/29/2024 6:58 AM
277	Proper lane pool for outdoor use. There isn't any proper lane swimming in Winnipeg This can also double for swimming lessons	10/29/2024 6:50 AM
278	I would like the city to select a site where there is a lack of pools/outdoor recreation or an area where it is easy for all residents of St Boniface to drive/access	10/29/2024 6:47 AM
279	I would be upset if people were always parking on my street to go swimming. I can't then park to be at my own home as there is often then no space. Ample parking lot space is important.	10/29/2024 6:38 AM
280	Hot tub	10/29/2024 6:33 AM
281	The city doesn't have enough water parks so it should be a priority to find a space where a good size water park with big slides and parking spots can fit.	10/29/2024 6:27 AM
282	Location	10/29/2024 6:20 AM
283	That it is in a safe area. Safe to park our vehicles, safe to walk with our kids from the vehicle to the pool	10/29/2024 6:08 AM

St. Boniface Outdoor Aquatic Park

284	Close to an existing Transit Route	10/29/2024 1:11 AM
285	Don't put it where it always smells bad By the mushroom factory.	10/29/2024 12:00 AM
286	Also look at areas where a pool has been decommissioned already, and is centrally located	10/28/2024 11:09 PM
287	My understanding is that this pool was to replace the happy land pool. So why is "replacing an existing pool that IS reaching life end" again on the list Sounds like more pools are on the chopping block and provoche park being in a site when it HAS a splash pad and pool that serves the is very suspicious of more pool closures.	10/28/2024 10:57 PM
288	A parking lot is huge to minimize parking on nearby residential streets. Until the city addresses safety on bike paths walking paths and transit people will continue to drive and dodge the car jackers [REDACTED]. Don't put this facility in the middle of a hot zone. Make is safe and accessible for all.	10/28/2024 10:54 PM
289	Noise - select site that is easily accessible bug also not too close to heavy circulation with lots of noise.	10/28/2024 10:49 PM
290	I wish you would spend the money on making Happyland sustainable over the longterm instead.	10/28/2024 10:38 PM
291	Centrally located in the city please	10/28/2024 10:22 PM
292	Safe and welcoming, but also security to keep it safe.	10/28/2024 9:43 PM
293	Build a year round indoor pool. An outdoor aquatic area can be used for 3 to 4 months a year! Useless for most of the year!	10/28/2024 9:40 PM
294	Itvwouks be great if itvwas the area where the Windsor Park pool is	10/28/2024 9:39 PM
295	late hours	10/28/2024 9:06 PM
296	environmental impact should be considered in planning as well as traffic and use and access	10/28/2024 8:54 PM
297	Maximize access and walkability to the greatest amount of the population in the area as possible. Include special attention to lower income clients.	10/28/2024 8:48 PM
298	St Boniface has already lost two outdoor pools, it makes the most sense to choose an area in central St B. Provencher Pool is nearing the end of its lifespan and exists along a transit corridor in a central location. I'd suggest replacing the existing pool there.	10/28/2024 8:40 PM
299	Do not proceed with any part of this project until you repair and re-open Happyland. Maintain what you have before you spend money on new things.	10/28/2024 8:37 PM
300	Pick a good spot- lots of grass can be planted and trees to make the space beautiful - just make it great for Winnipeg and Manitoba	10/28/2024 8:34 PM
301	Safety for those using the pool - folks must feel safe when using these facilities.	10/28/2024 8:32 PM
302	Les gens ont perdu leur piscine à Norwood. Il me semble qu'une piscine éloignée de celle qui sont déjà existantes est préférable.	10/28/2024 8:21 PM
303	This should be made available all year round with indoor facilities.	10/28/2024 8:14 PM
304	Replacing the Norwood Pool	10/28/2024 8:10 PM
305	You have criteria for "replacing an existing pool" but you should also have criteria for replacing a recently closed/decommissioned pool (Happyland and Norwood). This is a miss in your questions.	10/28/2024 8:10 PM
306	As climate change increases summer temperatures having a pool nearby (walkable) is very important. I'd prefer more smaller, accessible pools rather than one larger one.	10/28/2024 8:02 PM
307	The City had ample time to listen to hundreds of dedicated citizens who expressed their priorities and concerns. You are not asking the relevant questions: How important is it for pool to be walking distance? There should be ample parking space for bicycles. This project sounds like an old-fashioned project that incorporates little of modern day values of access and sustainability. It shines with white privilege, consultant conviction, and city councillor ego.	10/28/2024 8:02 PM
308	The site should be within walking distance for a high number of residents	10/28/2024 7:58 PM

St. Boniface Outdoor Aquatic Park

309	Closer to downtown.	10/28/2024 7:55 PM
310	Low traffic in the area.	10/28/2024 7:53 PM
311	Keeping it within st boniface area	10/28/2024 7:43 PM
312	Safe bike parking and shade are most important to us!	10/28/2024 7:31 PM
313	This is [REDACTED]	10/28/2024 7:29 PM
314	The flood bowl is a great site. Outside of the norwood community centre	10/28/2024 7:15 PM
315	Low crime	10/28/2024 7:09 PM
316	Build this to replace Happyland Park.	10/28/2024 6:55 PM
317	Large enough to support future expansion and lots of picnic tables	10/28/2024 6:38 PM
318	Norwood pool that Matt Alkard lied to the community about	10/28/2024 6:36 PM
319	I would like to see it built at the old Happyland pool site.	10/28/2024 6:12 PM
320	Norwood CC fits all the criteria and space, parking etc.	10/28/2024 6:05 PM
321	centrally location ...several routes to enter/leave the water park. Not relying all on one particular street.	10/28/2024 5:57 PM
322	Make it as accessible as possible and not car reliant to get there. Consider climate change while making decisions.	10/28/2024 5:52 PM
323	Make sure it's not squeezed into a space that doesn't accommodate everything they want to incorporate	10/28/2024 5:47 PM
324	Cost Must be available to poorer people	10/28/2024 5:44 PM
325	Census for growing population families with children for swimming lessons in summer	10/28/2024 5:22 PM
326	Considérer pas seulement remplacer une piscine existante qui est à la fin de sa vie mais aussi remplacer une piscine qui fut déjà détruite ie Norwood	10/28/2024 5:21 PM
327	Accessibility to many communities.	10/28/2024 5:20 PM
328	Accessibility via already existing roads. No need for more congestion and slowing down traffic in higher populated areas.	10/28/2024 5:14 PM
329	Please don't expect the surrounding streets to deal with more traffic and parking. Please make parking free and plentiful.	10/28/2024 5:11 PM
330	Having this in a WALKABLE area. Nothing is worse than having to get a family into a car to go to the pool. Having these services close to transit, bike and walking routes is very important.	10/28/2024 5:11 PM
331	away from main streets.	10/28/2024 5:09 PM
332	should have fixed and maintained small local pools within walking area (ie Norwood, Happyland). More recreation...not less or super sites!	10/28/2024 5:09 PM
333	Accessibility and community support. Easily, accessible transportation nearby. Central location.	10/28/2024 5:02 PM
334	Distance from odour-emitting industrial sites.	10/28/2024 4:59 PM
335	Where you took one away from. Norwood flood bowl.	10/28/2024 4:54 PM
336	Looks pretty good to me :)	10/28/2024 4:32 PM
337	Entry costs; heating costs	10/28/2024 4:25 PM
338	Instead of thinking of it as impacting green spaces and multi use fields and picnic gathering space why not maximize use and add to those.	10/28/2024 4:17 PM
339	Enough space on site to be set back from busy streets to reduce noise pollution. Include noise barriers and fencing to ensure small children are protected from traffic.	10/28/2024 4:16 PM
340	Use available areas in Sage Creek and Bonivusta park for young families. There are no	10/28/2024 4:11 PM

St. Boniface Outdoor Aquatic Park

amenities in the new developments.

341	Not to south of current Happyland. It should not move close to Boni-vital.	10/28/2024 4:04 PM
342	Easy access	10/28/2024 4:04 PM
343	Possibly consider an outdoor space that can be utilized year round	10/28/2024 4:00 PM
344	Affordability as now we would not be able to afford to swim at st. Vital daily if we were able is get in	10/28/2024 3:57 PM
345	Swimming pools are too costly to maintain. Banff backfilled theirs 20 years ago. The onus is on aquatic families to focus on their lake properties or support existing infrastructure.	10/28/2024 3:50 PM
346	Place in area where there is no aquatic services (ex sage creek)	10/28/2024 3:31 PM
347	Minimize removal of large old growth if at all possible	10/28/2024 3:25 PM
348	Accessible entrances	10/28/2024 3:10 PM
349	Just get it started and don't take a decade to complete. Would much prefer an indoor waterpark but outdoor is better than nothing.	10/28/2024 3:10 PM
350	Central location to the pools being shut down to ensure easiest access to everyone	10/28/2024 3:09 PM
351	NOT on Lyndale Drive	10/28/2024 3:09 PM
352	Pick a site that has minimal trees like Norwood CC	10/28/2024 3:03 PM
353	Density in surrounding area - would love to see this amenity built in a high density area of St Boniface	10/28/2024 2:58 PM
354	It should be centrally located and easily accessible by a variety of transportation methods.	10/28/2024 2:50 PM
355	Proximity to most population and downtown...right now, the city has taken away access to Happyland, which is useful for those of us living in the core. We should have walkable or close proximity to city amenities in the most dense part of the city.	10/28/2024 2:50 PM
356	Close to Happyland Park and/or replace existing pool. Close to transit busses that run often.	10/28/2024 2:48 PM
357	Central area close ti rapid transit routes. Norwood cc has a perfect central spot	10/28/2024 2:45 PM
358	A site with an existing play structure near by or in the park area.	10/28/2024 2:45 PM
359	If you can find a site that is mostly grass would be ideal but if your going to add greenspace to the site then it shouldn't matter	10/28/2024 2:34 PM
360	The crime rate in the area	10/28/2024 2:29 PM
361	Safe area	10/28/2024 2:22 PM
362	Locate it on the new Primary Transit Network. Make sure it has excellent connections to a protected bike route. Make sure it has lots of secure bike parking INSIDE the fenced-in area. Make sure there is lots and lots of shade to sit in around the pool area, with lots of picnic tables. It needs lots of family washrooms and family change rooms for families with kids.	10/28/2024 2:18 PM
363	Any road or sidewalk is a bike route. That shouldn't be a consideration. Questioning replacing a public outdoor pool? Matt Allard already closed every outdoor pool in st.boniface. It's time to replace what he's taken away from our community.	10/28/2024 2:18 PM
364	Accessibility by foot. For example if it was in the center of Windsor Park many families could walk to it or kids in the summer.	10/28/2024 2:16 PM
365	If the Happyland pool is to be closed, then the new facility should go right there	10/28/2024 2:12 PM
366	Reopen Happyland	10/28/2024 2:10 PM

Q7 An early assessment of sites found that Water Tower District, Provencher Park, and Norwood Community Centre could support the proposed outdoor aquatic park. Let us know what you like or dislike about these sites.

Answered: 958 Skipped: 793

#	RESPONSES	DATE
1	Returning to my response in question 6, Norwood residents should have their community pool rebuilt. It's not about building new and bigger. There is no need for a huge aquatic park. Building the aquatic park in the Water Tower District will bring the permanent demise of Happyland pool and increase traffic in an area that already has heavy traffic in which Marion Street is a truck route. Building a huge water park in Provencher Park will deter from the beauty of the site and increase traffic in the area. Replace the existing infrastructure with a few upgrades as mentioned previously within the same footprint is preferable.	12/4/2024 5:41 PM
2	No one lives by Water Tower yet and hard to walk to. Provencher Park is difficult to find parking around but would be my second choice bc has a spray park already. Norwood has the most space but the big pool would not be close to the wading pool. Would the wading pool close and maybe the playground could be expanded? If so, looks to be the best spot.	12/4/2024 11:26 AM
3	I like the water tower site as it is more centrally located.	12/3/2024 4:15 PM
4	I hate the idea of losing Provencher Pool and the free splash pad in Provencher park that is accessible to anyone from 10am to 10pm during the summer.	12/3/2024 4:02 PM
5	Water tower district is too far from anything.	12/3/2024 12:54 PM
6	Why not smaller pools at all sites. Spend the same amount just provide better service & safety to residents	12/2/2024 7:07 PM
7	Provencher Park - is already at capacity of usage in summer months creating parking and litter issues for residents- adding a pool will take away from the vital green space serving multiple communities at present Water Tower - no public transit or bike access	11/30/2024 2:27 PM
8	Water Tower district - dislike - not in a major residential area Provencher - like - somewhat central location, dislike - somewhat close already to the transcona aquatic park, not as close to major residential areas Norwood - like - I like this one the best. It is central, closer to major residential areas, not as close to transcona aquatoc Park, sage location	11/30/2024 1:05 PM
9	I like that the impact on existing amenities would be minimized in the Water Tower or Norwood proposed sites. I think that the impact would be too great on the Provencher site. The basketball & tennis courts are used quite a bit, as are the playground and splash pad. The Provencher site already has insufficient parking options, it would be worse with this kind of attraction. I really hope that the Provencher park option is not retained.	11/29/2024 8:51 PM
10	All great spots	11/29/2024 8:45 PM
11	Norwood - great location but restricted parking. Provencher Park - would this replace the functioning splash pad? Water tower district - terrible location, in the middle of an industrial area with nothing surrounding, no green space at all.	11/29/2024 12:49 PM
12	Water Tower district is my preference due to it's proximity away from other large infrastructure. Norwood and Provencher have community centres or schools that could increase density, reduce parking or green space.	11/29/2024 10:29 AM
13	Norwood CC or the water tower district but only if it's away from traffic proximity. Norwood would be closer to serve the southeast areas without a pool like Windsor Park, island lakes, southdale.	11/28/2024 8:50 PM
14	Ideally none of those locations, they are close to existing water parks such as the transcona	11/28/2024 8:19 PM

St. Boniface Outdoor Aquatic Park

one. Further south provides access to areas that do not have minimal community spaces.

15	Norwood Community Centre	11/28/2024 7:34 PM
16	Water tower district has a lot of area for parking and developing. Make it bigger to accommodate everyone and make it FREE	11/27/2024 2:53 PM
17	All of these sites could work. Provencher Park or Water Tower District would be better for socially disadvantaged citizens to access.	11/27/2024 1:11 PM
18	Low income areas should have top priority but then the Norwood site would serve the high density downtown area whose residents currently use the Forks splash pad which is a great facility.	11/27/2024 8:52 AM
19	Provencher park does not support a new facility being built. Already with a busy park and school and university nearby there is very limited parking. As well the green space of the park is utilized lots in the summer. It is a very bad idea to built it here	11/26/2024 5:21 PM
20	Water Tower: Peut servir le plus de nombre de logements à haute densité. Bien placer pour servir Norwood Est, Archwood, Happyland, Windsor Park. Parc Provencher: Va déplacer des infrastructure de loisir présent. Norwood: Les sols de l'emplacement vont créer des effets néfaste que la fondation.	11/26/2024 11:38 AM
21	I like that the Norwood and Provencher sites are central - good for people Downtown. I don't like the thought of any plan that leads to losing other rec spaces, eg basketball court, other pool, etc, so I think I prefer Norwood.	11/25/2024 6:47 PM
22	I like the proximity and more central location of the Water Tower District, but it is quite an industrial area, sometimes even quite stinky! However; it is the closest to the Happyland pool which is sadly closing. Norwood feels a bit removed and, though I am less familiar with the neighbourhood, it doesn't seem to me that there is as big of a low-income/newcomer population in the immediate vicinity. It also feels more tucked away. It is my last choice of the three locations. Provencher Park seems appropriate; they already have a splash pad and outdoor pool, so this would be an upgrade to a neighbourhood already relying on these services.	11/25/2024 3:39 PM
23	Norwood - during outdoor sports season the whole outdoor field areas is often used. Aquatic Park would remove a large part of this field area. Water tower district - aquatic park in lieu of field/playground space would be a poor trade-off Provencher- design looks like it would utilize the spray pads /pool area, upgrading these amenities without affecting the playground /field areas of the park. this would be ideal	11/25/2024 10:48 AM
24	Any of these sites are good as long as it will be accessible	11/25/2024 10:47 AM
25	Water tower District - car/ vehicle dependent Norwood replaces what was already closed Provencher has terrible parking	11/25/2024 10:45 AM
26	keep Provencher pool	11/25/2024 10:43 AM
27	I prefer Provencher pool its awesome	11/25/2024 10:43 AM
28	Norwood Community Centre is a central location for taking the bus. The public needs to feel safe taking the bus to public recreation areas.	11/25/2024 10:26 AM
29	Like Norwood and Provencher park	11/25/2024 2:40 AM
30	Water tower is good	11/24/2024 8:51 PM
31	The Water Tower District is not very accessible on bus or bike. The Norwood Community Centre is excellent. There used to be a pool there and it was very easy to access from both saint-boniface and downtown.	11/24/2024 8:02 PM
32	Norwood is a highly wealthy neighbourhood with a proliferation of single family homes, and doesn't need more investment, though is well-connected to transit. Provencher park is well-connected (ish) to transit, and in a higher poverty area which is nice. Water tower district seems like it would require more expensive infrastructure build and would be the least accessible by transit.	11/24/2024 2:50 PM
33	I prefer Norwood because my kids could walk there.	11/24/2024 10:38 AM
34	Provencher park too quiet residential. Will increase traffic, noise, litter. Other areas have a larger space, watertower is a clean slate and can have plan in an open area	11/24/2024 10:31 AM

St. Boniface Outdoor Aquatic Park

35	Provencher park has bigger space	11/23/2024 3:05 PM
36	Water town	11/23/2024 10:47 AM
37	Norwood CC has a big field where the pool was. This could be a good option. Its safe for walking, biking bussing and lots of parking. Provencher Park is too crowded space and would need to get rid of trees. It already has a basball field, soccer, lawn bowling, splash pad and a pool. The water tower district could work but it will get very busy for traffic. Hard for bussing, not safe for biking, not safe for walking.	11/22/2024 10:14 PM
38	Prefer st Boniface as it is more central	11/22/2024 7:45 PM
39	Provencher park and Norwood community centre is too close to downtown and will attract people that will make others not want to use the pool. The water tower district is more in the middle of the ward	11/22/2024 6:42 PM
40	I think they are all about the same. Norwood is more central.	11/21/2024 10:08 PM
41	Water tower district smells like dead animals (maple leaf) and dung (live day mushroom) Norwood is perfect place, quite and centralized.	11/21/2024 8:08 PM
42	To far from my community. Needs to be in Windsor Park.	11/21/2024 7:57 PM
43	Water tower district	11/21/2024 7:29 PM
44	I like the idea of Norwood Community Centre as it is close to downtown and St B so would bring in lots of different people from different areas and increase the occupancy. The only issue is where would it go at the NCC? I know there were issues when Norwood Pool was there due to the water table, so where would it be put to avoid this? And how would impact the other amenities at the community centre, as all are used very regularly by the community.	11/21/2024 6:26 PM
45	Yes I live in the Norwood cc area and it's in a need especially after the old pool hasn't been replaced	11/21/2024 4:46 PM
46	Provencher Park - what is there is good. Maintian and increase hours accessibility. Norwood - un explained consequences, water table can drive price out of the "ball park" - bad analogy. Water Tower District - developer has plans and will deliver to add value to total project. Project is physically disconnected to community, especially over next decade.	11/21/2024 2:35 PM
47	Whatever one is easiest to access by transit. So it can be a destination for family who don't drive but want to go swimming.	11/21/2024 2:10 PM
48	For the sake of groups commuting on the bus from central and higher poverty areas of the city the Norwood community centre is a good choice.	11/21/2024 1:54 PM
49	Norwood, replaces previously lost pool, closest access to downtown, excellent cycling infrastructure significant street parking. supports densifying Marion corridor, 2nd choice Provencher Park	11/21/2024 1:44 PM
50	water tower stinks. literally. do better [REDACTED].	11/21/2024 1:07 PM
51	Probably none of them. Do we really need something of this scale?	11/21/2024 12:55 PM
52	Love the Norwood Community Center site. Very close to my home. We loved the pool that used to be there	11/21/2024 12:54 PM
53	I like the option of it being at Norwood since it had an aquatic facility removed and there is significant interest to have one reinstated	11/21/2024 12:42 PM
54	Norwood is closer to bike paths, and also More central.	11/21/2024 12:38 PM
55	I would like the site to be Norwood Community Centre. Norwood has many young families and this would foster the community feeling in Norwood.	11/21/2024 12:37 PM
56	Norwood Community Centre	11/21/2024 12:35 PM
57	Like all options. Don't want to loose disc golf at happy land. Don't want to loose ball diamonds, hockey or tennis at Norwood. Preference is provencher park	11/21/2024 12:31 PM
58	Water Tower District. Flat land. Dislike: Happyland park..too hilly and too close to Seine River	11/21/2024 12:22 PM

St. Boniface Outdoor Aquatic Park

59	Bonivital Location will not support the traffic influx, Water Tower District has the land for all the amenities..traffic flow would be problemation on Marion, an already high density travelled route, traffic lights would have to be installed, this to me is the easiest site St.Vital Pool, is already in a high density populated area, neighborhood, malls, etc..this would require more work, is there enough land or are you closing something to add this or meshing them together. Norwood is not welcoming to all, especially low income, I do not recommend this area at all The site needs to be accessible at all levels to all	11/21/2024 12:21 PM
60	Norwood has had a pool removed, and the wading pool is at the end of its life. Please select Norwood community centre	11/21/2024 12:13 PM
61	I like the idea of it being in Norwood. Very central.	11/21/2024 12:12 PM
62	Norwood CC is ideal.	11/21/2024 12:10 PM
63	I think the Norwood Community Centre site would be ideal for a splashpad	11/21/2024 12:10 PM
64	Water tower is too remote Provencher is central and bus route Norwood is central and bus routes	11/21/2024 11:38 AM
65	I love the area	11/21/2024 11:30 AM
66	As a resident of StBoniface, I would easily be able to ride my bike to either Norwood Community Centre or Provencher Parc, which would be my preferred transport to an outdoor pool. They are both more central locations compared to existing City pools like St. Vital and Bonivital.	11/21/2024 11:02 AM
67	A pre-existing community centre in a "low income" area should be supported and maintained.	11/21/2024 11:01 AM
68	Water tower is best	11/21/2024 10:52 AM
69	Provence Park is near lower level income areas and assessing by transit. Good choice! The second site should be away from any industry so Happyland is my second choice I don't like the fact Watertown one would be near industrial park - more traffic such as large trucks, delivery trucks.	11/21/2024 10:41 AM
70	Water tower district	11/21/2024 10:32 AM
71	Provencher Closer to impoverished areas & more central Water district blank space able to build exactly what we want.	11/21/2024 10:27 AM
72	Why not replace the aging infrastructure at Happyland Park? It has parking and bus routes. The area has a neutral look and a mix of demographics. The others are rapidly looking too homogenous and suburban	11/21/2024 10:22 AM
73	Provencher or Norwood are most optimal locations.....	11/21/2024 10:14 AM
74	No to Norwood community centre. Not large enough	11/21/2024 10:05 AM
75	I like the water park district; large space which can be developed with no impact on existing neighbourhood with respect to traffic congestion, safety etc. the design can plan for future housing developments that would work well within the scope of the proposed aquatic park as well as access to said park i.e. future transit, bike lanes, parking.	11/21/2024 9:50 AM
76	Water tower district would probably have the most space. that would be my first choice. The other two locations are pretty far from where i live.	11/21/2024 9:33 AM
77	Provence park too close to the Forks that already has many of the proposed amenities	11/21/2024 9:33 AM
78	Why not where Happyland pool was located?	11/21/2024 9:20 AM
79	Norwood or provencher park, whatever is the safest option out of the 3 listed.	11/21/2024 9:09 AM
80	Water tower area seems like the best option, as you're not trading off as much usable land compared to the other 2 locations.	11/21/2024 3:22 AM
81	Water tower district seems best.	11/20/2024 9:00 PM
82	Provencher park is overloaded with features already. Water tower district is not walkable to many. Norwood is walkable to multifamily near river ave	11/20/2024 2:25 PM
83	The water tower district would be a perfect spot!!!	11/20/2024 2:15 PM

St. Boniface Outdoor Aquatic Park

84	Norwood had bad transit and is not serving the most needy community.	11/20/2024 12:27 PM
85	Water tower seems to be an unappealing industrial area .Provencher and Norwood are central and has nice green space but parking on residential streets in that area are impossible.	11/20/2024 11:25 AM
86	1. Norwood Community Centre : lost their pool. Is closed to downtown and easily accessible. Summer camp located in the north end could easily access. Several schools in the surroundings would benefits 2. Provencher Park : same as above Not an option : Tower District. Nothing has been built yet. Site hardly accessible.	11/20/2024 8:57 AM
87	The Water Tower District is based on proposed housing, though it could serve as a good replacement for Happyland Pool since it was closed it seems like we should be serving communities that already exist instead of ones that don't exist yet.	11/20/2024 8:50 AM
88	Norwood Community Centre: dislike: not enough parking, the residential streets will be crowded with parked cars, the floodbowl is actively used by many sports teams so please don't change the baseball/soccer fields Provencher Park: like: accessible location Water Tower District: like: because the site is not yet developed, there is opportunity to make a better aquatic park (not be stuck dealing with existing issues or infrastructure like the norwood / provencher locations)	11/19/2024 8:59 PM
89	good choices. easily accessible and safe	11/19/2024 3:36 PM
90	i like Provencher for location and there is existing infrastructure. I like water tower district as it starts with a clean slate. I don't like Norwood due to risk to existing recreation facilities	11/19/2024 3:35 PM
91	Water tower district is away from everything with people, at least PR and NC are near enough to people and they can walk to the pool. Provencher is my preference	11/19/2024 3:29 PM
92	The water tower district area is my top choice. happylands closing took a pool away from Archwood area,and with the new development a pool close by would be ideal	11/19/2024 3:24 PM
93	Provencher park is an established outdoor pool location with strong participation, the water tower district is yet to be developed but could potentially serve new families in a new area.	11/19/2024 3:24 PM
94	Niakwa would be my preference, water tower is a No. second to Niakwa I'd choose Provencher	11/19/2024 3:19 PM
95	Provencher is great but not a lot of parking - water tower district is my choice and is a new development (although it has bad air smell) Norwood is not my favourite	11/19/2024 3:16 PM
96	Water tower is too close to the mashroom plant, dog food plant etc	11/19/2024 3:11 PM
97	close to affordable housing or potential affordable housing and public transit and bike routes	11/19/2024 3:09 PM
98	Water tower is not developed - more room for different designs	11/19/2024 3:00 PM
99	I would like to see a bike / walking rack for residents. Archwood to be able to access water tower without having to walk all the way to manor st	11/19/2024 2:58 PM
100	WT is out the way and isn't super accessible. Norwood is probably the best as it replaces the pool	11/19/2024 2:48 PM
101	Norwood C.C is the preferred site. least incumbered by other features or infrastructure that would have to be removed/replaced	11/19/2024 2:45 PM
102	Water tower district ?	11/19/2024 2:35 PM
103	Provencher already has a pool/splash pad/park. Norwood is too far from Windsor Park. Water Tower area would be awesome as there is nothing there right now, waterpark would draw other amenities/attractions to that area too. Has lots of space.	11/19/2024 1:50 PM
104	Each of those areas will only service the kids in that area. You removed the pool at Norwood, closed Happyland (where there are many lower income families. When you close Windsor Park again lower income families have no where to go. When the original pools were built the people were serviced in those neighborhoods. Instead of huge proposals why not smaller projects to replace the ones that have been neglected by our fine city. Making one pool to service all St. Boniface/ Windsor Park, Southdale, and Norwood would not be wise at all. That leaves a lot of people without.	11/19/2024 12:09 PM
105	Water tower too close current options	11/18/2024 7:38 PM
106	Norwood and Provencher would cause considerable traffic issued. Norwood is confusing to get	11/18/2024 5:20 PM

St. Boniface Outdoor Aquatic Park

to not as accessible as other two sites, didn't it also have water table issues. The idea of Provencher and area gives me a headache, parking is hard wherever you go and whenever you go into that area. Water Tower District looks like an under utilized area that would seem to be more of a blank canvas. It should, in theory help to bring more people into the area and change the dynamic. Was the old Packers site not looked into?

107	We want a pool in windsor park! Not a splash pad!!	11/18/2024 3:23 PM
108	all those locations are in the very northern section of St Boniface and not central for the whole ward.	11/18/2024 1:28 PM
109	Norwood Community Centre would be great- very central.	11/18/2024 11:18 AM
110	Norwood Community Centre is my preferred option, as it is easier to bike and walk to. Provencher Park is ok, but there are too many wasps due to infrequent garbage removal. Water Tower District is not accessible by walking or biking. It is the worst option.	11/18/2024 9:41 AM
111	Top priority should be given to a community that has already had these amenities taken away years ago. The Norwood site is by far the best one because it replaces the very popular prior one as well as is central to many major transit routes and also is close to downtown helping to provide some amenities for outdoor public swimming for people who live in the city as well as in Saint Boniface. The second best site would be the province pool, however, that pool has not outlive its usefulness, and therefore should not be taken away earlier than needed. The water tower site makes no sense. In my opinion, it is in an industrial district, and far away from high density neighborhoods. It also is the furthest from downtown and the highest concentration of population centers.	11/17/2024 10:19 PM
112	If this is suppose to be a St Boniface pool, then Provencher and Norwood are at the far end of St Boniface. The pool would benefit people in the north of St Boniface but it would be a long way from the south end. Perhaps building it in the Water Tower District would allow it to be as big as the city wanted without compromising any existing facilities...baseball diamonds, tennis courts, soccer fields. We shouldn't be building one recreational site at the expense of others. The Water Tower district would be a bit more central.	11/17/2024 9:37 PM
113	Norwood and Provencher are better locations to service downtown communities.	11/17/2024 2:20 PM
114	L'emplacement du parc Provencher me semble comme un endroit très favorable. J'aime qu'il est proche de la garderie de Saint-Boniface et de l'école Louis-Riel.	11/17/2024 1:53 PM
115	I like the water tower District	11/16/2024 7:05 PM
116	Norwood community center has a solid leadership group and I think could support the pool and make sure it's run properly. There is also already a strong sense of community in the area and close to transit on st marrys.	11/16/2024 5:55 PM
117	I would like to see it at Norwood CC as it is more central than the other sites.	11/16/2024 2:11 PM
118	All would be good options!	11/16/2024 9:30 AM
119	No opinion.	11/16/2024 8:56 AM
120	Water Tower is removed from most populations and nearest existing pools. Provencher Park, while in an already condensed space is accessible to greater neighbourhoods with high poverty and further from existing pools. Its green space could be enjoyed further and there is a fair bit of parking on neighbouring streets. Norwood is a more closed affluent community and if the criteria is to be more accessible to lower income than that site is least likely to meet those goals (despite likely having a greater political voice). I would say that Provencher Park would serve the largest population of lower income children serving Marion, Provencher and college students and their families within blocks of the area.	11/16/2024 8:41 AM
121	Whichever site is Chosen, I hope that it contributes to a balanced urban Green space community in St B. St B Has a very unique vibe and culture. We have a wonderful number of green spaces and I don't want to see that diminished.	11/16/2024 8:37 AM
122	All good locations,as there are 2 pools serving the south.	11/16/2024 12:13 AM
123	Don't like that some baseball fields to be removed at Norwood. Like the fact that the Water Tower District is a blank slate for new facilities.	11/15/2024 9:15 PM
124	Somewhere with established trees	11/15/2024 8:53 PM

St. Boniface Outdoor Aquatic Park

125	This is ridiculous. I hope you lose your seat, the bike lanes crumble and you have to pay your bus fare 100% all the time.	11/15/2024 8:13 PM
126	It moves far from pools closing. Norwood best choice	11/15/2024 3:51 PM
127	Our of all, I prefer Norwood, but then people who are losing Happyland are now out of a pool as it may be too far for them.	11/15/2024 3:50 PM
128	You can't safely bike to water tower district. I'm sure there is horrible bus service. It would be a shame to destroy Provencher Park. I have little experience with Norwood Community Centre but am sure they like their park as it is.	11/15/2024 2:03 PM
129	Je favorise le district Water Tower	11/15/2024 12:35 PM
130	There are no proposed sights in the more southern part of the district... like in Southdale area.	11/15/2024 10:29 AM
131	Norwood is my preferred site. Close to the downtown core.	11/15/2024 10:06 AM
132	I would love the Norwood Community Centre as it is a very central location, easily accessible for cyclists, pedestrians and drivers. Lots of parking space. My children are of age to use the facility as I live in the area. There was a pool at one point yet it was sadly demolished.	11/15/2024 10:00 AM
133	Those sites are great! Buy I don't live nearby nor know anyone who lives near those areas. I live in Island Lakes, and would love to see the Southern most part of Sage Creek into Prairie Grove have an indoor water park like inside West Edmonton Mall.	11/15/2024 9:03 AM
134	unsure	11/15/2024 7:18 AM
135	Le parc Provencher est près de quartiers très défavorisés, près de transport commun,	11/14/2024 11:19 PM
136	Water Tower District: least favourite due to location Provencher Park: best due to location, bus accessibility, amenities on Provencher (restaurants), parking area could be an issue, bike racks should be included for any site chosen Norwood Community Centre: difficult to access easily	11/14/2024 11:18 PM
137	Water Tower District makes the most sense	11/14/2024 10:51 PM
138	Norwood would be my preferred area as the Norwood pool is where I spent all my childhood summers. And we live nearby and would love my kids to go there too.	11/14/2024 10:48 PM
139	There currently isn't a safe way to get to the Watertown district other than driving. This hurts low income folks most. It also hurts active living plans and sustainable transportation.	11/14/2024 10:47 PM
140	They all seem like good options but ones closer to downtown would greatly improve access for everyone in the city.	11/14/2024 10:40 PM
141	I like Norwood community Center because it is closer to newer developments and can I support new city growth.	11/14/2024 10:03 PM
142	Provencher Park is the most central located, Norwood would be the second choice.	11/14/2024 9:22 PM
143	Norwood and Provencher are both ideal if looking at green space areas. Norwood is close to downtown and seems to loose then loose the connection to St. Boniface. Provencher Park is my family's first choice. The Water tower area just stinks (I know because I live in Windsor Park)	11/14/2024 9:06 PM
144	Put it in either norwood, fix provenche pool, and give watertower splash pad, Some of the new buildings can build there own pools in water tower.	11/14/2024 8:49 PM
145	Water tower district is too inaccessible from the rest of the ward for walking, biking, and transit.	11/14/2024 8:31 PM
146	DISLIKE - water tower district	11/14/2024 8:23 PM
147	It would replace the pool at Provencher park which seems to be pretty popular. Norwood community centre doesn't seem to me to be a high poverty area- most families have transportation options to travel to nearby pools. I don't know the water tower district at all.	11/14/2024 7:24 PM
148	Too far from Windsor Park.	11/14/2024 6:50 PM
149	I dislike these sites based on the desire to locate pools within 4km of the majority of residents. I would prefer a pool further south in the ward as St Vital pool currently services much of the	11/14/2024 6:45 PM

St. Boniface Outdoor Aquatic Park

south part of the city including St Vital and Riel wards.

150	Provencher Park sounds best	11/14/2024 6:28 PM
151	Water Tower District would have the least impact to existing green space amenities.	11/14/2024 5:55 PM
152	Provencher Park seems the most central to the area.	11/14/2024 5:10 PM
153	Water tower district - smelly. Potentially contaminated soil/ water? Safety with machinery in surrounding areas. Provencher park and Norwood - lack of designated parking lots All 3 locations seem reasonable.	11/14/2024 4:43 PM
154	Provencher Park is best because it's closer to the core of the city.	11/14/2024 4:36 PM
155	my concern about the water tower district is the accessibility due to a very active rail line, rail yard and busy commuter street (Marion). While it would be the most central, I have concerns about safety and accessibility by bike or transit, let alone walking.	11/14/2024 4:21 PM
156	Water tower district too far from residential areas and it is not easy to bike or walk to.	11/14/2024 4:10 PM
157	All great options	11/14/2024 4:04 PM
158	They are not very central locations when you look at the size of St B. Someone is going to miss out...	11/14/2024 3:49 PM
159	Provencher park is closest to me Happy land pool replacement would be good as well	11/14/2024 3:33 PM
160	More houses in the south east. Eg. bonivista, sage creek, river park south	11/14/2024 2:41 PM
161	I like the idea of utilizing a park like area , to still allow the opportunity to have a green space that can be used	11/14/2024 2:40 PM
162	Why not on the city owned empty land in Southdale, big large open space great access Vermillion Park. both are too far away for most of the south people with long commutes either car, bus or whatever.	11/14/2024 2:40 PM
163	Parc Provencher	11/14/2024 1:55 PM
164	This is too far from south wpg areas such as Southdale and Windsor Park. Local amenities are very important so older kids can go alone or with friends. One huge facility means everyone has to drive.	11/14/2024 1:51 PM
165	Park provencher	11/14/2024 1:49 PM
166	Norwood Community centre would be excellent	11/14/2024 12:42 PM
167	Dans les deux cas, le site est plus éloignées des populations qui ont perdu accès à une piscine (Norwood et Happyland). S'éloigne également du centre ville. Le transport actif n'est pas sécuritaire présentement à cet endroit.	11/14/2024 11:50 AM
168	Norwood and Provencher park provide access to residential area and transit although transit options to Norwood could be better from the south east (Windsor park area) Water tower district is highly industrial, not very welcoming	11/14/2024 10:13 AM
169	Norwood would be used just by Norwood. They'd swamp the place and there is so little parking that no one else would come. Same for Provencher Park - only nearby people would use it.	11/14/2024 10:11 AM
170	All are fairly far from me and so would not be as accessible for active transportation	11/14/2024 9:43 AM
171	Dislike the Water Tower District due to the smell	11/14/2024 9:18 AM
172	DO NOT CLOSE PROVENCHER PARK POOL!!!!	11/14/2024 8:56 AM
173	Water tower	11/14/2024 8:38 AM
174	Appears the Water Tower District would least affect existing structures, would have more available space for construction & required parking.	11/14/2024 8:03 AM
175	Walking distance for all is not possible. Neighbourhood pools will be sorely missed!	11/14/2024 7:24 AM
176	Provencher park- not a bad spot, concerned about greenspace being impacted. Super good location for active and public transportation. Can this location work without cutting down the trees? Norwood- this would be a great location too. Concerned about what recreations it would	11/14/2024 7:17 AM

St. Boniface Outdoor Aquatic Park

impact as the space seems smaller. Baseball? Outdoor rink? If other recreational has to go, this is not ideal. Water tower- currently this seems to have the lowest impact on existing parks & rec. Increased transportation and safe bike routes are a must. It's just not a safe stretch of Marion for kids to ride a bike to right now. Concerned about foul smells from nearby industries.

177	Provencher park already has a lot going on and would be too close to downtown. I'd be worried about locking up our bikes for a couple hours there while we're swimming. A new pool would definitely bring some life to the water tower district.	11/14/2024 6:45 AM
178	Provencher is too close to the forks and downtown.	11/13/2024 11:11 PM
179	Parc provencher already has an outdoor pool.	11/13/2024 10:56 PM
180	Accessability and again not in the south area	11/13/2024 10:46 PM
181	Water Tower makes sense in terms of growing population in that area and to the east. It's a dense area that is underserved. Norwood mostly serves an affluent neighborhood. And the Provencher park is close to downtown options	11/13/2024 10:13 PM
182	No comments	11/13/2024 9:43 PM
183	Water tower district would me more centralized.	11/13/2024 9:24 PM
184	I think just these would be good areas	11/13/2024 9:04 PM
185	Norwood community centre and provencher park are pretty much the same property. Depends what you are building. I don't want a giant water park built there. A pool that is similar to what we have except nicer would be lovely. I live less than a block away. I don't want to see streer parking get worse. It's already an issue because of the university and hospital. I don't think that pool should be taken out unless it needs to be. We like swimming there and having it close for 5 years will illuminate our ability to swim in st b since the other pool closed. If we wait 5 years she will be a teenager and we will have missed out on childhood swimming opportunities.	11/13/2024 8:25 PM
186	Provancher park services an underserved zone. The Norwood site is close to south downtown and accessible to that underserved population it is also in a quiet green space away from high traffic streets. Water tower district looks shoe horned and isolated.	11/13/2024 7:52 PM
187	Provencher or Norwood	11/13/2024 7:48 PM
188	Tower district is not kid/teen accessible.	11/13/2024 7:45 PM
189	It needs to be centralized. Water tower district appears to be the most centralized for all st b people.	11/13/2024 7:06 PM
190	Provencher would be good but I like at vital location	11/13/2024 7:00 PM
191	Unsure the frequency of transit for these locations.	11/13/2024 6:50 PM
192	I like the Norwood site best. Central location with existing recreation areas	11/13/2024 6:50 PM
193	Please ensure maximum accessibility. Although my personal preference is Norwood CC, Provencher Park seems like it is more easily accessed by more people. Water tower district feel distant from residents, but could be ok if good infrastructure were in place as it looks central to the the entire community zone.	11/13/2024 6:49 PM
194	Great idea	11/13/2024 6:48 PM
195	Whichever is the largest space should be chosen. St vital pool has frequent lineups. The largest capacity to serve the most people.	11/13/2024 6:44 PM
196	All 3 sites sound great! Water tower district is definitely less desirable because it's more in a commercial area and is quite close to bonivital pool. Provencher allready has a good pool so if I had to pick I'd most likely pick the Norwood community center area. Being close to St Mary's Rd it has great access to bus routes and many neighborhoods are close	11/13/2024 6:41 PM
197	Dislike all these areas, too far north	11/13/2024 6:33 PM
198	Water tower district will be difficult to access due to already high traffic levels in the area. You need to address those issues first before proceeding. Provencher does not have adequate	11/13/2024 6:31 PM

St. Boniface Outdoor Aquatic Park

parking areas available without removing green space. Norwood would bring an increase in traffic congestion to a residential area that would probably not like it.

199	Provencher park doesnt have enough benches & tables. It floods in the spring and the gravel path needs topping with gravel. It gets muddy in spots.	11/13/2024 6:17 PM
200	Pros: Water Tower district is most centrally located, but very far from those in southern neighborhoods like Island Lakes (con). Cons: Provencher and Norwood areas are not centrally located enough to serve all those in St. Boniface ward. Are any of these accessible from the south end residents via transit?	11/13/2024 6:16 PM
201	Provencher Park and Norwood Community Centre are farther away than Happyland Park and the Water Tower District seems SUPER SKETCH!!! Like what? Just upgrade Happyland Park for goodness sake.	11/13/2024 6:13 PM
202	Provencher Park or norwood	11/13/2024 5:52 PM
203	I feel Norwood is the most accessible.	11/13/2024 5:41 PM
204	Norwood is too far but water tower district is closer	11/13/2024 5:19 PM
205	Densely populated areas where communities/kids can easily access the pool are the most important. Norwood community centre would be an ideal spot. Water tower district doesn't make sense to me.	11/13/2024 5:12 PM
206	Norwood Community Centre can be difficult to access from south St. Mary's during high traffic hours. Provencher Park may be susceptible to homelessness.	11/13/2024 4:51 PM
207	They are all way to far from windsor park	11/13/2024 4:48 PM
208	Love Norwood for the space, proximity to major routes	11/13/2024 4:47 PM
209	Too far	11/13/2024 4:43 PM
210	Norwood is my preference	11/13/2024 4:34 PM
211	Like	11/13/2024 4:22 PM
212	Too much traffic would be brought into the residential Norwood area if the Norwood Cc would be selected.	11/13/2024 4:19 PM
213	Don't wreck Happyland Park with a giant new facility. Provencher Park seems like it would be the most easily accessible for the most people.	11/13/2024 4:11 PM
214	The water tower site is the most central. Access to Norwood CC is awkward, and it is on the edge of the ward. Provencher park is on the north end of the ward, not closest to being central.	11/13/2024 3:59 PM
215	Norwood is my preference. Lots of parking and greenspace. Replaces former pool. Provencher might be good if parking lot is created instead of taking up parking on residential streets. Water Tower is last choice as I prefer not to have to drive through busy streets to access the pool.	11/13/2024 3:58 PM
216	NCC has parking on site plus on streets; is also accessible to residents across the bridge in Mayfair area and has already had space for a pool Water tower district seems crowded for parking with fewer residents and is sometimes smelly d/t packing plant or other causes Provencher park seems ok with street parking as long as no time limits for getting parking tickets	11/13/2024 3:54 PM
217	I would prefer the water tower district	11/13/2024 3:52 PM
218	Leaves Windsor Park out which is unacceptable considering they are losing happy land pool and Windsor park pool . So in simple terms , lose 2 pools and gain 0 pools . Great work by the city .	11/13/2024 3:34 PM
219	Norwood community centre would be a great location. Central location	11/13/2024 3:23 PM
220	Water tower district is by far the best option.	11/13/2024 3:22 PM
221	Water District Tower Transport Hub: The idea of creating a pool from scratch in this space is exciting due to its accessibility and the potential for designing a tailored facility. It can be shaped to maximize usage and aesthetic appeal. Provencher Park: While this area has a lot of activity, which can be a draw, you're right to note the limitations with parking. The risk of downsizing or losing other outdoor infrastructure to make room for the pool is a legitimate	11/13/2024 3:00 PM

St. Boniface Outdoor Aquatic Park

concern. Norwood Community Centre: The compact nature of this location and ongoing parking challenges may hinder its feasibility. It might not provide the spacious, open feel desirable for an outdoor pool.

222	Water Tower District - dislike, as there is a lower population and it's more difficult to get to. Provencher Park - dislike, as it's out of reach for most people. Norwood - dislike, as it is also out of the way for most people.	11/13/2024 2:37 PM
223	What's wrong with happyland.	11/13/2024 2:14 PM
224	I like Provencher Park for its central location.	11/13/2024 1:46 PM
225	Water Tower district is a good choice so not take away any amenities.	11/13/2024 1:43 PM
226	They are too far away.	11/13/2024 1:07 PM
227	The water tower district is closer to Windsor park which I like, but I would like to see a bike/walking trail to access it.	11/13/2024 12:59 PM
228	Norwood	11/13/2024 12:54 PM
229	Was the flood bowl not an issue for norwood? Water tower is more centra to all areas losing pools	11/13/2024 12:50 PM
230	Strongly prefer Provencher Park due to location, easy access, walkable for central St B residents without crossing high traffic areas Strongly dislike Water Tower District as it is isolated, too far away and not walkable for most people, too close to manufacturing odours, would be too removed for tweens/teans to travel to without an adult. Dislike Norwood Site, as community there are typically financially able to access activities with ease, and have use of personal transportation. Norwood feels segregated, not as welcoming to low income people, would require crossing high traffic, major routes for most St B residents to access, not safe for youth to walk/bike there from Central St B without an adult.	11/13/2024 12:39 PM
231	It's further away	11/13/2024 12:32 PM
232	Should be Winakwa Park	11/13/2024 12:05 PM
233	In my opinion, the best location would be the water tower district since it is approximately midway between old St. Boniface and St. Vital, where the Bonivital and St. Vital pools are located. However, I am not sure that there is adequate transit to this location. The parking around Norwood Community Centre is not ideal, although bus access to this location is good.	11/13/2024 12:04 PM
234	Tower District more central & in between Happyland & Windsor Park	11/13/2024 11:49 AM
235	All of those sites sound fantastic. Since the Norwood pool has been removed, why not put it there where it was very well loved previously?	11/13/2024 11:23 AM
236	Vu les plans pour le développement du coin Water Tower, ce serait, selon moi, le site idéal	11/13/2024 11:17 AM
237	Water Tower is to far from existing residential areas and many low income families, It is mostly accessible by car and poor transit service. Provencher already has a pool, which could benefit from good maintenace to extend its life. No reason to replace! Norwood is a great location and easily accessable, but this acquatic park may be too large for the site. A community pool would be a much better fit and service many communities including downtown, Osboure and River/Stradbrook areas.	11/13/2024 10:27 AM
238	Choose the site with the largest area possible to build an excellent, modern indoor facility ideally at least 40,000sq ft in size	11/13/2024 10:13 AM
239	I like Provencher Park and Norwood Community Centre sites as they are accessible by car/public transportation or bike/walking. There are also green spaces already available there.	11/13/2024 10:10 AM
240	My early assessment of the new outdoor aquatic park looks like Water Tower District is the most central location. Could the project be scaled down and build (2) two?	11/13/2024 9:24 AM
241	Water Tower is a contaminated industrial wasteland. Does the budget include dealing with that? A pool complex in an industrial park is rather....unwelcoming to say the least. Especially with the putrid air from Maple Leaf wafting over the site all summer. Also the only access will be off Marion unless some train tracks are removed. A gridlocked street will only become more congested. This location seems extremely unfit as an active transportation destination, unless we want kids walking across train tracks all summer to get there. Provencher - keep the	11/13/2024 9:18 AM

St. Boniface Outdoor Aquatic Park

existing pool and stick to the Recommended capital investment plan of renovating the pool in 2027.

242	Water Tower district plans on med-high density and the pool would be close to the now closed Happyland pool. This would be my preference. Provencher would be my second choice though it is close to a busy street making it noisy and perhaps leaving users feeling exposed. Norwood isn't central and limit the directions of access to the pool by being tucked away near the river.	11/12/2024 10:35 AM
243	Le parc Provencher est assez facile d'accès. Le Centre communautaire Norwood semble être proche de la rivière Rouge et pourrait risquer d'être inondé. C'est plus difficile d'accès par autobus. Le district de la Tour d'eau semble une bonne idée aussi tout comme le parc Provencher. C'est peut-être plus central que le parc Provencher. Un nouveau développement résidentiel pourrait être créé autour de ce parc.	11/11/2024 7:52 PM
244	Like Provencher park	11/11/2024 7:33 PM
245	Way too far away for the residents and children to get to and St.B residents cannot afford to go to this dream pool everyday. The city will take a loss.	11/11/2024 2:19 AM
246	Norwood is most centrally located.	11/10/2024 9:02 PM
247	Important that adequate parking is included in planning.	11/10/2024 7:57 PM
248	All are good	11/10/2024 5:37 PM
249	Water tower district is hard to access by anything other than a car. If you bike or walk it's through busy roads. Norwood is on the wrong side of St Mary's for most people. A dangerous road. Provencher seems good.	11/10/2024 11:08 AM
250	Water tower district is less accessible because of train tracks. It also smells bad because of mushroom plant. Provencher Park is accessible by car, bus and active transport. There is ample green space and tree canopy already existing. There must be some infrastructure already in place to support a splash pad and pool as they already exist there. I would not want to see existing basketball courts removed entirely. Relocation would be ok. That space becomes an outdoor rink in the winter, which is widely and well used by the community. Provencher Park is accessible to both other communities where new aquatic facilities are being considered. It is easy to access from both Norwood and Water Tower district. Norwood site is somewhat difficult to access by car or bus from the south. It would become difficult to access by car or bus in summer as Lyndale drive is closed to vehicle traffic. It is far from Water Tower district so does not really service that area well. There is no shade.	11/9/2024 1:31 PM
251	The Water Tower is an area where existing green space and recreation areas do not already exist. It is also central to areas losing their pools.	11/9/2024 1:28 PM
252	Norwood community center is in a nice neighborhood and already has the community center close by	11/9/2024 9:22 AM
253	water tower district, proximity to home.	11/8/2024 10:14 PM
254	Water tower - no neighbouring communities, and heavy traffic Provencher - would mean the loss of a busy park, green space I would vote for Norwood Community Centre: why, it's an older building, nice not too rich community around the area, and there would be space to build.	11/8/2024 9:23 PM
255	Provencher park is a great park as is - a water park would require a large piece of land - please don't destroy the large trees and green space there! Developing the water tower district is a great idea! An opportunity to turn an eyesore area into something amazing!	11/8/2024 9:04 PM
256	Water tower district has several encampments close by, it would be important to ensure they do not impact the pool area for children's safety.	11/8/2024 8:27 PM
257	Proximity to the factories that smell	11/8/2024 7:17 PM
258	I like water tower place	11/8/2024 5:40 PM
259	Provencher looks to be a more central, easy to bus location. Norwood seems a little hidden. Water tower district away from most housing, loud and smelly	11/8/2024 5:39 PM
260	Provencher parc would be awesome	11/8/2024 5:23 PM
261	Likes this	11/8/2024 10:22 AM

St. Boniface Outdoor Aquatic Park

262	I dont like any of these site two of them are to close to crime area other near s huge housing complex i liked happy land park or the other one in wikitia park or another good spot would be st vital pool theres lots of wasted space there	11/8/2024 6:58 AM
263	Not water tower the other options are good	11/8/2024 12:20 AM
264	The Water Tower District is my first choice, its closer to where I live and there's less things to do for families in that area. The other locations are closer to other splash pads.	11/7/2024 8:46 PM
265	Idealy it would be good not to replace an existing pool that is well attended in order to accommodate the nearby residence who enjoy its proximity and accessibility	11/7/2024 8:35 PM
266	Water tower park site too industrial, like Norwood community center lots of space	11/7/2024 8:00 PM
267	Dislike tge tower district. There's no bus service, traffic is awful (too hard to get in and out) and would cause more congestion in the area.	11/7/2024 7:32 PM
268	The smell in the Water Tower District from nearby factories and lack of public transportation make this a questionable choice.	11/7/2024 7:16 PM
269	Let's replace the Happyland pool with the new one.	11/7/2024 7:09 PM
270	There is already a pool at Provencher this new pool is supposed to replace happyland and Windsor park not Provencher 🙄	11/7/2024 6:42 PM
271	Water district is not as close to housing. Provencher and Norwood are on the outskirts of the area. A centralized location in the heart of a neighbourhood would be preferred, like Winakwa.	11/7/2024 6:05 PM
272	Water Tower is by far the worst. The other ones would be great - walkable for a lot of people, bikable, close to transit.	11/7/2024 3:46 PM
273	Provencher park is a great location! It's residential and more accessible by car than Norwood.	11/7/2024 9:34 AM
274	Water Tower distract is too close to Maple Lead, industrial and Loveday for odour issues.	11/7/2024 8:51 AM
275	Water tower district doesn't represent the heart of st Boniface. Norwood is very central which is good	11/6/2024 6:09 PM
276	Le district Water tower aurait de la place pour un grand stationnement.	11/6/2024 10:42 AM
277	Water Tower being a new development seems the easiest, also it's closer to Happyland, but it would sure be nice to have amenities (that Matt Allard promised would be replaced years ago!!) back at the Norwood Community Centre.	11/6/2024 7:15 AM
278	Water Tower District is much too far from present population areas. Norwood Community Centre is more central to the population centers and has good bike route accessibility.	11/5/2024 3:37 PM
279	Water Tower District would be my choice. It is near where Happy Land Pool was (now closed). The site is not fully developed (yet), and would be best suited to planning a new waterpark.	11/5/2024 1:54 PM
280	Water tower central to all!	11/5/2024 1:08 PM
281	Norwood Flats is close to bike and bus routes. But it is situated in a high-income area. The Water Tower District provides leisure amenities for lower income families, but the area is incompatible with active transportation and transit in an industrial area.	11/5/2024 1:02 PM
282	Water tower district is across the tracks from a lot of St Boniface which makes it much harder to access by any mode besides driving. Recreational facilities should be accessible to everyone and ideally close to homes and other activities. Putting it way out there seems absurd.	11/5/2024 12:43 PM
283	Norwood would benefit the most as it lost its pool and there is no spray pad on site.	11/5/2024 8:40 AM
284	Water Tower District will be a new development and most likely expensive like a lot of them that I've seen and parking in many new areas is terrible not to mention bus routes. Provencher Park would be better but I'd don't like the idea of having to move pre-existing amenities as if they are torn down and then later it is found out that there is no room to put them back, the area ends up just trading on thing for another and force those who enjoy the active offered by what was torn down to have to travel further to do that activity, which be a barrier to motivation to be active. Coronation park would be best. Norwood community Center is packed enough as it is and I have no idea where space would be found to move the toboggan slide. If anything I'd	11/4/2024 3:24 PM

St. Boniface Outdoor Aquatic Park

rather see this community Center utilized more to promote outdoor winter activities as it has quite enough summer activities to do as it is.

285	Water tower district is new and the developer should be responsible for providing amenities for its neighbourhood, not taxpayers. Provencher and Norwood are more central to lower income areas, so would be best suited, and are very accessible, travel wise	11/4/2024 12:24 PM
286	I do not like any of these sites. Water Tower district is too far from residential homes to walk to. The other two are too far north and do not serve Windsor Park or Southdale well.	11/4/2024 11:23 AM
287	Prefer the Water Tower District option the most as it doesn't remove a park or sports field. Provencher Park would be the second choice, with Norwood Community Centre being the last option as it actively removes baseball fields.	11/4/2024 11:02 AM
288	I have no strong feelings	11/4/2024 9:12 AM
289	Water Tower District provides additional space to build a large water aquatic park. It would be ideal to have something similar to Edmonton Mall Water park.	11/4/2024 7:48 AM
290	Although I live in Norwood, the Water Tower seems the most central location.	11/4/2024 7:29 AM
291	Norwood Community Centre lost its pool a few years ago. Would be a fantastic addition to the neighborhood. And very accessible to a number of areas.	11/3/2024 9:35 PM
292	Norwood community center cite is small w limited parking. Nice area though. Provencher park is a bit out of the way. Water tower district has easy access off Archibald which means close bus transport. Is also easy drive from lits of neighborhoods.	11/3/2024 9:31 PM
293	Le parc Provencher serait un bon endroit car Il y a Deja une piscine a cet endroit et Elle pourrait etre amelioree.	11/3/2024 8:24 PM
294	Provencher Park	11/3/2024 8:09 PM
295	Provencher Park is more central. Water tower district has current unused space and a lot of space.	11/3/2024 8:07 PM
296	I love idea of Norwood community centre	11/3/2024 3:20 PM
297	Norwood Community Centre would certainly be an ideal location.	11/3/2024 3:07 PM
298	I prefer Norwood CC and Provencher Park as they are within walking/biking distance from my home.	11/3/2024 2:50 PM
299	I like Provencher park as I feel the green space is underutilized. But parking may be a concern. Water tower seems like a good investment in the area and parking concerns can be allocated for.	11/3/2024 1:50 PM
300	The neighborhood sites are quite intrusive. A site like the Water Tower District is better but not ideal	11/3/2024 11:23 AM
301	It needs to be indoor, any outdoor site is absolutely a terrible idea.	11/3/2024 10:21 AM
302	Preference du district water tower car ce n'est pas encore bien développé et la piscine a Happyland est fermée.	11/3/2024 9:19 AM
303	Water tower seems like the least amount of modifications to existing infrastructure/plans	11/3/2024 5:32 AM
304	NCC	11/2/2024 8:49 PM
305	Water tower district makes the most sense. We should revitalize that area. Add in multi unit residential. Clean it up.	11/2/2024 8:40 PM
306	Prefer Provencher to be central while still further from existing st vital pool	11/2/2024 3:40 PM
307	Provencher park has a pool and splash park please leave it alone!! Norwood would be great! Perfect for St B downtown also! Water tower too close to Stinky mushroom farm!!	11/2/2024 2:42 PM
308	Far for the southern part of the community. Transit from the southern part is also bad so poorer people will be effectively excluded.	11/2/2024 9:10 AM
309	The Watertower District would be perfect for this type of amenity! Lots of room to build the structure(s) and parking.	11/1/2024 10:11 PM

St. Boniface Outdoor Aquatic Park

310	1st choice would be Norwood Community Centre 2nd choice would be Provencher Park	11/1/2024 8:22 PM
311	What I don't like is that neither of them are Happyland Park, which is the area that needs it.	11/1/2024 8:15 PM
312	I like provencher park because it is closer to downtown and people could take the bus there.	11/1/2024 6:04 PM
313	Water tower looks the next option	11/1/2024 5:58 PM
314	They look like they are Central locations and as long as they work environmentally I don't have a preference but I do want to see accessibility and easy accessibility for persons with disabilities who are usually the lowest income people and also persons who are seniors who have the lowest incomes and should fit in to their own payment costs to use the facilities and I don't think any one of them would have a problem submitting their assessments from revenue Canada because swimming is such a vital health component.	11/1/2024 5:36 PM
315	The Water Tower district is far too close to Industrial St.Boniface and the railroad to make it a relaxing (or pleasant-smelling) setting. Provencher Park works great as is and removing the splash pad, trees, basketball court and pool seems like a loss for the community rather than a gain.	11/1/2024 4:50 PM
316	Corranation park	11/1/2024 3:35 PM
317	Provencher already has a spray pad and parking isn't great over there. Too close to downtown	11/1/2024 3:21 PM
318	Water tower district is underdeveloped and far from existing residents. Provencher already has a pool. Norwood is adjacent to a large population base and the rapid tranist line.	11/1/2024 2:21 PM
319	Norwood and Provencher have easy access from transit and bike routes and are surrounded by houses. Water Tower District seems far away and inaccessible.	11/1/2024 2:13 PM
320	I like that Provencher Park is near/in high poverty and it also has lots of amenities there already (off a bus route, accessible, has a building and parking already). Water tower district is near Happyland Park which is closing (perhaps park improvements can occur here, including restoring some canopy and riparian areas and the disc golf course) which is good, that pool will be really missed by the area. But not sure what the development of the site would be like and it almost feels 'unfair' to give a new development this major asset. Additionally, there would be no shade on the site for quite some time as there is only some scrubby trees there, so the design would have to include some pergolas or shade areas for folks. Norwood CC is also a good choice as there is parking and it is off a bus route, although I would not consider this a higher needs neighborhood at all and would not serve the purpose of replacing Happyland Pool in my opinion. I like that there is less tree impact at Norwood and think this would probably be an asset to the neighborhood, but if the goal is to serve underserved communities I don't know if this fits the bill.	11/1/2024 1:22 PM
321	Le Parc Provencher semble répondre davantage au critère de proximité aux milieux défavorisés, ce qui a été désigné prioritaire. À moins d'être certain que des maisons et appartements à loyer modique soient construits autour, le présent site du district Water Tower est trop loin des habitations existantes. Par contre, ce serait vraiment bien d'ajouter de la vie dans ce coin et un espace vert. Le centre communautaire de Norwood est déjà très achalandé et l'ajout d'un parc aquatique aurait un gros impact sur la circulation dans les rues avoisinantes.	11/1/2024 1:17 PM
322	the new site should serve areas that st. vital pool does not serve	11/1/2024 12:43 PM
323	Water tower district is most preferred as can be designed into new district rather than retrofitting into existing. Other two sites would have impact on existing activities and appaer to require significant upgrades of the area, parking would be more limited too and compete with other activities	11/1/2024 10:46 AM
324	Tower district could be too smelly from maple leaf. Norwood cc and Provencher park are nicer park-like locations.	11/1/2024 9:16 AM
325	Water Tower will have odor from the mushroom plants. Norwood and Provencher are central and close to downtown.	11/1/2024 9:10 AM
326	Norwood needs another pool.	11/1/2024 9:05 AM
327	Location and safety	11/1/2024 8:51 AM
328	Having to drive to swim in an industrial centre is nuts. If your answer is that there will be a new	11/1/2024 8:27 AM

St. Boniface Outdoor Aquatic Park

development there, then it's absolutely the worst option: think of the optics, closing not one, not two, but four pools, in the mature areas, to build a new one in the new development, doing so would be politically unwise and cause a lot of pushback. The south of the city gets all the money and the services. There's already Bonivital and St. Vital pool near Norwood. Keep the pool in Provencher Park. The next question is hard to answer without knowing the location.

329	Low income families only have public areas during holiday time ex. Summer holidays, winter break. Close to bus routes so accessible by several communities in the city Green space available so family can spend the day and have an area to place a blanket, shade from trees, and an area to keep pets a safe distance from crowds	11/1/2024 8:19 AM
330	Norwood is too far west for people in East and South st Boniface and the south lost their outdoor pool. Provencher park is busy enough. Water tower district better or at happy land if not the same.	11/1/2024 12:21 AM
331	Windsor Park is a good site. Make the golf course 9 hole and use the rest of the land.	10/31/2024 8:22 PM
332	I like water tower district best, as it is closer to my house	10/31/2024 7:52 PM
333	Provencher Park would be good.	10/31/2024 6:44 PM
334	Provencher and Norwood are better as infrastructure is in place now for transit access and both have a high walkability benefits	10/31/2024 6:37 PM
335	Norwood is close to my house, a lot of bus routes, existing parking. I don't know the other areas.	10/31/2024 6:30 PM
336	FABULOUS LOCATION	10/31/2024 4:52 PM
337	Norwood site would put too much pressure on neighbourhood streets for parking. Provencher Park-concerns about removing existing recreation infrastructure Water Tower District would have the most space, accessibility and minimal impact to existing infrastructure	10/31/2024 4:27 PM
338	I prefer the Provencher site as it would be replacing a pool which is coming to the end of its life, however, parking could be an issue. Norwood wouldn't necessary be a bad idea however will the water table issues cause problems. The Water Tower District will be a new community so I don't think it would be popular with the old communities if you put it there.	10/31/2024 4:00 PM
339	Norwood, very accessible by all means of transportation. Provencher second. Water Tower district unfamiliar, feels less safe.	10/31/2024 3:37 PM
340	Norwood and Water Tower District are not easily accessible by bus. Water Tower District might be a possibility with Wpg Transit improved frequency of service on the Route #19 bus. Provencher is the best site for accessibility and proximity to central urban populations with higher rates of poverty.	10/31/2024 2:51 PM
341	Water tower district isn't very central and is near industrial which isn't ideal. There are no bike routes to that area from st boniface I don't like the idea of increased traffic in the Norwood area it's already busy as it is	10/31/2024 2:34 PM
342	The water tower district is an odd location. There is often a smell from maple leaf and mushroom factory. As well its right by a busy train and industrial park. It does not seem family friendly. Provencer park and Norwood community center both seem like good locations .	10/31/2024 12:47 PM
343	I would love to see it at Provencher Park	10/31/2024 12:44 PM
344	I think they are all good options	10/31/2024 11:57 AM
345	Provencher park is not a good choice given it already features a free public outdoor pool, splash pad, baseball diamond, Petanque courts and playground. In order to better serve the community, the placement should be closer to areas impacted by the removal of Happyland and Lyndale pools, not double up on services already offered. Norwood community centre and Water Tower district fill those needs best. Provencher park is already fully developed, is surrounded by an affluent neighborhood, and has access to those amenities already.	10/31/2024 11:05 AM
346	I like Water Tower due to location	10/31/2024 10:52 AM
347	First pick would be Water tower district, then Provencher then Norwood park	10/31/2024 10:48 AM
348	Water Tower District devrait être exclue de cette étude. La ville devrait travailler avec les développeurs pour inclure une autre piscine extérieure hors de cette étude pour ce nouveau	10/31/2024 10:36 AM

St. Boniface Outdoor Aquatic Park

lieu. Cette étude devrait être concentrée sur les quartier existant qui ont besoin du renouvellement.

349	Norwood Community Centre seems to be the better of the two sites - it is closer to transit and community centre infrastructure that is already providing recreation opportunities and this	10/31/2024 10:26 AM
350	would enhance that.	10/31/2024 10:16 AM
351	Water Tower Site more central to region Provencher - closer for under privileged	10/31/2024 10:13 AM
352	Norwood is the best option in my opinion. Would not disturb a lot of existing amenities and is in a quiet area	10/31/2024 10:00 AM
353	Water tower area looks like a good idea.	10/31/2024 9:51 AM
354	Water Tower District appears to be more centrally located that the other 2 locations.	10/31/2024 9:36 AM
355	provencher park is a great location	10/31/2024 9:35 AM
356	Limited parking	10/31/2024 9:31 AM
357	Would Watertown district to keep Provencher park green space	10/31/2024 8:37 AM
358	NORWOOD COMMUNITY CENTRE Need more in the central area away from downtown and low income	10/31/2024 8:24 AM
359	Keep it away from areas where people are known to tent, do drugs. Provencher park is beautiful but too many [REDACTED] and you would also disturb the wildlife	10/31/2024 6:50 AM
360	Water tower district is closer for me. Norwood is good also.	10/31/2024 5:24 AM
361	Water district or Provencher park are closer to the two pools that closed so those locations are ideal. Norwood less so.	10/30/2024 11:26 PM
362	Provencher Park already has a spray pad and a playground that is very popular with families. Looks like the water tower district is in a very industrial area from what I can tell on the map. Not sure how I feel about that. It's hard to tell the location based on the map provided.	10/30/2024 10:38 PM
363	Too far	10/30/2024 9:54 PM
364	Water tower area often smells really bad because of the mushroom plant and the rendering plant Norwood has poor parking	10/30/2024 9:46 PM
365	Water tower district there is limited public transit. It would be nice to renew Provencher park and build new at Norwood.	10/30/2024 9:44 PM
366	Like area around Norwood park	10/30/2024 9:44 PM
367	Provencher park does not have enough parking but is in a busier area. I prefer Norwood or the water Tower area for accessibility to the area.	10/30/2024 9:38 PM
368	Water town district would be unique and seems like an underused area. Loss of green space in other areas would be unfortunate but perhaps The addition of the water park would make up for it.	10/30/2024 9:33 PM
369	Why would you put it in Norwood flats???? That doesn't serve high poverty neighborhoods	10/30/2024 9:30 PM
370	I think it should be very central, so Provencher Park would be the most central location of the 3 spaces	10/30/2024 9:15 PM
371	Il faut une piscine dans le parc Provencher. Provencher serait la folie. Norwood est trop proche des piscines St-Vital et Bonivital.	10/30/2024 8:53 PM
372	Norwood community centre	10/30/2024 8:45 PM
373	Le centre communautaire Norwood se situe dans une région relativement favorisée, où les habitants ont accès à des moyens pour se rafraîchir l'été (air climatisée par exemple) et les moyens pour facilement se déplacer ailleurs. La région de Water Tower est loin du centre de St Boniface et loin de concentrations où les gens n'ont pas de piscine. D'ailleurs la piscine Bonivital est juste là, tout près. Donc inutile d'offrir une piscine si proche.	10/30/2024 8:43 PM

St. Boniface Outdoor Aquatic Park

374	Water tower district is not appealing and would only be good for cars and large parking lots. Terrible green transportation infrastructure in the area..dangerous to walk or bike with children. Please do not do it there.	10/30/2024 8:34 PM
375	Water tower district- not close to residential housing, not as easy to get to. But large area with a lot of potential. Provencher park: I don't like that you would be destroying some newer park and spray pad facility. But does have a lot of space to work with and close to residential. Norwood. Not a lot of parking, hopefully doesn't affect the sports field too much. Great location close to residential and low income.	10/30/2024 8:32 PM
376	I think provencher park is the better pick. Existed spray pad, plus big park, close to city centre. Water tower district doesn't have much public transportation available. Norwood community centre seems fine as well, but doesn't have spray pad	10/30/2024 8:25 PM
377	I like the Water tower district best because it's in the middle of the areas it's serving and close enough to my house that I can walk or bike	10/30/2024 8:18 PM
378	I would like it to be at Norwood community centre	10/30/2024 7:46 PM
379	I like provencher park best lots of room and centralized and better bus service.	10/30/2024 7:37 PM
380	No opinion	10/30/2024 6:54 PM
381	One with green space and parking	10/30/2024 6:40 PM
382	Bonivital too far out. How about the current Happyland site?	10/30/2024 6:30 PM
383	Not water tower. Too industrial and smells. I don't want have this where more affluent people will live when they have the means to get to other areas with more poverty while the inverse is not true.	10/30/2024 6:25 PM
384	Norwood had issues with water table because of flood bowl. Removing green space and pitches not ideal. Water tower district has land but. little residential. Odour issues with location. People would drive but for some too far by bike.	10/30/2024 5:15 PM
385	Lack of parking and bus service at Provencher Park. The new location needs to be located close to where the closed pools are to service those families.	10/30/2024 4:17 PM
386	Should be central for the area.	10/30/2024 4:14 PM
387	Je pense que le Parc Provencher et Norwood seraient de très bons emplacements.	10/30/2024 2:35 PM
388	Provencher park is most preferred	10/30/2024 1:38 PM
389	Provencher is closed to main roads. Though without adequate parking this option might be more difficult for families with small children who would then have to park far and walk. Norwood Community Centre is also a good location close to main routes that could support more parking and less impact to existing trees	10/30/2024 1:24 PM
390	I support either area.	10/30/2024 1:16 PM
391	I prefer norwood but all seem good	10/30/2024 1:16 PM
392	I like the Provencher Park. The pool there is always in use. The water tower could be a great place to spend the day. Need lots of parking.	10/30/2024 1:03 PM
393	All good areas, easy to get to.	10/30/2024 12:58 PM
394	Water Tower far from existing population.	10/30/2024 12:58 PM
395	1st choice: Water Tower Dist. - good use for an expansive, un-used site. Bring business to area. Love Mushrooms would definitely have to address their smell issue. 2nd choice: Provencher Park - good to see this space used better, but too little space for parking and future development (other activity spaces), without impacting the Festival d Voyageur and Ft Gibraltar. 3rd choice: Norwood CC - limited parking & room for further development (other activity spaces).	10/30/2024 12:48 PM
396	Provencher park	10/30/2024 11:50 AM
397	Water tower is not easily accessible by transit. Other sites not large enough	10/30/2024 11:49 AM
398	I dislike all three of these sites. I repeat the following answer I gave for question 6 : Build this	10/30/2024 11:40 AM

St. Boniface Outdoor Aquatic Park

new pool as close to the shuttered Happyland Pool as possible - it is a crying shame the Happyland Pool was not allowed to be opened, despite supporters raising a LOT of money to show their commitment to supporting the pool - the city owes the user community of Happyland Pool a nearby replacement pool.

399	It's okay	10/30/2024 11:13 AM
400	I suggest to stay away of Provencher park. Odors coming from the Maple Leaf processing plant in this area are strong.	10/30/2024 11:11 AM
401	Water Tower District makes sense and it would impact neighbourhood parking the least. Otherwise Happyland and don't allow street parking. Prosper is already a nightmare with all the disc golfers.	10/30/2024 11:08 AM
402	All these sites are in the northern part of the ward and not near to where the one pool closure is taking place.	10/30/2024 11:00 AM
403	I am not familiar enough with these areas to comment intelligently.	10/30/2024 10:50 AM
404	All good	10/30/2024 10:28 AM
405	Provencher - not enough parking spaces at this time Water tower district good ! Good to get to by bus Norwood - awkward to access by bus	10/30/2024 10:12 AM
406	Prefer norwood community centre.	10/30/2024 9:55 AM
407	Norwood deserved this pool.	10/30/2024 9:50 AM
408	Love NCC as an option!	10/30/2024 9:50 AM
409	If there are existing indoor pools in the city that are in bad shape, use the budget for the outdoor pools to fix the indoor pools.	10/30/2024 9:28 AM
410	I would love the idea of having a park in Norwood. (I dont live anywhere near here, but I would support this location.) It's clean and appealing.	10/30/2024 9:23 AM
411	I like the NCC option best as it is closest to me. We could walk or bike - minimizing car trips. It's also close to lots of bus and bike routes. The water tower district is not very accessible for people - not near a lot of residential areas and would mean you need a car to access.	10/30/2024 9:08 AM
412	Provencher park theres more room	10/30/2024 9:00 AM
413	Water Tower est tres loin des zones pauvres de la ville. De plus, c'est déjà proche de la piscine Bonivital et St.Vital. Norwood et Provencher sont tout les deux des bons emplacements. Un autre bon emplacement pourrais être le Parc Whittier. Il est connecté à la piste cyclables à beaucoup de place pour le stationnement et est sous utilisé en été. Provencher et Norwood sont tout deux	10/30/2024 8:53 AM
414	Water Tower site is not as accessible, is industrial and smells. Norwood is in a great community area. Provencher has not parking.	10/30/2024 8:43 AM
415	Not familiar but close to other amenities/park space is ideal. Ensure proper parking.	10/30/2024 8:40 AM
416	Water tower district not easy to bus to	10/30/2024 8:30 AM
417	Norwood is very far. Water tower district is more central but has heavy construction all around. Provencher is a better option	10/30/2024 8:29 AM
418	Provenchwe park	10/30/2024 8:24 AM
419	These are good spots, and i am onboard with the ideas.	10/30/2024 8:21 AM
420	Dislike Provencher and Norwood, because doesn't Provencher already have? Water tower district close to old happy land	10/30/2024 8:17 AM
421	Provencher park and Norwood need more accessible pools in those areas	10/30/2024 8:05 AM
422	Norwood area would limit access and impact residents. Parking an issue. Provencher park or water tower district might work better	10/30/2024 7:59 AM
423	N/A	10/30/2024 7:55 AM

St. Boniface Outdoor Aquatic Park

424	Locations seem good. Indoor facility could get more use through the whole year and generate more revenue though.	10/30/2024 7:50 AM
425	I work with people with disabilities and it is very important to have public pool facilities that Transit Plus can get to and that people with disabilities can use with their family members.	10/30/2024 7:50 AM
426	I like how close to housing Norwood and Provencher sites are but space wise the water tower district may be best if it allows for more parking without destroying already established Park grounds?	10/30/2024 7:49 AM
427	Provencher Park would be more central. Done right, with colours that blend in instead of attracting attention, it could look good.	10/30/2024 7:48 AM
428	Water tower too close to Bonita's pool. Provencher park lacks space. Norwood might be too out-of-the -way	10/30/2024 7:46 AM
429	All seem ok	10/30/2024 7:45 AM
430	Don't have enough information to form an opinion	10/30/2024 7:45 AM
431	I like all sites. Just get it built.	10/30/2024 7:41 AM
432	All good	10/30/2024 7:14 AM
433	Water tower district avoids disrupting an existing park. Happyland would replace a closed pool.	10/30/2024 7:12 AM
434	Norwood would fit all the criteria	10/30/2024 6:45 AM
435	Norwood and Provencher will congest the downtown even more. Provencher is extremely busy all day going into downtown. Water Tower has more going for it with Lagimodiere and Archibald has easier flow of traffic. Will be better at distributing traffic.	10/30/2024 6:44 AM
436	Accessibility is highly important and first priority. Provencher Park has that central location already	10/30/2024 6:37 AM
437	Central is my choice	10/30/2024 6:37 AM
438	Accessibility	10/30/2024 6:30 AM
439	I don't think Water Tower District is a good choice as it is not accessible by public transport yet. Also it always smells either like mushroom farm or meat plant in that area.	10/30/2024 6:16 AM
440	Water town District would be more central to all of StB. Provencher already has a pool and splash pad. And Norwood is not central.	10/30/2024 12:57 AM
441	Provencher park seems like the best location.	10/30/2024 12:17 AM
442	I would prefer Norwood community centre Provencher park - can't affect Festival du Voyageur, too close to the River Water tower district-Marion street is the worst...	10/29/2024 11:50 PM
443	Norwood is my preference, as it is a quieter, more relaxing area, and close to the river with less traffic volume.	10/29/2024 11:47 PM
444	Norwood is isolated in a small residential neighbourhood with poor transit. Unknown if this is a high poverty area but doubt it. Not a good site. Water Tower District is a to be developed site - transit access unknown; high poverty area unlikely. Distant from other residential areas. Provencher redevelopment is best site. Close to downtown, replaces an existing end of life asset, close to transit, green space. Unsure of high poverty area	10/29/2024 11:35 PM
445	WTD- pros, most space, free range to build, cons, mushroom factory stink PP- pros, heart of community, close to forks, easy access Cons, size, impact to local schools, losing greenspace NCC- pros, all same as PP, large open space, cons, complexity of actual site ,losing greenspace, no parking, affects local community centers As much as i would love it to be at norwood or provencher, it makes the most sense to build it in the water tower district. There is the opportunity to be advantageous in design due to the blank slate of the site	10/29/2024 11:29 PM
446	Not familiar with the areas but would hope it would be accessible and affordable for all to use!	10/29/2024 11:07 PM
447	Of the three option the Water Tower location is most central. Concerns are changing plans of an new development.	10/29/2024 10:54 PM
448	All are great areas for an outdoor aquatic park.	10/29/2024 10:43 PM

St. Boniface Outdoor Aquatic Park

449	Provenger would be great close to busses and low income area. Near all types of housing Norwood also would be great for same reasons. .water tower is too isolates no trees no busses.	10/29/2024 10:18 PM
450	Norwood community centre is a perfect central location. An aquatic facility this close to downtown would be a great way to continue to vitalize downtown as we encourage more people to consider living centrally. The views of the city from Norwood community central are beautiful. Norwood lost its neighborhood pool a few years ago. The Norwood pool was a gathering place for the community. With other pools already scattered through out st Boniface and st vital already, the Norwood area could use a facility like this. Norwood is well situated on transit and bike routes making in accessible for the wider neighborhood and other central neighborhoods in general.	10/29/2024 10:18 PM
451	Norwood would be great to replace the pool that was removed and we used to used most days in the summer.	10/29/2024 9:55 PM
452	Water tower district might get that bad stench from maple leaf or the Mushroom factory. You know which one I'm talking about.	10/29/2024 9:51 PM
453	I like that Provencher park is central, there are a lot of kids in the area that could use the facility.	10/29/2024 9:50 PM
454	Mid city location is good. Replace old facilities is good.	10/29/2024 9:31 PM
455	Water Tower District is too far from most St. Boniface residences and in a industrial area (east side of Marion) and too much fast traffic and traffic jams at rush hour. Trains pass through and stop traffic. Too close to Maple Leaf foods which stinks. Norwood C. C. does not have a bus route that passes directly adjacent. This is not good for kids that travel by themselves and families who have babies.	10/29/2024 9:28 PM
456	Norwood is the most central	10/29/2024 9:22 PM
457	Any location works	10/29/2024 9:06 PM
458	I'd like more information before commenting as I suspect each site will come with it's own set of trade-offs. I would also like to know which neighbourhoods currently have the greatest number of user's of City facilities (the City must have that data by postal code, no?). For example, I live in Norwood and a lot of people in Norwood have access to private pools, cottages or campers in the summer, so these residents may not be using the pool, or much less than others - why locate a pool in Norwood if the majority of users are coming from another neighbourhood? When news broke on how the Happyland outdoor pool wouldn't open this last summer, it was often reported that families in the South Old St. Boniface neighbourhood rely on the pool as they don't have access to private pools or trips outside the city. Given this, I support locating the facility in the neighbourhood that would most likely access the space the most.	10/29/2024 8:59 PM
459	I think Provencher would be the most central location out of those but I would worry about the parking situation there.	10/29/2024 8:55 PM
460	Don't like any of the options.	10/29/2024 8:47 PM
461	Provencher park is easier to get to for a more densely populated neighbourhood whose residents are of a lower socioeconomic status as it is north of St Mary's Road. Many of these residents do not have regular access to a vehicle.	10/29/2024 8:21 PM
462	Areas are not near to me and therefore I would not use the facility.	10/29/2024 8:07 PM
463	Water town district didn't have a lot of impact on soccer activities.	10/29/2024 7:57 PM
464	I would be worried about the smell from the nearby industrial area at the Water Tower District. Norwood Community Centre seems like it would have space constraints.	10/29/2024 7:44 PM
465	Water tower district	10/29/2024 7:33 PM
466	water tower district is the most open for everyone norwood and provencher are harder to get too and closed off water tower is more central within the district	10/29/2024 7:13 PM
467	Provencher park is too close to homes for a noisy water park.	10/29/2024 7:09 PM
468	I grew up in St. Vital and I have never heard of Water Tower District BUT have heard of	10/29/2024 7:00 PM

St. Boniface Outdoor Aquatic Park

Provencher Park and Norwood CC and would be able to accurately explain to someone where and how to get there. I think establishing a new waterpark facility in a well-known area or "often heard of" area will help drive interest into the project, especially once it's complete. I'd be more hesitant to visit a new facility if I'm completely unaware of the location or never heard of it, versus knowing the area will drive my interest more to want to visit.

469	The water tower site is less accessible than the other sites.	10/29/2024 6:51 PM
470	Norwood and Provencher site are close to lower income parts of our city. I believe we should favour these sites because of this.	10/29/2024 6:51 PM
471	I think Provencher Park or Water Tower District would be the best places since this is the closest to the now closed Happyland pool.	10/29/2024 6:49 PM
472	Love the idea of Norwood community center! Easily accessible for a wide catchment area and the area would benefit greatly from a pool!	10/29/2024 6:45 PM
473	I like the water tower district. It's an eyesore right now, would be great to do something with it.	10/29/2024 6:36 PM
474	I only know Provencher - I like that it's quiet & especially love the amount of green & wd not like it diminished	10/29/2024 6:19 PM
475	Provencher and Norwood look more central	10/29/2024 6:16 PM
476	Provencher Park, please because of easy access for all people.	10/29/2024 5:54 PM
477	I like that Water Tower District is a closer commute and seems like a good location.	10/29/2024 5:46 PM
478	Provencher Park already has limited parking options. With the existing pool and splash pad it doesn't make sense to remove those to build a new pool when the other 2 sites don't have a pool. Water tower district is already fairly close to bonivital pool.	10/29/2024 5:45 PM
479	Norwood is closest to my home and it supports people living in fort rouge and downtown (like), but it isn't central for all of St.b. Provencher is central enough, but is far enough away that it wouldn't be that accessible for youth in norwood, downtown or windsor park. Water tower is an awful location The best location would be at Bertrand arena as it is between norwood and st.b. close to low income and higher density dwellings and accessible by transit from all parts of stb including windsor park	10/29/2024 5:44 PM
480	Water tower district would be preferred	10/29/2024 5:43 PM
481	Water tower district too out of the way	10/29/2024 5:43 PM
482	The Water district has the most land to build a water park with room to grow.	10/29/2024 5:38 PM
483	Already has stuff, Sage Creek	10/29/2024 5:29 PM
484	Provencher Park would best serve the Elmwood community	10/29/2024 5:28 PM
485	Norwood. Closer to downtown, bus routes, mixed housing	10/29/2024 5:11 PM
486	Water tower district	10/29/2024 5:07 PM
487	Norwood or Provencher would be much preferable for convenience of access. There's large existing populations within walking and biking distance. Water Tower District is way out of the way for most of St Boniface, it would be great to have something there, but it's an unbuilt neighborhood with a current population of zero. All building there would do, is help developers make money selling.	10/29/2024 5:03 PM
488	Water Tower district is far from residential areas Norwood is far from lower income communities	10/29/2024 4:58 PM
489	The Water Tower District site seems the most viable, (minimally invasive with maximum effect) as long as improved transit service to the site is implemented.	10/29/2024 4:44 PM
490	Like the Norwood location: quiet and peaceful (not on a major traffic route), accessible for transit. Was a previous regular lap swim user of the former Norwood pool.	10/29/2024 4:41 PM
491	I believe Provencher park or norwood would be better because they are more centrally located.	10/29/2024 4:34 PM
492	Norwood is a great walkable neighborhood that is close to downtown, sounds like a great choice.	10/29/2024 4:31 PM

St. Boniface Outdoor Aquatic Park

493	love the Norwood Community space for this, or Coronation park	10/29/2024 4:31 PM
494	too far. Put it at happyland	10/29/2024 4:28 PM
495	Norwood a lower traffic area.	10/29/2024 4:27 PM
496	Would love to see something at Norwood community centre	10/29/2024 4:17 PM
497	Norwood is an awful place to drive around in, and it would also be an awful place to commute. I don't really know anything about the other spots, so I can only say Norwood community centre is a pain to get to regardless of your medium.	10/29/2024 4:12 PM
498	Should be centralized to the region as much as possible	10/29/2024 4:12 PM
499	Water Tower District is too close to high traffic on Marion St. to be safe for pedestrians and cycling access.	10/29/2024 4:09 PM
500	I would love it to be at Norwood Community Centre. The area really misses the pool	10/29/2024 4:03 PM
501	It's nice to have a site nearer to the growing family populations in Windsor Park. I support Water Tower District Park or Provencher.	10/29/2024 3:59 PM
502	None of these sites are very central to the highlighted area, and as a South Windsor park resident I'm concerned about traffic when having to drive to the site. It would be nice for it to be more central as these sites feel no closer than the existing Transcona park.	10/29/2024 3:55 PM
503	Provencher Park - does not have good parking. Norwood has good location. DO NOT CLOSE WINDSOR PARK POOL.	10/29/2024 3:54 PM
504	Like	10/29/2024 3:52 PM
505	Avoid water tower/industrial area.	10/29/2024 3:52 PM
506	All equal	10/29/2024 3:47 PM
507	These pools are not in close proximity to existing pools that have or will be closed. These existing pools are in lower income neighbourhoods and see a lot of use in the summer. Also new Canadians need to learn to swim- all too often we read about new Canadians drowning.	10/29/2024 3:43 PM
508	Provencher is central and needs redevelopment which is good. Water Tower District has nothing there and is mostly surrounded by non-residential areas. ie train yard/car parking and mission industrial park. Need to keep replace one of the original sites that was in the St B area.	10/29/2024 3:43 PM
509	Water Tower is so far away from Downtown, bus routes and housing. Our family would never be able to get to it.	10/29/2024 3:41 PM
510	PPP and NCC make sense as they are integrated into a community centre	10/29/2024 3:38 PM
511	Norwood is already difficult to access for things like soccer and baseball games, the roads fill up. The most accessible area would be the water tower district.	10/29/2024 3:33 PM
512	Norwood Community Centre and Provencher Park are both currently well utilized. Existing services would likely have to be disrupted or changed to accommodate these locations.	10/29/2024 3:32 PM
513	Provencher park is a less desirable location. Water Tower area requires transport due to lower population density. Norwood site ideal as it is central, has a range of neighbourhood income levels, has excellent transportation options (bus, bike, drive, walk), and there exists a significant existing footprint. As a disabled individual, accessibility is paramount.	10/29/2024 3:28 PM
514	Norwood Community Center site would require children and families to cross a major intersection...one that as an adult I hesitate to cross due to the risk of potentially getting hit. A more centralized location would be preferred. If the pool site that has reached the end of its life expectancy can't be redeveloped as the outdoor aquatic park, Provencher Park would be a better location. Water Tower District would be challenging for children and families to ride their bikes too.	10/29/2024 3:28 PM
515	All of those sites would be ideal however I think of the impact of needing so much additional parking at Provencher park or Norwood. I would love to be able to walk to a pool at Norwood community centre though.	10/29/2024 3:26 PM

St. Boniface Outdoor Aquatic Park

516	Nirwood	10/29/2024 3:12 PM
517	water district site would be preferred. provencher park and norwood community centre to far.	10/29/2024 3:07 PM
518	Like	10/29/2024 3:06 PM
519	The water tower is in an industrial area which makes it unwalkable for most people. I think provencher park is better than Norwood due to poverty levels. Norwood is also secluded across major route from the rest of the area.	10/29/2024 3:06 PM
520	The site should be in a central location I'm St. Boniface. The site of the old Happyland Pool or Norwood Community Centre would be ideal. This would allow clientèle from the downtown area (at Norwood) and folks from Windsor Park (at Happyland). Provencher Pool is still in decent shape and is often full of patrons. The other areas lack in water-based amenities for older children and adults.	10/29/2024 3:02 PM
521	Norwood community centre or the happyland pool site.	10/29/2024 2:56 PM
522	I think Norwood would be perfect.	10/29/2024 2:53 PM
523	I love the water tower district but other sites would be good	10/29/2024 2:46 PM
524	Parking in Norwood will be a problem.	10/29/2024 2:43 PM
525	Norwood has the space but is not easy or safe to get to by bus or walking with children. provenche park already has a splash pad and play ground , it does not make sense to remove something that is already a feature in the area. The water tower district is a blank slate and with all the new housing going up in the ideas (including low income) it would be ideal. Not only is it right on the 19 bus route as well as others with the closure of Happyland and Windsor park pools and the extended closure of Bonivital this part of st boniface has almost no amenities and continues to grow.	10/29/2024 2:43 PM
526	I am an aware of where Provencher Park is and like where it is located (however there is never any parking around this area). I am not sure where the Water Tower site is and unable to see if it is within an industrial area.	10/29/2024 2:37 PM
527	love water towe district	10/29/2024 2:32 PM
528	Water Tower District is the perfect spot. Tons of room and could accommodate parking (for free). Provencher Park is too close to downtown, Norwood is to busy of an area	10/29/2024 2:26 PM
529	They are all great.	10/29/2024 2:24 PM
530	Norwood community centre already had a pool, and already has the centre so some amenities already there and potentially could be improved with a new facility	10/29/2024 2:24 PM
531	Doesn't water tower district have high rates of soil contamination? I don't want my kids playing in a semi industrial area with previously poor soil.	10/29/2024 2:21 PM
532	Water tower district is further from downtown which would be safer. It's also more central to most of the area being considered. Why rebuild in Norwood after closing a pool recently?	10/29/2024 2:21 PM
533	Norwood Community Centre or Provencher Park would suite better in my opinion as a lot of people take public transit so it should be fairly accessible for bus routes.	10/29/2024 2:20 PM
534	Norwood park lost its pool because of the high water table, this is obviously an issue.	10/29/2024 2:13 PM
535	Norwood was the place of pool that disappear and should be brought back. Definitely not water tower district, its industrial area not residential.	10/29/2024 2:13 PM
536	I like the idea that Norwood would again have an outdoor pool to replace the one that was removed. I really dislike the idea that if provencher park is not selected, that the well loved outdoor pool would be closed. I would prefer that a new aquatic park open and provencher pool remain open. The outdoor pool and the splash pad, park, tennis court, basketball court and pool are all used heavily in summer. It would be a unnecessary to remove the basketball court for parking. There is enough parking at Notre Dame arena and street parking on Provencher and Langevin. Also to note that the basketball court is a well used outdoor skating rink the winter.	10/29/2024 2:05 PM
537	I feel Norwood has the best accessible location. All forms of transportation and parking.	10/29/2024 1:59 PM

St. Boniface Outdoor Aquatic Park

538	Champlain got the spray pad. Norwood has NOTHING to replace the pool it had and was taken away	10/29/2024 1:57 PM
539	don't like any of those areas. somewhere closer to more populated areas such as Sage Creek, Island Lakes, Southdale	10/29/2024 1:56 PM
540	Norwood community centre before it had a pool before	10/29/2024 1:52 PM
541	I like Norwood CC!!	10/29/2024 1:52 PM
542	I really only like Provencher park as it is so central.	10/29/2024 1:45 PM
543	Water Tower District is more challenging to get to. Simialr issue for Norwood Community Centre, more challenging to get to. Would be building a new facility when other facilities in North St. B have been closed or are aging - what becomes of those?	10/29/2024 1:41 PM
544	Norwood- most central to all, in a working class/high needs area with many low income housing units and newcomers (BEST CHOICE), has recently lost two pools in its geographic area Water Tower - too close to existing Transcona Centennial Provencher Park - has an existing splash pad and park (decommissioning this would be a shame)	10/29/2024 1:41 PM
545	Water Tower District does not have easy public transportation access.	10/29/2024 1:37 PM
546	There are 2 pools near there. Expanding Lions pool would be better.	10/29/2024 1:37 PM
547	Norwood cc would have more space for parking along residential streets. Free parking is always better for families. Especially if you're only going to visit the park for an hour or so	10/29/2024 1:33 PM
548	I prefer Water tower district as it is close to home	10/29/2024 1:29 PM
549	In park or near a community centre makes the most sense.	10/29/2024 1:23 PM
550	I like Norwood better as it's closer to more homes allowing more kids access.	10/29/2024 1:21 PM
551	Water tower not central, out of way; Norwood nice & close, Provencer ok but enclosed, busy area	10/29/2024 1:20 PM
552	Provencher park does not have adequate parking. The community centre already struggles to provide access to their centre due to school parking from the high school, elementary school and college. Ringette would still need use of the parking lot. Norwood - water table concerns closed the original pool...why would this site be acceptable. Parking is already a challenge in this area due to hospital staff. Impacts to existing programming should not be allowed. Protect the mature trees. Watertowr district makes the most sense	10/29/2024 1:20 PM
553	Water Tower District feels too far away, might as well go to the Transcona one.	10/29/2024 1:18 PM
554	Love the idea of having it at Norwood CC as it would replace the pool that was closed and there are many young families in the area that would benefit.	10/29/2024 1:15 PM
555	I like Provencher Park and Water Tower District best, as they're both easily accessed and are in quiet areas.	10/29/2024 1:15 PM
556	Why are you building this? You won't have the money to keep in open.	10/29/2024 1:13 PM
557	Like all options, Norwood preferred	10/29/2024 1:10 PM
558	Provencher park is nice and will attract more people to local businesses. Charge per use, no free passes for low income! Keep the area safe	10/29/2024 1:09 PM
559	Norwood is a former pool site and is already set up for this infrastructure	10/29/2024 1:06 PM
560	NORWOOD ALL THE WAY!! Provencher already exists. Water Tower is too industrial.	10/29/2024 12:58 PM
561	Not familiar with the water tower district but it seems to be an industrial area. I'm concerned about safety.	10/29/2024 12:54 PM
562	Je suggère Windsor Park. L'emplacement de la piscine Speers serait parfait.	10/29/2024 12:49 PM
563	Love it at Norwood	10/29/2024 12:48 PM
564	Norwood is a great green space for this	10/29/2024 12:45 PM
565	The mushroom factory is disgusting and no one wants to smell the awful off gasses of maple	10/29/2024 12:41 PM

St. Boniface Outdoor Aquatic Park

leaf and or that mushroom factory. It would destroy the experience

566	These are all terrible locations. They're all buried in neighborhoods and make quick travel from all directions slow. Unless your goal is to only serve St. Boniface. Can we combine this plan with whatever is to be done with St. Vital and Bonivital? In this time of high cost of living and dramatic growth in gov't spending, including civic spending, maybe we can avoid adding additional long-term structural operating costs to the city budget?	10/29/2024 12:40 PM
567	Would like it in Windsor park so I guess the best option for us would be the water tower area	10/29/2024 12:39 PM
568	Provencher Park is my preference-closer to NK where I live. NK/East Saint Paul have no outdoor facility. We still have to drive and park to the closest outdoor park which is Kildonan Park-across the river.	10/29/2024 12:39 PM
569	Water tower district means you guarantee that most people will need to drive there - least accessible by transit, walking, cycling. Also next to Maple Leaf and other industrial sites - smells and air quality may be a concern.	10/29/2024 12:39 PM
570	Norwood - too residential, minimal room for expansion and loss of green space for the area. Provencher Park - too residential, minimal room for expansion and loss of green space for the area. Water Town District - Best of the 3. Room for expansion, minimal loss of residential green space, noise won't be an issue. Could initiate revitalization of the area.	10/29/2024 12:34 PM
571	It almost feels like there is a need for 2 of them. 1 at the water tower district and 1 at Norwood or Provencher. I think the location of the water tower would be the most accessible to all including those with less income and would be closer to walk and get public transit. That would be used by the residents of eastern ST. B including Windsor Park etc.... Making 1 large center for the region while seeming efficient form a city planning perspective is the opposite of what's needed, it destroys community and make these service only accessible by the most well off and resourceful citizens. The same thing was done to hockey rinks accorss the city and the effects are truly sad. All the local community hockey rinks that were agreed expensive to maintain have now been replaced by regional megaplex with 3 or 4 rinks and all the small local rinks are getting shut down. No more outdoor rinks for people to skate and practice without organized sports or for pick me up hockey. Again those that can afford it will take advantage while those with less resources will likely use the services less with only 1 mega leaisure structure as opposed to smaller community sites. I am not resources strapped and would be able to bring my kids to either location but I want as many children in the city to be able to use the ammenities and the fact of the matter is building large reginal megaplexes for leisure and sport might seem like cost savings but I think it further divides our citizens and make it more difficult for poorer citizens to access the further locations and easier for people who have more money and resources.	10/29/2024 12:30 PM
572	I live very close o Norwood CC, I would be concerned about increase in traffic, Lyndale Ave in particular- has already divided the community with restrictions. Not sure bus route would be sufficient in current state. Provencher Park is currently underutilized, but parking and traffic flow into Norwood definitely are concerns. Water Tower appears to be best located for all of St. B. and has a "clean slate" -at least its close to Happyland... hopefully development promises of higher density, affordable housing can be realized.	10/29/2024 12:28 PM
573	Dislike Water tower: too car centric of an area. Excludes those without reliable access to a car. Like Norwood CC: close to bus routes and main arteries. Like Provencher Park the most: close to bus routes and main arteries. Lots of good businesses around to make a day of the visit, or add breakfast/lunch after a swim.	10/29/2024 12:27 PM
574	All good options.	10/29/2024 12:23 PM
575	The water tower site is too close to meat processing plants. There would be stong unpleasant smells.	10/29/2024 12:17 PM
576	Le parc Provencher est centrale et il y a la zone de jeux d'eaux qui pourrait être réutilisée. Norwood avait de problèmes à propos des plaques d'eau souterraines et pourrait causer des problèmes à long terme.	10/29/2024 12:11 PM
577	Norwood is close to my residence	10/29/2024 12:09 PM
578	Provencher park is a great spot. Norwood would also be good, though it's less accessible. The water tower district seems pretty random. Who is this park.meqnt to service? Nobody loves there.	10/29/2024 12:04 PM

St. Boniface Outdoor Aquatic Park

579	closer to residential areas is important	10/29/2024 11:59 AM
580	all could work for many	10/29/2024 11:59 AM
581	Water tower district is too close to factories and not accessible by transit	10/29/2024 11:57 AM
582	Norwood community center I think would be a good location. It's near my home and my kids school. There are no other pools in the area.	10/29/2024 11:50 AM
583	I like the Norwood option as there's already a splash pad there and lots of empty green space. There also isn't a lot of other options near by for families in the summer. Thanks!	10/29/2024 11:47 AM
584	i think any of these would be great, but i think the water tower district one is an easy commute to the Tcona one - so maybe one of the others would be better - to try to hit up more neighborhoods	10/29/2024 11:43 AM
585	The only one that is close to the areas, which are suppose to lose their pools is the water tower district. The Norwood Community centre is not easy to get to by bus as is the Provencher park. At least the Provencher park does have regular bus service and there is no major road to cross for a lot of people to get to it.	10/29/2024 11:43 AM
586	Provencher Park would be a good site - central, lots of space that isn't currently being used for much	10/29/2024 11:42 AM
587	I favour Provencher or Norwood since they both have existing facilities that could be enhanced and people already associate them with that kind of recreation. I think Provencher's the best site for minimizing negative impacts to the existing greenspace or needing to address low level site like Norwood. Water Tower area you'd be starting from scratch and with that horrible stinking pork plant right up the street no one would want to use the space anyway.	10/29/2024 11:30 AM
588	Provencher park is easily accessible and the area includes many low income and new citizens with few option. Best location.	10/29/2024 11:28 AM
589	I disagree with tax dollars being wasted on recreation activities while we have people living on the streets and encampments. The people living in the proposed areas, even those considered impoverished, are no more deserving than those shivering at night in their tents.	10/29/2024 11:24 AM
590	Water tower district is inconvenient	10/29/2024 11:20 AM
591	Love both locations	10/29/2024 11:20 AM
592	Water Tower - too far away from residents, will not serve people in low income Norwood - too tucked away in a small neighbourhood - not as accessible by transit. Water table issues? Provencher - best choice - would serve the most people. Replace existing pool, add improved asset to this important civic park, and increase synergy with existing community facilities	10/29/2024 11:18 AM
593	Provencher park is close to higher density development north of provencher and near the forks. Easily connects via provencher to new high density development at the forks. Ample green space and trees/shade in provencher	10/29/2024 11:17 AM
594	Norwood community center would be best.	10/29/2024 11:13 AM
595	Water tower district is very industrial. Smells bad. Lots of noise and trains. Would NOT like unless it was west of archibald. Other two sites are fine.	10/29/2024 11:05 AM
596	Norwood Community centre would be great. Close to downtown and to bike routes.	10/29/2024 11:04 AM
597	Water tower area not as easily accessible by foot or bike	10/29/2024 11:04 AM
598	Norwood has already lost it pool and Provencher Park has a pool splash pad and wading pool.	10/29/2024 11:01 AM
599	All of those sites would be fine. No preference.	10/29/2024 10:59 AM
600	Water tower area smells so bad and has too many industrial places near. Too much traffic. And is hard to get to by bus. Norwood is too close to [REDACTED] (drug users, crime, and mental health).that area Isn't safe for children and families. Provencher has a lot of space, tho parking is very limited.	10/29/2024 10:59 AM
601	I like that Provencher Park is close to other amenities and bike friendly, however there is already an outdoor pool and splash pad in that area that are very popular. I dislike that the Watertower District currently has limited active transportation options and is far from amenities	10/29/2024 10:57 AM

St. Boniface Outdoor Aquatic Park

that would be important for families. I'm not familiar with the plans that are in development for that area if those concerns would be addressed.

602	Coronation park seems like a good balance of the options	10/29/2024 10:57 AM
603	Only water tower site should be considered	10/29/2024 10:55 AM
604	Provencher Park is ok, but the installation are getting old, the Park has a minimal structure for the kids to play, the splash pas gets crowded really fast, not a lot of sitting place for parents, no toilet access	10/29/2024 10:42 AM
605	Provencher and Norwood would be best for the poor of Winnipeg and is on bus routes that go downtown and are easier to access	10/29/2024 10:38 AM
606	Norwood Community Center	10/29/2024 10:37 AM
607	Provencher or Norwood, prefer Norwood as it's closer to downtown	10/29/2024 10:36 AM
608	Norwood is perfect	10/29/2024 10:26 AM
609	The water tower district seems like the site with less disruption to any existing residential areas	10/29/2024 10:26 AM
610	Norwood - might be nice to have a pool by the river Provencher - might be nice to have a pool near Taché school Water Tower - might be nice to revitalise that neighbourhood	10/29/2024 10:26 AM
611	Norwood and area needs something for it's youth.	10/29/2024 10:19 AM
612	Water tower district seems to make the most sense- could add bike paths leading directly to the park.	10/29/2024 10:17 AM
613	What is royal wood and sage creek considered?	10/29/2024 10:15 AM
614	Only Water Tower is central enough to service entire area.	10/29/2024 10:14 AM
615	Water tower is a long way from even being built. Provencher and Norwood have lots of room to accommodate a project like this and are both very accessible. Norwood in particular is close to a lot of families who reside downtown.	10/29/2024 10:14 AM
616	norwood community centre had a pool the committee closed and filled in and now you want to put another pool there? [REDACTED] ?	10/29/2024 10:11 AM
617	I like Provencher Park because it is closest to me. There is also lots of residential housing nearby so people can walk. Close to bus stops so that would reduce the need for parking.	10/29/2024 10:11 AM
618	Sites are good choices. I think you should make the pool available for outdoor swimming lessons as well.	10/29/2024 10:10 AM
619	Norwood had a pool and no longer has one. It was (and is) sorely missed. The neighbourhood would welcome this project.	10/29/2024 10:09 AM
620	Norwood is far and out of the way from the majority of St.B residence. Provencher Park is good but would be taking away from the current green space beside Ecole Louis Riel. Water Tower District would be a good space with the current plan of high to med density residence and future rapid transit plans.	10/29/2024 10:05 AM
621	I like the water tower district it is spacious, room for parking without overcrowding residential areas	10/29/2024 10:02 AM
622	water tower would be the worse place. Nobody wants to be there. Meanwhile, Norwood would be the perfect place	10/29/2024 10:01 AM
623	water tower district is far from high density housing, but central to area.	10/29/2024 9:57 AM
624	what about Happyland Park?	10/29/2024 9:57 AM
625	Water Tower needs it the least, as it is already close to St. Vital pool and Bonivital pool.	10/29/2024 9:52 AM
626	Very good locations	10/29/2024 9:51 AM
627	Provencher park already has a spray pad, Norwood already has a cc. Water tower area is too small.	10/29/2024 9:50 AM

St. Boniface Outdoor Aquatic Park

628	Provencher Park is best... Most central.	10/29/2024 9:44 AM
629	Norwood would be best.	10/29/2024 9:43 AM
630	Water tower too far from low income areas. Norwood - parking problems? Provencher - would make use of current infrastructure, closer to low income neighbourhoods and bus routes, would enhance a space that has long struggled to define itself. Probably the best site. Parking could be a problem	10/29/2024 9:40 AM
631	Water tower district is the area I'd like the most. It's a bit more out of the way... but there's a lot of space there and would probably have more room for people to park away from residential streets. Provencher park already has the pool, I'd like to see that stay open.	10/29/2024 9:38 AM
632	water tower district would be great as there would be lots of space and there is the newly built archibald bike path. I don't like the idea of Norwood community centre as the residents there already like to complain about the street being closed to cyclists, this will give them something more to complain about :)	10/29/2024 9:37 AM
633	Water Tower District is years away from completion.	10/29/2024 9:34 AM
634	I'd vote for Norwood Community centre. Closer to low income families who would benefit from the location. Too much already at the forks.	10/29/2024 9:34 AM
635	Provencher park has an existing site that is going to require repairs. It would be good if the community didn't lose that all together. Decent bus routes. Norwood community centre is right in the hub of residences which will get a lot of use by the immediate neighbour hood. Accessible for others as well. I don't like the water tower site. Feels Too removed from residential communities and less accessible.	10/29/2024 9:33 AM
636	Support the development of the water park at the water tower district location	10/29/2024 9:30 AM
637	I prefer the Norwood Community Center. It's closer to Happy Land Pool that's closed.	10/29/2024 9:28 AM
638	Is Happyland Park a possibility?	10/29/2024 9:27 AM
639	I like that locating at the Norwood Community Centre would replace the pool that was removed. I also see that it has plenty of room. The provencher site already has existing structure.	10/29/2024 9:27 AM
640	Provencher Park would be ideal but there isn't much parking there. I don't think the water tower district would be great because it's mostly an industrial area and it doesn't have many trees or anything. Norwood could also work but parking is limited.	10/29/2024 9:26 AM
641	Water tower district is too close to businesses and traffic. Provencher park already has splash pad, etc. but could be good location if it doesn't involve cutting down existing trees. Norwood would also be good for space.	10/29/2024 9:26 AM
642	Like all sites	10/29/2024 9:24 AM
643	Water tower is the most central location	10/29/2024 9:23 AM
644	Norwood Community Centre is my favoured spot	10/29/2024 9:22 AM
645	I like that it would be safe/easy to get to Norwood Community Centre by bike. Water Tower district would be difficult to get to safely by bike. Provencher Park would probably be nice but it would be further from home for me (Old St Vital). I would still go if it had good lane swim options and a safe bike route there.	10/29/2024 9:22 AM
646	Provencher Park would probably be my number 1 choice of the three. Closer to central, and lower income than Norwood, very easily accessible. Norwood would be my 2nd choice as it is also very central and accessible. Water Tower District would be alright too, but is that area going to be affordable housing out there? Or is it all going to be new apartments that won't have many kids? St Vital Pool and Bonivital pool are just down the road, and having the rail lines along archibald will just cut off the archwood community and make them go all the way up to Marion and back down. Windsor park will also be cut off due to those rail lines. Side note: I hate all the rail lines in this city.	10/29/2024 9:16 AM
647	Like Provencher Park location. Dislike Water Tower Development location.	10/29/2024 9:10 AM
648	Why would anyone think to put an aquatic park in an industrial area?	10/29/2024 9:08 AM
649	This map doesn't help me know anything	10/29/2024 9:08 AM

St. Boniface Outdoor Aquatic Park

650	The water tower district is too industrial and far from community bussing area	10/29/2024 9:03 AM
651	make it indoors	10/29/2024 9:00 AM
652	The west side of the city needs it more than the east side.	10/29/2024 8:55 AM
653	Any site that allows for a decent sized water park !! Not just a splash pad with a slide Winnipeg step up & do a proper Water park that adults can use to Ideally 365 days a year	10/29/2024 8:53 AM
654	Too far	10/29/2024 8:47 AM
655	That seems to service more the downtown area than the south end where we are experiencing the loss of pools.	10/29/2024 8:47 AM
656	Provencher park would be the best because it's close to my house, and not the other two because it would be hard to get to because of traffic	10/29/2024 8:47 AM
657	Provence park and water tower district are located in less density populated areas and possibly lower poverty areas which is good and makes access from outside of the city better.	10/29/2024 8:47 AM
658	Water Tower District would be good if you relocate the mushroom factory, otherwise Norwood.	10/29/2024 8:46 AM
659	Water Tower District has all the new space for an amazing waterpark, but unsure about how people would get to that area as i live in the area and only 1 bus goes in and out of st boniface to windsor park. The other is the 50 which only runs select times which wouldnt help. But since there will be a whole new living area here I'm sure you guys have thought about that transportation aspect already :) Norwood I wouldnt like to see all the green space, and the unique floodbowl go away. Plus it's a higher wage area for people living in Norwood. I feel its easier for them to travel around than say Windsor Park area, or St Boniface areas.	10/29/2024 8:46 AM
660	I like the Norwood community centre site- it is easy to get to without driving, centrally located.	10/29/2024 8:43 AM
661	Farther south would be better or more central St. B	10/29/2024 8:42 AM
662	Provencher Park already has a pool and splash pad. Keep those and create a new aquatic park else where.	10/29/2024 8:40 AM
663	They all would be great.	10/29/2024 8:39 AM
664	Water tower district	10/29/2024 8:37 AM
665	Norwood and Provencher Park are both close enough to serve the downtown community and fully developed neighbourhoods. The Water Tower District will serve a future community, but we should be looking to support our established underserved areas.	10/29/2024 8:32 AM
666	Provencher Park - High traffic area already with provencher being 50km/h and multiple cross walks/traffic lights. Water Tower Dist. - This is a better site overall but might be degraded by nearby industrial areas. I think it would have the most potential to be developed properly. Norwood - Unsure of this location but could be suitable	10/29/2024 8:30 AM
667	Norwood Community Centre to replace the one CoW closed in 2019	10/29/2024 8:26 AM
668	WTD isn't on a bus route PP too far north NCC is the best of a set of poor choices	10/29/2024 8:25 AM
669	Water tower area needs it more	10/29/2024 8:24 AM
670	Water tower district is too far away from everything, and it's in the smelliest part of St B. That would be a colossally stupid place to out literally anything outdoor. Provencher Park or Norwood would be a better option. Provencher would be best bc it is near all the other stuff, and it is in a lovely, very safe area.	10/29/2024 8:24 AM
671	I like the new outdoor water park to be located at Provencher park.	10/29/2024 8:20 AM
672	Somewhere walkable or accessible by bus	10/29/2024 8:19 AM
673	Why build such an elaborate park when they are lacking funding and lifeguards. Just a basic pool is all that is needed	10/29/2024 8:19 AM
674	The Norwood site selection is excellent although I am concerned about the high ground water in the area and the built up requirement would be expensive. Isn't high ground water the reason why they closed the Norwood pool? Provencher Park isn't bad although there is minimal	10/29/2024 8:09 AM

St. Boniface Outdoor Aquatic Park

parking in the area. The Water Tower District is too close to rail lines and too far from downtown.

675	Norwood community Center is not as easy to access as Provencher park. Less vehicle traffic at Provencher and better entry location	10/29/2024 7:59 AM
676	These locations are more central for the city and not so much central for the area this would serve.	10/29/2024 7:57 AM
677	The chosen site should be central to the ward. Of the three sites, water tower site is the only one close to the center of the ward. The other two, Provencher and Norwood are on the edges.	10/29/2024 7:57 AM
678	Provencher Park is the closest to low income and furthest from St. Vital pool which is why I chose it. And seems the better one for infrastructure.	10/29/2024 7:53 AM
679	Whichever site allows for the most development should be chosen.	10/29/2024 7:53 AM
680	fill the gap & don't delay kids need this!	10/29/2024 7:49 AM
681	Why not use the Happyland outdoor pool space?	10/29/2024 7:46 AM
682	More looking to having access to a pool/water park, location doesn't matter as long as the space is well maintained. Please consider smell from treatment plants in the area.	10/29/2024 7:46 AM
683	I would prefer provencher park	10/29/2024 7:44 AM
684	Provencher Park	10/29/2024 7:36 AM
685	The water tower district is a super unsafe location for people who want to walk or bike to the pool, especially if kids or teens want to go without their parents	10/29/2024 7:35 AM
686	I like that the water tower is more central to the area it is intended to serve than the other 2 proposed locations.	10/29/2024 7:25 AM
687	Parc Provencher - facilement accessible via le transport en commun, le vélo, la marche; densité de population; accessibilité pour des populations vulnérables Norwood : moins facilement accessible via le transport en commun, surtout à l'extérieur des heures de pointe; quartier plus homogène à faible densité; l'ancienne piscine avait été détruite en partie en raison des défis de la nappe phréatique, non? Ce problème ne disparaît pas avec un nouveau projet? Water Tower - plus difficilement accessible, dans un tout nouveau quartier, loin pour les résidents à l'Ouest de la voie ferrée; ce quartier est beaucoup moins résidentiel au nord... tandis que les résidents davantage dans Windsor Park ont accès à la piscine Bonivital et la piscine Saint-Vital. Il serait préférable que le nouveau parc aquatique soit plus dans le nord de la circonscription.	10/29/2024 7:25 AM
688	water district is ideal as its more centrally located for the area	10/29/2024 7:23 AM
689	Norwood Community Centre is not very central. Provencher Park while not perfectly centered close to large number of houses and on a major bus route	10/29/2024 7:22 AM
690	Don't like the idea of the water tower. There would need to be transit. It also would only serve that new community. The provencher park already has existing infrastructure as well as street parking, and established transit. The Provencher location is the only one I think makes sense	10/29/2024 7:22 AM
691	The water tower district Commercial area that isn't family friendly at this point. The other 2 sites are great.	10/29/2024 7:21 AM
692	Provencher already has a splash pad and pool, neither are currently planned to be shut down and is super far from the south end folks. Norwood is NOT a low income area and not central to any other area in St. Boniface. Although I'm concerned that there is currently no infrastructure in the water tower district for bussing and biking, this is my favourite option in terms of location. If there are already plans in place to bring bussing and bike lanes to this area, I think this is the best option and closest to Happyland where people are very upset about their pool closure.	10/29/2024 7:17 AM
693	Being a former Norwood resident I would have liked this area but would hate the parking at it. Nowhere near enough room to park plus would likely take away from baseball and soccer areas. Water tower district seems like the best location for space and development.	10/29/2024 7:15 AM
694	No particular opinion about these locations.	10/29/2024 7:11 AM

St. Boniface Outdoor Aquatic Park

695	Norwood Community Centre	10/29/2024 7:05 AM
696	They all seem like good choices.	10/29/2024 7:00 AM
697	Perfect	10/29/2024 6:59 AM
698	Water tower district is too close to maple leaf and stinks like processed pigs.	10/29/2024 6:58 AM
699	Water Tower District should be housing	10/29/2024 6:58 AM
700	Norwood site is too close to Main Street and Marion street	10/29/2024 6:54 AM
701	Norwood park has no parking and would impact traffic and existinf greenspaces on nearby streets. Provencher Park would be difficult to get to by bike or bus. Water tower is bigger space and need more greenspace in that area anhway. that is preferred location.	10/29/2024 6:54 AM
702	Water tower district could be a fresh start with a nice new facility and newly landscaped	10/29/2024 6:52 AM
703	I would prefer the Water Tower District; it is in the middle of St Boniface which would make it easy for all residents to access	10/29/2024 6:48 AM
704	Water tower district is good	10/29/2024 6:45 AM
705	Okay, I live in island lakes. I'd have to drive	10/29/2024 6:43 AM
706	Water Tower District is more central and looks like less disruption for park space, current residents. .	10/29/2024 6:41 AM
707	Norwood feels far from most of the neighborhood, and proven he can become a very busy area for traffic.the water tower district seems closer to more areas.	10/29/2024 6:37 AM
708	I think the provencher park sounds better than the rest.	10/29/2024 6:34 AM
709	Norwood and Provencher are close to lots of people already and, Norwood specifically lost its pool recently. Water Tower is a poor choice as getting to it from outside of that neighborhood will not be easy (train tracks, Marion is terrible to nike down, etc.) and while there will be many people living there it's a long build out.	10/29/2024 6:33 AM
710	Provencher would be the best choice for access reasons	10/29/2024 6:29 AM
711	Provencher park and Norwood community center are not easily accessible for the whole area. Water tower district seems the most central	10/29/2024 6:25 AM
712	I like Norwood , close to home .big space. Parking might be tricky	10/29/2024 6:09 AM
713	The water tower site seems to be my preferred option especially with the additional recreational opportunities like a skate park nearby. This would be such a huge draw for families like mine.	10/29/2024 6:09 AM
714	Watertower area would be great	10/29/2024 3:20 AM
715	Easily reached by bike. Situated in an already established residential area.	10/29/2024 1:15 AM
716	Water tower district finally gets used after all these years. It has less of an impact on existing sites. It's central for a lot of places and close to bus routes. Norwood impacts existing sports fields etc. Provencher is not accessible by transit from other areas. Not very much parking and street parking limitations.	10/29/2024 12:52 AM
717	The water tower district would benefit more people. It's close to transit and there would be plenty of parking. Norwood is too far away from other St.Boniface residents and it would take away from the community centre. Provencher park is too far away and not transit friendly from other areas	10/29/2024 12:28 AM
718	nnnnn	10/29/2024 12:07 AM
719	Loving the water tower park location	10/29/2024 12:01 AM
720	Norwood is a great spot! Could use a lot of shaded areas though.	10/29/2024 12:01 AM
721	Provencher est très central et idéal.	10/28/2024 11:11 PM
722	NCC is centralized and is missing à neighborhood water park.	10/28/2024 11:11 PM
723	Put the pool in a space that does not already have a pool and leave Provencher park alone!	10/28/2024 10:58 PM

St. Boniface Outdoor Aquatic Park

724	Love Norwood community centre as an option. Especially since Happyland pool was closed and the toddler playground on site was removed recently.	10/28/2024 10:57 PM
725	I like water tower and Norwood. Not interested in Provencher.	10/28/2024 10:55 PM
726	Water Tower District - further to residential area	10/28/2024 10:50 PM
727	The disgusting smell from the mushroom plant and the rendering business	10/28/2024 10:44 PM
728	What about Happyland park? isn't that a fairly good location, especially since folks are already oriented to swimming there?	10/28/2024 10:38 PM
729	Water tower district - I dislike that it is far- from me and from many residential areas. Norwood cc- I like the location since or is close to me and many residential areas. I like that it will replace the Norwood pool that was decommissioned several years ago. I would not want it to replace the skating rinks, soccer fields and baseball diamonds. Provencher Park is a good location.	10/28/2024 10:27 PM
730	Norwood has parking and close to major route. The green space would get some use she v	10/28/2024 10:24 PM
731	Norwood Community Centre- excellent central choice, close to areas on all side of river and downtown residents. Provencher second choice	10/28/2024 10:23 PM
732	Water tower district would be a great area to develop this	10/28/2024 10:10 PM
733	I like the Norwood CC because it services nearby communities in St B as well as lower income communities downtown. Provencher Park is nice for the green space. Water Tower District seems too industrial.	10/28/2024 9:55 PM
734	I love the idea for Provencher Park. It is central, accessible, and there is lots of space for it. It also serves a more diverse population. Norwood isn't a bad spot but it is less accessible and is a high income area, not ideal. Please don't put it in the water tower district.	10/28/2024 9:50 PM
735	Norwood Community Centre would have too much traffic congestion in that area. Too many raccoons spreading disease in that area for an outdoor park. Provencher Park is not central to St. Boniface. Water Tower district is central to be a St. Boniface waterpark. Easy to get to from all areas	10/28/2024 9:49 PM
736	Norwood Community Centre previously had a pool and it makes sense to replace this previous asset with a similar one. It is also centrally located, with access available to the downtown/city centre area.	10/28/2024 9:46 PM
737	Like	10/28/2024 9:43 PM
738	The water tower district reeks.	10/28/2024 9:41 PM
739	Well currently we walk to WP but if it's in any of these proposed spots we will be driving so hopefully you gave ample FREE parking	10/28/2024 9:41 PM
740	Water tower district can be very smelly	10/28/2024 9:40 PM
741	Norwood is close to downtown , near bus route, and community had paid enough with losing Norwood Pool.	10/28/2024 9:36 PM
742	I like the provencher park location, as it's the only pool/splash pad in the entirety of St Boniface, to enhance that area would be great. The water tower district would be another great option as there is no longer the Happyland park pool.	10/28/2024 9:36 PM
743	The water tower district is actually closest to our current home which is preferred, but it's an awful area when the smell from maple leaf and/or the mushroom plant is strong. I don't recommend.	10/28/2024 9:27 PM
744	Provencher is very nice and could use an ampethetre space or something not a waterpark. Water tower district is gross and far. Community centre seems like the nicest option and is very central but just off the main road. Very accessible by many forms of transportation and I think it has a nice vibe for a water feature. I would also be cool to incorporate the river somehow since its so close	10/28/2024 9:09 PM
745	Water tower seems like a strong location with developments underway in the location. Provencher park could work but might not be enough space. Norwood seems too small.	10/28/2024 9:05 PM

St. Boniface Outdoor Aquatic Park

746	provencher is a nice location and not too far from forks	10/28/2024 8:55 PM
747	Both are good - should replace the pool on Marion and Archibald	10/28/2024 8:54 PM
748	Don't know the area well.	10/28/2024 8:53 PM
749	Norwood would be most preferred. The Norwood pool was just closed and the land is there to be developed.	10/28/2024 8:47 PM
750	St Boniface has lost 2 pools. They should be the site of the next aquatic centre given this and given the proximity to downtown. Both locations are accessible and safe.	10/28/2024 8:44 PM
751	Waterpark district is not close to anywhere people actually live. Provencher already has a splash pad. Norwood is close to public transit, has parking and doesn't have an existing splash pad.	10/28/2024 8:44 PM
752	Provencher Park is my top site.	10/28/2024 8:43 PM
753	Provencher Park makes the most sense due its central location. The Watertower district is not yet developed and has limited transit infrastructure - it is also beyond the central St B area - that has lost 2 pools and stands to lose a third. My second choice is Norwood which has lost a pool in the recent past, however, as a single pool for the whole area this is less central.	10/28/2024 8:43 PM
754	Like Provencher Park the most	10/28/2024 8:40 PM
755	Parc provencher	10/28/2024 8:38 PM
756	Do not proceed with any part of this project until you repair and re-open Happyland. Maintain what you have before you spend money on new things.	10/28/2024 8:37 PM
757	Norwood & Provencher and close to numerous house and apartments and bus. Water tower is not near anything right now.	10/28/2024 8:36 PM
758	I'm not sure what would be the best spot - make sure ample parking and lots of green space	10/28/2024 8:36 PM
759	The Windsor Park folks are lower income and may find it a challenge to get to these parks. (Not all can afford to drive or take a bus.) It will be a bit of a walk for some. Any chance of pool bus pick ups for kids from Winakwa CC or near the Happy land park areas.	10/28/2024 8:36 PM
760	Water Tower District is great and Provencher is another good option. Norwood is already a too congested area	10/28/2024 8:35 PM
761	Provencher park's existing pool and splash pad should be maintained. The city should be looking to add capacity. Water tower district has no housing nearby.	10/28/2024 8:33 PM
762	Provencher Park would be great!	10/28/2024 8:31 PM
763	Provencher park is a large open space that looks like it might work. Fairly central and close to transit.	10/28/2024 8:31 PM
764	Norwood community centre is a more central location that is easily accessible	10/28/2024 8:29 PM
765	Norwood could walk the other two would have to drive	10/28/2024 8:27 PM
766	Norwood est l'idéal. Il permet aux familles du centre-ville d'y avoir accès plus facilement.	10/28/2024 8:22 PM
767	Not Provencher Park. They already have a pool that has had investments made in it. It should continue to receive necessary maintenance investments to keep it operational for years to come. Not the Water Tower District. There is a perception in Winnipeg that new recreation facilities are only built in new communities. St. Boniface deserves recreation investment in its mature communities. Preference of these three sites is at Norwood Community Centre. They have lost their pool and their junior playground without any new recreation investment.	10/28/2024 8:21 PM
768	Parc Provencher est beaucoup plus grand que Norwood et pourrait accueillir plus de personnes. Le centre communautaire Norwood est petit et a présentement une très belle espace verte qui accueille des gens qui font des sports dehors	10/28/2024 8:14 PM
769	The Norwood Community site already has a community centre.	10/28/2024 8:11 PM
770	Water Tower is out of the way and requires polluting cars. It would be dangerous to walk to because of busy roads. And area is smelliest in the city. It would be best site for a suburban pool for soccer moms with vans and enough time to drive kids there. Provencher cannot	10/28/2024 8:10 PM

St. Boniface Outdoor Aquatic Park

absorb more people than it has. It needs to remain a small local pool. There is no parking. It's accessible by transport but there are many ideas for that park and any development should be led by the neighbourhood orgs and CLR school, etc. I have no knowledge of Norwood Community Centre only questions.

771	The Norwood Community Centre would be ideal as there was a former pool here with plenty of space, parking, other amenities (ie soccer/baseball field, community club). It is also within walking distance of lower income areas just over the Norwood Bridge & East Norwood/St B; easily accessible by transit, bike or walking for many. Provencher Park & the Water Tower are less accessible by transit and Archibald & Provencher are very busy streets which creates unsafe bike riding options for children.	10/28/2024 8:10 PM
772	Water Tower District would be great to branch out and bring new people and businesses to the area. Lots of space for expansion.	10/28/2024 8:06 PM
773	Provencher park is closest to high density and lower income. That's good. Norwood community center is higher income. Not as important. Water tower district - no one lives there. Not walkable. Poor transit routes. Awful cycling infrastructure. Building a pool here is a terrible idea.	10/28/2024 8:04 PM
774	Water Tower & Provencher Park are more central so I like that. The Norwood location is in a more affluent neighbourhood, led central & less assessable.	10/28/2024 8:03 PM
775	Norwood CC is a site that previously had an outdoor pool and whose wading pool is ending its viability. There is a population dense area surrounding and it is close to downtown.	10/28/2024 8:03 PM
776	Provencher park seems perfect. Not enough space at Norwood. Water tower district is too out of the way.	10/28/2024 8:03 PM
777	I like Norwood CC for proximity to my house.	10/28/2024 8:01 PM
778	There should be an outdoor pool at all three sites (for swimming and learning how to swim). NOT wading pools. Effective swimming pools should be considered distinct from this so called 'aquatic outdoor park'	10/28/2024 7:59 PM
779	I like the Norwood Community Centre as it's closer to downtown.	10/28/2024 7:59 PM
780	Provencher Park seems to me to best meet your criteria (with which I generally agree).	10/28/2024 7:54 PM
781	I live in Norwood, so would love to have a pool back at Norwood CC. Lots of room there and close to walkable neighborhoods, transit, and bike routes.	10/28/2024 7:45 PM
782	Provencher park already had a pool if that stays open maybe put the park in one of the other areas	10/28/2024 7:44 PM
783	Only one close to me is water tower district so wouldn't go to one as far as provencher. Norwood is close to sketchy bridge going into downtown, would not feel safe with my kids.	10/28/2024 7:40 PM
784	Water tower district would be great as it is most central and I live in the south of this area. As long as those sidewalks and/or bike lanes help us get there safely.	10/28/2024 7:34 PM
785	They are all easily accessible.	10/28/2024 7:30 PM
786	This is [REDACTED]	10/28/2024 7:29 PM
787	NORWOOD is a must	10/28/2024 7:22 PM
788	I love the idea of the Norwood Community center area or Provencher park	10/28/2024 7:19 PM
789	I like the provencher park area, where there is a beautiful park around that could add to the aquatic park.	10/28/2024 7:17 PM
790	I like the norwood site best	10/28/2024 7:16 PM
791	I think the water tower district has the most space to build with out disturbing established mature green space.	10/28/2024 7:15 PM
792	I love the idea of the Norwood Community centre since there was a pool there at one time and it served the area well. There are so many families in the area who would LOVE an aquatic centre	10/28/2024 7:12 PM
793	Perhaps the smell in the water tower district	10/28/2024 7:11 PM

St. Boniface Outdoor Aquatic Park

794	There's lots of space at Norwood. It was my club growing up! Is the Water Tower District even built yet?	10/28/2024 7:09 PM
795	Norwood has the room and lost its pool in the past decade. Provencher Park is another site with enough space. I'm not a fan of seeing swimmers have to navigate to the Water Tower location. Huge traffic volumes, trains crossing and not an established neighbourhood yet.	10/28/2024 7:08 PM
796	Water tower district is most central point to the ward.	10/28/2024 7:06 PM
797	Norwood community centre would be great. Close to transport centres and no other aquatic infrastructure close by. Also close to bike routes and open fields so trees don't need to be cut down. Lots of families with small kids near but and easily accessible to ppl across the bridge in osborne	10/28/2024 7:04 PM
798	Provencher park and Norwood are more accessible, I like them.	10/28/2024 7:01 PM
799	J'ai peur que se soit trop occupée et cher pour y entrée	10/28/2024 6:43 PM
800	It seems the most available space is in the water tower district	10/28/2024 6:39 PM
801	Norwood deserves a replacement. It serves low and high SES communities and contributes to social cohesion	10/28/2024 6:38 PM
802	Water Tower District is too stinky and the traffic around there is atrocious (Marion, Archibald, & Lagimodiere). Norwood feels far from everything. Provencher is the perfect location. Very central St Boniface, close to bus routes, lots of parking nearby.	10/28/2024 6:33 PM
803	Would prefer that it would be built far away from any area that might be near encampments, or drug use.	10/28/2024 6:33 PM
804	Don't remove any more green space on Provencher park. It already has a pool and splash pad. Water Tower District perfect for new water park. Just make sure bus service down Marion street goes there.	10/28/2024 6:27 PM
805	Any of these sites would be great.	10/28/2024 6:20 PM
806	I like the Norwood site because there was a huge community impact when the pool was closed down and it's a very accessible location.	10/28/2024 6:18 PM
807	Both would be great	10/28/2024 6:17 PM
808	N/A	10/28/2024 6:13 PM
809	Provencher Park and Watertower district are too close to industrial facilities Norwood Community Centre is at least on a good bus route, not too far off of downtown and accessible by a lot of residential neighbourhoods.and transit is not great.	10/28/2024 6:12 PM
810	Too much traffic and not enough parking at the Norwood Community Centre site. Provencher Park is somewhat centrally located and has easy access for transit and vehicles	10/28/2024 6:10 PM
811	How will you solve traffic issues coming and going from the area?	10/28/2024 6:08 PM
812	Likely to have parking issues at Norwood CC	10/28/2024 6:06 PM
813	Parc Provencher n'a pas l'espace de stationnement requis	10/28/2024 6:05 PM
814	Provencher Park seems most accessible to folks coming from different areas of town, amd it is furthest away from existing pools	10/28/2024 6:05 PM
815	Provencher and Norwood could be prone to flooding giving the Red River right in the area. Water tower district seemed to be most centrally located area for people to go to the aquatic park	10/28/2024 6:03 PM
816	I like Norwood community centre. It's close ti my house	10/28/2024 6:02 PM
817	Norwood is close to me, so that would be convenient for my purposes. I'm not familiar with the Water Tower District. Provencher Park seems nice. Maybe a little further off a main road like St. Mary's, but close to the Forks which people seems to be able to get to readily.	10/28/2024 5:58 PM
818	Norwood community is filled with more affluent families who are more likely about to drive to and pay to participate in activities. Also the water table there is no bueno, right? That's the	10/28/2024 5:55 PM

St. Boniface Outdoor Aquatic Park

whole reason the pool is gone in the first place? Provencher park or WaterTower park are closer to low income areas and make the amenities more accessible to all families and increases the likelihood that at risk youth and children have FREE or subsidized access to resources and fun in our community. We need more available free access all year activities for our community members.

819	Norwood Community Centre looks the most accessible both using transit and when considering parking spots.	10/28/2024 5:55 PM
820	Dislike. Doesn't help me being south of fermor	10/28/2024 5:55 PM
821	The smell - omg the smell	10/28/2024 5:55 PM
822	The pool that just recently closed is happy land. The next one to go is Windsor park. Something in those areas would be ideal as those communities are the ones currently affected. Provencher and Norwood is ver far to these two affected areas	10/28/2024 5:52 PM
823	Norwood community centre	10/28/2024 5:49 PM
824	I don't have an opinion on any of these sites	10/28/2024 5:48 PM
825	norwood yes!!!	10/28/2024 5:46 PM
826	I like the accessibility of Norwood and Provencher. I wonder if the water tower district would interrupt already used community green spaces less though.	10/28/2024 5:46 PM
827	Norwood would make area too busy.	10/28/2024 5:46 PM
828	Watertower district is across to many busy streets and not easily accessible	10/28/2024 5:44 PM
829	Water tower area is larger	10/28/2024 5:44 PM
830	Water Tower District is not developed and may never be fully developed	10/28/2024 5:41 PM
831	Norwood is the superior site	10/28/2024 5:41 PM
832	Provencher - good central location	10/28/2024 5:37 PM
833	Norwood or Provencher would by my preference	10/28/2024 5:37 PM
834	Norwood Community Centre would be the best site because at present there is no pool.	10/28/2024 5:34 PM
835	Water Tower District would be easiest in terms of space and helping replace Happyland. But would cause a lot of traffic issues and bus service isn't currently good there. Provencher Park is good since it already has a spray pad and is near an arena. But it may interfere with the green space for the school, cause traffic issues and has limited good bus service. Norwood Community Centre is good since the Centre is already there and it looks like there would be a good amount of space, plus good access by bus. But it is a bit difficult to get to with many people having to make a left turn across St. Mary's, so a lot of traffic holdups. You'd need to reconfigure the intersection at St Mary's/Eugenie/Ferndale	10/28/2024 5:31 PM
836	Norwood - like the proximity but don't see the space without losing existing green space Provencher - good location, but already has existing pool and splash pad Water Tower- seems like a great use of an area with lease limitations. I do wonder what other plans are being made for the surrounding land	10/28/2024 5:30 PM
837	Traffic is quite congested near Provencher and Norwood. Water Tower is probably the best option.	10/28/2024 5:28 PM
838	Norwood Park has many other recreational structures. Provencher Park is more is more isolated and therefore not as accessible to more people. Water Tower is more central and doesn't have existing recreational facilities	10/28/2024 5:27 PM
839	Le parc Provencher est déjà bien servi et la piscine est sûrement capable d'être maintenu. Norwood était toujours bien utilisé et facile d'accès. Le District du château d'eau pourrait être un bon emplacement mais le développement résidentiel va prendre encore plusieurs années à compléter. Le vieux district qui ont eu des piscines devraient être plutôt considéré	10/28/2024 5:26 PM
840	Keeping it close to downtown	10/28/2024 5:25 PM
841	Provencher Park and Norwood Community Centre seem furthest from current pools so they should be prioritized.	10/28/2024 5:25 PM

St. Boniface Outdoor Aquatic Park

842	Provencher is most accessible, focal point of st.b. Norwood has water table issue and change in grade.	10/28/2024 5:24 PM
843	Norwood good Provencher park - excellent needs revamp Water tower unsure	10/28/2024 5:24 PM
844	Water Tower District has plenty of room to build whatever type of water park desired.	10/28/2024 5:22 PM
845	Keep it away from the crime laden and poor parking of the core.	10/28/2024 5:21 PM
846	The smell that surrounds that area is a problem.	10/28/2024 5:20 PM
847	Provencher Park good bus routes, easy access Norwood more difficult to access car and or bus Water Tower District already too much traffic congestion in the area	10/28/2024 5:17 PM
848	I love the idea of replacing the Norwood Pool but I really worry about the parking and traffic impact on our neighborhood.	10/28/2024 5:13 PM
849	I do not support having it near the water tower district. It is not walkable or close to residents. I support having it near the norwood community centre or provencher park. Both have lots of families. I would prefer Provencher Park because it is a lower income area compared to Norwood.	10/28/2024 5:13 PM
850	we live by transcona water park. its been awful. over crowded. my own kids cannot hardly use it because it packed yet we live very close. it over crowded. gross, skin infections, etc. . the older small pool was a family and community hub. the workers new everyone. safe.	10/28/2024 5:11 PM
851	Norwood community center has the space, parking, easy bike access.	10/28/2024 5:09 PM
852	Please do this in Norwood!	10/28/2024 5:08 PM
853	The area around Norwood community centre has a history of being supported by the neighbourhood for decades and would make such amenities available to people in that residential area and centrally. It would be well supported and welcomed. It also has plenty of parking and space in that area and would nicely balance out the already existing amenities there. There is also a great deal of space on the field and if put close to the Norwood community center, towards the south side of the field, would not be obstructing the view from nearby apartment buildings. I live nearby and would use it a great deal in summer and residents in my building Also indicated that they have with the past pool and would continue to support this one if it were built in the Norwood Flats area. I also has excellent cycling and busing routes nearby, making it very accessible.	10/28/2024 5:06 PM
854	Norwood is accessible, has lots of parking and parking that could be developed. Provencher would be a good site. Good to have a more central location.	10/28/2024 5:03 PM
855	Oui	10/28/2024 5:02 PM
856	Water tower district is far from other amenities; close to odour-emitting industrial sites. Norwood CC would have adequate parking; is close to other amenities.	10/28/2024 5:02 PM
857	Norwood has lots of green space to allow for this aquatic centre and it would replace a pool which was recently removed	10/28/2024 5:01 PM
858	Provencher and Norwood are located too close to low poverty areas and would be likely unsafe areas	10/28/2024 5:01 PM
859	Norwood would be perfect do to it's central site and close to downtown	10/28/2024 5:01 PM
860	Norwood pool 2.0! Whoohoo!	10/28/2024 5:01 PM
861	Good location	10/28/2024 5:01 PM
862	Would love this for Norwood or Provencher! Norwood has very much missed its pool, nice central location	10/28/2024 4:58 PM
863	Norwood yes	10/28/2024 4:54 PM
864	Residents of Norwood must travel a distance for a pool. Many teenagers use a pool over spray pad.	10/28/2024 4:54 PM
865	I think all three sites would be fantastic. Norwood recently lost their pool and the community could really benefit from it.	10/28/2024 4:52 PM

St. Boniface Outdoor Aquatic Park

866	Uses an old site that used to have a pool. Accessible to walk from various neighborhoods	10/28/2024 4:31 PM
867	The Water Tower District is isolated, removed and unestablished.	10/28/2024 4:30 PM
868	Norwood pool was removed because of water table. Nothing there has changed. Don't even know where Water Tower District is. Provencher park already has a pool that should not be closed.	10/28/2024 4:28 PM
869	I feel that Provence park already has an outdoor pool and splash pad area so maybe best else where.	10/28/2024 4:22 PM
870	Norwood cc is not centrally located or easily accessible in the community. Water tower district site will be under major construction for years, limiting easy access and is inaccessible by foot.	10/28/2024 4:19 PM
871	Bias towards Norwood as I live in the neighbourhood. Water tower district is difficult to get to via active transportation so I would be less likely to go there.	10/28/2024 4:18 PM
872	Don't mind. But what about former fort Gibraltar?	10/28/2024 4:18 PM
873	I think the water tower district would be best as it is nearest to Happyland that was closed this year and windsor park that you are planning on closing next	10/28/2024 4:14 PM
874	Norwood perfect location with pedestrian and vehicle access lots of space,	10/28/2024 4:06 PM
875	Water tower district is good if proper bike and transit is made available. And SAFE bike routes! It also would develop a useless parcel of land.	10/28/2024 4:06 PM
876	Water tower is PERFECT	10/28/2024 4:06 PM
877	Provoncher park would be best	10/28/2024 4:01 PM
878	Put it back where it was	10/28/2024 3:58 PM
879	Norwood Community Centre is the furthest from existing pools and splashpads and already had it's pool removed without a replacement.	10/28/2024 3:53 PM
880	I think it's important to have it in a walkable distance to the recently closed Happyland water park.	10/28/2024 3:52 PM
881	More disruption and high maintenance costs. Leave these sites alone. Keep car traffic to a minimum. I won't support new pools.	10/28/2024 3:51 PM
882	The old Norwood pool site would be awesome!	10/28/2024 3:42 PM
883	Would prefer Provencher Park, residential, existing facilities, treed, close to downtown, easy access.	10/28/2024 3:41 PM
884	Wherever the highest population densities with users of this type of facility are makes the most sense. The richest and the poorest areas would probably not be the best locations	10/28/2024 3:38 PM
885	Water tower district is close to bike route and accessible for many nearby communities	10/28/2024 3:37 PM
886	Provencher park and norwood- limited space	10/28/2024 3:32 PM
887	Provencher park is a main thoroughfare and underutilized green space. A thriving public amenity like a public pool would activate an otherwise empty area. Water tower district has an unclear future.	10/28/2024 3:32 PM
888	klno	10/28/2024 3:31 PM
889	I feel the water district site will smell often. I live in Windsor Park and I don't know if it is the maple leaf or Rothesay (animal) plant or the mushroom factory but some odds smell VERY badly. Honestly whatever it is should be moved out of the city. It can ruin the day and being outside. There I would personally avoid the water tower district. Even though it is the furthest from me and do to the above concern I would vote Norwood. I think the Provencher park would be quite nice and more accessible but I am sure they also have those gross smelling days.	10/28/2024 3:30 PM
890	I lean towards Provencher Park or the Water Tower District, but ultimately they all seem like fine choices.	10/28/2024 3:29 PM
891	Prefer Norwood	10/28/2024 3:24 PM

St. Boniface Outdoor Aquatic Park

892	Either one	10/28/2024 3:23 PM
893	I like Provencher park	10/28/2024 3:20 PM
894	Water Tower District could be a good use of the land but not a very welcoming area of the city for a family outing. The other 2 areas are more community based but does the space exist to allow for adequate parking with interruption to area residence?	10/28/2024 3:18 PM
895	Keep the pool as far away from the stench of Loveday Norwood perfect Provencher perfect	10/28/2024 3:16 PM
896	The water tower district would be the closest for replacing happyland and windsor park pool. I just feel like that area might be industrial. As for provencher and norwood, neither of those locations would be convenient or really accessible to my family as transit users from windsor park. The 50 transit bus does not run on weekends. We enjoy windsor park pool every weekend and these locations would limit our attendance to only a few times over the summer. It would be a disappointment to my children.	10/28/2024 3:15 PM
897	Water tower district is the best from a space but difficult transit connections and a likely area of terrible odour and rail line noise from industry. Norwood and Provencher are much preferred as central, proximity to transit and adjacent services and population. Norwood would likely cause traffic issues so Provencher would be the overall best choice.	10/28/2024 3:15 PM
898	J'aime le fait qu'il y aurait peu d'impact sur les arbres avec l'emplacement du Centre Communautaire de Norwood. Si le nouveau parc aquatique n'est pas au Parc Provencher et que la piscine extérieur ferme, je pense que ce serait très malheureux. Il devrait y avoir une piscine au Parc Provencher (nouvelle ou vieille) puisque c'est dans un milieu plus défavorisé.	10/28/2024 3:13 PM
899	Norwood community center would be a perfect location for a pool.	10/28/2024 3:11 PM
900	NOT at the Norwood Comm Ctr	10/28/2024 3:10 PM
901	Water tower is not residential	10/28/2024 3:08 PM
902	Norwood community center would be a great site	10/28/2024 3:07 PM
903	Norwood CC has an active community that needs a pool. Close to transit and has parking that can be expanded on.	10/28/2024 3:06 PM
904	I like that they are further away from an existing pool so that more people can access them	10/28/2024 3:05 PM
905	Water Tower district seems more central especially for the Windsor park area that is losing its outdoor pool and the Happyland pool area.	10/28/2024 3:05 PM
906	water tower district isn't walking accessible for many	10/28/2024 3:04 PM
907	Water tower district is close to where I live and is easily accessible. Norwood is difficult to get to. Provencher already has a spray pad.	10/28/2024 3:04 PM
908	They are ALL GOOD sites	10/28/2024 3:01 PM
909	Provencher park - love that it's central, close to high density blocks and other amenities. Norwood - it would feel less like a shared amenity given the closed off nature of that section of the neighbourhood.	10/28/2024 3:00 PM
910	The water tower district is perfectly centralized for all of St.boniface. it would require however a steady transit option that runs all day/evening. Provencher & Norwood are far to travel from windsor park if you do not have a vehicle and when using public transit, it still requires 2 busses. Also provencher park has a pool currently and areas close to st vital have St vital pool.	10/28/2024 2:56 PM
911	Provencher park is a small park where folks play baseball, walk dogs and relax. There is insufficient parking (not a priority for me, but would disrupt local parking for folks living in the area). The area is too small to accomodate a park like this and would remove a pretty Green space that makes Provencher vibrant.	10/28/2024 2:55 PM
912	Most of these sites will have a negative impact on green space and traffic flow	10/28/2024 2:54 PM
913	I prefer Norwood Community Centre as it is easily accessible as is Provencher Park. The Water Tower District is a little more centrally located but not as easy to get to for everyone.	10/28/2024 2:54 PM
914	Je crois le plus près des communautés vulnérables le mieux. Accessible est important	10/28/2024 2:52 PM

St. Boniface Outdoor Aquatic Park

915	Both Norwood and Provencher are closer to city core and areas of poverty that need more amenities. We do not need to encourage more people to live in the farther suburbs where one can only drive to a pool.	10/28/2024 2:51 PM
916	The Norwood site would be good since it replaces the previous pool which was popular with inner city residents across the bridge as well as locals in st b.	10/28/2024 2:50 PM
917	Norwood and Notre Dame are more central and closer to downtown.	10/28/2024 2:50 PM
918	It's very smelly around the water tower district, I feel this would impact attendance	10/28/2024 2:50 PM
919	Water tower area is a terrible idea! To industrial, smelly and no parking. Although Norwood Community Centre is still quite far from Windsor Park, it has more nature like features.	10/28/2024 2:48 PM
920	Water Tower - great. Endless opportunities. Norwood - bad. Wealthy area, doesn't meet poverty guideline. Bad walk accessibility to central/east St Boniface. Provencher - bad. Already too congested with no parking.	10/28/2024 2:48 PM
921	Provencher Park would be great and accessible. Why isn't Happy Land considered?	10/28/2024 2:48 PM
922	Norwood has a perfect space adjacent to the new rapid transit line. Existing community centre can support this location	10/28/2024 2:46 PM
923	Provencher park is the best option	10/28/2024 2:45 PM
924	Parc Provencher est le meilleur, plus central, facile d'accès par tous les modes de transport	10/28/2024 2:45 PM
925	I thin Provencher park would be better just because there's a lot of usable space there	10/28/2024 2:44 PM
926	Norwood has lots of open green space with nothing in it. Infrastructure is already set up. Close to bus routes.	10/28/2024 2:43 PM
927	Good location	10/28/2024 2:42 PM
928	Norwood site is more centrally located	10/28/2024 2:42 PM
929	I'm on the Norwood board and unless I can see some sort of plans it's hard to imagine what space your looking to put this in Provencher Park would not have the space for parking and you would be taking field away from a school and a baseball diamond Water Tower District is an eyesore would make sense to convert it to something useful like an indoor waterpark with lots of parking and a bus route which will be needed when the new housing goes up there and outdoor spray pads and green space should be included Beautify the City	10/28/2024 2:40 PM
930	Water tower district is closest to me so I selfishly would like this location the most. Norwood or Provencher might offer nicer scenery than water tower. I don't know too much about water tower though but it does seem spacious like there could be potential for a large parking lot. The other locations I feel would be losing already built greenery and infrastructure than water tower also. Water tower seems like it could be a newer upcoming neighborhood potentially.	10/28/2024 2:39 PM
931	Provencher park has lots of space	10/28/2024 2:37 PM
932	Water tower district is close to industrial areas that smell on warm days. Not a good location	10/28/2024 2:35 PM
933	Provencher Park seems like the most ideal location.	10/28/2024 2:33 PM
934	Do not like the idea of the Water tower district. Currently an industrial park and it's not close to existing neighborhood	10/28/2024 2:32 PM
935	The location	10/28/2024 2:29 PM
936	Too close to the core	10/28/2024 2:29 PM
937	Norwood Community Centre is close to where the population lives	10/28/2024 2:26 PM
938	While the water tower district is very industrial, its probably that with the development of a community attraction point could vitalize the area. By attracting visitors, you are stimulating growth for local businesses, and expose them to potential customers. it may even attract further development in the form of businesses or residential housing. I can imagine residential towers forming with the pool being the central focus point. A very compelling selling point for a developer, close to schools, a community center, and the bus route on archibald will take you you north and south of the city from regent down to south st vital. its compelling. I am against	10/28/2024 2:26 PM

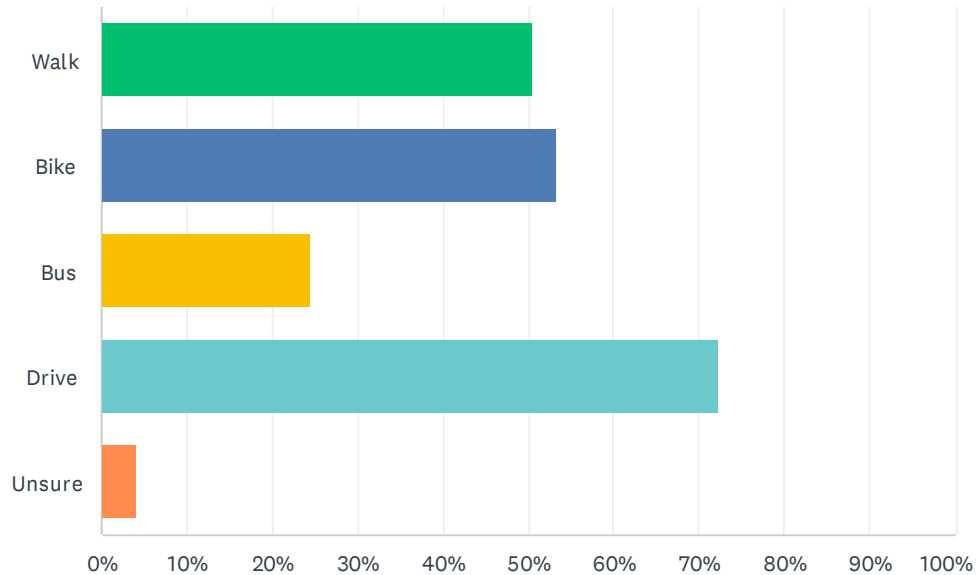

St. Boniface Outdoor Aquatic Park

provencher park, unless the pool there is entering the end of its service life, in which case as a cost saving measure it makes sense to demolish it, and rebuild with the new amenities you have proposed. But if it has another 20 years then leave it alone. Finally norwood community center is a good location, its already getting pretty old, a new pool could invite investment to improve the community center and get rid of the old haggard facade.

939	I think any are suitable. Personally I think I like water tower district best (without knowing what the site looks like now) due to less proximity to high population of residential houses	10/28/2024 2:24 PM
940	Something like this is badly needed close to the inner city. The only other facility like this one is Kildonan Park, and even if someone takes a bus there, it is a very long walk from Main Street to the pool. Locating it at Provencher Park would be ideal. All of the other sites are located too far from the inner city. Proximity is too important for people living in poverty, and many of the potential locations (especially Bonivital Pool and the Water Tower District) are just too far.	10/28/2024 2:21 PM
941	All good. Norwood really misses their pool. The area is easily accessible to many areas.	10/28/2024 2:20 PM
942	Completely support the pool going back to Norwood. Allard should have never closed the Norwood location. That area needs their pool back. Provencher park already has an outdoor pool!!! Unless Allard plans to close that location too.	10/28/2024 2:19 PM
943	I would like to see it in Windsor Park where the growth of families is growing and the needs to counter negative forces is concerning. Norwood is not an accessible area nor is the need great. Provencher is not a large family neighbourhood, The Water Tower is closer a good neutral spot and needs beautification.	10/28/2024 2:19 PM
944	Norwood is a good site. It is close to other amenities for kids and families. There is also a day care at the site that could benefit. The water district is too industrial and would not be able to serve as many people with active transportation.	10/28/2024 2:17 PM
945	Don't think Norwood Community Centre is a good choice. As this would remove other amenities from the community centre in order to build the aquatic park. Provencher Park seems like the best option.	10/28/2024 2:17 PM
946	Too far away from Winnipeg residents in the southern half of the city (Minnetonka, St. Vital, Royalwood, River Park South, Sage Creek, etc.).	10/28/2024 2:16 PM
947	Provencher Park has plenty of space, is on bus routes and is in a very accessible park of the city.	10/28/2024 2:15 PM
948	Like Norwood, don't like water tower, Provencher park I am neutral	10/28/2024 2:12 PM
949	Water Tower District is only reasonable answer.	10/28/2024 2:11 PM
950	I like Provencher Park as a site because it aligns with providing a space like this that is easily accessible without a car and it is closest in proximity to areas where poverty is more prevalent.	10/28/2024 2:11 PM
951	It should be built at HappyLand park	10/28/2024 2:11 PM
952	I like the water tower district as a location as it's very central to all and doesn't weigh in favour of any area.	10/28/2024 2:10 PM
953	Norwood is central, great location. Parking lot as it is often difficult to park/walk on residential. Water tower area is often smelly.	10/28/2024 2:10 PM
954	Norwood is best. Quiet area.	10/28/2024 2:10 PM
955	Norwood	10/28/2024 2:08 PM
956	It's not close to where I live.	10/28/2024 2:06 PM
957	Provencher Park and Norwood are both reasonably accessible for my family, and I like that they are decent for people to get to by transit or bike.	10/28/2024 2:06 PM
958	All good	10/28/2024 1:54 PM

Q8 How would you like to travel to the proposed outdoor aquatic park? (Check all that apply)

Answered: 1,664 Skipped: 87

ANSWER CHOICES	RESPONSES	
Walk	50.54%	841
Bike	53.25%	886
Bus	24.58%	409
Drive	72.30%	1,203
Unsure	4.09%	68
Total Respondents: 1,664		

Q9 Are there any additional comments you would like to share?

Answered: 433 Skipped: 1,318

#	RESPONSES	DATE
1	Will the City of Winnipeg take into consideration the feedback received and save our community pools? Is the objective really to service low-income families and residents? Councillor Allard is very vocal that Saint Boniface has too many pools. Why are Saint Boniface residents, in which the neighbourhood was identified as having high child and family poverty rates in the Campaign 2000, End Child & Family Poverty, February 2023 report, penalized with the decommissioning of existing recreational amenities because other neighbourhoods have less? Would it not make more sense to preserve and maintain those existing infrastructures while building more in other neighbours? Poverty impacts our cities and communities. Building a new aquatic park will be for the affluent. Climate change has resulted in our summer's being hotter with longer heat waves. Saint Boniface has a large stock of older homes which are not air conditioned because of the cost involved in retrofitting them. Having a community pool to cool off is a godsend. It does not need to be fancy.	12/4/2024 6:24 PM
2	Maps were very difficult to read. The ABC, abc was confusing.	12/4/2024 11:27 AM
3	La proposition de bâtir un parc aquatique de grande taille dans le Parc Provencher semble contraire à la Stratégie récréative puisque la Stratégie suggère plutôt que la piscine Provencher soit éventuellement renouvelée pour qu'elle agisse à titre de piscine communautaire. Dans la Stratégie récréative de Winnipeg, il est écrit : "Provide larger, destination outdoor pools that serve regions of 4-6 km, supplemented by smaller community pools to support geographic areas of higher poverty. Within the 10-year investment plan, the redevelopment of Freight House, Provencher, and Fort Garry Lions Outdoor Pools is recommended." À la p. 11, dans un tableau intitulé "Recommended capital investment plan (2021-2033)", il y a une ligne intitulée "Renew outdoor pools" où en 2027 il est recommandé que la Piscine Provencher soit "redevelopped". J'ai choisi de m'installer dans le Vieux-Saint-Boniface, notamment pour permettre à mes enfants de profiter de la piscine du parc Provencher. Je suis préoccupé par la possibilité que la Ville, si elle ne choisit pas d'aménager un parc aquatique dans le parc Provencher, décide par la suite de ne plus offrir de piscine dans ce parc, en prétextant que les anciens usagers de cette piscine peuvent désormais utiliser le parc aquatique construit ailleurs. Je privilégie le maintien d'une piscine communautaire au parc Provencher, conformément à ce qui est prévu dans la Stratégie municipale. Toutefois, s'il y a un risque que la Ville ferme définitivement la piscine Provencher en raison de la construction d'un parc aquatique ailleurs à Saint-Boniface, je suis certainement en faveur que ce parc aquatique soit construit au parc Provencher. Autres commentaires: La question 7 demande explicitement des commentaires sur trois sites spécifiques : le district Water Tower, le parc Provencher et le centre communautaire de Norwood. Elle invite les répondants à exprimer leurs préférences ou préoccupations concernant ces emplacements précis, mais omet de solliciter des suggestions pour d'autres sites, bien qu'il en existe d'autres mentionnés dans le document lié en hyperlien. Cela donne l'impression que la Ville a déjà écarté les trois autres sites potentiels, soulevant des doutes sur la transparence et la validité du document associé à la question. En effet, l'expression « Faites-nous savoir ce que vous aimez ou ce que vous n'aimez pas de ces emplacements » se réfère directement aux trois sites énumérés, comme le confirme l'utilisation du déterminant démonstratif « ces », qui restreint clairement la portée de la question aux emplacements nommés. Ce choix linguistique suggère une orientation préconçue, limitant la participation des répondants à un éventail déjà restreint.	12/3/2024 8:25 PM
4	From what I've heard, the Provencher Park location for the St. Boniface aquatic park seems to be the running favourite. I live across from Provencher Park and have first hand knowledge about how the park is currently being used and enjoyed. With the current proposal for the Provencher Park site, the benefits DO NOT out weigh the damages to the space. The new pool would be great, but you are talking about removing a lot of park features that are used year round. - Removing the free splash pad that is accessible to anyone from 10am to 10pm during the summer. Removing a free cool down location in a 'higher poverty neighbourhood' doesn't help anyone. - Taking out a recreation field that is used all spring and summer and fall to play soccer. It's constantly being used for pick-up games. I don't see a place to relocate that	12/3/2024 4:29 PM

St. Boniface Outdoor Aquatic Park

won't be in the the path of baseballs. - Removing the basketball court that is used constantly during the summer and fall and is turned into an outdoor skating rink in the winter. - Removing swings from the park. Removing a sandbox. Removing accessible picnic area. I hate the idea of losing the existing Provencher Pool, but I would rather lose the pool then lose all the amenities listed above. Thanks

5	Multiple small pools is better than one large one.	12/3/2024 12:55 PM
6	Unsure as to how I would get to site as site is unknown	12/2/2024 7:08 PM
7	The plan to close local pools is shortsighted and MUST be revisited. The beauty of the current infrastructure is precisely that it is LOCAL, accessible to a variety of groups, including families with kids and more marginalized groups. Currently, Winnipeg residents who are summer dwellers (do not travel elsewhere) can reasonably access local pools (on holidays, for a refreshing dip after work etc). Some of the proposed sites are essentially inaccessible even though they are 'technically' in the same region (no bike route, transit that takes 50 minutes + or no transit routes at all). A new aquatic centre will serve only those who live close to the site or the more privileged, who drive. This group ALREADY has the option of traveling to one of the existing aquatic centres in the city (for St. Boniface, there is St. Vital!). Yes, current pools are older, do not have state-of-art change rooms, and for many of its current users, this is just fine. The Provencher pool is still full (or would be to judge by the line-ups if it was not chronically understaffed). The proposed aquatic centre runs counter to responsible urban development. It emphasizes car use instead of a walkable or bikeable radius. It limits access to water when we know that summers are getting warmer. It will destroy existing green spaces which are and will continue to be extremely valuable as we experience the effects of climate change. Everyone will need access to cool outdoor spaces. Not all of them swim (in particular the elderly and the disabled). Provencher appears to the preferred site for the aquatic centre. It is a beautiful park. It is a heavily used park with shaded areas full on hot summer days. Where would these groups go if an aquatic centre is put in? Summer traffic is already a problem in terms of parking and security for pedestrians. In addition to the aquatic centre structure, the location would require a parking lot - more warming concrete that would destroy this central green space. It would also require the destruction of the existing and well-used splash pad. The noise and chaos such a location would bring would be unwelcome for the residents that look directly onto the park. If the city insists on building another aquatic centre, then it would be better in the Water Tower location, where there is still time to do sufficient planning to avoid destroying an existing neighbourhood.	11/30/2024 3:02 PM
8	I am glad that this opportunity is being considered, and I hope that the Norwood location is chosen (and not the Parc Provencher location)	11/29/2024 8:54 PM
9	Were other sites considered? Such as in the Southland Park area --> green space, although less central. Would there be the option of two smaller "enhanced" splash pad/wading pools such as the Dakota Splash Pad which is always at capacity with a line up pre-opening?	11/29/2024 12:51 PM
10	As a parent with young kids (2, 4) who are runners, it's hard to go to the splash pad alone if it's not fenced and away from traffic. That is often overlooked. A summer family pass would be an amazing incentive or multi packs.	11/28/2024 8:53 PM
11	No	11/27/2024 3:06 PM
12	Plan this wisely and smart. Make it open for everyone without having to book. Families just want to pack and go and not have to plan.	11/27/2024 2:55 PM
13	Council needs to be looking at multiple projects like this to get ahead of the massive infrastructure failure that will occur over the next 5 - 7 years with most pools in the City now over 50 years old.	11/27/2024 1:13 PM
14	At the end of the day if cost is the most important factor which site is the most cost effective? Too early to tell ?	11/27/2024 8:53 AM
15	Nous sommes grands-parents alors nous accompagnerions now petits au parc aquatique. Cependants dans notre tranche d'age, je crois qu'il serait préférable d'avoir du temps réserver pour adults qui aimeraient nager de longueurs. De plus, avant de considérer la fermeture de la piscine Provencher svp considérer augmenter les activités à endroit - eg lécons de natation le matin pour dégorger ke kécons offerts à l'interieur en 'wet suit' pour les jenues a fin de gérer la temperature de l'eau le matin. On le fait au rural alors pourquoi pas à l'urbain?? En somme, beau project, mais vient avec un énorme cout! En attendant que le project se réalise, svp considérer l'augmentation de l'utilité des piscines extérieurs exisantes! Merci	11/26/2024 1:06 PM

St. Boniface Outdoor Aquatic Park

16	Il devrais avoir plas de petit piscine simple. La question que vous demander devrais être si on veut une grosse piscine ou un petite piscine.	11/26/2024 11:51 AM
17	Please ensure that there is enough open pool space. The pool in Transcona feels like it prioritized water slides and water features, leaving less room to just play and swim in the water. Waterslides are fine but not necessary; not everyone likes them and children need exposure the water to learn to swim and play creatively.	11/25/2024 3:40 PM
18	limited hours make it difficult to enjoy	11/25/2024 10:45 AM
19	I think that we don't have enough information for a proper consultation. Is Provencher pool being funded for repairs like the recreation strategy recommends? will we have to pay? what are the rates? will it be financially accessible for low-income people	11/25/2024 10:44 AM
20	No	11/25/2024 10:26 AM
21	Prioritize infrastructure development for anywhere but established wealthy neighbourhoods. Every capital project should be doing a scan of existing investment in the area and prioritizing new investment to areas which experience long-term generational poverty.	11/24/2024 2:52 PM
22	Smaller community pools give kids independence and accessibility and in this day and age more safety by being in their own area.	11/24/2024 10:58 AM
23	Would really feel concerned about impact on existing neighbourhood of Provencher, what that might affect resale of house value. No, no, no to Provencher.	11/24/2024 10:33 AM
24	Any future aquatic park should also meet the needs of the Canine community	11/23/2024 9:09 PM
25	Have the area fenced in for families with multiple children. Keep away from high poverty areas for the safety of children and families visiting the park (unsavoury characters, needles, broken glass, violence)	11/23/2024 3:51 PM
26	No	11/23/2024 3:05 PM
27	Most splash pads in the city are accessible for free, though the one at the end of des meurons is not. I really hope this new projects makes it freely accesible, rather than putting it behind a paid-access fence with the pool. It shouldn't cost that much to let a child too small to swim run through a sprinkler on a hot day.	11/23/2024 1:55 PM
28	No	11/22/2024 7:45 PM
29	You should look at portage la prairies splash island and indoor pool and Steinbach pool.. There isn't a reason cities those size can figure this out but the city can't	11/22/2024 6:43 PM
30	A Hottub is an important addition for those cooler days a great way to warm up. Have you ever thought of an indoor year round water park. It would be a draw from Winnipeg and around and could be used year round. It would be well used for sure!	11/21/2024 10:10 PM
31	Each community should have their own aquatic centre. Leave Windsor Parks pool in place.	11/21/2024 7:57 PM
32	What I instead would like to understand, is who's going to benefit from this, what will it do for our community, and where will the proceeds go? Our efforts are probably better off in helping support families in other ways, which would then allow them to spend more money to generate revenue for taxes. Think of daycares. Quebec has an excellent system and we should be investing in doing the same. The study show that we will earn more money as a community if our parents are supported with low cost daycare and accessible daycare. Families are able to work better jobs get better training and can commit for longer times.	11/21/2024 6:47 PM
33	Norwood cc needs its pool back	11/21/2024 4:47 PM
34	The missing information is the true total cost of each option proposed. Winnipeg's track record not too good with that. Before a decision is made, we need to compare: the total cost of proposed option(s) plus the cost of decommissioning the two or three pools, VS cost of keeping all area pools fit for use for the next 20 years minimum. When you factor in social cost of displacement of citizens with pool closure (probably immediate) and a single new facility years later, and the ecological of demolishing and building and changing natural habitat (Happyland and Norwood in particular) AND the cutting of trees, and creating heat spot/parking lots, ITS likely an easy decision, but not the one that seems to be preferred thru the "political" process.	11/21/2024 2:46 PM

St. Boniface Outdoor Aquatic Park

35	no.	11/21/2024 1:07 PM
36	a safe place to lock up bikes. I would not take a bike because it would probably get stolen.	11/21/2024 12:40 PM
37	Please make the facility in Norwood!!!	11/21/2024 12:37 PM
38	The loss of the pool that was previously in Norwood is felt. It is almost impossible to get into any other public pools. There are so many families and children in the area that would love this space. The bike paths are also great for commuting in the area.	11/21/2024 12:36 PM
39	I used to live in North Kildonan and loved biking to Kildonan Park Pool via the designated trails/bike lanes along Gateway, Chief Peguis, and into the park. It would be great to have an option like that in St Boniface.	11/21/2024 11:04 AM
40	I don't much use pools these days but I do know how important they are to families with children having grown up with a local pool that I could walk to.	11/21/2024 11:01 AM
41	Perhaps a new site could be considered by removing old housing stock which doesn't have industrial parks or flood zone nearby. The area probably has vacant housing that is past its life span. Happyland would be a better choice than Watertown.	11/21/2024 10:45 AM
42	Ensure you don't unintentionally create something with a class divide baked into it.	11/21/2024 10:22 AM
43	Provencher park currently has high, fast traffic with safety concerns for current park users. A larger aquatic park will add to congestion of area and have a huge negative impact on existing homes surrounding park, no longer be free for low economic community, and not enhance existing green space.	11/21/2024 9:57 AM
44	Low to no cost days, themed nights, and catering to specific crowds might be a fun way to up visitation and revenue	11/21/2024 9:20 AM
45	Make it affordable for all.	11/21/2024 9:10 AM
46	Lineups at public pools were long this summer. As our city warms it's important to provide a cooling service to the populations who are least likely to have the means to access other solutions.	11/20/2024 12:30 PM
47	Closing all outdoor swimming pools is a shame. For what ? To build another outdoor swimming pool ??? It does not make sense to me. At least, make an effort and build an indoor facility so it can be used all year long.	11/20/2024 9:00 AM
48	no	11/19/2024 3:38 PM
49	i would like to see a better communication with stakeholders prior to this public event as affected community centres and resident associations may have been impactful in determining the shortlist	11/19/2024 3:37 PM
50	The for -fee amenities decrease accessibility for low-income folks. there should be free swim times during heat events and in walking distance	11/19/2024 3:30 PM
51	I live close to happyland and it was my favourite pool. it was taken from Archwood area, it should never have been taken. i don't think taking a pool and replacing with splashpads in another is a fair trade.	11/19/2024 3:26 PM
52	I am excited for this project but more so for indoor aquatic centre that can be used year- round	11/19/2024 3:20 PM
53	I am very excited about this project and love that the city is looking to get feedback from its residents	11/19/2024 3:16 PM
54	Through talking to people in windsor park we would prefer to keep our smaller pool and have another in another area even if that means starting from scratch with new vs repair	11/19/2024 3:13 PM
55	Water tower district is close to happy and park which could be upgraded for picnicking and green space	11/19/2024 3:10 PM
56	This won't be done for years. Happyland could have been left open	11/19/2024 3:01 PM
57	great to hear this is being considered	11/19/2024 2:45 PM
58	The city has lost confidence of the residents	11/19/2024 2:35 PM
59	i love pools	11/19/2024 2:06 PM

St. Boniface Outdoor Aquatic Park

60	Kids need these amenities and activities in the area for summer. Great community atmosphere to see their friends and gain independence. Need to encourage physical activity as the draw for devices is very strong, especially amongst tweens. Not everyone goes to the lake/cabin. We would have been lost without Windsor Park pool this summer.	11/19/2024 1:53 PM
61	Will people's comments really make a difference or have decisions already been made, The reason I ask is it doesn't seem to matter what the constituents say Mr. Allard does not listen. Point in question: people asked him why all the yields were removed in Windsor Park. His reply I'll find out and let you know. That was years ago and still no response. He had me check out where garbage cans were needed in Windsor Park. I did this then was told by Matt that more money in the budget was allotted for cans but again there has been no new cans anywhere. What happened to that money? Again this was years ago. I and many others have no faith in the process or Matt Allard	11/19/2024 12:15 PM
62	Recommended indoor pool.	11/19/2024 3:38 AM
63	Only used Windsor Park Pool	11/18/2024 3:24 PM
64	We would attend a public outdoor pool more often if it was closer to home.	11/18/2024 9:42 AM
65	We would visit Cellini park pool if open on weekends	11/18/2024 6:00 AM
66	I still believe that more, smaller, unheated, simple pools are the way to go. When my children were young we'd go the the Transcona Pool or the one at Kildonan Park once a year...maybe. We were at our local pool in Windsor Park weekly, sometimes several times a week. When my children got older they were able to go on their own. I'd never allow my children to go to one of proposed new pool sites on their own. They are simply too far away. The beauty of a smaller, local pool is that many younger kids can go on their own. It's a great place for the 10 - 15 year olds to hang out. If you are taking your kids to your local pool it doesn't need to be a half-day excursion (which, lets be honest happens less often with busy parents) but can be a quick hour long visit because the local pool is close and not as crowded. While fancy pools with slides and splash pads are exciting, what the kids and community really need are pools where they can go hang out, cool down, swim and splash around. As an adult without kids to take to the pool now, I would not likely go to your outdoor aquatic park. I just want to go to my local pool to cool off and get some laps in. I don't see that happening at the big pool you are planning. I've only gone to the big St Vital pool once for a swim...and that was with my kids when they were younger.	11/17/2024 9:52 PM
67	Provide more seating please	11/16/2024 9:02 PM
68	Accessible change rooms	11/16/2024 9:31 AM
69	This should be just one phase of a recreational upgrade for the area. Keep up the good work.	11/16/2024 8:58 AM
70	Free Outdoor water access is vital to all communities in keeping our children off the street and more important than upscale new experiences. The closing of so many sites in lower income locations have likely created an influx in crime, drug use etc. When children are not kept busy in a positive way, they find their own way and are vulnerable to risks currently existing in our city. Why not create polling stations to access points in the city for all those who chose to live beyond our limits to avoid higher taxes, yet who still chose to work and play within the city limits? Users pay, lockers should also be a \$1 one time use with no return of coin, so it doesn't bar entry to the pool as its use is not mandatory but for those choosing to use, they can offset at least minimally some of the costs.	11/16/2024 8:51 AM
71	Thank you for supporting the residence of Saint Boniface. I really think that youth age of 8 to 17 need more things to do, this will help.	11/16/2024 8:38 AM
72	No	11/16/2024 12:15 AM
73	This is ridiculous. I hope you lose your seat, the bike lanes crumble and you have to pay your bus fare 100% all the time.	11/15/2024 8:13 PM
74	Did u look at areas off bishop grandin or archibald	11/15/2024 3:54 PM
75	I think I put all my comments earlier.	11/15/2024 2:03 PM
76	Please strongly consider the Norwood centre as it is a perfect area for a pool!	11/15/2024 10:00 AM
77	I am in the beginning of retirement stages of life and would like 50-90 year olds to be	11/15/2024 9:05 AM

St. Boniface Outdoor Aquatic Park

	considered, so an indoor pool near me is the most desired thing for my age and mobility.	
78	Could the existing pools have survived if a nominal entry fee would be charged?	11/15/2024 7:19 AM
79	Great presentation with pros and cons for each site but I truly believe Provencher Park is the easiest to access from many areas.	11/14/2024 11:19 PM
80	Bike access is very important. A group of 12 year olds should be able to bike there, safely, without adult supervision.	11/14/2024 10:48 PM
81	I would like it to be at the Windsor Park CC. This is an already great location, the pool is used very often within the community. It is needed in our area, there is minimal disruption to the land compared to the other sites.	11/14/2024 10:09 PM
82	The nice thing about the pools closed was there was no cost. How will this new pool be accessible for all ppl?	11/14/2024 10:07 PM
83	I was hoping for an area closer to Happyland Park.	11/14/2024 9:23 PM
84	Could bike racks be in a visible place to detract from thefts or being damaged?	11/14/2024 8:24 PM
85	St Boniface has lost Norwood and Happyland pools and will lose Windsor pool after 2025. These pools were unheated and did not include additional amenities. My preference would be to see more basic pools with minimal amenities built throughout the city vs large pools with all the bells and whistles. Not everyone is looking for a splash pad combined with a pool, and given the heated pools have a service fee associated whereas standalone splash pads do not, I'd prefer these to be separate amenities.	11/14/2024 6:48 PM
86	The survey is greatly appreciated, it is a positive step in the right direction into giving your citizens an opportunity to weigh in.	11/14/2024 5:56 PM
87	No	11/14/2024 5:42 PM
88	Slide access to younger children or a smaller slide for little ones. KP is very strict on the slide use and having to do laps for younger kids is tough in a life vest. Having a bigger slide and smaller slide would be nice.	11/14/2024 4:44 PM
89	This is exciting news.	11/14/2024 4:36 PM
90	I think Provencher Park would be ideal and it is closer to the hub on the Central St Boniface community, easy to walk & bike to the area, and there are many lower income folks.	11/14/2024 4:11 PM
91	Make it Awesome!! Winnipeg needs it and it will draw people from other areas of the city and visitors as well.	11/14/2024 3:51 PM
92	Build where most density is	11/14/2024 2:41 PM
93	I think by locating where you think at this time really narrows down the area of use and does not truly benefit the south very much.	11/14/2024 2:40 PM
94	Underserved areas will not be helped by this plan. Remove the pool from Windsor Park and make people drive or bus to a further location negates community participation, only those living close by will travel to go.	11/14/2024 1:53 PM
95	My priority is that all youth could attend not just young children at a splash park. It would be fun for adults to do as there is not much to do in Winnipeg.	11/14/2024 12:01 PM
96	Gratuité pour a) les enfants b) les familles dans le besoin.	11/14/2024 11:51 AM
97	As I live in Windsor Park, Bonivital is my go to pool, however poorer residents in the area may be disadvantaged to access the proposed locations	11/14/2024 10:16 AM
98	Royalwood is the most ignored area of the city for civic services. It has nothing. St. B. has many services already.	11/14/2024 10:12 AM
99	A hot tub and sauna would be fantastic for relaxation. I moved here from Aldergrove BC last year and they had a FANTASTIC covered outdoor heated pool that had a water slide, swim lanes, shallow area, hot tub, sauna, steam shower, diving board, green space and outdoor shower. I hope for the same facility in our area.	11/14/2024 9:22 AM
100	Why can't older pools be fixed? I used to enjoy walking with my grandson to the wading pool.	11/14/2024 7:26 AM

St. Boniface Outdoor Aquatic Park

101	This project must be within central St.Boniface, and accessible by those without cars. Otherwise it's a waste. We need accessible parks as well.	11/14/2024 7:21 AM
102	Our City desperately needs another indoor pool That can be used year-round! Outdoor pools are great but for a city that is not able to support outdoor swimming for more than two months of the year, investing in an outdoor pool rather than an indoor one seems like a wasted opportunity.	11/13/2024 11:00 PM
103	Please make it accessible	11/13/2024 10:47 PM
104	None of the proposed sites would be walkable for residents of Windsor Park and would reduce access for youth without financial means to bussing or cycling.	11/13/2024 10:23 PM
105	I'm very disappointed that it can't be at Happyland	11/13/2024 7:49 PM
106	Bring back happy land pool	11/13/2024 7:12 PM
107	Have it in an area that could use the recreation for youth!	11/13/2024 6:51 PM
108	[REDACTED]	11/13/2024 6:14 PM
109	Please have a lot of shady spaces to set a blanket down.	11/13/2024 6:02 PM
110	Please consider the opening hours to accommodate families with young children. Early opening times even a couple days a week would be great and later opening times for other demographics would also help balance the needs. If possible earlier starting dates and later ending dates would be great too to make the most of the summer weather...early September is still hot and June is too!	11/13/2024 6:01 PM
111	Handicap assessable for swimming	11/13/2024 5:17 PM
112	Nope	11/13/2024 4:43 PM
113	Don't put this new facility at Happyland Park.	11/13/2024 4:13 PM
114	This must be priced so that many can afford the pool fee and free swims are a must	11/13/2024 4:05 PM
115	This should be for the kids in the ward, so waterslides are more important than lane swimming.	11/13/2024 4:01 PM
116	The area needs another INDOOR pool so spending huge amounts on anything outdoor in our cold climate seems like a waste of money. It seems like something in Sage Creek or south St.Vital would be better. Even with improvements to Bonivital I'm unsure if it will help the overcrowding there. Aquacizes and lap swimming are important for me in a heated pool.	11/13/2024 3:55 PM
117	The aquatic park needs to be in the Windsor Park area . It should be a no brainer but of course this will fall on deaf ears as usual .	11/13/2024 3:35 PM
118	Thank you for championing the addition of new amenities to our community while taking care to preserve existing structures and activities. It's refreshing to see a balanced approach that prioritizes enhancement without sacrificing what we already value	11/13/2024 3:02 PM
119	Design and create a new area because we lack recreation for free and Happyland Park frisbee golf, Provencher Park and other amenities should not be sacrificed.	11/13/2024 1:45 PM
120	I hope it will be built in a reasonable amount of time.	11/13/2024 12:55 PM
121	The sites mentioned will only be good for those living near the sites, otherwise bus rides which are expensive. It would only be older children that could travel by bus to sites as many parents work and can't send small children alone on the bus. They would only use the facility at weekends. In Windsor Park everyone could walk to the pool in the summer months with or without a parent so this is a whole new prospect with bus fares, entrance, distant to travel. Great for the people who will live close by but not for others. Facility in each area is the ideal and not sure that everyone will be able to travel daily to such a facility except those who live nearby. That is why each community needs its own recreation area to get the ultimate use.	11/13/2024 12:53 PM
122	Free access highly important for low income	11/13/2024 12:51 PM
123	Please prioritize places for adults, teens and tweens to be physically active, socialize, build community and cool off. We don't need anymore splash pads. Why not include a year-round option, or indoor space for year round leisure, similar to Lions Outdoor Pool?	11/13/2024 12:47 PM
124	The Bonivital refurbishing should not take so long. We're not building the Taj Majal ⁶	11/13/2024 12:08 PM

St. Boniface Outdoor Aquatic Park

125	Don't skimp & mess this up	11/13/2024 11:49 AM
126	Water tower is a great site to service the area that lost its pool (happyland) and will lose its pool for Windsor Park. People of Norwood can drive. Getting in and out of that location will be a challenge for this side of your ward. Provencher leafy has a pool	11/13/2024 11:26 AM
127	PLEASE do not get rid of the St. Vital outdoor pool on Demeurons. It has recently been renovated and is WONDERFUL. I know so many families including my own who use it all summer and do not want it closed.	11/13/2024 11:24 AM
128	Excellente initiative!!!	11/13/2024 11:18 AM
129	multiple waterslides are a must	11/13/2024 10:13 AM
130	n/a	11/13/2024 10:10 AM
131	Taking away small neighbourhood pools to create this Walmart style aquatic park, which reduces accessibility and will create much more carbon emissions due to everyone having to drive to it, is a bad idea. I am not in favour of this idea. Maintain the small pools, keep our neighbourhood amenities from becoming overpriced white elephants that encourage more driving by those who can afford it, and less use from low income folks who won't be able to afford the obviously higher user fees and transport to access it.	11/13/2024 9:22 AM
132	C'est bien d'avoir une piscine pour faire des longueurs car les jeunes doivent apprendre à nager. Durant la journée, des exercices aquatiques pour aînés et des cours de natation préscolaire pourraient être offerts. Il pourrait y avoir des programmes après l'école. Les soirées et les fins de semaine pourraient être pour tout le public.	11/11/2024 7:55 PM
133	The city would be way better off building smaller pools for each area so everyone from each area could get to the pool. Having pools in each area is way more attractive to people than having to find a way to get the kids to a pool farther away and people in St.B cannot afford this dream pool. The city is making a big mistake and will take a loss. As a daily user of pools each area is better served by smaller pools. The pools are always packed when it is easier to get to the pools. Should this dream.pool be built will the poor kids be bused in and will entry be free? The kids in poor area usually have not good parents, in our area Happyland the parents are either gone for days or sleeping off the party so the kids were able to walk over to the pool, if you move the pool and have a 10.00 entry fee these kids will not be able to get there or pay to get in.	11/11/2024 2:28 AM
134	Provencher Park is a location already frequented by a large population from around Winnipeg due to Collège Louis Riel being next door. Many newcomer families are familiar with this area as their children go to the school or will do. A middle years and senior years school next door provides a built-in clientele for the new aquatic facility as they are already used to travelling to this area.	11/9/2024 1:36 PM
135	I think this would be a great addition. I just learned about the Transcona Aquatic Centre this summer and took our kids there and they loved it.	11/8/2024 10:15 PM
136	I think this is a great idea, I have a young child and this would be so appreciated.	11/7/2024 8:46 PM
137	Waterslides and diving boards are must!	11/7/2024 7:10 PM
138	Matt Allard committed to replacing pool amenities at the Norwood Community Centre years ago. Time to pony up and make good on that promise. While he's at it, he can leave Lyndale drive alone. Set it to 40km/hr as residents agreed to and stop it with all the annual shenanigans.	11/6/2024 7:18 AM
139	Don't put it in south where \$ is. We all need the services	11/5/2024 1:09 PM
140	Thank you for investing in safe and leisure activities. I believe this supports low-income families.	11/5/2024 1:03 PM
141	Reducing the number of facilities robs communities of meeting places	11/5/2024 12:44 PM
142	Consider getting more creative with building projects that would add value to the winter months as I know multiple people who suffer from season depression that or just bored stupid in the winter months. Winnipeg is like flowers, it comes to life in the summer and dies in the winter.	11/4/2024 3:27 PM
143	Please look after existing infrastructure	11/4/2024 12:25 PM

St. Boniface Outdoor Aquatic Park

144	Winnipeg could really use an indoor water park more than an outdoor park. It would be useable many more months of the year and still aide in cooling off in the summer. Additionally, it would be a good place to cool off when the weather is too hot to be outside, even in a pool, and when the air is smokey outside. We're seeing many more days during the summer months with extreme heat warnings and poor air quality due to climate change. Finally, having the pool equipment, slides, etc protected from our harsh climate would be beneficial for the longevity of the aquatic park.	11/4/2024 11:05 AM
145	I am a senior and will not use a pool but it is important to the community to replace the Norwood and Happyland pools with something.	11/4/2024 7:31 AM
146	I am glad the city is looking at improving the pool amenities we have.	11/3/2024 8:10 PM
147	Again, I hope it is free like Provencher Pool is currently. And shade is important!	11/3/2024 8:08 PM
148	Having adequate and safe bike parking. I don't know if you can have a bike cage near enough that people can park and keep an eye out?	11/3/2024 6:13 PM
149	The Norwood community centre would be an AMAZING location	11/3/2024 3:21 PM
150	Norwood would be a perfect spot to have such a facility!!! Very much needed in that area. And centrally located!	11/3/2024 3:09 PM
151	A design theme that is centered around local ecology like the Forks splash pad and would be a unique feature that would make visits more of an experience.	11/3/2024 1:59 PM
152	City needs to look for a useable spot and keep it within budget as well as maybe looking for a partnership investment to help construct	11/3/2024 11:28 AM
153	As I said, the outdoor park idea is not at all workable for Winnipeg. We just don't have the climate. Indoors would be so much better!	11/3/2024 11:25 AM
154	INDOOR POOL. DO NOT DO THIS OUTDOOR, PLEASE PLEASE PLEASES FOR THE LOVE OF ALL THINGS THAT MAKES SENSE DO NOT MAKE THIS AN OUTDOOR POOL.	11/3/2024 10:22 AM
155	You should not be relying on street parking	11/3/2024 5:33 AM
156	An indoor water park with a wave pool makes so much more sense. Yes it's more expensive but it will attract the entire city. An outdoor park will be limited to only those nearby and limited to the hotter months. Winnipeggers like to travel in the summer; they go to the cabin/lake. You'll attract more interest with an indoor park in the winter when there are fewer activities to enjoy. This is relevant to everyone from children to seniors. There's so much opportunity with an indoor facility. Please ask 'everyone' about indoor facilities compared to outdoor.	11/2/2024 8:45 PM
157	St vital pool is great - a carbon copy of that with waterslides would be amazing for st b area	11/2/2024 3:41 PM
158	Norwood would be perfect.! Please include Toddler and small kid slides. Please go to Splash Island in Portage la Prairie, its the best one for kids and families.	11/2/2024 2:42 PM
159	I do wish you would look at spaces further from downtown. There are many fields and baseball diamonds that are underused and could use a refresh.	11/2/2024 9:11 AM
160	Please figure out how to properly staff the existing facilities so they can be used to their full capacity. It is very sad to see people turned away day after day from Provencher pool because of lack of staff. Provencher pool is an excellent existing aquatic centre and splash pad. Families come from across the city to enjoy this venue all summer long. However, by 2pm most days they are being turned away for lack of staff and end up enjoyyng the amazing splash pad beside the pool. Unclear to this st. B reaident why the city is floating raising taxes to build new facilities whengrwat facilities already exist.	11/1/2024 8:29 PM
161	Shade space next to the pool. Possibility to have bbq. Or bring our shade when it's sunny.	11/1/2024 6:00 PM
162	Cleanliness.	11/1/2024 5:37 PM
163	I worry that you are going to replace Provencher Pool (free during the summer) with an Aquatic Park (not free) and that one of the poorest area according to your own maps will therefore have a recreational facility that is close to where they live but that they cannot afford to use. Please keep Provencher as is and consider adding this to our community pools instead of taking away yet another one (RIP Norwood & Happyland). Also, I really hate this notion of counting lack of parking as a negative aspect to a site. For instance, the Norwood Community Club has ample	11/1/2024 4:55 PM

St. Boniface Outdoor Aquatic Park

parking and even parking available in the community on streets. Furthermore, it is very accessible by bike (along bike routes 30km on Lyndale and seperated bike lane over Queen Elizabeth and into the Forks, etc...) and along multiple bus routes down St.Mary's. Please choose a site that minimizes our collective carbon footprint - after all, the Forks has limited parking and people still go there.

164	Looks like you already finalized some locations. Not sure how those were chosen. If those are it, then please remove the other locations so people don't think the other ones are options.	11/1/2024 3:23 PM
165	Happyland Park had a wonderful pool but it is not the place for major expansion like this. As the ending of this pool seemingly has spurred the beginning of another pool in St Boniface, I would just like to reiterate the importance of the Happyland Pool demolision (although I would rather see it still be used and in place). This is a riparian area, has a naturalized creek running through it and lots of wildlife. How will this be restored and what are the plans for Happyland after this? How will the City lesson the environmental impacts when deconstructing Happyland Pool, and are there funds to improve this park space when the pool is gone. Can precautions be put into place for tree, wildlife, and riparian protection at this site? Is there opportunity to reforest and improve the disc golf or other park amenities?	11/1/2024 1:25 PM
166	Les vélos se font continuellement voler à Saint-Boniface. Si vous privilégiez l'accès en vélo au site, il faudrait prévoir une aire de rangement très sécurée/à la vue des employés et/ou des nageurs.	11/1/2024 1:20 PM
167	There are already outdoor aquatic facilities in St Boniface area - preference would be for an indoor facility that can be used year-round	11/1/2024 10:47 AM
168	heated water, lazy river would be amazing! Small water slides for younger kids and bigger for big kids, life jackets for kids, picnic tables, shelters from sun and or shade sails. Different and exciting features for spray pad. Grassy areas to sit as well.	11/1/2024 9:19 AM
169	Wast of money when you are looking at tax hikes	11/1/2024 8:52 AM
170	This proposal makes me angry as [REDACTED]. St. Boniface made a mistake when it joined Winnipeg. I can't believe you're thinking of closing Provencher Pool. Thanks Matt Allard, you managed to get all our pools closed. [REDACTED]. The mega pool idea is a huge mistake. This city needs to be less reliant on cars for services, not more. It's no wonder people move away. This city needs a vision for a future, livable city.	11/1/2024 8:32 AM
171	The city needs an indoor wave pool. This city is terrible in the winter for ammenities	10/31/2024 8:23 PM
172	Pools are important for Winnipeg in the summer. We should offer free swimming lessons for kids and adults	10/31/2024 6:39 PM
173	Involve the community.	10/31/2024 4:52 PM
174	I wonder if there are any areas in Windsor park that could hold a water park. There are tons of families in this area.	10/31/2024 12:48 PM
175	When proposing new projects that are to replace facilities the city no longer wishes to fund, please consider the location based on the end user's needs, not political preferences or areas that border other communities. St. Boniface has been unfairly targeted by council for removal of amenities over trivial costs and transparently inappropriate partisanship amongst the councilors. St. Boniface is growing fast, very fast. Look at the composition of schools in the LRSD and how the diversity and newcomer populations are exploding within the last 5 years. These are mostly low income families who have difficulty affording daycare and before and after care, and these are the people the pool is for, not the affluent population closer to downtown.	10/31/2024 11:09 AM
176	What about a big indoor waterpark?	10/31/2024 10:49 AM
177	Make sure it's in a area where people are clean and won't litter in the area	10/31/2024 8:38 AM
178	Put it in Windsor Park or st. Boniface to replace happyland	10/31/2024 7:46 AM
179	It was hard to get into a public pool this summer as most met capacity due to the pool closures in our area.	10/30/2024 11:27 PM
180	Need to increase the number of ppl being able to visit. it was VERY VERY hard to get a stop with capacity for online registration since covid.	10/30/2024 9:47 PM

St. Boniface Outdoor Aquatic Park

181	I would spend more time at outdoor pools if there was more capacity for more visitors to access it.	10/30/2024 9:30 PM
182	Ce questionnaire est un peu comme la question qu'on demande à notre enfant: veux-tu la brosse à dent bleu ou rouge? Pourquoi est-ce qu'on ferme les petites piscines pour ouvrir des mégapiscines? L'infrastructure fait expansion dans les nouveaux quartiers mais on ne remplace pas l'infrastructure vieillissante des vieux quartiers? La ville manque de vision et fait des mauvais choix.	10/30/2024 9:18 PM
183	I hope it has a lot of room. It is always disheartening to try to go and finding out it is full and you can't get in.	10/30/2024 8:33 PM
184	Personally I would love to have actual swimming indoor and outdoor similar to steinbach aquatic centre or the waved aquatic centre at portage la prairies. I don't understand that I have drive to different town to enjoy facility as there were none in city of winnipeg	10/30/2024 8:27 PM
185	Hot dogs and ice cream and a lazy river. In fact, forget the hot dogs and ice cream, WINNIPEG NEEDS THE LAZIEST OF LAZY RIVERS!! (With hotdogs and ice cream)	10/30/2024 6:56 PM
186	Heated pool is safest way to keep moving for aging. Also accommodate families, hopefully differing hours and programs.	10/30/2024 6:44 PM
187	Build one of these aquatic parks in St James close to the Grace Hospital	10/30/2024 6:30 PM
188	Norwood is not accessible and is surrounded by the river so it does not really serve the downtown area. Water tower will have too many industrial and commercial surrounding it and will have little residential surrounded. Provencher is the site to pick.	10/30/2024 6:30 PM
189	Try to limit removal of green space. Determine who would most likely use the facility.	10/30/2024 5:17 PM
190	The facility needs to be convenient and accessable to the families that have had their pools taken away in Windsor Park.	10/30/2024 4:20 PM
191	It would be nice if this project supported children of all ages. Other similar projects in the area have all amenities but were built with older children in mind. Having waterslides that go into deep pools and children have to be able to swim laps to use them makes it difficult for families with children under 10. Would love to see a project to the one in Gimli, Manitoba, very family friendly.	10/30/2024 1:27 PM
192	None	10/30/2024 1:16 PM
193	The park would also need bike racks.	10/30/2024 1:03 PM
194	The current pools are free of charge. With the Norwood pool closing down, I'd like to see another option "free entry" pool in the area, that will not be overcrowded.	10/30/2024 12:58 PM
195	And a lot in the area of Provencher park of daycare can use it.	10/30/2024 11:52 AM
196	Ensure it is open daily. Have extra activities. Annual family passes. Not too expensive. Becomes difficult to afford activities nowadays	10/30/2024 11:51 AM
197	No	10/30/2024 11:13 AM
198	Utilizing the existing pool site in Windsor Park is preferred.	10/30/2024 11:01 AM
199	Make any new facilities accessible for us low income folks. We have nothing in our "less desirable" areas.	10/30/2024 10:51 AM
200	Spending sure a great deal of money on a seasonal pool doesn't seem to be a wise investment. Why not add another indoor pool in this part of the city? Bonivital pool does not meet the needs for a growing community. Adding an indoor pool with water slides , though costly would better meet the needs...	10/30/2024 10:47 AM
201	Aforementioned quiet circular seating area on natural-materials seating amongst trees important	10/30/2024 9:58 AM
202	No	10/30/2024 9:54 AM
203	Norwood needs and deserves this pool.	10/30/2024 9:52 AM
204	I would like to see the city build a couple of large indoor facilities instead of many small outdoor facilities.	10/30/2024 9:29 AM

St. Boniface Outdoor Aquatic Park

205	My kids love the pool and we went weekly last year to Westdale outdoor pool. Cost effective and I am willing to pay each time we go. Keeping the pool and surrounding area clean is a top priority, as well as having suitable staffing and lifeguards.	10/30/2024 9:24 AM
206	N/A	10/30/2024 8:43 AM
207	This should focus on families/smaller children & teens. There are plenty of pools to lane swim. As a mom of 6 - we utilized Kildonan Park pool a lot. It's accessible for all.	10/30/2024 8:42 AM
208	The cost for citizens to use this facility must be nominal. If people cannot afford the cost to get in they cannot access any of this. Has a lazy river been considered?	10/30/2024 8:34 AM
209	My family has been avoiding outdoor pools (we used to go to st vital outdoor pool) because we found they were too overcrowded all the time. An additional outdoor pool in Norwood or provencher would bring in people from downtown and st boniface areas and alleviate the pressures on surrounding areas with a pool.	10/30/2024 8:07 AM
210	Make it indoor and a resort like atmosphere so Winnipeg would get more use out of it. It would add to our attractions and with our cooler weather provide an escape for Winnipeggers and visitors from September to April or longer.	10/30/2024 8:03 AM
211	A heated public pool would be great for a winter city like Winnipeg.	10/30/2024 7:58 AM
212	I'm still unsure why this city doesn't consider making indoor spaces like this. Outdoor splash pads and pools are great until you realize we live in a city where it can only be open for 4 months of an entire year. Seems like a waste when it could be easily made into something everyone could enjoy year round.	10/30/2024 7:52 AM
213	You need to plan for a place to lock our bikes that would be guarded. People could pay a small fee if necessary to park there - better than having your bike stolen and having to resort to driving.	10/30/2024 7:51 AM
214	Indoor facility for year round use.	10/30/2024 7:50 AM
215	When I have grandchildren, I am sure I will visit outdoor public pools more often.	10/30/2024 7:50 AM
216	There is no longer a nice big water park aside from Kildonan park. Let's do it right.	10/30/2024 7:47 AM
217	Lots of slides! A wave pool and lounge chairs, food vendors maybe even licenced	10/30/2024 7:46 AM
218	Please prioritize cleanliness	10/30/2024 7:46 AM
219	Accessibility for children with disabilities, including changing rooms accessible slides and Pool entry	10/30/2024 7:41 AM
220	Admission cost low. No free days/times to different groups.	10/30/2024 7:16 AM
221	During summer have direct bus routes from downtown of from every direction in the city. Have pick up points during July and August, so people can take the bus there and back. This could distribute the parking rather than develop a large parking lot.	10/30/2024 6:46 AM
222	With summers that are getting hotter, pools need to be open for a longer than 2 months period. They cannot all be staffed by students. Also, with so many months of winter in this city, maybe it's time for an indoor waterpark?	10/30/2024 6:19 AM
223	This is a good idea and would be a great boost for the community and the city, we really are lacking in outdoor summer fun activities especially for young people . I love swimming outside! But the city of winnipeg makes it almost impossible, and then wonders why everyone is up to trouble.	10/29/2024 11:33 PM
224	Looking at beach , palm trees 🌴 takes away from what I know as a community pool , overdoing the dream !	10/29/2024 11:10 PM
225	Not at this time.	10/29/2024 10:55 PM
226	It's important to keep in mind all abilities and gender neutral. Transportation. Not everyone drives.	10/29/2024 10:20 PM
227	Safety and wakability on site is important.	10/29/2024 9:32 PM
228	adults only area would be great! i hate swimming laps with kids around	10/29/2024 9:22 PM

St. Boniface Outdoor Aquatic Park

229	Have the pool where new and upcoming families are located.	10/29/2024 8:48 PM
230	I am excited about the prospect of a new outdoor aquatic facility near my family. The current amenities in the area are sorely lacking. My children dislike going to the outdoor pool near our home.	10/29/2024 8:24 PM
231	Make it world class. Let's do something exciting in this city for a change.	10/29/2024 6:37 PM
232	The waterpark should have at least 6 to 8 waterslides, a heated pool, hot tub and a wave pool as well as concessions, change rooms and a splash pad.	10/29/2024 5:39 PM
233	Norwood is the ideal site.	10/29/2024 5:09 PM
234	Why not a complete indoor pool recreation complex given the short summer season weighed against the number of colder days spend the money once on a correct solution for residents of st boniface/ Winnipeg. The economic cross section of the city would see this indoor centre being used extensively and the city probably turning a nice profit yearly.	10/29/2024 4:49 PM
235	Important also to consider adequate opening hours, potential for classes and/or youth programs, and adequate space and amenities (e.g., wind shelter) for pleasant adult use.	10/29/2024 4:44 PM
236	Make an indoor water park like elkhorn or the one located in steinbach.	10/29/2024 4:37 PM
237	The pool at the Norwood is missed by many, and a very good location for this proposal.	10/29/2024 4:32 PM
238	Happyland Park. That's where it should go, second would be Winakwa.	10/29/2024 4:28 PM
239	I would like to know why the splash pad at the east Fort Garry site was cancelled and the area residents where not informed.	10/29/2024 4:14 PM
240	I am overjoyed at the idea of a water park, as Winnipeg is severely under in terms of water enrichment.	10/29/2024 4:13 PM
241	A pool is necessary - NOT just a splashpad. Our children need to develop the skills to swim.	10/29/2024 3:59 PM
242	Windsor park would really benefit from splash pads in the area, as all we have are wading pools that are staffed less than 20 days a year. If the city continues with the proposed sites for an outdoor aquatic park, then they should also look into replacing some wading pools with splash pads in WP and Southdale to serve these residents more locally.	10/29/2024 3:56 PM
243	Do not close Windsor Park Pool - institute small fee vs having it free to offset costs. The St. Vital pool is too packed and cannot handle the overflow from closing both Happyland and Windsor Park Pool.	10/29/2024 3:55 PM
244	No	10/29/2024 3:52 PM
245	We live in the West End and regularly drive to Transcona or Kildonan because we can spend a whole day there with kids. Having something closer that is on a bus/active transportation line would greatly change our summers	10/29/2024 3:47 PM
246	There is a need to preserve one of the historical sites for the outdoor pool. If not, it would look bad to service a newer area where there will be more affluent people. The pool needs to be for the community and not for a more affluent area.	10/29/2024 3:45 PM
247	As a child, our summers were spent biking to the outdoor community pool. It is important to place these recreational centers in locations that are easy for low income families to easily access.	10/29/2024 3:30 PM
248	Disability access a must, as is low/no user fees to offer recreation to those who have few other opportunities.	10/29/2024 3:29 PM
249	what about the maginot area	10/29/2024 3:09 PM
250	Provencher Pool is the only one left near my home. Because of their diving board, it is not senior and young child friendly. It's mostly a Pool for teens. If a new Pool was built that resembled the St.Vital Pool with its beach-entry accessibility, it would be a good fit for St.Boniface.	10/29/2024 3:06 PM
251	An indoor/outdoor facility would be helpful as our winter season is quite lengthy.	10/29/2024 3:00 PM
252	I am so thankful that this option is being looked at and considered. We really do need an	10/29/2024 2:54 PM

St. Boniface Outdoor Aquatic Park

aquatic park in beautiful st Boniface.

253	Make it big	10/29/2024 2:35 PM
254	make it all season!!!	10/29/2024 2:32 PM
255	I think a indoor waterpark would be used more - we have a very long winter and with it being indoors it would be great!!	10/29/2024 2:27 PM
256	Excited for another outdoor pool in the south-ish area of the city	10/29/2024 2:25 PM
257	Must be in a safe area away from industry.	10/29/2024 2:21 PM
258	Make it affordable and easily route accessible	10/29/2024 2:20 PM
259	be aware you are spending public money when people have les and les money. Be respectful. Do diligent work in assessing what is affordable. The unrealistic numbers of 10 million to keep the norwood pool running were ridicules and show how unprofessional is work of the city. Definitely don't demolish what is still usable, fix it. It's not true that there is life span of a building, they can stand for hundreds years, just need to be maintained.	10/29/2024 2:19 PM
260	Affordable canteen	10/29/2024 2:14 PM
261	I really like the idea of a new aquatic park set in st boniface	10/29/2024 2:06 PM
262	Please consider Norwood Community Centre.	10/29/2024 1:44 PM
263	collect more data for an informed choice, keep up with consultative process, engage community, look at existing infrastructure and avoid duplication, explore multi-use facilities that will reach ages 0-100. WE DONT NEED MORE SPLASHPADS. climate is changing. we need places for all ages to come and cool off and engage in recreation.	10/29/2024 1:43 PM
264	Put some fore thought into the creation of the park. Too many projects in this city appear to be designed by interns or others with no experience or consideration for the people who may access the park. Low income families need free unencumbered access to spray pads when it is hot out.	10/29/2024 1:40 PM
265	Please look at Lions pool upgrade option	10/29/2024 1:37 PM
266	It would be great if the City would take care of its pool facilities (build in maintenance costs in budgets) so that they wouldn't have to face an "end of life" point.	10/29/2024 1:25 PM
267	Renovate happy land pool	10/29/2024 1:22 PM
268	Glad to see public consultation is occurring. Please ensure community stakeholders are taken into consideration.	10/29/2024 1:21 PM
269	Needs lots of space and seating for those not in the pool. Needs a shading queuing area.	10/29/2024 1:19 PM
270	If this is expensive to use, it's only for the privileged, and you can't keep existing pools and splash pads open for the less privileged. You're heading in the wrong direction.	10/29/2024 1:14 PM
271	Norwood is the best choice	10/29/2024 1:07 PM
272	With the dramatic rise in cost of living and government spending, I'm surprised that the City of Winnipeg is looking to add further capital and operating budget obligations. Are current assets coming to the end of their useful lives? Can they be refurbished at a lower cost? It seems that the levels of service presented are either not sufficiently developed at this time. The report seems to be written with an assumption of an open pocketbook, dreaming of all that could be beneficial. Civic leaders need to return a perspective of value for money and a reasonable quality of service. We don't need to spend as much as Toronto and Calgary. I suggest we 'not' invest in community kitchens and food services, unless a business case can be made to justify those investments. Every amenity needs to have a business case to support it. Pools and recreation centres should not be subsidized by the City. They should be built with an expectation that they are self-sustaining financially.	10/29/2024 12:49 PM
273	The sage creek area needs new recreation options and the amount of taxes I pay should start to benefit my area	10/29/2024 12:43 PM
274	I don't care for the online booking pass. If the weather is decent, I would like to take my grandchildren "spur of the moment" swimming. If I don't prebook my ticket, I don't get in.	10/29/2024 12:41 PM

St. Boniface Outdoor Aquatic Park

Children are too young to wait in any line.

275	If it was in Windsor park my family would visit almost daily. Further away might mean 2 times a week.	10/29/2024 12:39 PM
276	Please consider an indoor water park. The tourism alone would benefit the city.	10/29/2024 12:36 PM
277	Add a splash pad at the Norberry community center....that is a just a selfish request	10/29/2024 12:31 PM
278	I do feel like new suburbs are getting more "deluxe" complexes, for example recent survey about locating a sport plex in Sage Creek - that should be in St. Boniface in Water Tower area, and Sage Creek could have an outdoor pool instead- seems more balanced.	10/29/2024 12:31 PM
279	Please do not include parking minimums when drawing up plans for surface parking. This is unserious thinking when commitments are made to sustainable design that moves away from car dependency, something Winnipeg sorely needs to combat climate change, reduce road congestion(!), and improve accessibility for all public services.	10/29/2024 12:31 PM
280	A nice proper slide tower will be a big draw. Canada has some big world-renowned manufacturers but there's plenty of other options that are more budget friendly. Do not buy from Splashtacular though, their manufacturing quality is questionable.	10/29/2024 11:45 AM
281	It should be easy to get to for people who don't have the means to get out of the city, when it is very hot.	10/29/2024 11:45 AM
282	Thank you for asking what people care about in these city development plans! Our communities are stronger because of it.	10/29/2024 11:31 AM
283	I disagree with tax dollars being wasted on recreation activities while we have people living on the streets and encampments. The people living in the proposed areas, even those considered impoverished, are no more deserving than those shivering at night in their tents.	10/29/2024 11:25 AM
284	Good information on the options, but some of them seem like non-starters. Happyland would be a terrible location for a new, major, destination aquatic facility.	10/29/2024 11:18 AM
285	Norwood in 2018 could of had money through are MLA. MP. and a bank was interested also.	10/29/2024 11:07 AM
286	We mostly utilized the splash pads/wading pools this past summer with my 2 year old because the public pools were often too crowded or fully booked. We also found the online booking system complicated to use and we weren't sure if walk-ins were accepted if indicating fully booked online.	10/29/2024 11:02 AM
287	Should be an indoor year round pool. :) have all the amenities, and be secure and safe for everyone.	10/29/2024 11:01 AM
288	Please do not use existing, already limited park space!!	10/29/2024 10:56 AM
289	The Norwood pool was a historical and central feature of the community and its loss had a profound impact on the region	10/29/2024 10:38 AM
290	Great idea! Good luck with this job. It seems like an important piece to connect with the community. I am glad it is more than just a splash pad as I think it will invite more people to participate and come with their families.	10/29/2024 10:28 AM
291	Norwood	10/29/2024 10:26 AM
292	This is a wonderful initiative! I hope my children are still young enough to enjoy it by the time it comes to fruition.	10/29/2024 10:20 AM
293	The lack of recreational facilities in the downtown/Osborne Village area is really poor. There are hundreds of families living in these areas and Norwood is easily walkable for those individuals as well as families throughout St B and St Vital. Safe walking and bike paths already lead straight there.	10/29/2024 10:19 AM
294	Include lots of slides/tubing/lazy river, lots of locker storage, local snack options.	10/29/2024 10:18 AM
295	Those sites are not near my house.	10/29/2024 10:15 AM
296	Provencher park or Norwood would be ideal!	10/29/2024 10:12 AM
297	Secure bicycle parking please! I'd like to see bicycle parking not only for staff but also for visitors. Either a cage or something close to a security office. Not just racks randomly placed	10/29/2024 10:12 AM

St. Boniface Outdoor Aquatic Park

	on the street.	
298	this really is a waste of time. you know it and I know it.	10/29/2024 10:11 AM
299	please Norwood ; the community is always full of young families	10/29/2024 10:07 AM
300	Great prosal!	10/29/2024 10:03 AM
301	How I get there would depend on where it is - how close is it and how good the bike routes are.	10/29/2024 9:53 AM
302	It needs to be big enough to support the community - the one closest to me was so busy that my young children couldn't wait in a line that stretches down the block in 30°+ weather long enough to use it.	10/29/2024 9:53 AM
303	Happy land area is the perfect fit for this project.	10/29/2024 9:50 AM
304	Have a big variety of slides. Make it an indoor park.	10/29/2024 9:44 AM
305	Former city lifeguard here! Currently the factor I'm looking for most is lane swim available in the evening (after work at my desk job) that I can bike to safely - but I'm looking forward to a family-friendly facility that I could take kids of all ages to in the years to come! I would love to see dedicated lane swim that doesn't take away from the free swim space. In the summer, I want to be outside as much as possible, including for workouts! Sometimes I don't go to the pool when I know that there's only one lane, and it will be full of cranky and slow regulars.	10/29/2024 9:28 AM
306	Get rid of the rail lines, and smelly old Maple leaf/and the grease processing place behind it, and the water tower district would maybe move higher on my list	10/29/2024 9:18 AM
307	Was Whittier Park considered as a potential location?	10/29/2024 9:11 AM
308	You have zero intention of acting on submitted comments.	10/29/2024 9:09 AM
309	make it indoors, stop making bike lanes plated with gold for 1 summer and you could probably pay for it.	10/29/2024 9:02 AM
310	Think bunker beach water park .. think big Please please do not build some that's not deserving of the City Build big & would be used 100% of the time	10/29/2024 8:57 AM
311	Put it in Norwood flats.	10/29/2024 8:53 AM
312	As mentioned in previous comment. If restaurant, space, diving boards, slides, extended season are available I would visit more frequently.	10/29/2024 8:49 AM
313	I would love the kiddos and all who enjoy being outside at a pool, or around a green space to be able to grow up with that memory. I walked, or biked to Happyland Pool all summer long as a child. Mom and Dad would be working, so we packed a whole cooler full of snacks and would spend the whole day with our friends at the pool.	10/29/2024 8:48 AM
314	So happy this is going to happen	10/29/2024 8:40 AM
315	No	10/29/2024 8:37 AM
316	This is a great idea. It should happen for sure.	10/29/2024 8:33 AM
317	While recognizing the need to replace old infrastructure, the area south of Fermor has grown exponentially since BoniVital Pool was built. Residents in these "new areas" (some of which are 50+ years old!) have been stuck with spray pads and wading pools as opposed to "actual" pools. You can't learn how to swim on a spray pad.	10/29/2024 8:28 AM
318	St B is a great neighbourhood. But it has a history of underdevelopment bc of anti-francophone and anti-Metis sentiment. This is an excellent opportunity to write some of those historic wrongs. Invest in Saint Boniface. Invest in us, in our community. Give us nice, high quality facilities on par with what folks in the sprawling suburbs get. We are literally the beating heart of this city. Help us stay healthy and help us make a new generation of healthy active Winnipeggers here in Saint Boniface.	10/29/2024 8:28 AM
319	We need another Water Park like Transcona, Trancona is always booked and very difficult to get in, that is, if the people even show when they reserve, Winnipeg needs these amenties and they should be easier to access for all than reserving online.	10/29/2024 8:21 AM
320	The splash pads are the greatest family thing the city has done in the 40 years I've lived here. Free and community based and everyone loves it. Make the greatest splash pad possible x	10/29/2024 8:21 AM

St. Boniface Outdoor Aquatic Park

100. Potential to be the greatest thing the city has done since revitalizing the forks.

321	The city should better manage there resource money and build basic facilities rather than huge elaborate complex's when they are short of resource funds	10/29/2024 8:21 AM
322	Please consider placing a waterpark where one has closed previously.	10/29/2024 8:09 AM
323	Aquafit classes would be great	10/29/2024 7:55 AM
324	No	10/29/2024 7:53 AM
325	Do it right :) make it creative, attractions and entertainment like this keep kids engaged , active, and out of trouble! It helps us invest into our city.	10/29/2024 7:47 AM
326	Please please please, think about long term financial viability and location. You've already torn down 2 pools because you couldn't support them, why build a brand new one if 10-15 years down the line you can't financially support it. There is already a pool and facility at Provencher park, just expand that instead of all the wasted money, and time involved in making a new one. If the city constantly talks about how it needs to save money, here is a great example of a place to save money and not be wasteful!	10/29/2024 7:29 AM
327	more geared towards teens to young adults we have many splash pads all ready for younger kids. they are not suited for teens at all.	10/29/2024 7:25 AM
328	No	10/29/2024 7:22 AM
329	Just that city run facilities are the core of a community and bring people together. It is great that we are planning such a large aquatics Parc in this area! My concern is how will it be maintained going forward, is the city committed to the longevity of this facility? Also, dors it mean that all other existing facilities will be closed? Including Provencher pool and splash pad? Outdoor wading pools?	10/29/2024 7:21 AM
330	No	10/29/2024 7:11 AM
331	This will be a great addition for family's with kids.	10/29/2024 7:02 AM
332	It should be put where happyland pool is noe	10/29/2024 6:58 AM
333	No	10/29/2024 6:55 AM
334	Make it affordable and large enough to accommodate lots of families	10/29/2024 6:54 AM
335	Waterslides at the Water tower!	10/29/2024 6:54 AM
336	Older children love the diving boards, water slides. There are lots of splash pads for younger children in the city, but let's ensure we add the things that kids 8- & up really love.	10/29/2024 6:42 AM
337	The Transcona Aquatic centre is great, and I think the area could use something similar. I would recommend more enclosed green space with picnic tables. And 2 lines for pre bookings and walk ins. Or just simply do walk in/first come first serve so that it is more accessible to those living in poverty. Currently people who have the means to drive, and pre book entry bump those that don't at other aquatic centres.	10/29/2024 6:13 AM
338	Very excited for another outdoor pool! We LOVE the St. Vital outdoor pool and have visited the Transcona one several times (although it is far!). The watersides to me are not as big of a factor as is space to swim. The St. Vital outdoor pool is a wonderful pool and my only other comment would be to make the new pool bigger than the St. Vital outdoor pool, because that one gets so crowded that it gets to be a safety issue to dive into the water (or swim in case someone jumps on you), and gets to crowded at times to swim vs. Just stand around in the water. But overall I think the St. Vital pool is one of the best outdoor pools you could model the new one off of. Very excited for it!	10/29/2024 6:12 AM
339	with the closure of happyland on Marion there are a LOT of families that CANT get to other pools in the summer and a number of kids suffered without the pool in my neighbourhood and it sounds like the city has NO plans to re open the pool I assume the city has written off happyland pool and this proposal is a replacement the proposed NEW site is a LONG way from Happy land leaving entire neighborhoods without ANY outdoor recreation unless the water tower?? location is accessible from Archibauld	10/29/2024 3:20 AM
340	Very important that it's disability friendly Very important that it is affordable for everyone including low income. As this can be a barrier for some kids. Big enough that it doesn't reach	10/29/2024 12:54 AM

St. Boniface Outdoor Aquatic Park

capacity so everyone can go. Maybe time-limits and later hours in the evenings

341	Kids need pools it keeps them out of trouble and families and adults should be able to access outdoor aquatic facilities. It should also be affordable to low income residents this is a must as it can be a deterrent for some. It should also be disability friendly	10/29/2024 12:31 AM
342	,	10/29/2024 12:07 AM
343	Don't just Taylor it for young children. Keep teens and young adults as well as older adults.	10/29/2024 12:02 AM
344	Kildoan park has a very nice water entry with great visibility (I can be in the gradual entry sitting with my toddler and see straight to the deep end) good for families with many children. Transcona outdoor pool gradual entry is terrible it's very small and the spray pads are always on so no one sit and chat in the entry without getting water constantly in their face. The design at transcona is terrible. Pool needs a space that can accommodate swimming lessons in summer to ease the backlog. Shallow end of the pools get much more congested with people then deep end. Space wise a bigger shallow end is more important. Don't like any round or curves in design. Can't see kids around corners. Need wide set of stairs for pool -all city outdoor pools have gradual entry and ladder stairs combo . Ladder steps are not accessible for many individuals. Lilac resort and provencher pool has wide steps going directly into shallow pool- Very nice for fast entry. No one likes someone staring at their butt as they climb out using the ladder Any water slides should end with them being in shallow ankle deep water and not connected to pool(elmwood kildonan pool slide) More accessible and easier to supervise	10/28/2024 11:31 PM
345	I haven't visited a pool since our neighborhood pool closed. I used to go 3-4 times a week	10/28/2024 11:13 PM
346	Assurer un service bilingue obligatoire. Souvent, la ville oublie de promouvoir le français dans un milieu francophone.	10/28/2024 11:11 PM
347	As a daily user of outdoor pools, hours need to be increased from 11-8pm. I would love to see a food vendor, food cart. On site security would also help, especially if you are putting it in a low income area.	10/28/2024 11:02 PM
348	Heated pool	10/28/2024 10:51 PM
349	This pool must serve the most needy in the community (not the most privileged) and it must be done at a scale and cost that is sustainable and maintainable over the long term.	10/28/2024 10:39 PM
350	It would be nice to see this in Norwood after losing the Norwood pool	10/28/2024 10:23 PM
351	Thank you for doing this! It means a lot to the neighbourhood.	10/28/2024 9:51 PM
352	Good ideas. Make sure it is fun for families of all ages.	10/28/2024 9:50 PM
353	We would like it to be in our current area of Windsor Park, however it likely wont be and will bend up be packed like the St.Vital and Transcona pools	10/28/2024 9:43 PM
354	As I have already said, an indoor year round pool makes far more sense.	10/28/2024 9:42 PM
355	I think in the heart of St Boniface, we need an attraction to help provide opportunities for yourh in the area, right now there aren't any accessible options. Providing an option for a wide range of ages would be incredible. This neighbourhood is experiencing many difficulties and this could be a bright light.	10/28/2024 9:38 PM
356	the bonvital pool is being renovated so not sure if that could be a site as it is indoors this pool and the outdoor st vital pool is always busy with long line ups on hot summer days. same with hte dakota splash pad so there is definitely a need for this and making it accessible for users and also low cost	10/28/2024 8:56 PM
357	Water recreation is crucial. Create a place people are proud of, want to use, and that upgrades the neighbourhood and surrounding communities.	10/28/2024 8:51 PM
358	Not at this time.	10/28/2024 8:41 PM
359	Do not proceed with any part of this project until you repair and re-open Happyland. Maintain what you have before you spend money on new things.	10/28/2024 8:38 PM
360	It feels like you are paying lip service to the notion of consultation as your choices seem predetermined. The disdain and lack of dialogue around Happyland Pool being kept open this summer has left many people distrustful of Scott, Luc and Matt's intentions and sincerity. You through away \$87K of community contributions and dismissed diverse voices from	10/28/2024 8:30 PM

St. Boniface Outdoor Aquatic Park

Francophone and Métis communities. We are now being presented with a very « splashy » project that will serve suburbanites with cars and cash and leave the rest of the people bereft of relief from the heat. It could serve as a complementary facility but should not replace the small, local facilities. ALSO big red flag is that you have not asked questions or offered any information regarding free access to facility. Pool must be free. If not, you will have an insurmountable barrier. People are hungry. They don't need Disneyland. They need to be able to enjoy free access to a bit of relief in the summer. If you charge fees, you will exclude many and you will attract vandalism and crime... It's really too bad you refused to engage with citizens who actually had relevant input before Councillor indulged in his own pet project here. So much bad faith and wasted energy this past year is going to dampen enthusiasm for this project.

361	Bring back a pool to Norwood.	10/28/2024 8:11 PM
362	Let's not clog up residential streets with parking. Make sure there is an large enough parking lot and lots of bike parking.	10/28/2024 8:05 PM
363	Needs to be a walkable distance! The multiple pools we have now seems to be a better model.	10/28/2024 8:05 PM
364	Norwood Community Centre is the best option.	10/28/2024 8:03 PM
365	Major target group should be the 12 to 16 year olds. A safe place to hang out and do unorganized sports that they can access by bike or on foot	10/28/2024 8:01 PM
366	Make it handicap assessable and cost friendly	10/28/2024 7:45 PM
367	Make it a safe place. If it's anywhere close to sketchy downtown I will never go to it.	10/28/2024 7:43 PM
368	This is [REDACTED].	10/28/2024 7:30 PM
369	Norwood must be done as Matt allard promised a replacement option would be done in the future	10/28/2024 7:24 PM
370	This is a good plan	10/28/2024 7:12 PM
371	I no longer live in the area, but I grew up in St Boniface and it's still close to my heart.	10/28/2024 7:10 PM
372	Provide multiple bike racks and a bike pathway.	10/28/2024 7:02 PM
373	Please include real waterslides and sizeable splash pad. This city needs a real waterpark.	10/28/2024 6:40 PM
374	The decision to demolish existing pools was incredibly short sighted. Allard and his cronies should be ashamed of themselves.	10/28/2024 6:39 PM
375	The older parks like Provencher or Coronation need the present open green space. Provencher is already full of rec areas. The trees there are mature and important for quality of life.	10/28/2024 6:29 PM
376	Tower park is the best option I believe.	10/28/2024 6:09 PM
377	No	10/28/2024 6:08 PM
378	Norwood serait le premier choix, mais Watertower serait un endroit très populaire	10/28/2024 6:06 PM
379	No	10/28/2024 6:05 PM
380	I notice they was no mentioning of possible food service for the water park.	10/28/2024 6:05 PM
381	Free or very affordable to use. Especially for low income folks.	10/28/2024 5:59 PM
382	Notwood Community Club would be a great location!	10/28/2024 5:57 PM
383	Need to build a decent water park south of fermor	10/28/2024 5:56 PM
384	The cost of the stvital heated pool is not affordable for families. It would be great to keep a low cost to allow accessibility to families and low income. More splash parks like the one in the Dakota cc are great to replace wadding pools.	10/28/2024 5:53 PM
385	Make sure it's cheaper for poorer kids and adults. Tower district the best!	10/28/2024 5:48 PM
386	Provencher would be my last choice because it would not add services - just replace existing ones.	10/28/2024 5:32 PM
387	Pools, not swim pads, should be constructed. Swimming is a life skill. Kids don't learn to swim	10/28/2024 5:30 PM

St. Boniface Outdoor Aquatic Park

	at swim pads.	
388	Distance to all 3 areas would be too far for me to walk	10/28/2024 5:28 PM
389	We tried numerous times to swim at Provencher park and we waited over an hour to get in	10/28/2024 5:25 PM
390	Grande piscine, espace peu profond pour les enfants très important.	10/28/2024 5:19 PM
391	We would be delighted if you considered reestablishing an outdoor swimming pool By the Norwood community center, once again.	10/28/2024 5:08 PM
392	Incorporate the latest in sustainable design and interactive water features; ensure the aquatic park is accessible to people of all abilities, with features like zero-depth entry pools and accessible play areas.	10/28/2024 5:05 PM
393	Being a person with a mobility challenge, having adult options at a water park would be great.	10/28/2024 5:04 PM
394	How do you propose to staff the facility when we were told Happyland pool was closed in part because of lack of staff Don't need heated pools. Becomes a bacterial issue. Nothing wrong with unheated pools. Spray pads are dangerous for little ones when you have kids running all over the place. Have seen children injured. Have had no desire to go to st vital pool because of location and cost.	10/28/2024 4:32 PM
395	Please consider bicycle parking	10/28/2024 4:19 PM
396	Hope this 100% moves forward. Winnipeg is in a large need of this type of facility.	10/28/2024 4:19 PM
397	variety of waterslides for small and big kids would be nice	10/28/2024 4:09 PM
398	Norwood site easy access from main street and st Mary's road	10/28/2024 4:08 PM
399	Is it meant to be a community pool area to replace Happyland? If so, then the proposed sites don't help the community.	10/28/2024 4:07 PM
400	The water tower and Norwood are not low income neighborhoods. You are raking from low income families again. There is a pool with splash pad in Provencher park.	10/28/2024 4:02 PM
401	Norwood Pool!	10/28/2024 3:53 PM
402	Let's focus on maintaining existing pools. We don't have the budgets for new facilities.	10/28/2024 3:52 PM
403	I am still upset that the Norwood pool was filled in so replacing it would be awesome.	10/28/2024 3:44 PM
404	Fully support upgrading and expanding pool infrastructure.	10/28/2024 3:42 PM
405	I look forward to an aquatic park. We have a toddler and another one on the way. We are unfortunately in the areas of pool closures of outdoor and have to commute to splash pads which is quite unfortunate. We looked forward to using the Windsor park pool but it is what it is. If a splash pad took its place that would be pretty cool. Just my input but I would consider the outdoor pollution into the assessment, more so whatever plant produces their odd smelling days. Look forward to the project consensus and the enjoyment it will bring!	10/28/2024 3:34 PM
406	You guys made a horrible mistake taking poops away and creating [REDACTED]. Good job, you guys are embarrassing	10/28/2024 3:16 PM
407	When considering a location, keep in mind the pools you are closing and the proximity to the community that is losing access. Many people using the free pools are low income families with limited travel abilities.	10/28/2024 3:16 PM
408	Pool big enough for lanes and leisure area for families without them affecting each other	10/28/2024 3:12 PM
409	Nowhere that would exacerbate the controversial bike route / driving restrictions on Lyndale Drive. This would be a disaster.	10/28/2024 3:11 PM
410	The park should go to an area that has an active community and does not currently have a pool.	10/28/2024 3:08 PM
411	Why can't this a facility be year-round? Elmwood Kildonan pool has a water slide. Steinbach's facility has a summer facility attached to a year-round facility. Wouldn't it just make sense, given the climate here?	10/28/2024 3:07 PM
412	Whatever you do...PLEASE MAKE THIS HAPPEN.	10/28/2024 3:02 PM

St. Boniface Outdoor Aquatic Park

413	Shade for parents, area for littles/babies, weekend access & low fees are priority along with location.	10/28/2024 2:58 PM
414	I would likely only use something like this sporadically but I think it is a good idea. It just shouldn't ruin an existing park.	10/28/2024 2:56 PM
415	Rejuvenate the Happyland pool, reduce the scope of this big amusement park style pool, and instead give us neighbourhood access to outdoor pools. Expecting everyone to travel 4 km to a fancy pool does not serve your 15 minute city concept well, let us walk to smaller neighbourhood amenities in the city core. Right now, you have gotten rid of a pool near us and failed to provide an adequate substitute. Stop creating fancy new structures and create more sustainable plans for future operating expenses for what we already have.	10/28/2024 2:55 PM
416	This is a huge opportunity to give kids an outlet and maybe reduce the crime that occurs out of boredom and lack of opportunity. Bus service and accessibility will be key. Currently the city doesn't do enough to service the lower income areas.	10/28/2024 2:53 PM
417	It's unfortunate that pools and facilities are being closed prior to developing this new site. It will mean some residents will not have access to facilities for many years in the meantime.	10/28/2024 2:52 PM
418	Strongly consider a lazy river.	10/28/2024 2:48 PM
419	Replace Happy Land.	10/28/2024 2:48 PM
420	Needs to be equitable access for low income families. This neighbourhood has lost a free outdoor pool it is inappropriate to refuse to fund repairs for a free service and replace it with something priced out of reach for all in the community.	10/28/2024 2:47 PM
421	Norwood is the best place for the pool.	10/28/2024 2:43 PM
422	No	10/28/2024 2:42 PM
423	Not that I haven't already said	10/28/2024 2:41 PM
424	No one will use this if people don't feel safe.	10/28/2024 2:30 PM
425	Stop closing closing our neighbourhoods outdoor public pools. Our families need a place to go on hot summer days during the summer. Shame on Matt Allard.	10/28/2024 2:22 PM
426	Pools are very important. I'm glad you are considering this.	10/28/2024 2:21 PM
427	Wherever this is built it should be in an area where people do not have access to these types of amenities. It should be in an area where low income families would benefit from this...able to walk to it. It should be accessible for all people...needs for access for people/children with a disability should be a priority.	10/28/2024 2:18 PM
428	I don't often frequent public outdoor pools because there aren't any close enough to where I live in Winnipeg.	10/28/2024 2:18 PM
429	Please don't put the spray features in the beach entry pool like the Transcona Aquatic Park. It makes it very hard for babies and kids who don't like water in their face to access the pool.	10/28/2024 2:16 PM
430	I would like to see a similar study done for St. Vital, south east area, Royalwood, Island Lakes, Bonivista and Sage Creek	10/28/2024 2:14 PM
431	Reopen Happyland	10/28/2024 2:11 PM
432	It's hard to register kids for swimming lessons, so having a pool that is reasonably close and friendly for families would really help to make my kids more comfortable and more safe being in the water. I'm thankful that the city is looking to replace aging infrastructure with something new.	10/28/2024 2:09 PM
433	It would be a nicer add-on to Dakota CC. Prefer an indoor facility that can be used year around.	10/28/2024 2:07 PM

Q10 How often did you visit a public outdoor pool this past summer?

Answered: 1,649 Skipped: 102

ANSWER CHOICES	RESPONSES	
Daily	4.37%	72
Weekly	27.23%	449
Monthly	19.77%	326
Less than once a month	28.38%	468
Other (please specify)	20.25%	334
TOTAL		1,649

#	OTHER (PLEASE SPECIFY)	DATE
1	Because the City of Winnipeg decommissioned Norwood, and closed Happyland, I did not swim in any of the outdoor pools last summer.	12/4/2024 6:24 PM
2	has no bases as how others would use the pool	12/2/2024 7:08 PM
3	Attempted weekly, but there were weeks where the Provencher pool was at capacity and we couldn't get in.	11/29/2024 8:54 PM
4	Splash pad/wading pool: every other day. We LOVE Dakota splash pad but it has very limited capacity and very long wait times.	11/29/2024 12:51 PM
5	Our young family only visits spray pads.	11/29/2024 10:30 AM
6	None in Winnipeg but travel outside of the city frequently to use services.	11/28/2024 8:20 PM
7	Never	11/26/2024 5:21 PM
8	2-3 times per month. Frequent user of the Windor Park pool.	11/25/2024 3:40 PM
9	Our family used the Norwood poo almost every day when it was open. We never had to make big plans. Just walked or road our bikes could always get in.	11/24/2024 10:58 AM

St. Boniface Outdoor Aquatic Park

10	Haven't visit any pools this year in Winnipeg	11/23/2024 11:20 AM
11	I used to live nearby happyland and went often. Im now closer to st vital one heated and have gone 3 times and the 3 times to the one in transcona heated one.	11/22/2024 10:17 PM
12	Never	11/21/2024 8:58 PM
13	Never...	11/21/2024 6:47 PM
14	No longer a user but have grandchildren that do use facilities. and soon will have great grand children that will.	11/21/2024 2:46 PM
15	nil	11/21/2024 2:24 PM
16	I didn't last year but have kids now so I'd go weekly or more in the future	11/21/2024 12:32 PM
17	Nothing close and accessible to our home	11/21/2024 12:11 PM
18	Nothing close to my area	11/21/2024 11:30 AM
19	Not too many open these days, no maintenance.	11/21/2024 11:01 AM
20	I'm retired but use pools with grandchildren. I'm a sporadic user.	11/21/2024 10:45 AM
21	Monthly to weekly with grandchild	11/21/2024 9:35 AM
22	Depends on cost	11/21/2024 9:10 AM
23	na	11/20/2024 2:43 PM
24	Did not attend but live near one and saw the lineups (Provencier park)	11/20/2024 12:30 PM
25	The city closed my pool	11/20/2024 9:00 AM
26	Not at all, because if I want to swim outside, I'll find a neutral body of water	11/19/2024 3:38 AM
27	twice a month	11/18/2024 9:42 AM
28	Hours & days open are not the best	11/18/2024 6:00 AM
29	3-4 times a week	11/17/2024 9:52 PM
30	every 2nd week or so	11/16/2024 9:02 PM
31	I prefer indoor pools and lane swimming. I find outdoor pool activities to be geared toward children, and I don't have any.	11/16/2024 8:58 AM
32	Our children are adults and we will be visiting this coming year with our granddaughter. At this time we have visited more indoor pools with her swimming lessons.	11/16/2024 8:51 AM
33	Not in Wpg.during the summer,hoping something will be built for our grandchildren,can't get them into swimming lessons,try every year!	11/16/2024 12:15 AM
34	This is ridiculous. I hope you lose your seat, the bike lanes crumble and you have to pay your bus fare 100% all the time.	11/15/2024 8:13 PM
35	Would love early open and late closing for lap swims	11/15/2024 3:54 PM
36	I am advocating for kids	11/15/2024 3:51 PM
37	None as I am new to the city but I love the idea of having a public pool and would like to check them out when I get the chance	11/15/2024 12:27 PM
38	Not one time. Every time we had a day off with the kids, all the spots were taken. This was never an issue when I was growing up... what changed?	11/15/2024 10:29 AM
39	No room always full	11/15/2024 10:23 AM
40	0	11/15/2024 9:05 AM
41	Plus qu'une fois par mois, mais pas toutes les semaines.	11/14/2024 11:19 PM
42	I don't use them but my grandchildren have.	11/14/2024 11:19 PM

St. Boniface Outdoor Aquatic Park

43	Evry other week	11/14/2024 10:48 PM
44	Visited monthly but would have attended as often as weekly if the pool wasn't always over capacity	11/14/2024 9:07 PM
45	We spent a lot of time at the "beach" in Lac du Bonnet	11/14/2024 8:44 PM
46	Very weather dependent but visited several pools over the summer	11/14/2024 6:48 PM
47	We have a cottage...	11/14/2024 3:51 PM
48	Mostly because I find them over crowded, or far	11/14/2024 2:41 PM
49	Never	11/14/2024 12:01 PM
50	The one near me closed	11/14/2024 10:19 AM
51	I was pregnant and self-conscious :(	11/14/2024 9:22 AM
52	You shamelessly closed Happyland Park Pool, closing access to a walkable pool.	11/14/2024 8:56 AM
53	Nothing favourable in our area.	11/14/2024 8:04 AM
54	Tried twice but it was closed! Found out closed for good!	11/14/2024 7:26 AM
55	Only once, but we had access to a more private pool that we will be unable to access beginning next summer.	11/14/2024 7:24 AM
56	None at all. Went to a private indoor pool and to steinbach	11/13/2024 10:47 PM
57	No longer visit public pools now that my children are grown	11/13/2024 10:23 PM
58	Rarely. I'm usually at the cottage but I think planning these pools is important for many in our community	11/13/2024 10:15 PM
59	Tries to go to Transcona but was too busy and couldn't get in, usually go to KP outdoor pool.	11/13/2024 9:45 PM
60	Happy land was closed	11/13/2024 8:35 PM
61	The pool infegay went to closed so I did not go this summer at all.	11/13/2024 7:53 PM
62	Did not visit this year as we were away from home a good part of the summer.	11/13/2024 7:44 PM
63	I don't but did when my children were young.	11/13/2024 6:51 PM
64	Too full	11/13/2024 6:48 PM
65	Never	11/13/2024 6:18 PM
66	n/a	11/13/2024 6:16 PM
67	Bi weekly	11/13/2024 5:56 PM
68	Daily, before Norwood closed.	11/13/2024 5:42 PM
69	With Norwood and happyland pool closed it has been difficult to access outdoor pools this summer.	11/13/2024 5:17 PM
70	Regularly until our pool was taken away	11/13/2024 4:34 PM
71	Not at all	11/13/2024 4:20 PM
72	Zero times since you needlessly and callously closed Happyland Pool.	11/13/2024 4:13 PM
73	None are located in our area as they have all been closed	11/13/2024 4:05 PM
74	My surgery greatly limited my attendance this summer but I'd like to swim and have aquacizes other summers.	11/13/2024 3:55 PM
75	Not once	11/13/2024 3:37 PM
76	NONE BECAUSE YOU GUYS CLOSED HAPPYLAND :(	11/13/2024 2:15 PM
77	There weren't any public pools available to me since the closures	11/13/2024 1:45 PM

St. Boniface Outdoor Aquatic Park

78	I am 84 years old and fortunately have my own pool so that is why I didn't visit. My children in Windsor Park when they were young, walked every day in the summer to the pool and met all their friends there. That was ideal.	11/13/2024 12:53 PM
79	We did not visit because the only outdoor pool near us has no shade and I have a medical condition that requires me to stay out of the sun. Would have visited a lot of site with shade in water and poolside was available.	11/13/2024 12:47 PM
80	Normally go to Bonivital daily when it's not out of commission- 3 years over the last 10 and still waiting	11/13/2024 12:08 PM
81	Not weekly, but a few times a month.	11/13/2024 12:04 PM
82	Never	11/13/2024 11:49 AM
83	At least twice a week	11/13/2024 11:24 AM
84	I was out of the city most of last summer but if there was a facility like this I would go often	11/13/2024 10:34 AM
85	In 2023 I visited an outdoor pool almost daily (6 times/week on average) but didn't attend in 2024 due to the closure of Happyland.	11/13/2024 10:29 AM
86	None since my neighbourhood pools were shut down	11/12/2024 6:16 PM
87	We live further away and walking or biking isn't an option. Bike security is an issue.	11/11/2024 12:59 PM
88	But when my kids were younger, 2-3 times a week.	11/8/2024 9:24 PM
89	Splash pad daily as happyland pool was closed	11/8/2024 8:28 PM
90	0	11/8/2024 5:03 PM
91	2-3 times per week	11/7/2024 7:10 PM
92	None - happy land closed and pools were always full	11/7/2024 6:56 PM
93	I don't swim but lots of family members do, and accessible recreation facilities are important for creating great communities. Like schools even though I don't have kids.	11/7/2024 3:48 PM
94	Mes enfants sont très jeunes, mais quand j'avais 9-12 ans, nous allions à la piscine Happyland à presque chaque jour de l'été, sans exagération!	11/6/2024 10:10 AM
95	Did not visit	11/5/2024 3:38 PM
96	Happy Land pool was closed, so did not visit another pool.	11/5/2024 1:55 PM
97	I prefer the beach	11/4/2024 3:27 PM
98	You closed Happyland, so hardly went	11/4/2024 12:25 PM
99	I didn't	11/4/2024 9:12 AM
100	None available near by.	11/4/2024 7:48 AM
101	Not at all	11/4/2024 7:31 AM
102	I was sick this summer so was unable to attend.	11/3/2024 6:13 PM
103	On special occasions with family	11/3/2024 1:59 PM
104	Weekly if it is indoor, otherwise 8 months out of the year it will go unused and become a money sink.	11/3/2024 10:22 AM
105	none	11/3/2024 6:24 AM
106	Once, in Minneapolis. But went to the Y several times (indoor - safer, cleaner, open longer).	11/2/2024 8:45 PM
107	None, but I am thinking of people with young families especially.	11/1/2024 10:12 PM
108	zero	11/1/2024 6:05 PM
109	3x/wk	11/1/2024 5:37 PM
110	Never. Inconvenient hours and locations.	11/1/2024 3:02 PM

St. Boniface Outdoor Aquatic Park

111	La piscine la plus proche qui n'ait pas été fermée ne comporte presque qu'une piscine avec des couloirs de nage. Ce n'est pas un bon choix pour notre famille.	11/1/2024 1:20 PM
112	I did not	11/1/2024 10:47 AM
113	Have not	11/1/2024 1:18 AM
114	Not able to this summer	10/31/2024 6:44 PM
115	I didn't as there weren't any close to my house and I rarely drive.	10/31/2024 6:30 PM
116	Grandkids at splash pads	10/31/2024 4:52 PM
117	never	10/31/2024 11:37 AM
118	4 times a week	10/31/2024 11:02 AM
119	didn't this year	10/31/2024 9:37 AM
120	Unable to due to hours pools are open near me	10/31/2024 8:33 AM
121	None, because it is for small children, and you can't dive, swim, horse around etc	10/31/2024 8:24 AM
122	We went a few times a week (2-3)	10/31/2024 5:26 AM
123	None	10/30/2024 9:33 PM
124	4 fois par semaine.	10/30/2024 8:46 PM
125	We were camping a lot the first month of summer, but visited Winakwa pool weekly in the second month	10/30/2024 8:19 PM
126	Aquafit 3 times a week.	10/30/2024 6:44 PM
127	Approximately 12 visits this year.	10/30/2024 6:30 PM
128	Zero. Since Norwood closed I have not gone to outdoor pool.	10/30/2024 5:17 PM
129	Not as often as we would have like because lots of times it was full.	10/30/2024 4:15 PM
130	Happyland closed so I had nowhere accessible in my community	10/30/2024 12:46 PM
131	None	10/30/2024 11:59 AM
132	I was out of town and they're rundown	10/30/2024 11:51 AM
133	I have not used an outdoor public pool since I was a child living in Transcona, where the outdoor public pool was one block away from my family home. If there were an outdoor public pool near to where I live, ie, in the neighbourhood of River Heights, I would go weekly to the outdoor pool when it would be open.	10/30/2024 11:42 AM
134	Pool closed	10/30/2024 11:13 AM
135	Every other week	10/30/2024 11:12 AM
136	Couldn't because you closed it (Happyland)	10/30/2024 11:08 AM
137	Unfortunately I had a very ill son in hospital. I have in the past used Bonita's pool Margaret Grant pool the splash pads at st Norbert and can't wait to use the slash pad at La Salle	10/30/2024 10:30 AM
138	Not really	10/30/2024 10:14 AM
139	Never	10/30/2024 10:03 AM
140	Too crowded as too many pools shut down in my area.	10/30/2024 9:52 AM
141	not at all! our pool at NCC was demolished and we're all sad about it!	10/30/2024 9:50 AM
142	Never	10/30/2024 9:29 AM
143	Not at all. Went to pools with minimum 25m lap swim available at the times I could go.	10/30/2024 9:22 AM
144	3-5 fois par semaines. Nous y serions allés tout les jours s'il y avait eu suffisamment d'employés et suffisamment de capacité.	10/30/2024 8:55 AM

St. Boniface Outdoor Aquatic Park

145	I am thinking for my grandchildren	10/30/2024 8:34 AM
146	Did not. But live in St. B + lots of complaining abt happy land so figured I'd share	10/30/2024 8:17 AM
147	Kildonan pool is an example of a great venue. However it is limited by the weather	10/30/2024 8:03 AM
148	I only visited in late winter/spring this year	10/30/2024 7:58 AM
149	I'm fortunate enough to have a membership at pan am pool which obviously isn't outdoor. Would love a new/updated location to enjoy though.	10/30/2024 7:52 AM
150	There is a pool where I live, but I know a lot of people who would welcome such a place in our city and I would gladly go with them. However, we also need to reopen Wet and Wild and build an indoor complex comparable to what they have all over Europ.	10/30/2024 7:51 AM
151	Not once.	10/30/2024 7:35 AM
152	Would use current pools more if not so far	10/30/2024 7:16 AM
153	None open within my location in St Boniface	10/30/2024 6:37 AM
154	none, the current booking system is terrible.	10/30/2024 6:28 AM
155	They are all too packed in summer	10/30/2024 6:19 AM
156	It has become frustrating to get into public pools - getting parking, getting admission, avoiding long lines, clean and private change rooms, adequate seating and shade	10/30/2024 12:26 AM
157	Only splash pads	10/29/2024 11:50 PM
158	I regularly swim laps at various indoor pools.	10/29/2024 11:48 PM
159	Not at all because the hours are terrible. When i was a kid i would go from sun up to sun down, all summer. Pools should be open from May to September, 10am to 8pm 7 days a week!	10/29/2024 11:33 PM
160	None	10/29/2024 11:14 PM
161	None ,	10/29/2024 11:10 PM
162	We did not go as city shut down hapoyland and the hours are not convenient to go elsewhere as it's too far. Other pools were always full when we tried.	10/29/2024 10:20 PM
163	Too far away	10/29/2024 9:56 PM
164	Couple times per month	10/29/2024 9:32 PM
165	10 times	10/29/2024 9:28 PM
166	No options	10/29/2024 9:06 PM
167	Visited the wading pool monthly and spray pads biweekly	10/29/2024 9:00 PM
168	I went to splash pads with the family approx 3 times / month	10/29/2024 8:56 PM
169	None. They appeared too busy.	10/29/2024 8:48 PM
170	Never.	10/29/2024 8:07 PM
171	A few times a month, would have gone more frequently but it was often closed.	10/29/2024 7:45 PM
172	NONE - only because our outdoor pools have BEEN SHUT DOWN! I was a regular visitor of the Norwood Pool.	10/29/2024 6:52 PM
173	I haven't been in years	10/29/2024 6:49 PM
174	Only the kildonan pool once due to long lineups at St vital pool and a lack of closer options in st Boniface. We frequented splash pads at Provencher and Champlain community centre instead	10/29/2024 5:47 PM
175	Zero because happyland was closed and norwood too	10/29/2024 5:45 PM
176	Unsure. Depends on amenities	10/29/2024 5:43 PM
177	I would have visited the Happyland pool, or Norwood, if they were still open.	10/29/2024 5:04 PM

St. Boniface Outdoor Aquatic Park

178	Infrequently, but in past summers these sites were of crucial importance.	10/29/2024 4:45 PM
179	I have no visited a pool at all this last summer due to health problems/concerns	10/29/2024 4:13 PM
180	It was closed thanks to Gillingham and Allard	10/29/2024 3:18 PM
181	only a few times	10/29/2024 3:09 PM
182	I did not attend this summer, as Happyland and Norwood were decommissioned and Provencher Pool is not welcoming for older adults.	10/29/2024 3:06 PM
183	We would have attended weekly but happyland was closed. We did go to the wading pool frequently	10/29/2024 2:57 PM
184	Never. Seems way to inaccessible (transportation, parking, size, crowding) to bother	10/29/2024 2:35 PM
185	Never	10/29/2024 2:26 PM
186	None close to my house. So none	10/29/2024 2:24 PM
187	never	10/29/2024 2:18 PM
188	None	10/29/2024 2:13 PM
189	When Norwood pool was open our family used it almost daily.	10/29/2024 2:00 PM
190	We did not because the one closest to us at Happyland was closed. Used a YMCA membership instead.	10/29/2024 1:42 PM
191	Kids go daily	10/29/2024 1:37 PM
192	Bi-weekly	10/29/2024 1:22 PM
193	I didn't	10/29/2024 1:15 PM
194	Never	10/29/2024 1:09 PM
195	None. They have all been demolished or were closed for repairs	10/29/2024 1:07 PM
196	None. There's no outdoor pool close to where I live.	10/29/2024 12:55 PM
197	Once	10/29/2024 12:47 PM
198	Booked online 3 x's and cancelled 2 x's due to weather inclement	10/29/2024 12:41 PM
199	Norwood was our pool of choice, Happyland did not open, limite options.	10/29/2024 12:31 PM
200	Infrequently. I am an adult without kids and live in Island Lakes and the closest public pool is a splash park for kids. I went once to Pam Am this summer with my partner but we had to drive.	10/29/2024 12:31 PM
201	The 2 closest to us were shut down	10/29/2024 12:17 PM
202	I haven't been to one for a long time but I do know that they are important for the citizens of Winnipeg.	10/29/2024 11:45 AM
203	Never	10/29/2024 11:25 AM
204	To fare to walk to for me and for single parents with kids.	10/29/2024 11:07 AM
205	Once, all the pools are too far to go to by bus.	10/29/2024 11:01 AM
206	None, but visited Norwood pool * 3 weekly when it was open	10/29/2024 10:36 AM
207	Rarely because the Norwood pool is gone.	10/29/2024 10:20 AM
208	Attended Norwood pool many days a week with my family when it existed. Haven't attended any others since then.	10/29/2024 10:19 AM
209	Never	10/29/2024 10:09 AM
210	I only visited a couple of times this year. Back when we had a pool close by, we would visit much more often.	10/29/2024 9:53 AM
211	The one closest to me was too busy to use	10/29/2024 9:53 AM

St. Boniface Outdoor Aquatic Park

212	Ours was closed by councillor	10/29/2024 9:41 AM
213	I haven't, but I used to at least Monthly as a kid.	10/29/2024 9:39 AM
214	Didn't bc the wading pool in our area is only open during weekday working hours.	10/29/2024 9:34 AM
215	None but I just moved! So haven't had the opportunity	10/29/2024 9:28 AM
216	I was pregnant so I didn't but I typically do a few times per month.	10/29/2024 9:27 AM
217	I don't but I'm interested in what happens for the sake of kids in the area.	10/29/2024 9:27 AM
218	i've never gone to an outdoor pool in winnipeg because splash mountain closed before i moved here!	10/29/2024 9:15 AM
219	Didn't visit a public outdoor pool this past summer	10/29/2024 9:04 AM
220	2-3 times a week, an outdoor water park will make that hard in the winter	10/29/2024 9:02 AM
221	Winconsin Dells ..	10/29/2024 8:57 AM
222	Never as Happyland closed, and St Vital was impossible to get into.	10/29/2024 8:48 AM
223	Not at all, all the pools in my area were shut down this summer unfortunately.	10/29/2024 8:48 AM
224	There was none open that were easy to get to	10/29/2024 8:44 AM
225	0 pool closed	10/29/2024 8:36 AM
226	The pool was at capacity both times I tried so did not go.	10/29/2024 8:28 AM
227	Whenever our granddaughter stayed over	10/29/2024 7:59 AM
228	Unfortunately they fill up to quickly to go regularly	10/29/2024 7:57 AM
229	3 times a week	10/29/2024 7:55 AM
230	Used to be a regular visitor to Norwood Pool.	10/29/2024 7:41 AM
231	Never my adult kids have full time jobs and go to beaches or provincial parks to spend their weekends.	10/29/2024 7:02 AM
232	Hapoyland was closed and couldn't get into stvital pool	10/29/2024 6:54 AM
233	4-5 times	10/29/2024 6:34 AM
234	Not enough available close by with the right amenities to attend	10/29/2024 6:26 AM
235	Not once because I could never get a time so we went to beach instead	10/29/2024 6:10 AM
236	I personally am retired, but my grand kids do attend regularly..	10/29/2024 1:17 AM
237	Visited spray pads multiple times a month	10/29/2024 12:01 AM
238	None	10/28/2024 11:13 PM
239	3 times weekly we visited the Norwood wading pool. Would love to see it expanded/improved upon.	10/28/2024 10:58 PM
240	Not at all - my kids are grown up now. BUT I would have loved this when they were younger.	10/28/2024 10:51 PM
241	Never. Did not realize there were so many. Went to Bird's Hill Beach most of the time.	10/28/2024 9:50 PM
242	Not in decades!	10/28/2024 9:42 PM
243	Too far right now	10/28/2024 9:36 PM
244	None	10/28/2024 9:29 PM
245	None	10/28/2024 8:53 PM
246	Never, no pools close by.	10/28/2024 8:48 PM
247	Not much this past summer due to moving but we hope to a lot next summer if we have a pool within walking distance!	10/28/2024 8:44 PM

St. Boniface Outdoor Aquatic Park

248	Zero. Because you closed the one closest to me. Do not proceed with any part of this project until you repair and re-open Happyland. Maintain what you have before you spend money on new things.	10/28/2024 8:38 PM
249	We have a pool in our back yard - but when our kids were little we tried to go as often as we could but waiting in line was not something we enjoyed doing	10/28/2024 8:37 PM
250	We currently are able to attend our pool as we are adults without children but are planning on having kids soon	10/28/2024 8:36 PM
251	We went weekly, and regularly were turned away from going more often due to capacity issues	10/28/2024 8:34 PM
252	I don't go to pools I normally go to spas.	10/28/2024 8:31 PM
253	Local pool was shut down. There were too many lines elsewhere. So no. BUT when my kids were young, they were at Happyland Park every day. They could walk or ride there and did not need parents to do so.	10/28/2024 8:30 PM
254	Only out of town as they removed our local pool in Norwood!	10/28/2024 8:28 PM
255	Zero because the pools that were close to me were closed/decommissioned and the remaining pools were too busy or had lines when we tried to go.	10/28/2024 8:23 PM
256	I used to use the Norwood Pool as it was within walking/biking distance. Since it was demolished, I have not gone to other outdoor pools as they are too far away from my home.	10/28/2024 8:13 PM
257	Too crowded, need more in order to enjoy.	10/28/2024 8:01 PM
258	I traveled out of City. The nearby pool (Norwood) was gone.	10/28/2024 7:55 PM
259	Never	10/28/2024 7:43 PM
260	We would go to slides every couple of weeks for sure.	10/28/2024 7:35 PM
261	None, as there isn't one in my area	10/28/2024 7:32 PM
262	Zero	10/28/2024 7:30 PM
263	Norwood was closed	10/28/2024 7:24 PM
264	Not one close enough to me now since norwood and happy land closed	10/28/2024 7:16 PM
265	St Vital and Kildonan	10/28/2024 7:12 PM
266	Since Norwood's pool was closed I have not gone to any city owned outdoor pools.	10/28/2024 7:09 PM
267	Bit far from our house with little kids. Would go more if it was closer.	10/28/2024 7:06 PM
268	I used to go to Happyland on a daily basis and of course I didn't happen this year	10/28/2024 6:09 PM
269	You took our pool away years ago	10/28/2024 6:08 PM
270	Bonvital Pool that is currently be remodel is closer to my home followed by the YMCA on Fermor.	10/28/2024 6:05 PM
271	Too far	10/28/2024 6:02 PM
272	Never, but if one was close with lap swimming hours I would go. And I know lots of families who would love something for their kids.	10/28/2024 5:59 PM
273	I was recovering from surgery this summer so none but typically 1-2x weekly and the pools were all closed this summer anyways so hopefully no one was still going to them?	10/28/2024 5:57 PM
274	All closed within the vicinity of where we live.	10/28/2024 5:49 PM
275	I have a cottage	10/28/2024 5:48 PM
276	Never; was away for school this summer.	10/28/2024 5:47 PM
277	No times I have a cotage	10/28/2024 5:45 PM
278	No open pools nearby	10/28/2024 5:44 PM
279	Was waiting for the Champlain spray pad for my grandchildren	10/28/2024 5:32 PM

St. Boniface Outdoor Aquatic Park

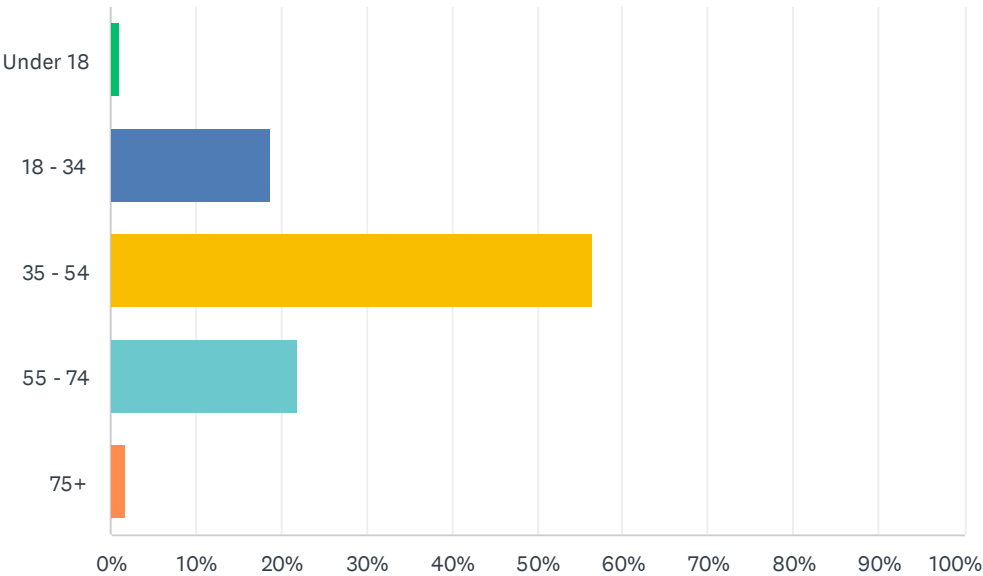

280	Never, I am a senior. As a kid/teenager I used the Norwood pool a great deal in the summers.	10/28/2024 5:30 PM
281	I didn't	10/28/2024 5:28 PM
282	pools closures affected attendance	10/28/2024 5:23 PM
283	None this year, but have gone many times in past years	10/28/2024 5:22 PM
284	Piscine bonivital trop vieille. Rien de proche dans mon quartier Saint Vital	10/28/2024 5:19 PM
285	I no longer have young children but back in the day, weekly.	10/28/2024 5:18 PM
286	I would have a great deal more, but many of them were closed down, including the one by the Norwood community center, which my family had used for decades.	10/28/2024 5:08 PM
287	None, bc St.V pool was always fully booked.	10/28/2024 5:01 PM
288	None	10/28/2024 4:57 PM
289	None too far	10/28/2024 4:54 PM
290	Every time we wanted to go their was an insane line up and we didn't want to wait a min of an hour to get in. We drove to Steinbach instead.	10/28/2024 4:53 PM
291	Happy land pool was closed. The summers it was open, we would go multiple times a week	10/28/2024 4:32 PM
292	We are new to the area, but intend to outdoor swim 3-4 times a summer.	10/28/2024 4:20 PM
293	None	10/28/2024 4:19 PM
294	unable to visit due to pool closure of the pool closest to me	10/28/2024 4:14 PM
295	Unable to because u closed it	10/28/2024 4:02 PM
296	I'm older. This is for my family	10/28/2024 3:59 PM
297	1 fois dans ma vie	10/28/2024 3:58 PM
298	0	10/28/2024 3:56 PM
299	None	10/28/2024 3:53 PM
300	I go to the lake to swim.	10/28/2024 3:52 PM
301	Haven't visited one since Norwood closed	10/28/2024 3:44 PM
302	The rules in place deterred us from returning. My 4 foot tall daughter who couldn't pass her laps for the deep end had to wear a life jacket in waist deep water. Please change this rule.	10/28/2024 3:37 PM
303	Biweekly.	10/28/2024 3:34 PM
304	Twice this summer	10/28/2024 3:30 PM
305	Never	10/28/2024 3:09 PM
306	I don't like outdoor pools (sun exposure).	10/28/2024 3:07 PM
307	Didn't because our child is at spray pad age, will look to pools in the near future	10/28/2024 3:06 PM
308	Closed happy land which upset lots of people and was the closest pool we could get to since everything else in the area was full daily and they turned people away or just didn't open the pools at all when they were supposed to be open.	10/28/2024 3:02 PM
309	Less than twice due to Happyland pool being shut down. Would like to attend more frequently close to home.	10/28/2024 2:58 PM
310	Not once.	10/28/2024 2:56 PM
311	It was more than once a month but not quite weekly.	10/28/2024 2:55 PM
312	After the closure of Happyland, my family found other places to swim. My children went to an outdoor pool only once or twice last summer due to accessibility issues.	10/28/2024 2:55 PM
313	never	10/28/2024 2:55 PM

St. Boniface Outdoor Aquatic Park

314	Monthly however it would have been more if the local pool hadn't been shut down.	10/28/2024 2:52 PM
315	You closed them all	10/28/2024 2:50 PM
316	Never, but my children use the pool in Windsor Park.	10/28/2024 2:49 PM
317	Mostly accessed wading pools due to proximity	10/28/2024 2:47 PM
318	Zero. They are all closed or had been closed for repairs.	10/28/2024 2:43 PM
319	The norwood pool was shut done so NONE	10/28/2024 2:41 PM
320	never	10/28/2024 2:34 PM
321	I did not visit a public outdoor pool.	10/28/2024 2:34 PM
322	Never	10/28/2024 2:30 PM
323	I went when it was 30 degrees outside, always the perfect time to go. Went once in one month, but multiple in the next.	10/28/2024 2:27 PM
324	never, but attended wading pools and splash pads	10/28/2024 2:24 PM
325	Matt Allard closed all our pools. We couldn't visit them this year because they were shut down, which over crowded St.Vital pool and was nearly impossible to get in on a hot day.	10/28/2024 2:22 PM
326	We were away this summer but usually weekly or more.	10/28/2024 2:20 PM
327	I am past the age that I would use a public pool. This is being built for young families and teens. Make it something that is useful to people who do not have the means or ability to go to beaches and lakes out side the city.	10/28/2024 2:18 PM
328	I used to but two in St Boniface recently closed and now they're not close enough for me to attend.	10/28/2024 2:17 PM
329	Not often but will use more soon as my kids get older	10/28/2024 2:17 PM
330	I did not visit an outdoor public pool. The Provencher pool was very busy and understaffed and I intentionally did not use a space so that those who needed it more than me would be able to access it.	10/28/2024 2:13 PM
331	0	10/28/2024 2:11 PM
332	We did splash parks and wading pools mostly.	10/28/2024 2:10 PM
333	What pools.	10/28/2024 2:02 PM
334	None	10/28/2024 1:54 PM

Appendix C – Stakeholder meeting notes

St. Boniface Outdoor Aquatic Park – Stakeholder Meetings

Location: Zoom **Date:** Meeting #1: Friday, November 1, 2024: 11:30 a.m. – 1 p.m.
Attendees: 11 Meeting #2: Friday, November 1, 2024: 4 p.m. - 5:30 p.m.
 Meeting #3: Monday, November 4, 2024: 11:30 a.m. – 1 p.m.

Meeting Notes

- What is the current lifespan of St. Vital Pool? (+/-20 years were noted)
 - The existing tank was partially redeveloped with a new building in 2015 and a new liner put in this year (2024)
- What is the lifespan for a typical outdoor pool (+/-30 years)
- Make sure pool maintenance is not neglected after a new facility is built
- as the Windsor Park redevelopment plan been reviewed in relation to a new outdoor aquatic park?
- Interest was expressed for Windsor Park, Happyland, Provencher Pool and Norwood to be the selected sites
- Can a 4km radius be shown for the 6 proposed sites?
- Is the current project reviewing where community pools could be located in the area?
- Is there an opportunity to use nearby school parking lots for an aquatic park on weekends?
- Concerns were raised about replacing wading pools with spray pads since spray pads don't provide space for kids to learn how to swim or for older kids to play
- What is the current lifespan for Provencher outdoor pool?
- Why does the Norwood site not put the pool East/West
 - There is an existing underground sewer line running through the site that cannot have a pool facility on top
 - Could the sewer line be moved?
 - Not feasible without adding significant costs to the project
- Norwood would have good proximity to people living downtown/ higher poverty areas
- Water Tower is the furthest from existing housing and the rail line will be a factor to consider to get to the site
- Cycling route along Marion to get to the Water Tower site is not very accessible.
- What is the current population projection for the Water Tower District?
 - 2000 units/ +/-4600 people
- Concerns were raised about odours from the surrounding area/ proximity to Maple Leaf Foods in relation to the Water Tower District.
- Does the City have any plans to service the newer neighbourhoods (such as Sage Creek/ Bonavista)?
- Transcona Outdoor Pool does not have enough shade
- More trees/ shade needed in any outdoor aquatic facility
- St. Vital pool services quite a large area for the surrounding area/ south neighbourhoods, but is quite busy and hard to get into
- Provencher pool should be reviewed for upgrades
- City focuses on big facilities, more community pools should be focused on instead of one

- larger facility in the area
- Large senior populations would like to have a place to do daily swimming or aqua size classes
 - Is there a proposed timeframe for development?
 - Not at this time. Funds are needing to be reviewed for design and construction
 - How long would a new facility take to build?
