

Appendix A – Survey Results

Q1 We need to make sure that people can get to the campus using all types of transportation. The design includes an entrance near Bison Drive for pedestrians, cyclists, and transit riders. The design also includes parking and a drop-off/pick-up near Joe Keeper Way for motorists. How satisfied are you with the access to the South Winnipeg Recreation Campus?

Answered: 610 Skipped: 0

South Winnipeg Recreation Campus

	VERY SATISFIED	SATISFIED	NEUTRAL	DISSATISFIED	VERY DISSATISFIED	UNSURE	NOT APPLICABLE	TOTAL

Q2 If you are not satisfied with any of the access provided, please tell us why in the space below.

Answered: 141 Skipped: 469

#	RESPONSES	DATE
1	why build a rec center near uofm campus when there are facilities already there, especially now that the economy is so uncertain, everything is expensive and why raise taxes??? Take the time to raise the money instead of taxes. Completely tone deaf.	4/6/2025 5:40 PM
2	Thank you for moving the entrance to the shortest access point from transit.	4/3/2025 11:57 AM
3	I don't agree with the space it is going so the access doesn't really matter to me	3/31/2025 1:45 PM
4	Is it possible to make all areas fit for all above. Not just specific areas but all	3/27/2025 7:58 PM
5	open bison drive for better access to plesis	3/25/2025 2:15 PM
6	Transit access depends on new bus routes	3/25/2025 11:41 AM
7	A bike path along Waverley is needed for safety reasons.	3/23/2025 7:37 PM
8	Only "Satisfied" answers come down to being so far removed for walking / likely infrequent bus service in evenings / weekends. I would gladly cycle from central winnipeg to here via existing cycling infrastructure (even in winter)	3/23/2025 11:27 AM
9	From the drawings it looks great, but just to be aware. My kids attend Bison Run School and pick up time is around 3 making traffic very busy and the situation is severely compounded on Frontier when the PTC gets out it's completely congested.	3/23/2025 7:42 AM
10	Because it's too far from the people who desperately need access to recreational facilities in Winnipeg. We need investment in the north end and central neighborhoods.	3/22/2025 10:27 PM
11	It is important to extend the bike path from Tim sale to Bison Dr as soon as possible. That will provide a way for cyclists and pedestrians to safely access the rec centre from South Pointe.	3/22/2025 4:15 PM
12	As a cyclist it is very important to extend the bike path between Waverley Tim Sale and Bison Dr. as soon as possible.	3/22/2025 4:07 PM
13	The only concern would be how often transit would routes would run. Greater than every 30min during non-busy times might limit use.	3/22/2025 3:56 PM
14	Bridgewater is a very confusing area to drive. My accessibilty to a bus stop in my home area whyte Ridge (over 1 km on icy streets) will prevent me from using transit.	3/22/2025 12:05 PM
15	Need a cross walk midway on Bison Drive (between kenaston and frontier trail)	3/22/2025 10:31 AM
16	Bicycle parking situation not obvious from the provided image	3/21/2025 10:32 PM
17	Part of it has no pedestrian lanes. Then there are too few buses around bison run.	3/21/2025 10:10 PM
18	Rapid Transit bus route would be ideal	3/21/2025 1:26 PM
19	The space as designed, will result in significant traffic jams, poor parking options. Bus transport will be difficult for folks to bring to the space.	3/21/2025 11:43 AM
20	The bike trails make it convenient. I don't use the buses but I am pleased to see that they will provide good access	3/21/2025 7:40 AM
21	seems like this venue will have alot of people and cars coming to it..doesn't seem like a good idea to only have one entrance/exit	3/20/2025 11:11 PM
22	You have wheelchair accessible spots but the ramp is way at the front door, that's having to wheel all the way in the parking lot instead of having ramp cutout at each accessible parking spot	3/20/2025 10:47 PM

South Winnipeg Recreation Campus

23	No money any projects right now. Especially as you cannot even fund the re-opening of the Happyland Pool. This city is bankrupt, raising taxes, garbage fees and sewer fees. And yet you want to build another rec centre for the rich folks in SW Winnipeg. Let them pay for it themselves. Clean up your financial house first then come back with a plan. And oh, I forgot there are 3 bridges that need to be replaced; Louise, Redwood and Arlington. Where is the money coming from for all these projects????	3/20/2025 7:35 PM
24	There are no ways to come as a cyclist from Richmond West and most of the neighborhoods.	3/20/2025 7:23 PM
25	Let the people that live in the area pay for it!	3/20/2025 6:11 PM
26	use existing facilities	3/20/2025 1:06 PM
27	There needs to be a plan for ample access to avoid congestion when potentially hosting tournaments/ events of a larger scale.	3/20/2025 12:26 PM
28	Not as accessible to my area of south winnipeg	3/20/2025 10:55 AM
29	It is too far from where I live.	3/20/2025 10:28 AM
30	The length of time to construct major roads.	3/20/2025 9:08 AM
31	Is there enough parking for motorists? Parking lot looks quite small.	3/20/2025 8:28 AM
32	Not a very accessible part of the city, especially for people in the inner city who have had their recreation centres and swimming pools closed	3/20/2025 8:26 AM
33	Nothing but good	3/20/2025 12:16 AM
34	Don't build it. We have too many broken roads, need money for bridges and water treatment plant.	3/19/2025 6:11 PM
35	Make it easy to drive too. All the round aboutx and loopy loops makes it hard to navigate Bridgwater.	3/19/2025 3:00 PM
36	buses don't run well in that area, nor is it set up for people traffic, its just a bunch of stores and parking lots. You may say you'll increase the buses, but I wonder if you appreciate how many bus routes are needed to increase ridership. You'll also really need shelters to wait in. It can be cold, rainy etc, especially if the area is open to the wind and elements.	3/19/2025 1:26 PM
37	we live in St Norbert and would like to see cycling across the Waverley and permitter opened up to cyclists.This would open up more bike routes for us south of city.	3/19/2025 10:27 AM
38	need to consider cycle access from the east (ie how to cross Waverley) to get to Bison.	3/19/2025 10:16 AM
39	Map is too hard to understand	3/19/2025 7:15 AM
40	The map does not clearly indicate where pedestrian traffic will access the space	3/18/2025 7:12 PM
41	The existence of infrastructure isn't the only thing that matters, it also has to be good.	3/18/2025 12:34 PM
42	The walking / bike path that comes off West of Park Valley Road (North of the complex) should connect Southwards towards the complex. This nice green space should be connected to the complex for walking and biking.	3/17/2025 11:36 AM
43	Will there be adequate bicycle parking? Meaning, racks in a well lit, very visible location to reduce potential for theft, and lots of racks to encourage cycling over vehicle transportation.	3/17/2025 6:45 AM
44	Traffic	3/16/2025 1:01 PM
45	The road from Bridgwater Centre to the rec centre should be 2 lanes both ways not one. That is too much traffic to be one lane	3/15/2025 2:14 PM
46	I am unsure as to the walking distance from any of this is. My length of walking is limited.	3/15/2025 11:44 AM
47	I would like to know the location and number of disability designated parking spots before I can answer question1.	3/15/2025 12:35 AM
48	Bison already gets backed up with school traffic. Adding another large building will only create more of a backup when Bison is single lane.	3/14/2025 7:56 PM
49	Why are you wasting our money on this shit ?	3/14/2025 11:50 AM

South Winnipeg Recreation Campus

50	Our cycling infrastructure is so discontinuous. I can't even imagine the outrage if we treated motorists the same way we treat cyclists.	3/14/2025 8:07 AM
51	Please make an access road through Bison Drive ASAP as it would alleviate traffic through Bridgeland Dr South	3/14/2025 5:27 AM
52	If I have to work at either Bison Run or Pembina Trails Collegiate, bus service in front of the schools is imperative,	3/13/2025 10:04 PM
53	The north end and other low-income areas of the city need a recreation centre like this. The South end already has the U of M and Altea.	3/13/2025 6:11 PM
54	There are not many bus options to get here	3/13/2025 4:43 PM
55	Which bus on Bison Drive?? Is there a plan for Winnipeg Transit to have a bus route stop at the entrance or very close by? Access needs to be available in all seasons. Ice mountains cannot be climbed	3/13/2025 4:23 PM
56	This is way across the city, I am unable to use the access due to the condition of the roads en route!	3/13/2025 3:44 PM
57	too many bicycle lanes for a city that only uses them 4 months in a year.	3/13/2025 3:20 PM
58	It's in the south end of the city ... as usual. Those living in the north side of the city will NOT drive, bike or take a bus there. With the bus service being so unreliable and taking so long ... forget it.	3/13/2025 2:17 PM
59	Access is insufficient, especially for motorists	3/13/2025 10:28 AM
60	The bus is sporadic at best	3/13/2025 9:01 AM
61	connecting lee to the future Ruth xing, so if missed the first turn still able to get there instead of u turn	3/13/2025 6:21 AM
62	Have you seen the teansit system in this city unless you can drive. You won't be able to get here.	3/13/2025 3:09 AM
63	For access itself it appears adequately located. This doesn't mention the number of parking spots available- so impossible to know if it's actually going to work for people driving there.	3/12/2025 10:23 PM
64	Pickup/dropoff can be a problem, with the mix of children, seniors, vehicles, Transit Plus vans, it needs to be large with clear sight lines, otherwise it will need a monitor example Bonnycastle school.	3/12/2025 7:55 PM
65	Waste of money. Instead of wasting money on this project, use the resources to keep our costs down like sewer and property taxes.	3/12/2025 2:00 PM
66	Is there also an entrance on the Joe Keeper Way side? Or do drop offs and parking people need to walk all the way around the building to Bison drive side?	3/12/2025 1:21 PM
67	Would have been nice if it was closer to Abinoji Mekana.	3/12/2025 12:46 PM
68	The lanes as I recall are 1 in each direction. So the bus stopping will impede traffic that's always annoying having to stop behind a bus. Give them their own little cut out.	3/12/2025 12:27 PM
69	jj	3/12/2025 11:04 AM
70	If there is any new major road can connect the recreation site and the john agnus road will be great. So that people can avoid the busy kenaston and waverley road.	3/12/2025 10:58 AM
71	I am unfamiliar with the area.	3/12/2025 9:26 AM
72	Bike paths need to be improved to get there. There needs to be a safe place to park bikes.	3/12/2025 8:02 AM
73	As a family that lives in Bridgwater Trails who would utilize this space with their young family either by walking or cycling to it you are expecting us to cycle/walk across a major road (Kenaston) where cars are often speeding and not obeying traffic signals. Lack of parking spots if we do drive.	3/12/2025 7:46 AM
74	Great having a stop in front but I might as well walk the whole way from my house in Bridgwater Lakes with how long transit takes in the area	3/12/2025 7:29 AM

South Winnipeg Recreation Campus

75	Area is a terrible bottle neck. No easy way in our out of the area	3/12/2025 7:28 AM
76	Need Bison vehicle and cyclist access extended to Waverly.	3/12/2025 7:27 AM
77	It would be nice to complete bison drive to Waverley to all access from east and west	3/12/2025 6:13 AM
78	Parking ?	3/12/2025 1:23 AM
79	Nothing in this neighbourhood crisscrossed with freeways, built on a pseudo-town-square model by people suffering from carbrain is satisfactory. This neighbourhood shouldn't even exist. Our city's footprint is unaffordably large for our population base. It's a disaster that is already catching up to us with hiked sewer and water rates and unmaintained streets and sidewalks yet we're careening full speed ahead to more crisis.	3/12/2025 1:10 AM
80	I don't ride a bike or take transit.	3/11/2025 10:40 PM
81	It's on the other end of the city. Once again council is forgetting the north end exists while they put ANOTHER rec centre in the south end for all their buddies	3/11/2025 9:16 PM
82	West end and downtown areas need more recreational and leisure centres if you want a healthy community please invest in that.	3/11/2025 6:17 PM
83	We need the central city recreation centres and pools re-opened and renovated. This facility is not accessible for those who have few resources.	3/11/2025 6:16 PM
84	I assume there will be year-round access for mobility impaired people: not just wheelchairs but scooters, walkers, canes, limited vision, hearing etc.(seniors!!)	3/11/2025 5:36 PM
85	Concerned about increased traffic to the area	3/11/2025 5:26 PM
86	I hope there is free parking	3/11/2025 4:03 PM
87	There is a lot of traffic in the area, it's not really conducive to pedestrians.	3/11/2025 3:33 PM
88	Typical city of Winnipeg. Spending all the time.	3/11/2025 1:58 PM
89	Building should have more of a street presence of Bison Dr for pedestrians. Appreciate the multiple entrances for different modes.	3/11/2025 1:48 PM
90	bike lanes are not realistic in winnipeg	3/11/2025 12:29 PM
91	Currently it is difficult to get to. Will have to wait until new road construction is finished and new transit routes are determined to provide final opinion.	3/11/2025 12:02 PM
92	Why does south Winnipeg need a huge new recreation complex. People who live in these big houses have vehicles that they can transport their kids with to any rec complex. This is a ridiculous amount of money to spend on this at this time. All funds should be going to completing the north end sewage treatment plant so that property taxes don't need to go sky high. Secondly, maybe raise taxes based on the size of the house and value not across the board.	3/11/2025 11:52 AM
93	Most of the transit stops seem to be quite far away from the main building which makes it hard for those with mobility issues to access it. It would be nicer to have a transit stop right in front of the building off the parking lot.	3/11/2025 11:51 AM
94	cycling routes will likely be an after thought - prove me wrong	3/11/2025 11:45 AM
95	We don't have a walkable or bikeable city, and transit is garbage. You can make it as accessible as you want at the site, but if the trip there is too difficult, it makes little difference.	3/11/2025 11:23 AM
96	I am opposed to the whole idea of the rec centre when support for existing rec facilities in the inner city, where such are really needed, is dying. Maintain and improve the inner city facilities, and if anything is left over, use it for the suburbs then.	3/11/2025 11:01 AM
97	Break up parking into smaller lots. Provide parking near the courts. More info needed for drop off for day care	3/11/2025 10:54 AM
98	With every public pool in winnipeg needing replacement or repair, why I we building another public facility instead of supporting what we already cannot afford	3/11/2025 10:46 AM
99	Located in an area of low density housing. Will be located a far walk from most users. Walking, bike paths are a long major roads, how friendly are transportation options with active transport?	3/11/2025 10:37 AM

South Winnipeg Recreation Campus

I.e. how often will they be plowed/ sanded in winter, are paths located right beside roads (road noise, pollution), are paths in direct sun, accessible to people with disabilities, how direct are routes, etc.

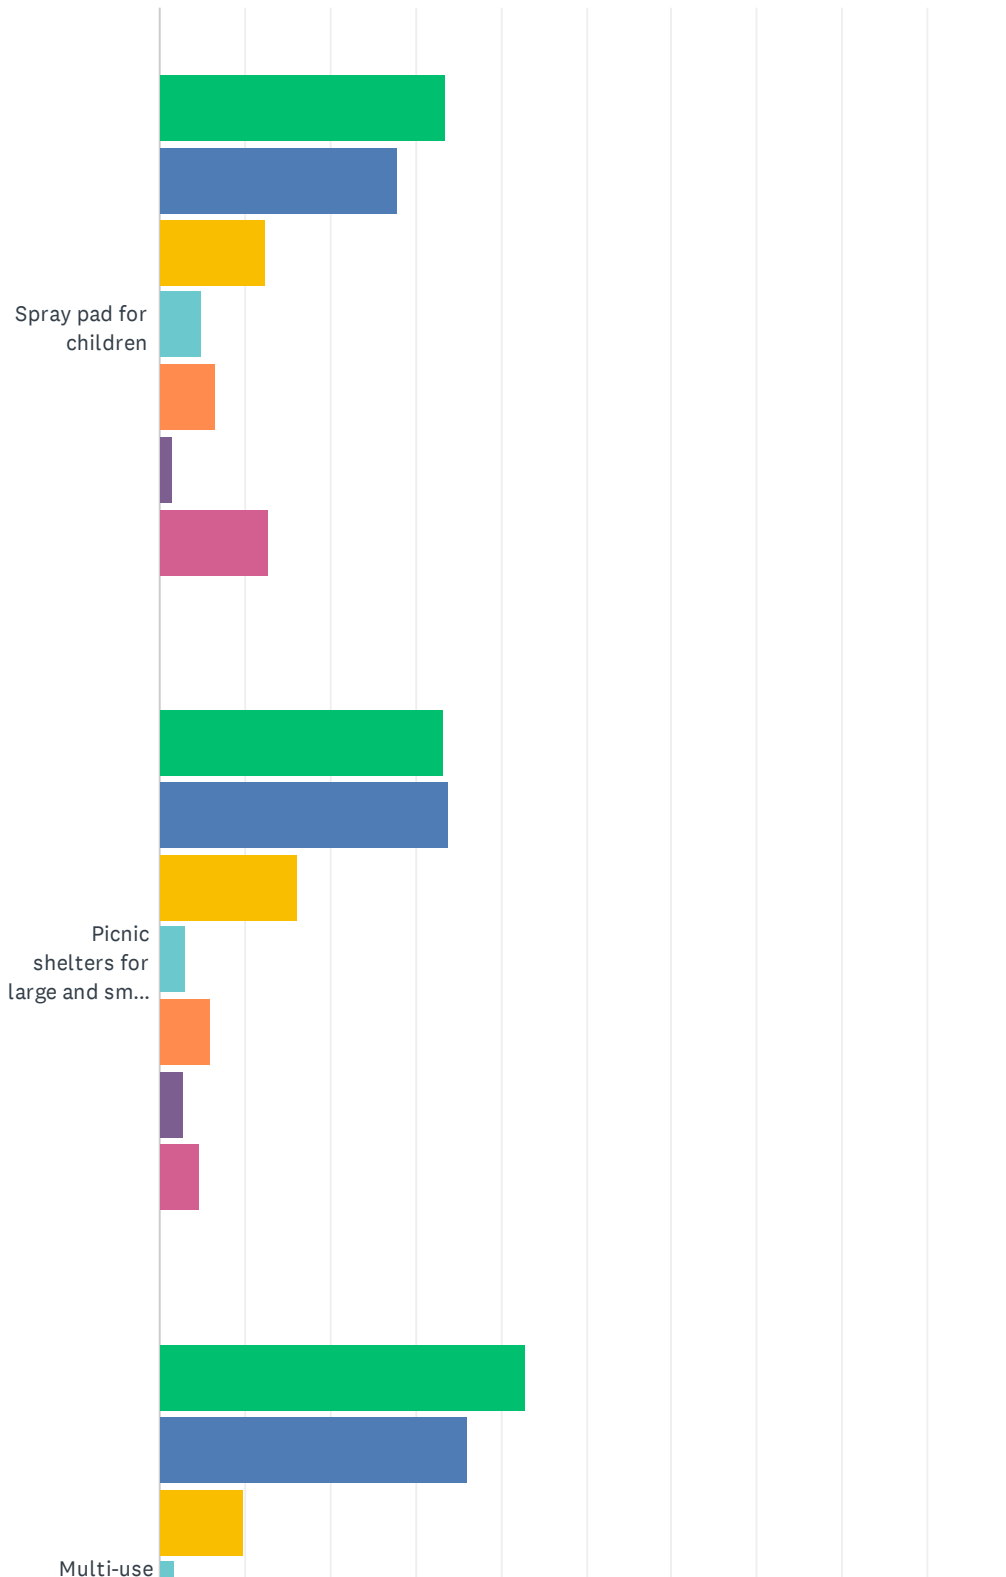

100	Not sure why need in light of similar facilities nearby.	3/11/2025 10:25 AM
101	It is preferable to locate the pedestrian & cycling routes located non- adjacent to motor vehicular traffic.	3/11/2025 10:03 AM
102	This is a car centric neighbourhood. Walking kilometres to get anywhere in this sprawl laden area is brutal. If the city truly invested in transit infrastructure and Reliability, I would be satisfied	3/11/2025 9:59 AM
103	Your site plans do not designate cycling parking, nor do they detail the connections from the dedicated cycling routes to that parking. I would like to see conflict-free routes for cyclists to and from the parking. Drop-off / pick-up for motorists are frequent sources of conflict with cyclists. When I'm taking my little ones to daycare and school via bicycle, I do whatever I can to avoid the motorist drop-off / pick-up area, because that is very unsafe for me. As a transit user, the building itself is quite far from any of the transit stops. Again, this isn't shown easily in the slides prepared for the open house (which tells me that this design is still motorist-first). But since the buildings are in the centre of the plot and not near the road, I will be walking about 200 metres (by my measurements on Google Maps).	3/11/2025 9:30 AM
104	The map provided is very unclear - label all streets. I live in the area, and I don't understand where it will be located or accessed.	3/11/2025 9:13 AM
105	Will never use this facility	3/11/2025 9:08 AM
106	Why are we building more roads and more recreation facilities when we can't maintain what we already have?	3/11/2025 9:05 AM
107	Poor location, but my opinion does not really matter because this is a scam survey.	3/11/2025 9:05 AM
108	The city has a 26 billion deficit. Do not spend money we don't have!	3/11/2025 9:02 AM
109	Too far from my location.	3/11/2025 8:59 AM
110	For transit, it is not a regular route and will require to many transfers to get there. The area is not very pedestrian friendly. Very car oriented.	3/11/2025 8:56 AM
111	This is a massive investment tucked away in a corner of the city inaccessible to most. Please don't spend money we don't have on it.	3/11/2025 8:54 AM
112	The map needs roads identified & a north arrow. It's hard to read & understand.	3/11/2025 8:40 AM
113	will add to over trafficked roads	3/11/2025 8:38 AM
114	The location is atrocious. Three busses to get or a broken cycling network. Poor planning for Winnipeg. Excellent planning to promote sprawl.	3/11/2025 8:33 AM
115	Traffic	3/11/2025 8:32 AM
116	No access via primary transit routes, not near other pedestrian amenities	3/11/2025 8:30 AM
117	For someone who is walking, the location is not at all convenient or pleasant to access (walking down busy streets with nowhere to rest and no protection from the elements (full sun in the summer, full wind in the winter). As a motorist, the roadways are easy to access. As a transit rider, it would depend on how frequently and reliably buses traveled to the bus stop.	3/11/2025 8:28 AM
118	With the amount of traffic I hope all roads will be 4 lanes	3/11/2025 8:27 AM
119	Not a great location for pedestrians to walk to. In a more dense neighbourhood would be better.	3/11/2025 8:21 AM
120	It's very difficult to get there from the places that need city investment.	3/11/2025 8:18 AM
121	At this time I don't feel that the city can afford the expense of such a large project.	3/11/2025 8:14 AM
122	just make sure there is accessible parking near the entrance	3/11/2025 8:06 AM
123	This area of the city is the LAST area that needs a facility like this. What a waste of money. Why there! Just because you have the land?	3/11/2025 7:26 AM

South Winnipeg Recreation Campus

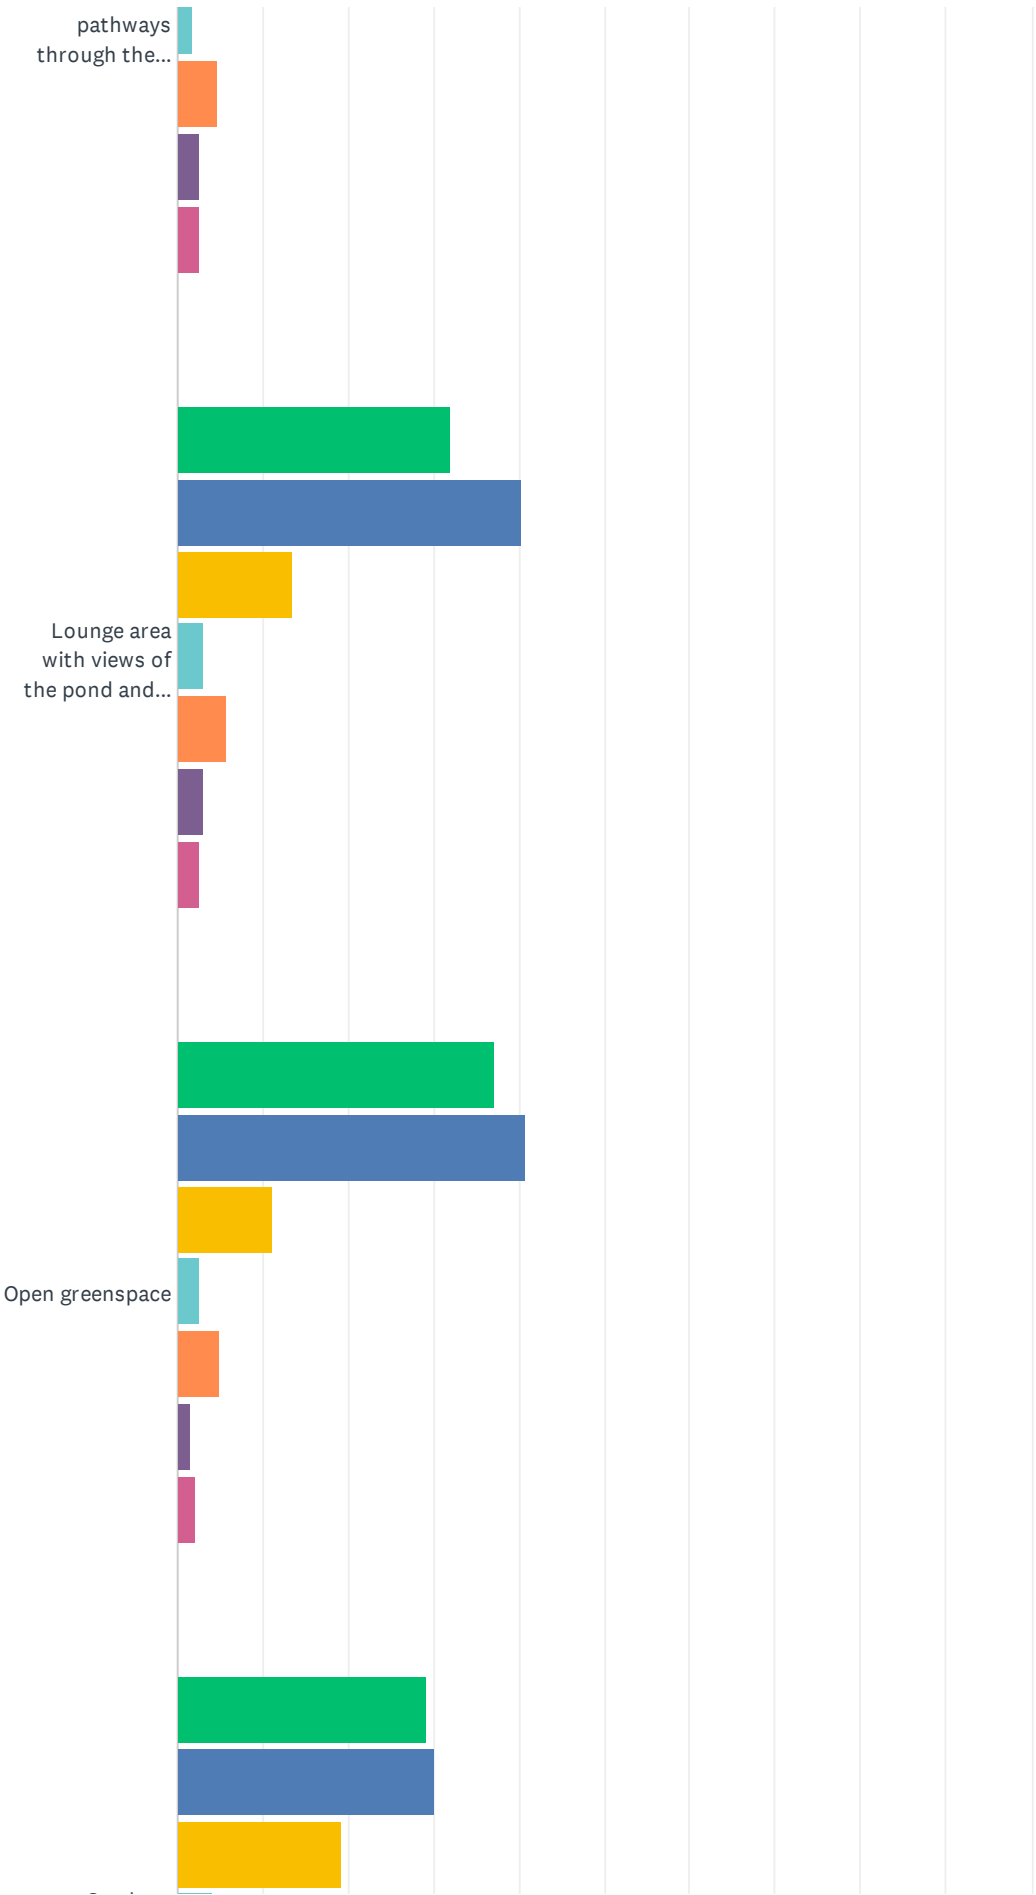

124	The new recreation centre in South Winnipeg is unnecessary given the nearby private facility. Meanwhile, core areas lack investment, with outdoor pools closing and infrastructure crumbling. Prioritize fixing inner-city recreational facilities over unsustainable suburban development.	3/11/2025 5:50 AM
125	Concerned that the pathway from Waverley will take a long time to build right now people walk on that road so dangerous. Will the pathway on Kenaston be all the way to South Pointe on the south point side?	3/11/2025 12:47 AM
126	Is there enough parking?	3/10/2025 10:40 PM
127	Very difficult (time consuming) area to navigate. Too many lights, stop signs and roundabouts. Too much speed reduction!	3/10/2025 10:18 PM
128	If this space will be used for sport tournaments ensure there is ample parking. When you come to play in long day sporting events you don't walk or take transit. Dakota fieldhouse parking is horrific. Learn from that mistake	3/10/2025 10:04 PM
129	As a motorist, access looks OK. Unless you know transit routes and schedules impossible to tell if OK. Bike access likely OK. Doubt you'd get many pedestrians	3/10/2025 8:34 PM
130	It is far away from me, would take a couple of buses or a long drive to get there	3/10/2025 7:52 PM
131	This map is not detailed enough, it needs to show more of the surrounding area of how to get to the complex, with the names on all the streets, not just four of the streets named. For example where is Joe Keeper Way that is referred to?	3/10/2025 7:31 PM
132	n.a.	3/10/2025 6:35 PM
133	Access does not seem to be an issue	3/10/2025 4:49 PM
134	So another set of lights at Bison?	3/10/2025 4:44 PM
135	This is a gargantuan waste of money. Why are you creating new builds when you're also cutting other rec centres and public services? Do you have the money or not? If you just don't care about the inner city, just say that, instead of pretending that you do and claiming you don't have the money for stuff like this and then clearly proving that you do.	3/10/2025 4:39 PM
136	It would be convenient to have a paved path extension from the paved trail in Bridgwater Park Eighteen to Bison Drive bike trail.	3/10/2025 4:10 PM
137	You are catering to the wealthy and those with cars while abandoning the inner city whom actually need better recreation and resources	3/10/2025 2:38 PM
138	I do have some concerns that a lot of the facilities have been shut down in the inner city and places like the West End and Woolsley, and that the funds are now being allocated to places that are less accessible and further away to lower income people who do not have vehicles and would need to take several buses and walk a fair distance just to get to it	3/10/2025 1:52 PM
139	Currently there is no safe sidewalks to get there safely from Kenaston. If the proposed sidewalks come through I would be satisfied	3/10/2025 1:29 PM
140	Why is all of the parking at the street?	3/10/2025 1:28 PM
141	The whole project is a waste of taxpayer money All ready excellent facilities close by and Zillions of more important infrastructure projects that are needed in this city	3/10/2025 1:06 PM

Q3 The South Winnipeg Recreation Campus includes a variety of outdoor amenities in Phase 1 and future phases. Do you agree or disagree that the following amenities will meet the needs of you and your family?

Q4 If any of the outdoor amenities do not meet the needs of you and your family, please tell us why in the space below.

Answered: 215 Skipped: 395

#	RESPONSES	DATE
1	Baseball Diamonds	4/7/2025 10:42 AM
2	Clean up the crime, pay any deficit, do not raise taxes, or water and build when the economy is better. Like really, maybe this is for the rich?	4/6/2025 5:42 PM
3	Retired. Would like to see a dog park for all ages to use outdoor space.	4/6/2025 12:38 PM
4	Outdoor courts means no access during winter. Can't we make it indoor?	4/6/2025 11:26 AM
5	There are no baseball diamonds. Both my kids play baseball in south Winnipeg. I would like to see at least one baseball diamond, or three-four for hosting tournaments.	4/6/2025 11:19 AM
6	Need baseball diamond outdoors as well. At least big enough for 13U	4/5/2025 8:06 AM
7	I do not see where the ponds are for viewing from the lounge area	4/3/2025 11:58 AM
8	I don't like pickle ball	4/2/2025 6:01 PM
9	There is no mention of a baseball diamond. South Winnipeg, and Winnipeg in general, is in need of more 18U diamonds.	4/2/2025 10:25 AM
10	Baseball diamonds have not been mentioned at all.	4/1/2025 10:55 AM
11	I would rather see a facility that is more adaptable for all season use. There is no mention of winter sports or rentals. Almost all the areas would not be usable in Winter.	3/31/2025 1:47 PM
12	Why is there nothing to support baseball?	3/26/2025 7:11 PM
13	For the outdoor field make sure the surface is artificial turf, and it caters to soccer, lacrosse and football.	3/25/2025 2:19 PM
14	I don't think a lounge area needs to be a priority	3/24/2025 12:56 PM
15	Baseball has been entirely overlooked. Winnipeg south is home to a AAA baseball organization for multiple age groups. This would be very much used.	3/24/2025 12:31 PM
16	Add baseball field and more arenas	3/24/2025 7:56 AM
17	There's no water park facility in Winnipeg and I wish the center have it, but it seems there's aquatic center. I hope t should have more fun equipment in the aquatic cener	3/23/2025 10:40 AM
18	The one outdoor sport that is missing is there is no mention of any BASEBALL diamonds. Would like to see that incorporated as this area has MANY kids that play baseball.	3/23/2025 9:20 AM
19	Our first priority should be new hockey arenas. All of the amenities mentioned above are very saturated. Arenas should be prioritized even before the recreation complex as our existing arenas at Silverstone and St. Norbert are an embarrassment based on on amount of property taxes that we pay. How can Seven Oaks have that beautiful arena complex based on their lower tax base?	3/23/2025 7:48 AM
20	Would love to see beach volleyball courts	3/22/2025 11:43 PM
21	They are too far away.	3/22/2025 10:28 PM
22	Where is the outdoor ice rink?	3/22/2025 7:28 PM
23	Basketball courts are already available in South Pointe at the school so they would not be a priority for us. We likely wouldn't use the lounge area.	3/22/2025 4:17 PM
24	Please separate pedestrian and cycle paths. It is dangerous/offputting for pedestrians.	3/22/2025 12:07 PM

South Winnipeg Recreation Campus

25	There are already lots of soccer fields and basketball courts in the area	3/22/2025 10:32 AM
26	A second soccer field at the location would allow for one to be taken out of use and rested when needed. Or year by year alternate use as not to over use one	3/22/2025 8:52 AM
27	There are already a lot of spray pads around. Too far to go for a picnic We need an ice arena with 2 rinks to host tournaments and have ice times from May to August, nowhere in south west Winnipeg has that	3/22/2025 8:42 AM
28	A baseball field is needed in the area	3/22/2025 7:52 AM
29	outdoor and indoor pools	3/21/2025 5:37 PM
30	I don't see any baseball facilities?	3/21/2025 1:31 PM
31	Will baseball be considered as there are insufficient fields available in south winnipeg. Also, outdoor bathroom facilities will be needed—for the players, coaches, officials, spectators. This is one thing missing from most sports facilities in Winnipeg.	3/21/2025 11:51 AM
32	Any baseball field being provided for multi ages. Older kids need a deeper field Trees and picnic tables around soccer and baseball field (if added)	3/21/2025 11:32 AM
33	Baseball diamonds	3/21/2025 11:12 AM
34	Play structure and splash park if not already in the plans	3/21/2025 10:49 AM
35	Missing a baseball field	3/21/2025 9:37 AM
36	Cricket fields should be considered	3/21/2025 7:41 AM
37	There are no baseball facilities. This is a serious oversight	3/21/2025 7:16 AM
38	it would be amazing if baseball fields and dugouts could be here...we have a great ball program too. i would love to also see outdoor rinks...so people can skate without needing an indoor arena...and teams could use it too	3/20/2025 11:14 PM
39	I feel like you are missing an outdoor amenity, a baseball diamond.	3/20/2025 10:34 PM
40	A baseball diamond would be essential.	3/20/2025 10:19 PM
41	Missing baseball field	3/20/2025 9:07 PM
42	City has NO money to pay for this. See previous response.	3/20/2025 7:36 PM
43	Cricket players always play on our baseball diamonds even when we have them booked (in south Winnipeg) so build a nice baseball park so they can have the crappy diamonds.	3/20/2025 7:30 PM
44	Need more baseball diamonds.	3/20/2025 6:32 PM
45	Nice facility while other neighborhoods deal with flooded run down parks and play structures. But Janice what Janice wants Janice gets!!	3/20/2025 6:14 PM
46	Perhaps a baseball diamond could be included	3/20/2025 5:53 PM
47	Baseball field. Upset there is no baseball field.	3/20/2025 5:30 PM
48	Baseball diamonds!	3/20/2025 4:25 PM
49	There is nowhere to play baseball. I won't likely use this facility if they can't support a baseball diamond.	3/20/2025 4:22 PM
50	I'd love to see a nice baseball diamond.	3/20/2025 3:59 PM
51	This proposal is missing the mark without a baseball diamond.	3/20/2025 3:24 PM
52	There is no baseball/softball diamond?	3/20/2025 2:43 PM
53	I think that baseball has been overlooked. Please reconsider this. Fort Garry's fields are the pits, south wpg cc lost a fair amount of theirs. Please don't forget about baseball.	3/20/2025 2:19 PM
54	no outdoor baseball/softball diamonds	3/20/2025 1:14 PM
55	not required	3/20/2025 1:07 PM

South Winnipeg Recreation Campus

56	Need outdoor amenities for beach volleyball as well as baseball and softball.	3/20/2025 12:33 PM
57	Area needs baseball diamonds. Original plans this included baseball diamonds and they need to be added back. Huge miss if baseball diamonds are not included.	3/20/2025 12:14 PM
58	Need to have Baseball fields for A, AA and AAA leagues and all ages.	3/20/2025 12:00 PM
59	A baseball field or 2 would be ideal. Or 1 baseball and one cricket pitch. Would the soccer field also be multipurpose for sports such as ultimate frisbee, rugby and lacrosse? This is an important consideration. A beach volleyball court would also be a fantastic addition for summer.	3/20/2025 12:00 PM
60	Pickle ball? Where are these baseball diamonds for the larger baseball community. Baseball is a huge sorry that draws many players and spectators. I am truly displeased with no baseball diamonds.	3/20/2025 11:33 AM
61	You have not included any baseball fields. Baseball is underrepresented in almost all of Winnipeg, let along south Winnipeg. families in bridgewater have to play over 15 mins away.	3/20/2025 11:11 AM
62	Need Baseball feild for U18 size at the very least	3/20/2025 10:59 AM
63	The arena should be in phase 1. This is what we need most, not another gym	3/20/2025 10:56 AM
64	Baseball/softball fields	3/20/2025 10:51 AM
65	I am a retired senior and none of these are applicable to my age group.	3/20/2025 10:29 AM
66	Baseball Diamond	3/20/2025 10:24 AM
67	It would also be nice to have a baseball diamond.	3/20/2025 10:08 AM
68	There should also be baseball facility. The sport has grown significantly and is being overlooked	3/20/2025 9:30 AM
69	It appears that baseball has been overlooked when designing this centre. As a baseball community, this new complex could be made better with the addition of facilities and fields for our sport.	3/20/2025 9:27 AM
70	The baseball community is always overlooked and more new diamonds are really needed to serve the youth who love the sport	3/20/2025 9:15 AM
71	Too many tennis and pickleball courts.	3/20/2025 9:10 AM
72	A picnic area will just be abused by several groups and turn into a garbage dump	3/20/2025 8:47 AM
73	We have limited baseball fields throughout the city especially in the south end that are of a quality acceptable to play on. It would be very important to fit this in.	3/20/2025 8:47 AM
74	I hope there will be outdoor amenities for baseball.	3/20/2025 8:47 AM
75	Baseball seems to be entirely overlooked in this plan. South Winnipeg and the surrounding area have an extremely popular and growing youth baseball program. This area of the city would hugely benefit from some indoor space that facilitates year round baseball training and development. These types of facilities are basically nonexistent in Winnipeg and certainly in the south of the city.	3/20/2025 8:47 AM
76	Simply because I live in the West End, and I will never go out to the South End to use a park.	3/20/2025 8:44 AM
77	Please include baseball diamond(s) and stands. Also covered/sheltered team dugout area (doesn't have to be a dugout, but a sheltered space for the teams would be nice). There are so few baseball areas in the south end that are connected to community centers.	3/20/2025 8:37 AM
78	Would be nice to have batting cages	3/20/2025 8:30 AM
79	Where are the baseball fields?	3/20/2025 8:30 AM
80	Because the recreation centres and pools close to me have closed, and now a brand new one is opening in a rich neighbourhood. This one will not meet my needs- it would take so long for me to get there.	3/20/2025 8:27 AM
81	Where is the space for baseball programs?? Baseball is a big part SW and this facility has nothing for baseball. Would be nice to have a space inside for indoor practices, pitching	3/20/2025 8:22 AM

South Winnipeg Recreation Campus

	centres etc	
82	Baseball field	3/20/2025 8:21 AM
83	Our area is in dire need of functional baseball fields - although there are some around, access to them are limited. Same with ice - Fort Garry/South Winnipeg struggle with finding ice times in our area with all the rinks being owned by the City. Both are huge areas that need major improvement.	3/20/2025 8:16 AM
84	Don't build it. We are broke.	3/19/2025 6:11 PM
85	What about other CC's in the area? You are spending all this money on this one, but also can't forget the current ones we have.	3/19/2025 3:02 PM
86	I would love to see 2 beach volleyball sand courts included in the design. The courts at Cindy Klassen Rec Plex are awesome but they are far from this community. With the global popularity of beach volleyball, i think it would be a mistake to exclude it from this new community centre.	3/19/2025 2:56 PM
87	All areas need to be suitable for an aging population that has difficulty seeing and moving without any sort of aids.	3/19/2025 12:53 PM
88	Lounge space needs to be better defined- and there must be a commitment to keeping these spaces clean- trash, weed control esp dandelions, dog messes, goose poop etc	3/19/2025 10:18 AM
89	I'm a senior so what types of activities are you going to provide to keep us healthy and out of crowded hospitals.	3/18/2025 8:32 PM
90	Please add some swimming pools. More tennis/pickleball courts please.	3/17/2025 10:26 PM
91	There should be an outdoor rink	3/17/2025 11:52 AM
92	Outdoor space accessible for older adults to gather	3/17/2025 11:38 AM
93	The green space north of bison drive has a basketball court, soccer fields, and a baseball diamond. What we don't have is an outdoor hockey/skating rink to help us until the indoor rink is built.	3/17/2025 11:38 AM
94	I wish somewhere in Winnipeg had squash courts	3/17/2025 11:23 AM
95	Bigger and more of them	3/17/2025 9:44 AM
96	Playground and outdoor rinks	3/15/2025 2:16 PM
97	While this facility and grounds seem to be very well designed and beautiful, there seems to be an oversight into the importance of indoor, and even more importantly, outdoor baseball facilities. Or any reference to the sport at all.	3/15/2025 1:55 PM
98	I am a senior and not involved in most of these activities.	3/15/2025 11:47 AM
99	I do not know if they are fully accessible with ramps and no stairs at all. Are the washrooms using scent-free products and no air deodorizers for those living with respiratory conditions.	3/15/2025 12:40 AM
100	The city is falling apart, massive deficits.... and this is your priority ?	3/14/2025 11:52 AM
101	My family isn't old enough to participate in pickleball. There are plenty of other picnic shelters around so I don't think this should be a priority (though I'd imagine they're relatively cheap.) The other activities don't really appeal to us.	3/14/2025 8:13 AM
102	Scale hard to tell. For how many people live in the area, the greenspace seems small.	3/13/2025 10:28 PM
103	Could you combine pickle ball with tennis? Would really like an outdoor hockey rink, that could use for basketball when not winter	3/13/2025 7:13 PM
104	The north end and other low-income areas of the city need a recreation centre like this. The South end already has the U of M and Altea.	3/13/2025 6:11 PM
105	Please put in a splash pad and outdoor pool for the kids	3/13/2025 4:54 PM
106	This should be central & accessible to the entire city, not just the south end!	3/13/2025 3:46 PM
107	The biggest need for our area is arenas for hockey and ringette. Every other area (Transcona,	3/13/2025 3:38 PM

South Winnipeg Recreation Campus

Gateway) has beautiful new arenas. I'm not satisfied that the arenas are only a future plan with no dates.

108	Is there not the same amenities just down the road at the university? Why not work with the university to have the amenities to be accessed by the area. In July and August is when the 'campus' would be busiest, when the university is at it's slowest.	3/13/2025 3:22 PM
109	This is way too high a cost for a facility me and my family will never use. Look at ways to cut taxes instead.	3/13/2025 2:18 PM
110	I think a dog run would be great	3/13/2025 1:31 PM
111	Child will be too old to make use of/not interested in most amenities of Phase 1	3/13/2025 10:34 AM
112	Great ideas! Inspired Landscapes would love to be apart of this project! As someone who lives in the area. Sales@inspiredlandscapes.net	3/13/2025 10:18 AM
113	Well you should make sure soccer, ice rink n Aquatic centre all have parking for all huge n will be well used facilities. Parking is key.	3/13/2025 9:41 AM
114	Size of skate park seems small	3/13/2025 9:21 AM
115	We need rinks.	3/13/2025 9:02 AM
116	due to the prolonged winter, it would be nice to have courts indoors, something with a bigger window view to extend usage time throughout the year.	3/13/2025 6:33 AM
117	This seems well thought out. It maximizes the space and gives lots of activities to choose from. Kudos	3/13/2025 6:10 AM
118	I think this is a waste of my tax dollars. Perhaps building it more central for everyone in Winnipeg not just the residents around there can access. It would benefit more in the north end if they are too busy there they may rethink crime and addiction for a more positive life	3/13/2025 3:11 AM
119	Keep the skaters away from pedestrians. It's a disaster waiting to happen. Pave the AT paths. Then go pave the ones in Sage Creek. Gravel paths are awful. Don't need basketball/ tennis or pickleball for 3 months/ year. Make some body weight exercise stations. (Pull ups/ chin ups/ parallel bars/ balance platforms)	3/12/2025 10:28 PM
120	There should be a few accessible parking spaces for those with mobility issues, being mindful of the distances to all venues ie some in centre of diagram.	3/12/2025 8:00 PM
121	I'm thinking of seniors	3/12/2025 6:45 PM
122	Not suited to older females	3/12/2025 6:31 PM
123	No children/grandchildren	3/12/2025 5:25 PM
124	An Ice rink sooner than later is very necessary and more tennis courts vs pickle ball	3/12/2025 4:35 PM
125	Too many court variety. Pickleball is popular today, but not likely to last. Tennis is not popular, rarely see existing ones used.	3/12/2025 4:16 PM
126	As a senior I see no space designated or available for senior groups. Initially, this was supposed to be a priority forthe city.	3/12/2025 3:03 PM
127	Waste of money. Divert it to snow clearing and sewage/waste collection instead. People cannot afford the increases while you are wasting money on this.	3/12/2025 2:02 PM
128	Unlikely to play basketball of tennis as we have closer courts	3/12/2025 1:41 PM
129	Spray pad seems small and an after thought. Picnic area needs to have amenities like playground. The picnic area and splash pad should have been combined. These are similar family activities shared at the same time.	3/12/2025 12:50 PM
130	What about winter? We need hockey rinks that are lit up	3/12/2025 10:50 AM
131	Outdoor rink in the winter	3/12/2025 8:06 AM
132	outdoor pool	3/12/2025 8:03 AM
133	This facility looks fantastic!	3/12/2025 7:57 AM

South Winnipeg Recreation Campus

134	Soccer fields should be turf. Easier maintenance and upkeep than grass. Our grass field in and around Bridgwater are often flooded with geese poo/dog poo and make it less desirable to play on. Mowing is also an issue.	3/12/2025 7:48 AM
135	Dog area	3/12/2025 7:38 AM
136	Parking	3/12/2025 7:30 AM
137	Skate park not needed. Draws the wrong crowd	3/12/2025 7:29 AM
138	South Winnipeg has needed a new arena for years. Our kids don't get enough practice ice because the league is plugged up with teams. Of our 2 arenas St Norbert is okay but could use an upgrade. Silverstone should be burned down and started over. The layout is terrible and it is so uncomfortable for spectators.	3/12/2025 7:28 AM
139	We have a lot of outdoor basketball courts, and tennis courts	3/12/2025 1:29 AM
140	This facility should not be built. Inner city pools and rec centres are being starved of funding at best or downright closed at worst while comfortably middle class families who choose to live out in car-land -- who will also choose to take their kids/themselves to whichever club of choice anywhere in the city suits their fancy -- get a new amenity? No. Just no. It's classist and racist. Winnipeg deserves better.	3/12/2025 1:12 AM
141	Cool - is the city going to offer rides to people who don't live anywhere near this? More amenities for the rich while the poor continue to deal with pool closures, wading pools turned into concrete spray pads, community centres neglected, and the loss of green space. Please show me where this is ANYTHING like this in the north end of the city	3/11/2025 9:18 PM
142	too loud. messy.	3/11/2025 9:01 PM
143	Would emphasis basketball courts and soccer fields, as these tend to be the most used.	3/11/2025 8:39 PM
144	I really don't think it's necessary to have a dedicated soccer field which takes up such an enormous amount of space.	3/11/2025 6:52 PM
145	West end and downtown need more leisure and recreational opportunities in order to keep their neighborhoods safe	3/11/2025 6:18 PM
146	Too far away from people who need them....	3/11/2025 6:16 PM
147	Indoor walking track for year-round use, with lots of views to the outdoors and daylight coming in like the Seven Oaks Wellness Centre. Walking is the single best, easiest, most effective, healthiest, cheapest, exercise on the planet.	3/11/2025 5:40 PM
148	we don't use those areas	3/11/2025 3:34 PM
149	South area of Winnipeg has been lacking many of these features, especially in the River Park South Area. We are often fighting for spaces with Waverley, Sage Creek, Island Lakes, St. Norbert and more.	3/11/2025 2:30 PM
150	Hockey rinks, cricket, and a rugby pitch would be amazing for the community	3/11/2025 2:25 PM
151	they either do not apply, or I wouldn't use them. I don't understand why you aren't spending more money in the inner city and older neighbourhoods. not cool.	3/11/2025 12:30 PM
152	My family are grown but we drove them to the areas they needed to be for recreation. So can south Winnipegers.	3/11/2025 11:53 AM
153	enough with the pickleball already	3/11/2025 11:47 AM
154	Why are we building new infrastructure while the old stuff crumbles? Why are we building more for those with more (ie. those living in the donut where all the money is) while we let the inner city decline?	3/11/2025 11:24 AM
155	There are some wonderful soccer fields that already exist on Waverly just south of Taylor. Let's make use of those?	3/11/2025 11:17 AM
156	Same s before: I am opposed to the whole idea of the rec centre when support for existing rec facilities in the inner city, where such are really needed, is dying. Maintain and improve the inner city facilities, and if anything is left over, use it for the suburbs then.	3/11/2025 11:02 AM
157	Soccer field does not suit the topography of the site and pond.maybe locate elsewhere	3/11/2025 10:55 AM

South Winnipeg Recreation Campus

158	There should also be some natural habitat. Encourages creative/ imaginative play and connection to nature for kids.	3/11/2025 10:39 AM
159	Don't need most of them.	3/11/2025 10:36 AM
160	Not enough greenspace.	3/11/2025 10:19 AM
161	Major redesign required.A direction arrow would be helpful. In my opinion isolate vehicles parking on the north side of the facility. Give the pickinic and spray pad adjacent location...visit the Lindenwood facility to see how it's used. Too focussed on vehicle access. Terrible site design	3/11/2025 10:11 AM
162	We will not be using these types of facilities	3/11/2025 10:08 AM
163	Spray pad isn't great for older kids	3/11/2025 9:51 AM
164	You haven't provided any details about the multi-use pathways. I can guess from a diagram, but you seem to use both grey and green to indicate pathways? I have safety concerns with the multi-use pathways. I would like there to be raised crossings, like at the Bill & Helen Norrie Library. Children are going to be crossing the main motorist entrance/exits to access amenities like the soccer field or the lounge area. Putting a chicane or a choker in to force motorists to slow down as they approach those crossings would be a good idea. Where is the (covered) bicycle parking, and how does that parking location change as phases get built? Are the multi-use pathways being designed with snow-clearing in mind? If they are flooded or icy or treacherous, they are not useful. What kind of seating or bleachers would be available for parents at the soccer fields or the courts? Will the picnic shelters have bbqs or grills available? Will they allow coals?	3/11/2025 9:40 AM
165	baseball specific area is needed!	3/11/2025 9:20 AM
166	Larger parking lot if the plan is to have all these amenities. Ice rink and soccer field - it will be filled by parents. These spaces look like you will have to book and not somewhere to go and hang out and kick a ball around. Change up the soccer field and include volleyball nets. Picnic tables but no shelters.	3/11/2025 9:18 AM
167	I don't see softball or baseball and that should be considered. The City needs more arenas and hockey is our primary sport - indoor ice should be a priority. I also see there is no outdoor ice - why not plan a covered outdoor rink or skating area (consider the fact that the City has tried to eliminate ice hockey on the lakes / ponds in the surrounding areas due to liability).	3/11/2025 9:10 AM
168	Too far from where I live	3/11/2025 9:09 AM
169	Not into skateboarding or BMXing at all so would rather see money go into pools and other sports	3/11/2025 9:09 AM
170	This is a done deal already, so why the scam survey?	3/11/2025 9:08 AM
171	Why are we building new facilities when we can't/don't want to maintain what we already have?	3/11/2025 9:06 AM
172	The city has a 26 billion deficit. Do not spend money we don't have!	3/11/2025 9:02 AM
173	There needs to be more than a spray pad for kids. There should be a pool and water slides.	3/11/2025 8:57 AM
174	I hope there will be alot of trees for shade.	3/11/2025 8:55 AM
175	These are inaccessible to my inner city family. Please do not use my tax dollars for suburban amenities that I will never be able to access.	3/11/2025 8:54 AM
176	please leave LOTS of room for parking, the orange area above says "future phases" which would then cut down on available parking. not everyone will walk, use transit or bike ESPECIALLY in the winter	3/11/2025 8:42 AM
177	will add to over usage by people that do not live in area. More traffic on over populated roads.	3/11/2025 8:39 AM
178	Keeping existing amenities open and funded would meet the needs of my family. This facility does not.	3/11/2025 8:36 AM
179	It would be nice if outdoor spray pads weren't exclusive to children. Everyone deserves to be able to enjoy outdoor water features in the summer.	3/11/2025 8:30 AM
180	poor design on picnic shelter ... to get out of sun & wind ... better in the shelter ... the concept	3/11/2025 8:30 AM

South Winnipeg Recreation Campus

is an architectural design ... lacking actual function ... if it is not broke ... do not fix it ...
function over fashion always wins

181	Spray pad area too small. Skate/bmx area too small and disconnected due to facility in the way. Lounge area cut by road...view will be road (road should go behind and along one end of soccer field. Greens space too small overall.	3/11/2025 8:30 AM
182	If an arena gets built, that doesn't leave much for greenspace	3/11/2025 8:23 AM
183	Not confident they will be maintained as CoW builds things without thought to a proper total cost of ownership and sustainment budgets that aren't simply targets for future cuts.	3/11/2025 8:20 AM
184	I don't live in this area so none of these facilities are of use to me. I live by Margaret Grant pool and it hasn't seen upgrades in years.	3/11/2025 8:17 AM
185	Kids can't learn to swim at a splash pad.	3/11/2025 8:13 AM
186	How about building something like this in the urban area of Winnipeg where it is needed.	3/11/2025 8:10 AM
187	i really like that you're putting in a skate park! kids need that	3/11/2025 8:08 AM
188	You are minutes away from NUMEROUS state of the art facilities. Do your homework! This building is NOT required. Go to Transcona or Unicity.	3/11/2025 7:28 AM
189	na	3/11/2025 7:18 AM
190	You should have a POOL	3/11/2025 6:23 AM
191	The new recreation centre in South Winnipeg is unnecessary given the nearby private facility. Meanwhile, core areas lack investment, with outdoor pools closing and infrastructure crumbling. Prioritize fixing inner-city recreational facilities over unsustainable suburban development.	3/11/2025 5:51 AM
192	There are already 2 splash ponds in bridgwater, Another would be unnecessary	3/11/2025 1:00 AM
193	Kids are to old for spray pad	3/11/2025 12:51 AM
194	Why does South winnipeg get this when the rest of the city is falling apart	3/10/2025 10:41 PM
195	Outdoor hockey rink. Generates revenue and is practical	3/10/2025 10:19 PM
196	Skating rinks needed	3/10/2025 7:57 PM
197	This does not say whether all of this space is accessible for walkers, wheelchairs, strollers etc. as it does not say if what the surface will be.	3/10/2025 7:35 PM
198	simply not needed	3/10/2025 6:36 PM
199	This City has nowhere decent to inline skate it roller skate.	3/10/2025 6:16 PM
200	Where is the parking for the soccer pitch and hockey rink? Where are bathrooms in relation to any of the outdoor areas?	3/10/2025 4:47 PM
201	There is a large community demand for several dedicated outdoor pickleball courts with regulation court lines as at La Flèche Park near River West Park School. Indoor courts would also be extremely popular and well used in the promotion of active, healthy lifestyles.	3/10/2025 4:33 PM
202	Dog park should be build in Brigwater area	3/10/2025 4:14 PM
203	Cricket field so all the Indians aren't at Assiniboine park all the time	3/10/2025 3:42 PM
204	There is no directional arrow showing the orientation of the courts. Please make certain the pickleball, Tennis and basketball courts are oriented N-S	3/10/2025 3:27 PM
205	You forgot a Beach Volleyball court!	3/10/2025 3:25 PM
206	Need indoor courts. There is a huge shortage of courts for Volleyball etc in the city.	3/10/2025 3:24 PM
207	dog walking park	3/10/2025 3:14 PM
208	Because you are building them in an inaccessible area of the city for anyone that doesn't have a car or money to get there. Shameful you don't put this much effort into the other community centers in the city	3/10/2025 2:42 PM

South Winnipeg Recreation Campus

209	Is it possible to construct a field hockey court with field hockey markings (not the same as soccer field markings)?	3/10/2025 2:10 PM
210	Have no use for Pickleball court, a play structure would have be nice!	3/10/2025 2:10 PM
211	Again, I want to comment on the fact that none of these are accessible in the interstate after several locations have been closed And while there seems to be a variety of outdoor amenities, how accessible are they especially to those who Our lower income and have to travel further to get to these facilities	3/10/2025 1:54 PM
212	Hockey Complex! It is unbelievable that there is not appropriate hockey facility in an area that is the size of Brandon. Can you imagine if Brandon had no rinks at all?	3/10/2025 1:19 PM
213	Many suitable facilities all ready in area	3/10/2025 1:08 PM
214	I think having a swimming pool is a must in any recreational facility. I live in Bridgewater and there is no swimming pool nearby. Having such a big community, it would be nice to have a swimming pool in the recreational facility.	3/10/2025 1:00 PM
215	Is there any plans for a garden?	3/10/2025 11:26 AM

Q5 If any recreation amenities do not meet your expectations, please tell us why in the space below.

Answered: 175 Skipped: 435

#	RESPONSES	DATE
1	There are similar facilities around Winnipeg, no need to build another one.	4/6/2025 5:44 PM
2	.	4/6/2025 12:38 PM
3	How about a climbing wall ?	4/6/2025 11:27 AM
4	Need giant curtains to separate/protect so some gym area can be used for baseball training.	4/5/2025 8:08 AM
5	The look ok. The movement studio should not have a glass wall like surrounding the track - to make more private/quite for classes like yoga etc.	4/3/2025 12:00 PM
6	I'd prefer an indoor field house that could accommodate soccer, baseball, some football and cricket. There seems to be a big focus on basketball/volleyball with 7 courts out side and 3 inside.	4/1/2025 11:01 AM
7	There seems to be more "rent able" space than usable space being developed. If a family were to attend the kids cannot use the fitness area, or the movement studio. So really the only thing that can be used for the first phase would be the gymnasiums, and in my experience that is limited when there are teenagers or people using them for group events.	3/31/2025 1:50 PM
8	Swimming pool?	3/27/2025 8:39 PM
9	I have some concern about acoustics. This space looks like it could become very loud and overwhelming to those with sensory issues.	3/26/2025 9:21 PM
10	There should be an indoor field house able to host baseball activities along with outdoor baseball diamonds.	3/26/2025 7:12 PM
11	A gentle reminder that you need score clocks in the gymnasium area at least 6 is needed. Would like more details on what type of weight training equipment is availbale	3/25/2025 2:21 PM
12	Wpl pickup locker before phase 2 library is built	3/25/2025 9:10 AM
13	Ice rink she be a priority	3/24/2025 12:57 PM
14	Training equipment and area for baseball training. Winnipeg south athletes are home to this area, but they don't have their own facility for training. Winnipeg south players currently have to drive to U of W to have an indoor space. Please add another.	3/24/2025 12:34 PM
15	No need for fitness centre. There is enough in the area with both good life and Altea	3/24/2025 7:57 AM
16	Sounds great!	3/23/2025 7:42 PM
17	I think fitness center is little small considering the community size.	3/23/2025 10:43 AM
18	I'll never use any of them, they are not centrally located and too far away to access.	3/22/2025 10:29 PM
19	There needs to be more than one arena. There are 2 old arena in south Winnipeg that need replacing. There is also the need for an arena for Bridgwater. All the other areas of Winnipeg have sport plexes with multiple areas. Why is the south limited to only one? I see that there is an alternative location allocated to the arena. Why not have an arena in both locations? Why not add a third? Why isn't there an outdoor rink for the winter?	3/22/2025 7:29 PM
20	We need a location for Seniors - PAL is very active in the community but can't get a permanent space for activities.	3/22/2025 4:03 PM
21	They will meet needs.	3/22/2025 3:58 PM
22	I am a member at Dakota Fieldhouse. When the gym is used for large group or team activities	3/22/2025 11:32 AM

South Winnipeg Recreation Campus

such as volleyball or basketball with spectators the noise level on the track can be deafeningly high. Retractable curtains along the edge of the track would help to alleviate this.

23	I wish the ice rinks were prioritized as phase 1	3/22/2025 10:33 AM
24	Will these rooms be available to book for birthday parties? Eg. YMCA offers gym space for sports, bouncy castle, room for cake and food, and allows use of pool.	3/21/2025 10:51 AM
25	We are in desperate need of an indoor hockey rink as the area grows faster than expected and our older rinks are so dated	3/21/2025 9:50 AM
26	I don't play cricket but many new citizens do and I think it would be a good idea to keep this in mind	3/21/2025 7:43 AM
27	is there a weight lifting room? How about a canteen/restaurant?	3/20/2025 11:16 PM
28	See previous response. NO money. City is bankrupt!!!	3/20/2025 7:37 PM
29	Also, make sure we can use the space year round. Don't keep half the space for summer use when summer is so short.	3/20/2025 7:31 PM
30	I think there should be an INDOOR PLAYGROUND for preschoolers and older kids. As Winnipeg is a city with at least 5 months of cold weather.	3/20/2025 7:27 PM
31	Need baseball diamonds - not enough around	3/20/2025 6:33 PM
32	This is ridiculous already!! Spend the money all over the city not just in one neighborhood.	3/20/2025 6:16 PM
33	Baseball field and or batting cages. Will there be a swimming pool?	3/20/2025 5:33 PM
34	Batting cages for baseball need to be added.	3/20/2025 4:23 PM
35	no indoor ice arena is included in Phase 1, this is a huge miss. Our community needs more ice arenas for our hockey and ringette players. Waiting for Phase 2 it is not acceptable. The need is now.	3/20/2025 1:17 PM
36	No baseball/softball diamonds mentioned. South Winnipeg has insufficient ball diamonds. Not an expensive addition to this plan for the return it provides for years to come.	3/20/2025 12:44 PM
37	A child's play area and a "kids club" for parents participating in activities would be amazing (separate from a licensed child care facility).	3/20/2025 12:02 PM
38	do not \$\$\$\$\$\$\$\$\$\$\$\$\$\$	3/20/2025 10:58 AM
39	Rinks are being put in way too late there is no consideration for baseball. there are 2 splash pads within the vicinity so why duplicate?	3/20/2025 10:53 AM
40	The location of the facility is not convenient for me.	3/20/2025 10:30 AM
41	An additional indoor turf space for Baseball and other field sports, usable throughout the winter.	3/20/2025 10:26 AM
42	Sounds good	3/20/2025 10:09 AM
43	I do believe a pool for laps and lessons would be beneficial	3/20/2025 9:55 AM
44	There is already 2 brand new facilities within 5 minutes drive. More focus should be given on lack of amenities for current programs. Minor Hockey, Minor Baseball, and Cricket should all be in the first phase.	3/20/2025 9:11 AM
45	Will there be spaces dedicated to senior groups? Organizations like Pembina Active Living need an affordable home-base to operate out of.	3/20/2025 8:50 AM
46	One gymnasium that can facilitate baseball training. For example: dedicated batting and pitching cages.	3/20/2025 8:49 AM
47	Again, indoor space for baseball, or other sports that are typically spring/summer, but would benefit from having indoor spaces to practice in the fall/winter	3/20/2025 8:39 AM
48	Why close down the existing recreation spaces and pools in and around the inner city to build this massive sports plex in a rich neighbourhood.	3/20/2025 8:29 AM
49	Nothing for baseball?	3/20/2025 8:23 AM

South Winnipeg Recreation Campus

50	Where is the arena and baseball amenities?	3/20/2025 8:21 AM
51	I like enjoying and play basketball deaf	3/20/2025 12:18 AM
52	We can't afford any of this	3/19/2025 6:12 PM
53	A Futsal International pitch - requiring possibly to go across two basketball courts depending on the size of the space and the floor without any obstacles There is a possibility to host National Futsal Competitions if the pitch is available - Manitoba Soccer is willing to partner - please contact us 204-594-5810. Also need referee dressing rooms for the different competitions in every sport.	3/19/2025 3:05 PM
54	Please please please build and indoor pool. We do not have enough in this city to support swimming lesson needs of our children	3/19/2025 1:26 PM
55	Kitchen area should be able to accommodate outdoor events so increase capacity. Keep in mind need for 'canteen' service from kitchen as well- may need to consider placement to serve indoor and outdoor venues.	3/19/2025 10:19 AM
56	A refectory? Maybe I missed that...	3/19/2025 7:18 AM
57	What are you offering for seniors that have disability issues.	3/18/2025 8:35 PM
58	bigger fitness centre please.	3/17/2025 10:29 PM
59	Just make sure there are a lot of fitness classes!	3/17/2025 6:18 PM
60	I am a part of the BOD for Crocus Handball Manitoba and it would help our community if we could include the official lines and equipment to meet the criteria of the IHF for Team Handball.	3/17/2025 1:52 PM
61	Why are there so many gymnasiums? There are 2 schools adjacent that already have gymnasiums.	3/17/2025 11:53 AM
62	Specific space for Older Adults to have programs and classes.	3/17/2025 11:39 AM
63	Swimming pool. Larger gym room for more people. Sonar room.	3/17/2025 11:24 AM
64	Squash and racquetball courts	3/17/2025 11:23 AM
65	Please put lines in the gymnasium for Dodgeball	3/17/2025 10:49 AM
66	Bigger and more of them	3/17/2025 9:45 AM
67	corners of track are too square and flat for runners (check Jim Daly track at U of M) eliminating use for next door school competitions	3/17/2025 8:01 AM
68	We can use an indoor ice rink, outdoor rink would be good too. I see this is proposed in future phases.	3/15/2025 4:32 PM
69	Please ensure the building features large windows. We don't want to be so worried about building an energy efficient building that it ends up looking like a jail with tiny windows. The primary raison d'être for a building is to meet the needs of people and the purposes they use it for. Energy savings is a much much lower priority. Please don't waste my tax money building a LEED gold or silver (or anything) building. I don't care how much energy the building uses, as long as it is designed reasonably to practical standards and fit for purpose.	3/15/2025 3:23 PM
70	Baseball diamond(s) or indoor space referencing the use of baseball training.	3/15/2025 1:56 PM
71	Will the indoor built environment have a scent/fragrance free policy? Will this be posted in the rooms and entrances? Question 6 below, will the soap be unscented?	3/15/2025 12:43 AM
72	It would be nice if there was a lounge area for people to drop in, sit down and visit socially.	3/14/2025 4:09 PM
73	Raising every tax for this shit.	3/14/2025 11:52 AM
74	Unsure what a universal change room is. A private, lockable type room?	3/13/2025 10:30 PM
75	One concern about the fitness centre is that if it can only accommodate 30-50 people, it will be extremely busy during peak periods and may be difficult to actually make use of.	3/13/2025 7:23 PM
76	That's a lot of fitness areas, will they all get used? There are lots of private gyms in the area for classes.	3/13/2025 7:14 PM

South Winnipeg Recreation Campus

77	The north end and other low-income areas of the city need a recreation centre like this. The South end already has the U of M and Altea.	3/13/2025 6:12 PM
78	Are any of these suitable for a seniors group to make use of several days a week on an ongoing basis	3/13/2025 4:26 PM
79	All of them because it isn't accessible to all of the taxpayers!	3/13/2025 3:48 PM
80	We need an arena.	3/13/2025 3:38 PM
81	So property taxes go up for this? When this area was not even properly taxed for their infrastructure at build?	3/13/2025 3:23 PM
82	Huge cost for this will only increase property taxes more for a select few of the city residents. It's SO obvious the south is favoured ... that needs to END alreadyy !!!	3/13/2025 2:20 PM
83	Swimming pool is highly recommended. A indoor swimming pool is in high demand and can run throughout the year. So that residents can use it even in winter. Skating rink is also recommended too.	3/13/2025 9:23 AM
84	Waste of my tax dollars. Either put it central for the whole city or don't bother	3/13/2025 3:12 AM
85	Yes	3/12/2025 11:14 PM
86	This sounds good.	3/12/2025 10:29 PM
87	The walking/running track should be wider so that those who want to walk in pairs do not block too much of the track. To avoid controversy, just make washrooms/change rooms individual rooms almost like out houses or change rooms in a store with sinks, lockers, etc in a common area. This is the correct way to avoid controversy over washroom/change room configuration as well as increase safety for all by retaining privacy, but keeping things public enough to avoid issues. Anything else will unset at lease one group.	3/12/2025 9:26 PM
88	I was expecting the fitness area to accommodate far more people	3/12/2025 8:37 PM
89	I would like to have the multi purpose rooms assigned to the Seniors in South Winnipeg in regards to PAL meetings.	3/12/2025 8:24 PM
90	The kitchen should be large enough to handle cooking demos or hands-on demos.	3/12/2025 8:06 PM
91	Will there be a strong seniors program?	3/12/2025 6:47 PM
92	Tai Chi is very beneficial to all ages and very popular	3/12/2025 6:36 PM
93	Phase 1 has amenities unlikely to bring in measurable revenue. Would an arena bring better revenue? Pool?	3/12/2025 4:19 PM
94	Again, no mention of designated areas available to senior groups.	3/12/2025 3:04 PM
95	Waste of taxpayer money. You cannot justify spending on this while increasing peoples taxes.	3/12/2025 2:03 PM
96	Any chance of indoor squash courts?	3/12/2025 1:42 PM
97	I just hope there is going to be enough space in the fitness centre to accommodate all these people in the areas of bridgwater forest lakes and trails as well as bison run and all the other people from different areas who will come use this facility	3/12/2025 1:33 PM
98	Would like hot yoga studio.	3/12/2025 1:25 PM
99	Gym needs to be bigger. Pickle ball should be inside as well. Group classes are great as long as the schedule coverage is good.	3/12/2025 12:53 PM
100	Pickleball courts?	3/12/2025 11:40 AM
101	It seems all of the amenities that my family and I were most excited are in phase 2. We already have a gym in the area. We need a public pool and library more than a track field. Should have been prioritized better	3/12/2025 10:53 AM
102	I feel the fitness centre is too small for the size of the area and only growing bigger.	3/12/2025 10:42 AM
103	More small-medium rooms for arts and crafts classes - from senior point-of-view.	3/12/2025 10:34 AM
104	I'm happy with the plan	3/12/2025 9:17 AM

South Winnipeg Recreation Campus

105	indoor tennis courts and pickle ball courts should be added	3/12/2025 8:05 AM
106	30-50 in the fitness center seems small... the rest looks great There's no space for comment below. I'm all for universal access, but I believe people should have the choice. Both options should be available. I'm also assuming a uni resale change room would provide change rooms or cubicles for privacy and would also function as a "family change room." Using these would be a requirement in these rooms. (See the family change room in steinbach aquatic center for what I mean. The offer all these options there men/women/family.)	3/12/2025 8:05 AM
107	Fitness centre is too small to accommodate the growing number of families moving into the area.	3/12/2025 7:49 AM
108	I think the city would be benefit the most from an indoor leisure pool with A lazy river, waterslide, wave pool. For a city our size we should have at least one big indoor leisure pool	3/12/2025 7:29 AM
109	Do not build this facility. We cannot afford this. The people in this neighbourhood choose to live car-bound lives. They can drive to any rec centre in the city. Use our meagre funds to keep existing rec centres/pools open, especially in the inner city.	3/12/2025 1:13 AM
110	This is not a budget priority while the rest of the city suffers so this council can have a place to hang out with their friends	3/11/2025 9:19 PM
111	ice rink. curling rink. bocce ball.	3/11/2025 9:02 PM
112	Would encourage larger fitness area, and less meeting rooms. Fitness areas are used a lot, while recreational rooms often sit empty.	3/11/2025 8:40 PM
113	I want downtown and west end to develop such opportunities to keep the youth engaged and healthy	3/11/2025 6:19 PM
114	We need these facilities nearer the inner city and north end.	3/11/2025 6:17 PM
115	This looks similar to Seven Oaks Wellness Centre. I like it. Just be sure the upper levels are easily accessed by people with limited function.	3/11/2025 5:42 PM
116	Universal change room - I'm assuming family washrooms.	3/11/2025 2:32 PM
117	Would like a public pool for lessons and exercises	3/11/2025 2:26 PM
118	Mostly I would use an indoor walking track.	3/11/2025 1:06 PM
119	they are too far away for me to enjoy.	3/11/2025 12:31 PM
120	You should be building this. You can't maintain the infrastructure we have. Close bridges and pools, but build new complexes in rich areas. Please resign.	3/11/2025 11:25 AM
121	Question: It all looks wonderful. How come this isn't a similar plan for Transcona? Considering that South Winnipeg has so many other facilities like Margaret Grant, Pan Am, U of M and others - Transcona doesn't have half or a third of these 'other options'. Transcona could benefit from a larger recreation facility like this that is being planned to be build by its newer Public Library on Transcona Blvd.	3/11/2025 11:20 AM
122	Same s before: I am opposed to the whole idea of the rec centre when support for existing rec facilities in the inner city, where such are really needed, is dying. Maintain and improve the inner city facilities, and if anything is left over, use it for the suburbs then.	3/11/2025 11:02 AM
123	Pottery studio	3/11/2025 10:56 AM
124	All of these should be built by the private sector	3/11/2025 10:48 AM
125	Lap pool	3/11/2025 10:13 AM
126	There is no dedicated space for Pembina Active Living (55+), a seniors' organization in South Winnipeg which has been in existence for more than 15 years and which has been lobbying for a permanent place in a City of Winnipeg Facility for many years. We need space for storage of our equipment, classrooms for at least 50 people and an event room for at least 200 people along with kitchen facilities.	3/11/2025 10:10 AM
127	Fitness center might be too small	3/11/2025 9:55 AM
128	There are no indoor waterparks in the city. This would be a wonderful attribute that could be run	3/11/2025 9:52 AM

South Winnipeg Recreation Campus

all year-round, even with the cold winters! Just something to think about!

129	baseball specific training space, turf or batting cages.	3/11/2025 9:21 AM
130	Do we need all these multi purpose rooms for meetings? Should we not be focusing on sports and leisure spaces?	3/11/2025 9:20 AM
131	Why focus on meetings, classes and small gatherings versus recreation as a priority? Wouldn't fitness and gym be a higher priority than hosting events? IE Daily use and memberships?	3/11/2025 9:12 AM
132	Way too expensive.	3/11/2025 9:10 AM
133	It's too far from my home!	3/11/2025 9:09 AM
134	Why are we building new facilities when we can't/won't maintain what we already have?	3/11/2025 9:08 AM
135	The city has a 26 billion deficit. Do not spend money we don't have!	3/11/2025 9:03 AM
136	Fitness centre seems small	3/11/2025 8:57 AM
137	This campus is located in the suburbs, and will largely be inaccessible to my family.	3/11/2025 8:55 AM
138	A much larger fitness centre should be included. 30-50 people in a location close to both the university and the developments in south Keaston is not a very large capacity.	3/11/2025 8:34 AM
139	3 gymnasiums is too many	3/11/2025 8:33 AM
140	no	3/11/2025 8:32 AM
141	The amenities are located at Frank Kennedy Centre at UofM - why is that too far for this affluent neighbourhood to travel? it is exceptionally accessible by bike and transit.	3/11/2025 8:22 AM
142	Again Winnipeg cannot afford all of this.	3/11/2025 8:18 AM
143	Swimming pool if possible	3/11/2025 8:15 AM
144	Makes Sense	3/11/2025 8:13 AM
145	i'd love an indoor swimming pool with warm water and maybe some fun features like a lazy river	3/11/2025 8:10 AM
146	indoor children's spray pad	3/11/2025 8:09 AM
147	You have the University facilities, you have Shapes fitness and not to mention Altea fitness. These are all excellent facilities that other areas don't have. So why add even more. It's crazy!!	3/11/2025 7:30 AM
148	it needs to be accessible for People who have Walkers and Wheelchairs and Blind People, how Gender Neutral Washrooms	3/11/2025 7:23 AM
149	None of them are pools, get a pool the city does not have enough pools	3/11/2025 6:25 AM
150	The new recreation centre in South Winnipeg is unnecessary given the nearby private facility. Meanwhile, core areas lack investment, with outdoor pools closing and infrastructure crumbling. Prioritize fixing inner-city recreational facilities over unsustainable suburban development.	3/11/2025 5:51 AM
151	A public library. Bridgwater is near the university of manitoba, with recent projects building multiple apartment complexes, yet there is no library nearby. With coffee shops going out of business recently in bridgwater, a space for students to be able to study, both highschool and university level would be ideal	3/11/2025 1:02 AM
152	Add a swimming pool.	3/10/2025 10:49 PM
153	Should have at least 6-10 indoor pickleball courts ..fastest growing sport	3/10/2025 10:42 PM
154	Lots of private gyms around, focus on what the community need; soccer fields, hockey rinks (indoor and outdoor), multiple indoor hockey rinks, volleyball courts, etc	3/10/2025 10:22 PM
155	Suggestion when staining the courts make the volleyball court area one shade darker. The lines at Dakota fieldhouse make it hard to ref. Also make sure that there is walking space behind bleachers ON BOTH SIDES of the facility when 6 volleyball courts are in use. Again	3/10/2025 10:08 PM

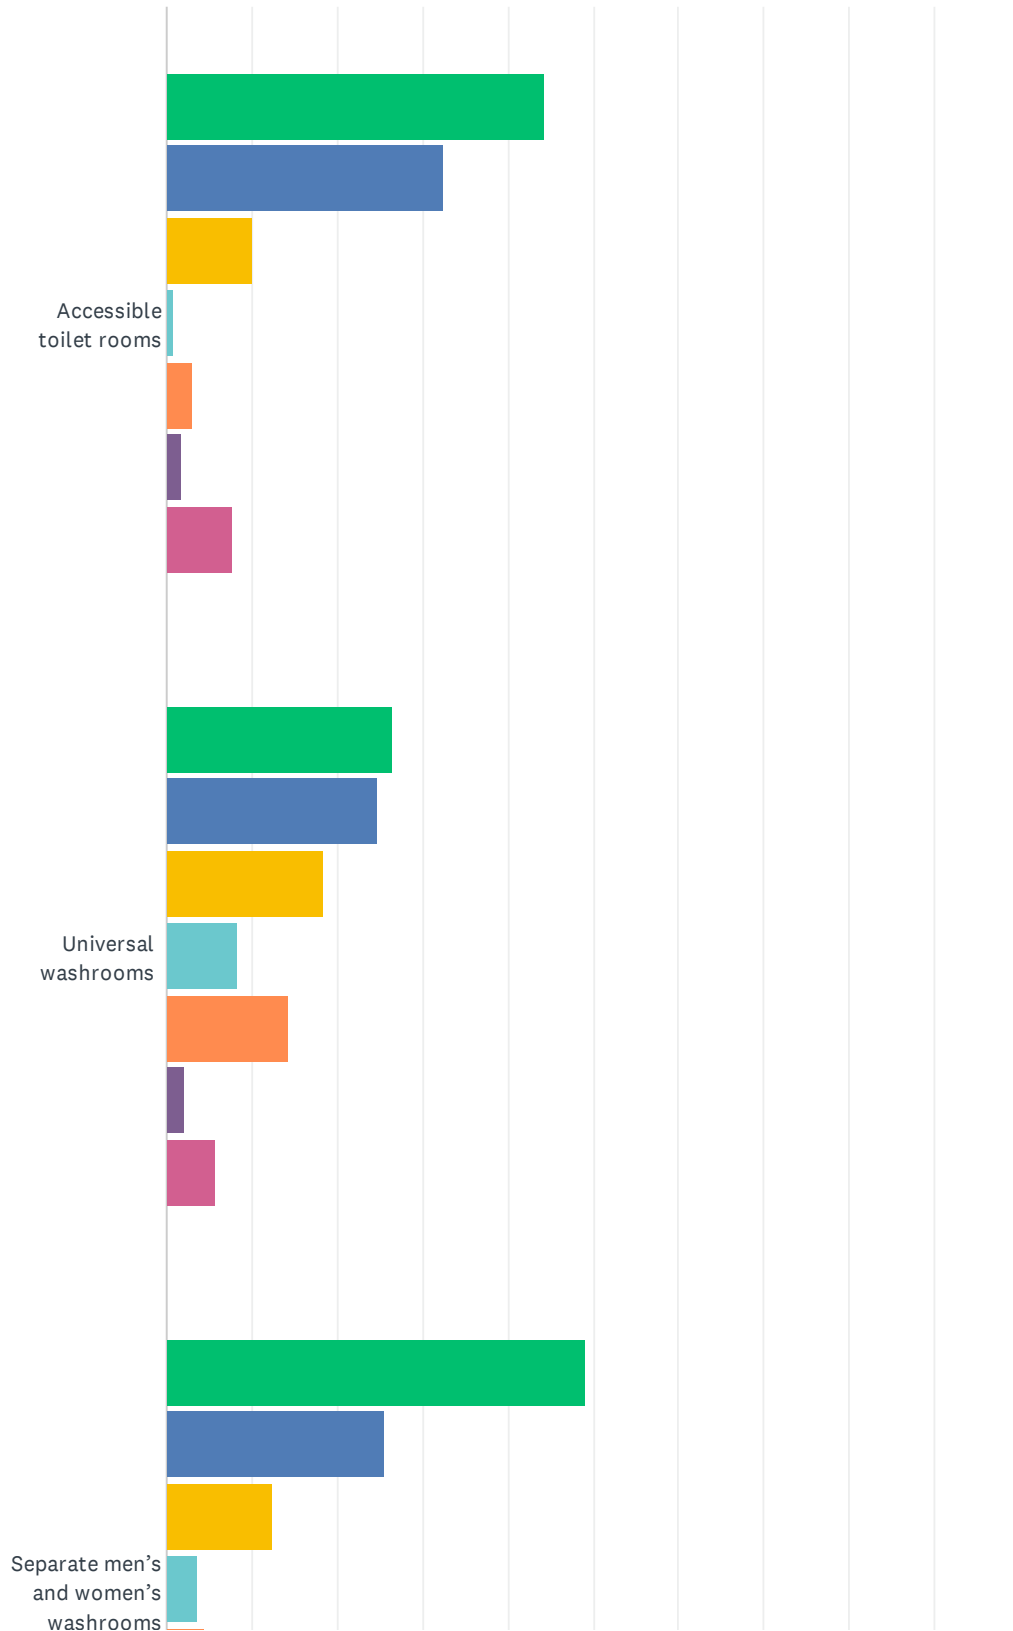

South Winnipeg Recreation Campus

this is another flaw with the east side of Dakota Fieldhouse gymnasium that you need to learn from.

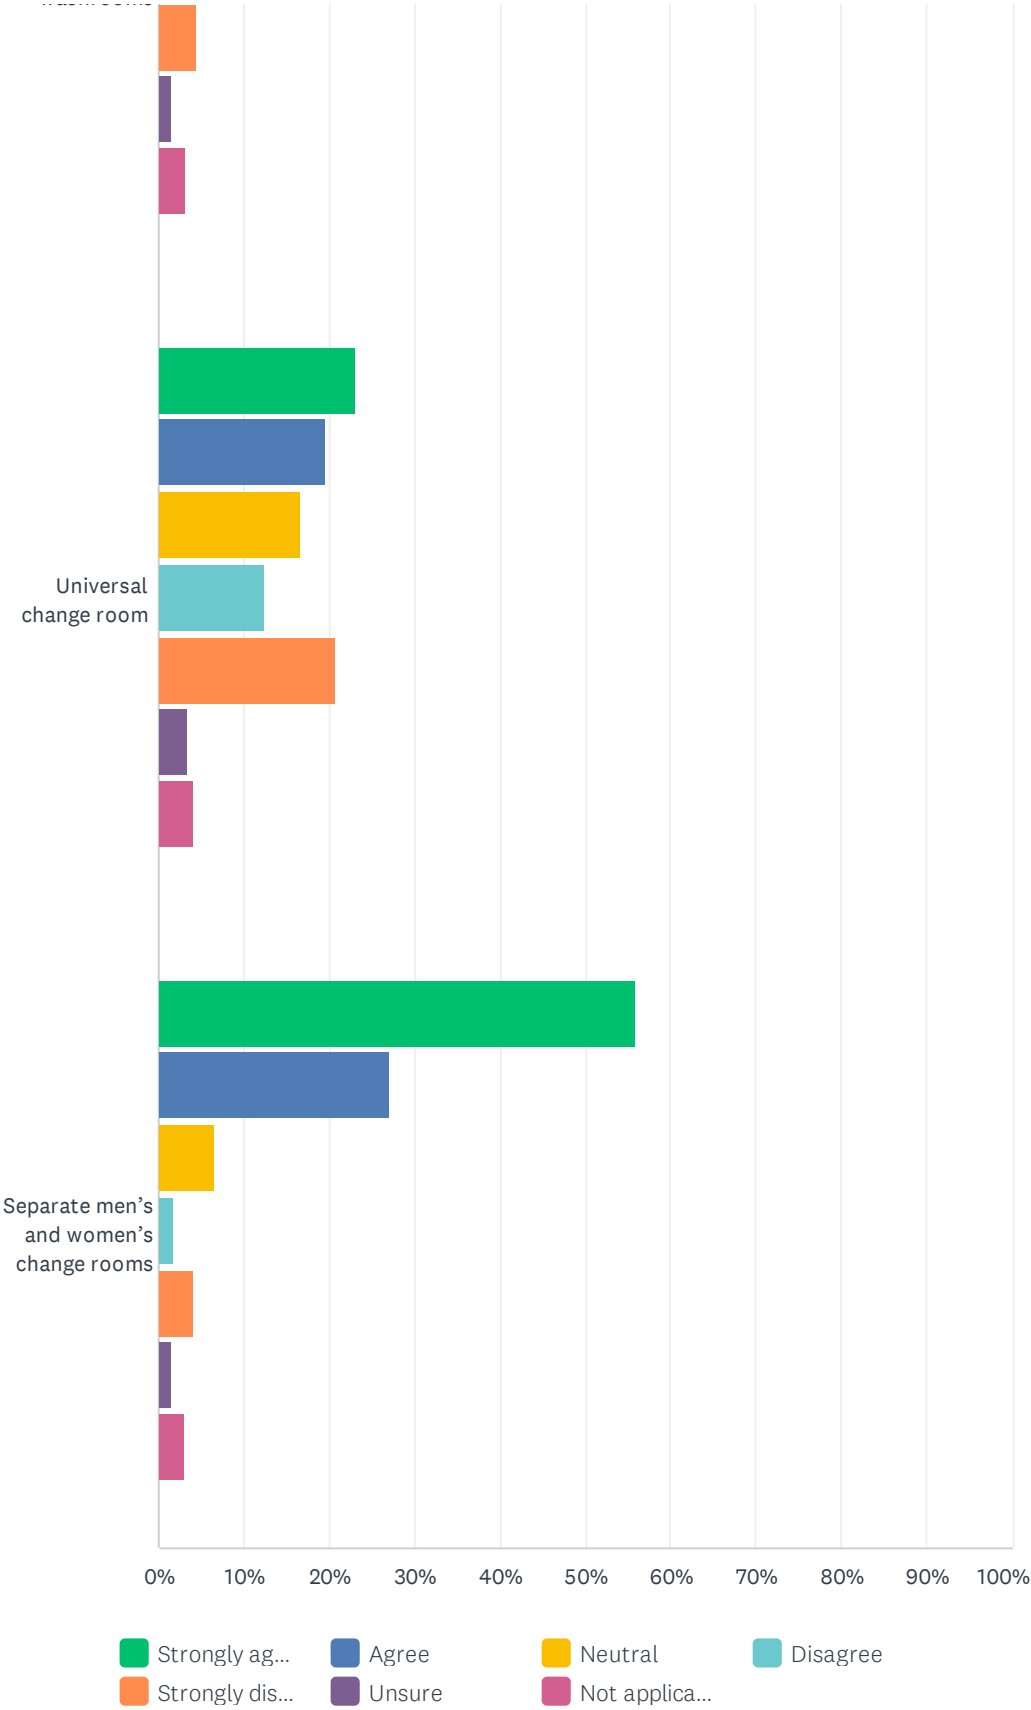

156	Indoor and outdoor ice rinks needed; indoor swimming pool needed	3/10/2025 7:58 PM
157	An indoor playground for kids would be amazing!	3/10/2025 7:40 PM
158	It does not say anything about the cost for memberships or entrance fees? Is there an elevator for what looks like a second floor? Will the meeting rooms be available for a senior's club?	3/10/2025 7:40 PM
159	Do people actually look to a city facility for these types of events (parties, cooking)?	3/10/2025 5:50 PM
160	No pool?	3/10/2025 5:14 PM
161	No indoor turf area.	3/10/2025 4:49 PM
162	Self study room Coffee , bbq area	3/10/2025 4:16 PM
163	Please try to maximize the amount of indoor court space. We are a winter nation, and indoor court space will keep our community active in playing sports year-round.	3/10/2025 4:15 PM
164	Ensure that there is room for teams to congregate between tournament matches etc.	3/10/2025 3:25 PM
165	sounds good but would have been better to locate this at Barber arena by pan am pool	3/10/2025 3:16 PM
166	Larger gym space to accommodate more people	3/10/2025 2:19 PM
167	They'd need to be fully accessible for people with disabilities. Consultation with people with disabilities to ensure this is the ideal way to achieve this.	3/10/2025 2:15 PM
168	Could we please have a dedicated indoor field hockey turf? with field hockey marking? We are Rovers FHM and we are dedicated to promoting the sport among youth ages 8-16. A lot of our players live in Bridgwater and River Heights. We travel a long distance every week to Gateway Rec Center to practice. It would be awesome if we had an indoor field hockey court.	3/10/2025 2:14 PM
169	There is nothing for toddler or kids, like an indoor playground or climbing area! This will be the third gym in the area, do no need another gym!	3/10/2025 2:13 PM
170	A combination of spaces so not just strictly separate men's and women's, but adding an additional universal and a family Change rooms. Toilet rooms can all be universal	3/10/2025 1:56 PM
171	Hockey Complex! It is unbelievable that there is not appropriate hockey facility in an area that is the size of Brandon. Can you imagine if Brandon had no rinks at all?	3/10/2025 1:19 PM
172	Too costly high income area that can pay for their own private areas	3/10/2025 1:09 PM
173	There should be an indoor pool which can be used year around.	3/10/2025 1:01 PM
174	Will there be a gymnasium with high ceilings? With inclusion of a viewing area?	3/10/2025 11:28 AM
175	What about a library? We already have Altea a block away.	3/10/2025 11:20 AM

Q6 Do you agree or disagree that the following change room and washroom options will meet the needs of you and your family?

Q7 The South Winnipeg Recreation Campus will include public art. What do you want the public art to achieve? (Check all that apply)

Answered: 546 Skipped: 64

ANSWER CHOICES	RESPONSES	
Beautify and liven the recreation centre	67.77%	370
Reflect our many cultures	42.31%	231
Promote community pride	43.41%	237
Encourage social change	22.34%	122
Reflect on the social and natural history of the area	41.03%	224
Be interactive	27.66%	151
Inspire conversation	28.39%	155
Other (please specify)	16.30%	89
Total Respondents: 546		

#	OTHER (PLEASE SPECIFY)	DATE
1	Asking about art and rec when the city is crumbling, tone deaf	4/6/2025 5:47 PM
2	1. How good citizens should take care of property 2. Things we should take care of while using the facilities (in form of easy diagrams)	4/6/2025 11:34 AM

South Winnipeg Recreation Campus

3	Indigenous art and a living wall would be great	4/4/2025 2:05 PM
4	Be inspirational and help boost people	3/31/2025 2:39 PM
5	Incorporate American Sign Language and/or Deaf Artists	3/27/2025 8:40 PM
6	Be sure all cultures are included	3/27/2025 8:00 PM
7	I would like to see any money spent going to local artists. Having said that, I hope that the focus for funds is programs. Any art should require minimal maintenance.	3/26/2025 1:29 PM
8	NA	3/25/2025 2:27 PM
9	Who cares. I'll never get there nor will any of the people who desperately need access to recreational facilities in the underserved neighbourhoods.	3/22/2025 10:31 PM
10	Local artists	3/22/2025 12:00 PM
11	Reflect Indigenous cultures	3/21/2025 10:37 PM
12	Affordable local artist Outdoor sculptures	3/21/2025 7:45 AM
13	Waste of money; look at how much we are in debt and ask yourself if that makes sense. You can even fix the fountain in bridgewater forest or cut the weeds back that over grow on our walking paths in Assiniboine Forest. When I call 311 5 kids are walking around looking for stuff but nobody does anything. Quit wasting money.	3/20/2025 7:35 PM
14	Nature	3/20/2025 7:30 PM
15	Waste of money we don't have! But you will just keep raising our taxes for it!	3/20/2025 6:21 PM
16	Art will just become agenda pushing.	3/20/2025 5:35 PM
17	Made by winnipeg artists	3/20/2025 4:18 PM
18	Kids art work	3/20/2025 4:00 PM
19	Encourage social gathering	3/20/2025 3:51 PM
20	not required	3/20/2025 1:09 PM
21	enough with the social engineering. its getting tiresome.	3/20/2025 9:19 AM
22	Feature local artists	3/20/2025 9:14 AM
23	If this recreation centre has indigenous art, when the city has shut down the services in areas of the city where more indigenous people live that would feel very tone deaf to me.	3/20/2025 8:31 AM
24	Inspire kids to want to play more sports with pictures of some of the best sports moments in history	3/20/2025 8:28 AM
25	The amenities are more of a priority to me than the artwork so I'm impartial to this.	3/20/2025 8:17 AM
26	We are broke. Don't build it	3/19/2025 6:13 PM
27	support local artists in the area; be evergreen vs static	3/19/2025 10:21 AM
28	Don't care	3/17/2025 11:54 AM
29	Save the money for more important things	3/15/2025 4:13 PM
30	Promote Canadian values and Canadian Patriotism.	3/15/2025 3:30 PM
31	Reflect the need for healthy air indoors and out. Educate others.	3/15/2025 12:49 AM
32	inspire healthy living and physical activity	3/14/2025 2:26 PM
33	Stop the wasteful spending	3/14/2025 11:54 AM
34	The north end and other low-income areas of the city need a recreation centre like this. The South end already has the U of M and Altea.	3/13/2025 6:12 PM
35	My tax dollars are being raised so that you can provide art to this facility?	3/13/2025 3:54 PM
36	So we also want to pay artists to decorate it?	3/13/2025 3:24 PM

South Winnipeg Recreation Campus

37	DON'T WASTE MORE MONEY ON OVERPRICED UGLY ART	3/13/2025 2:24 PM
38	Not everything needs to be a statement for social change.	3/13/2025 10:06 AM
39	Local artists	3/13/2025 3:13 AM
40	Skip this expense. It will just offend someone.	3/12/2025 10:31 PM
41	Local artisans, crafters. Locked display cases, mannikins for clothing display.	3/12/2025 8:17 PM
42	Changeable displays local artists	3/12/2025 6:53 PM
43	We cannot afford to be wasting money on useless art while you are taking money out of peoples pockets.	3/12/2025 2:04 PM
44	NATURE - Animals and Landscapes	3/12/2025 12:56 PM
45	Give encouragement to kids and the youth. How to live wisely rather than addicted to drugs and other things.	3/12/2025 11:09 AM
46	Promote local talent, inspire movement, togetherness, community	3/12/2025 8:08 AM
47	Unnecessary for this facility.Use bright multi colored paint scheme.	3/12/2025 5:29 AM
48	Do not build this facility. We cannot afford it.	3/12/2025 1:14 AM
49	City council continues to ignore the north end	3/11/2025 9:20 PM
50	Please pay attention to the older neighborhoods	3/11/2025 6:20 PM
51	We need art accessible closer to the city centre.	3/11/2025 6:18 PM
52	Change frequently. There's nothing more boring than public art the never changes.	3/11/2025 5:46 PM
53	None of above	3/11/2025 3:27 PM
54	No comment. Perhaps the public art should be donated by the artists?	3/11/2025 1:08 PM
55	another waste of money	3/11/2025 11:54 AM
56	Let's keep the public art 'neutral' reflecting community pride and the nature history of the area.	3/11/2025 11:30 AM
57	No.	3/11/2025 11:26 AM
58	not required in the first place	3/11/2025 10:53 AM
59	Dynamic display...change it up on a recurring schedule ...inspire encourage local artists	3/11/2025 10:16 AM
60	display art produced by our South Winnipeg residents.	3/11/2025 10:15 AM
61	Not interfere with wildlife in the area.	3/11/2025 10:02 AM
62	Whatever as long it's not political at all in any way.	3/11/2025 9:56 AM
63	none	3/11/2025 9:54 AM
64	Non existent	3/11/2025 9:32 AM
65	Please show other cultures besides just indigenous artwork.	3/11/2025 9:23 AM
66	Indigenous art! The south end does not reflect this - before reaching other cultures start with representing the Indigenous Culture. Shame on the South End for not even considering this as an option!	3/11/2025 9:22 AM
67	Art is all of these, why are you asking this question?	3/11/2025 9:14 AM
68	We don't need it.	3/11/2025 9:09 AM
69	Not be alienating or overly text-based. Show me, don't tell me what the art is about.	3/11/2025 9:05 AM
70	The city has a 26 billion deficit. Do not spend money we don't have!	3/11/2025 9:03 AM
71	I'd like no public art, I would like to see plans for this facility shelved until we repair critical infrastructure.	3/11/2025 8:57 AM

South Winnipeg Recreation Campus

72	just added "fluff" more money	3/11/2025 8:42 AM
73	Primarily local/winnipeg/manitoba artists	3/11/2025 8:41 AM
74	List all the closed city facilities to fund this.	3/11/2025 8:40 AM
75	support (financially) local artists who are Indigenous	3/11/2025 8:38 AM
76	I	3/11/2025 8:35 AM
77	happiness	3/11/2025 8:34 AM
78	Where is the money coming from to complete any of this?	3/11/2025 8:27 AM
79	Force the public to face inconvenient truths.	3/11/2025 8:23 AM
80	Just no woke crap. There's way too much of that already in Winnipeg. Keep it simple and stop trying to promote DEI	3/11/2025 8:17 AM
81	It doesn't just have to be aboriginal.	3/11/2025 8:16 AM
82	Waste of money	3/11/2025 8:12 AM
83	Anything other than this. Wast of money.	3/11/2025 7:34 AM
84	The new recreation centre in South Winnipeg is unnecessary given the nearby private facility. Meanwhile, core areas lack investment, with outdoor pools closing and infrastructure crumbling. Prioritize fixing inner-city recreational facilities over unsustainable suburban development.	3/11/2025 5:52 AM
85	Supportive of local artists, and do not display anything pornographic or offensive to families	3/10/2025 7:49 PM
86	only included IF the project is underbudget overall.	3/10/2025 6:44 PM
87	Not cost a fortune	3/10/2025 4:51 PM
88	Indigenous led	3/10/2025 1:57 PM
89	Waste of money	3/10/2025 1:12 PM

Q8 What stories or themes would you like to see in public art at the South Winnipeg Recreation Campus?

Answered: 232 Skipped: 378

#	RESPONSES	DATE
1	None, I'd like to see the crime go down and keep it down, no pan handlers. Calgary has by-law against pan handling, has enforced it and it works. Saskatchewan got a police head that understands crime used a uk model to bring down crime, it worked. Your priorities are confused.	4/6/2025 5:47 PM
2	Bison Mural	4/6/2025 12:41 PM
3	Healthy lifestyle, healthy eating, good family values	4/6/2025 11:34 AM
4	Some historical reference to the area such as a "Bison Run" diarama.	4/3/2025 12:47 PM
5	Movement - fitness - all abilities - ages Something that is fun for children Something kinetic that moves or changes with weather/wind	4/3/2025 12:11 PM
6	The value that public art actually brings to a community.	4/2/2025 10:26 AM
7	Nature, inspiring. It should be for everybody but also encourage every body!	3/31/2025 2:39 PM
8	Living and celebrating together	3/29/2025 6:02 PM
9	Indigenous art, stories. Truth and reconciliation.	3/29/2025 4:15 PM
10	diversity	3/28/2025 2:23 PM
11	Indigenous lived experiences and art reflecting environmentalism/conservation/land-based learning	3/28/2025 2:23 PM
12	All cultures to be included	3/27/2025 8:00 PM
13	Diversity of histories and cultures	3/25/2025 11:46 AM
14	Our past, present and future!	3/25/2025 11:31 AM

92	I'd like to see something that unifies our community - it's still so new and has so many cultures in it, that it doesn't feel like a community yet.	3/13/2025 11:37 AM
93	Given that this is a space for communities with areas for exercise and such, I think the dominant themes should be the support of physical and mental health. I am a bit concerned to see options for social change or that art needs to be specific to certain cultures. The space needs to be inviting to all community members and does not need to make a statement. Improved physical and mental health is good for all community members and all Canadians. Unplugging from social conflicts for a short period helps reduce stress. There are already	3/13/2025 10:06 AM

South Winnipeg Recreation Campus

countless outlets for driving social change. We should be looking to support those who simply want to enjoy an afternoon at the facility.

Q9 Is there anything else you would like to share?

Answered: 188 Skipped: 422

#	RESPONSES	DATE
1	Hold off on any luxury rec center until the main concerns like crime, housing, drug use, safety are addressed. Then raise the money through donations, not taxes. Take a page from the former mayor of Mississauga Hazel McCallion who raised enough money to build a hospital and patrons did not pay for parking for 2 years. Now that's a legacy	4/6/2025 5:47 PM
2	Make sure there is plenty of parking and well laid out for entering and exiting onto major street. Lights and flashing cross walk	4/6/2025 12:41 PM
3	Places like these can have a positive impact on the surrounding community. People need access to healthy food and a lifestyle that promotes well-being, and such places should encourage that. The art or information displayed inside should reflect these values. Showing unrelated history is a missed opportunity — that's what museums are for. Let's keep the focus on family values, healthy living, and overall well-being.	4/6/2025 11:34 AM
4	Include pitching machine in equipment available. There is only one for-profit baseball training facility in Winnipeg (by airport) and it can't meet demand. Need space for our young athletes!	4/5/2025 8:11 AM
5	The City of Winnipeg needs to figure out how to add housing to these types of projects - or enable phasing such that it could be added later. It's a shame that there will be so much infrastructure and investment in designing and building this facility - but not a single housing unit. A two story recreation building is lost opportunity for the potential of this public land. There could be housing for housing kids aging out of care with young children, who may be trying to finish high school. Or women and children escaping violence. Or seniors. Even a small project of 20 units would be a huge benefit. I strongly suggest that a place holder be added for some housing in the future phases - with federal funds flowing to address a housing crisis, it makes zero sense to not try to include this in a project on City land funded by 3 levels of govt. Stop working in silos - this shouldn't only be about recreation but about meeting community needs in all ways. Lots of examples exist of housing on these types of facilities, even fire stations - you don't have to look far... https://medium.com/@dr._matt/mixed-use-fire-stations-44b300b242b9 https://vancouver.ca/home-property-development/coal-harbour-project-phase-2.aspx https://ywcavan.org/programs/housing/cause-we-care-house	4/3/2025 12:11 PM
6	I really think this is a great idea and well needed in the South end of the City, but think the area is all wrong. There is already Altea right down the street, Rehfit is off Waverley, U of M gymnasium, PanAm off Taylor, Margaret Grant Pool, and other miscellaneous fitness centres. Getting there is not fairly simple. I think something should be going in the Southeast end of the City. There is no major facility in that area. Either South St. Vital or Sage Creek. The only thing in that area is a couple gyms or Bonivital which fills up with swimming lessons. I also think there should be access to a steam sauna. In order to go to a steam sauna you have to pay drop-in charges and they are fairly expensive. There are not a lot of locations that have them. Just the dry saunas. But in Winter steam is soooo crucial for helping aid with bugs and the dryness. I have been to the Wellness Centre by the Seven Oaks Hospital and it is a really good facility. We need something similar that is affordable. We also need a really good water park and if this is a future phase it should be designed for year round use. It should be open for additional swimming lessons but also have wave pools, lazy river, slides. Give families a place to go to actually be able to use. I have been to the community centres in Calgary and Edmonton and they surpass what we have. In order to go to a decent pool we have to drive to Steinbach, Selkirk, Portage La Prairie.	3/31/2025 2:39 PM
7	A meet and greet area for seniors	3/28/2025 2:23 PM
8	Make sure to have a deaf/hh person present to see all areas for lights, tvs and have DI	3/27/2025 8:00 PM
9	I would like the main focus to be programs rather than aesthetics.	3/26/2025 1:29 PM

18	Provide an an accessible space for older adult groups to meet for presentations	3/22/2025 1:06 PM
19	Please consider all stages of life for accessibility and programming. This is not just for soccer moms	3/22/2025 12:10 PM
20	Locally produced art work as much as possible.	3/22/2025 11:32 AM
21	Again, I wish that the ice rinks were being prioritized, as our current facilities are awful	3/22/2025 10:34 AM
22	Dedicated space for seniors so that an active living centre can be established.	3/22/2025 9:43 AM
23	Prioritize ice rink with more than one ice surface	3/22/2025 8:44 AM
24	A baseball field is missing!	3/22/2025 7:54 AM
25	Would love to see outdoor tennis courts that are separate from pickleball courts.	3/21/2025 6:05 PM
26	recreation facilities need to be upgraded across the city and made affordable	3/21/2025 5:41 PM
27	We would greatly like to see an indoor baseball facility, as well as an outdoor facility that could meet tournament play expectations.	3/21/2025 1:37 PM
28	Washrooms located outside (tennis, soccer, baseball area) Any canteen area, purchase beverages etc?	3/21/2025 11:37 AM
29	Local artists	3/21/2025 7:45 AM
30	We need Baseball Diamonds & Hockey Rinks	3/20/2025 11:16 PM
31	Get your financial house in order before starting more projects!!!!	3/20/2025 7:38 PM
32	Don't waste your money on consultants.	3/20/2025 7:35 PM
33	I think there should be an INDOOR PLAYGROUND for preschoolers and older kids. As Winnipeg is a city with at least 5 months of cold weather.	3/20/2025 7:30 PM
34	Make Gillingham a one term Mayor! We can't afford this developers Mayor!	3/20/2025 6:21 PM
35	No	3/20/2025 5:35 PM
36	For equality this site should not include more variety of outdoor recreation options that the future Transcona site will not have. (From memory, I believe they will not get a splash park, pond, etc)	3/20/2025 4:18 PM
37	I would like to see flower gardens and ponds in the area	3/20/2025 3:51 PM
38	I would like to see the inclusion of baseball on the site.	3/20/2025 2:51 PM
39	spend the money in parts of the city where people can only walk to facilities	3/20/2025 1:09 PM
40	This is very exciting! Adding in one or more baseball fields would be my main recommendation, and a drop in child care - as a single mom, it's nearly impossible to find time to be active without a facility that has child care options (Altea does a great job with their kids club.)	3/20/2025 12:04 PM
41	to much debit now on taxpayers\$\$\$\$\$\$\$\$\$	3/20/2025 11:00 AM
42	N/a	3/20/2025 10:03 AM

South Winnipeg Recreation Campus

43	I think there should be multiple rinks not just one. Currently the city doesn't not have enough ice time.	3/20/2025 9:57 AM
44	It appears that a big focus is missing on the first phase. Shouldn't there be consideration for not only Hockey, Baseball but what about cricket and swimming. I believe the main demographic of the area are newcomers to the country. Also, there is only currently 2 arenas that service the entire south winnipeg area as well as the baseball fields that are completely missed altogether.	3/20/2025 9:14 AM
45	Why is there no baseball diamonds or batting cages?	3/20/2025 9:09 AM
46	I'm really glad the upper-middle class of Winnipeg is getting more beautiful things to make more beautiful lives for themselves.	3/20/2025 8:51 AM
47	I would rather have more outdoor space than a monstrous indoor space.	3/20/2025 8:40 AM
48	Hopefully the future phases are completed in a timely manner. I fear Phase 1 will get completed and the future phases will take decades, if they happen at all.	3/20/2025 8:36 AM
49	Why not fix up and keep in use existing structures in areas of the city with higher density and where more children rely on public facilities like this.	3/20/2025 8:31 AM
50	Don't be political on this part. This is a space for everybody!	3/20/2025 8:25 AM
51	Need an arena and baseball facilities	3/20/2025 8:22 AM
52	No.	3/20/2025 8:17 AM
53	Yes, I like to share and any	3/20/2025 12:19 AM
54	We are broke. Water treatment plant, Arlington bridge and roads are pathetic	3/19/2025 6:13 PM
55	Lots of possibility to generate economic development by making the facility also available to important national or international competitions.	3/19/2025 3:06 PM
56	No	3/19/2025 3:04 PM
57	Again, please please strongly consider and indoor pool. Our community needs it. Our kids need it.	3/19/2025 1:28 PM
58	Probably the wrong category but there should be office space for community organizations	3/19/2025 12:53 PM
59	make sur pool is 25 meters and track is padded thanks.	3/19/2025 10:33 AM
60	I would sacrifice 'public art' to keep well maintained outdoor spaces- no weeds, no cracked surfaces on playing areas and esp on paths	3/19/2025 10:21 AM
61	Lighting and sound are very important. There should be areas of quiet and softly lit for those who are photo and phonophobic so they too can be part of this community endeavour. Also, it would make a nice place for quiet contemplation and true cool down, perhaps with art and a water feature.	3/19/2025 7:23 AM
62	There is such a large aging population so it would be nice to have a safe place to go and attend programs that fit each individual needs.	3/18/2025 8:37 PM
63	Beautiful Building, no notes	3/18/2025 12:38 PM
64	I would like rugby equipment in the fitness area	3/18/2025 8:35 AM
65	Please incorporate the official lines for Team Handball in the gyms! Full court and even half court!	3/17/2025 1:53 PM
66	Indoor ice arena should be in phase 1 over additional gymnasiums	3/17/2025 11:54 AM
67	Build Squash and racquetball courts	3/17/2025 11:24 AM
68	Please put lines in the gymnasium for Dodgeball	3/17/2025 10:49 AM
69	please tell us the rink/pool complex will use heat pumps to cool the ice and warm the pool water	3/17/2025 8:02 AM
70	Can the indoor court space include lines for Futsal/Handball? Futsal is an indoor soccer type sport that is growing in Canada and across the world. There is a desperate need for more	3/16/2025 9:20 PM

South Winnipeg Recreation Campus

dedicated court spaces/lines.

71	Please ensure shade trees are provided in outdoor spaces where people sit and congregate, and people play. You can't take your kid to the play structure in 30C weather unless there is shade. With shade trees, spaces become much more usable. Please provide shade trees for picnic spaces, spectator areas, and playgrounds. And also buildings, to reduce air conditioner load. Good for carbon capture too.	3/15/2025 3:30 PM
72	Please do not just show disabled people in wheelchairs or blind as examples. Be sure to include those with "invisible" disabilities.	3/15/2025 12:49 AM
73	PLEASE have space for 55+ adult activities such as exercising, activities, and social groups. Seniors in this area need proper, well lit, comfortable spaces to work out, get together. We are the overlooked group but in order to stay healthy we need programs and space geared to our needs	3/14/2025 4:40 PM
74	I would like there to be space and programs available to people 55+ in this community centre. I belong to the Pembina Active Living 55+ group. Since Whyteridge Community Centre no longer allows us to meet in their facility, we do not have a permanent home. There are many active 55+ people in this area who need a place to exercise, attend interesting classes and participate in group activities. If this new community centre is for everyone in the community, then there needs to be 55+ programs included in the planning. People 55+ need to have access to stimulating and healthy activities so that we can continue to be vibrant, active members of the community. Please include activities and programs for 55+ people in this new community centre. Thank you.	3/14/2025 4:20 PM
75	People are struggling and you're raising taxes to fund your vanity projects.	3/14/2025 11:54 AM
76	Don't try to make a political statement with the art.	3/14/2025 8:15 AM
77	We are excited for this new rec complex! Yes! Thankssss	3/14/2025 12:32 AM
78	How did this project get funding and is slated to be constructed before the East of the Red recreation centre in Transcona?! Not only that, but end up with far more amenities!	3/13/2025 9:36 PM
79	It's disappointing to know that something of this size is being built in that area. There is Altea, Good Life but nothing in the southeast corner of the city. It would be nice to have something smaller in both	3/13/2025 9:30 PM
80	Would like the indoor hockey rink. Our rinks in the area are in really bad shape.	3/13/2025 7:15 PM
81	The north end and other low-income areas of the city need a recreation centre like this. The South end already has the U of M and Altea.	3/13/2025 6:12 PM
82	Small office space specifically for serving older adults	3/13/2025 3:56 PM
83	The arena should be part of Phase 1.	3/13/2025 3:38 PM
84	We won't fund new bridges in the north end of the city to replace a broken down one, but we can afford to fund this?	3/13/2025 3:24 PM
85	YES Stop spending tax payer money on things that ALL Winnipeggers won't use. Start listening to the citizens. We voted NO to re-open P&M and yet here we are. Start letting the citizens decide what we are forced to pay for. The roads in Wpg are horrible ... but ooooh ... let's spend money on projects no one wants.	3/13/2025 2:24 PM
86	Great ideas! Inspired Landscapes would love to be apart of this project! As someone who lives in the area. The landscape design should be interactive... maybe climbing areas that uses boulders that are immersed in native plants... Green walls. Planters with annuals. Plants with winter interest Natural edges no plastic edging. Using mulch for ground cover, limit rock and fabric. Once finished any design idea should be well looked after, so not to become a big jungle mess. Sales@inspiredlandscapes.net	3/13/2025 10:41 AM
87	Love the design. I would also prioritize reducing barriers to access recreational programming. I feel it's often over crowded or difficult to book	3/13/2025 6:17 AM
88	This is a huge waste in that location. Unless you can drive or bike there or live in the area it is not accessible. Please rethink somewhere central it would benefit people on the north end especially single parents, kids from getting into gangs drugs and crime. Either make it central or don't bother. My tax dollars could be out to better things not this.	3/13/2025 3:13 AM

South Winnipeg Recreation Campus

89	As long as it's inclusive of everyone it will be great! Our city needs more water slides and water parks!	3/12/2025 10:39 PM
90	Re Q6- if universal changes rooms means single use by one person or a family then yes I'm in favour. If universal means something else- then no. Go back to male/ female.	3/12/2025 10:31 PM
91	I would also like to see indoor pickleball courts	3/12/2025 8:38 PM
92	What a great project. I am looking forward to visit. I creates a great solution to an accessible venue.	3/12/2025 8:26 PM
93	Some accessible information consulting with MB Possible.	3/12/2025 8:17 PM
94	Pourquoi mettre tant d'argent dans un nouveau centre récréatif quand il y a de l'infrastructure décrépite plus près du centre-ville. Les banlieues rapportent trop peu d'argent pour justifier de si grandes dépenses.	3/12/2025 7:27 PM
95	Please include senior programming - a space for Pal55+ to meet	3/12/2025 6:53 PM
96	I see in drawings that perhaps significant distances could impair some from getting to and from activities. Cost is a concern but movable walk ways like airports have could really be beneficial here.	3/12/2025 6:42 PM
97	I feel some projects over-emphasize historical cultural aspects. Art should be culturally sensitive, but agnostic to any specific culture. We are all Canadian, or Canadian immigrants.	3/12/2025 4:23 PM
98	Abandon the project and use the funding to reduce fees.	3/12/2025 2:04 PM
99	I just want to make sure the art or the facility is accommodating to people who were born here too, everything seems to only be for immigrants and newcomers and they forget the history of this city and how it used to be	3/12/2025 1:34 PM
100	This MUST be maintained, if built. Maintenance is not one of the City of Winnipeg's strong points. Build and neglect, yep. Maintain, no. Public facilities built with public funds should be maintained by public employees.	3/12/2025 1:03 PM
101	The Universal changerooms and Bathrooms is confusing. I'm ok with allocating a small amount of money to this but why are we catering to less than .5% of the population? Tyranny of the Minority	3/12/2025 12:56 PM
102	As long as it's done by local artists I don't care.	3/12/2025 12:31 PM
103	Celebrating learning, books, and the impact of education. • Quotes or visual metaphors about curiosity and discovery.	3/12/2025 12:22 PM
104	I think these community centers are great for the city and surrounding areas.	3/12/2025 12:07 PM
105	PRIDE is a choice. We don't want to force that on the next generation. Please avoid those rainbow icons and logos in these public places. If it is just a common thing Why we want to celebrate it this much.	3/12/2025 11:09 AM
106	You need a cricket field! Cricketers in our area need space.	3/12/2025 10:55 AM
107	Not at this time.	3/12/2025 9:48 AM
108	We have moved from Port Moody, BC a few years ago and Port Moody had a very similar recreation centre so we are very excited to see this happening here.	3/12/2025 9:26 AM
109	No	3/12/2025 9:19 AM
110	indoor picklball courts	3/12/2025 8:19 AM
111	We need an indoor hockey arena	3/12/2025 8:08 AM
112	This is a great centre! It will be well used.	3/12/2025 8:08 AM
113	All housing developments should include plan for walk/bicycle path/ Central Park/etc- with combination of work/funds between housing developers and city	3/12/2025 7:57 AM
114	With our climate an indoor turf field would be ideal for more accessible activities and availability in space for the youth. Soccer, football etc.	3/12/2025 7:51 AM

South Winnipeg Recreation Campus

115	What about a rink too?	3/12/2025 7:23 AM
116	No thank you	3/12/2025 1:35 AM
117	Do not build this facility.	3/12/2025 1:14 AM
118	to have an information location	3/11/2025 10:45 PM
119	this is expensive. you sure?	3/11/2025 9:04 PM
120	I would like to see a dedicated space for rollerskating; there is almost nowhere in the city for that. I understand it could technically be done in a skate park, but only by experienced rollerskaters (anyone inexperienced would just be in the way of other skatepark users - rollerskates are moreso suited to flat surfaces if you're not a pro).	3/11/2025 6:58 PM
121	I am absolutely livid about this display of riches whilst my tax money is not contributing to healthy communities in the more economically challenged neighborhoods	3/11/2025 6:20 PM
122	Encourage social gathering/mixing so people can meet others. e.g. singles events for young and/or old, and/or families, and/or new moms etc., or instruction in a different activity for first-timers.	3/11/2025 5:46 PM
123	No	3/11/2025 4:49 PM
124	Make sure the building promotes the culture it is to be canadian. Outdoor winter activities are mandatory, skating trail, toboggan hill, x country ski trail, easy access to warm up and skate dressing areas.	3/11/2025 4:18 PM
125	Smoking area? With information to quit smoking cigarettes?	3/11/2025 4:07 PM
126	250+ meter walk from parking lot to outdoor courts is inconvenient	3/11/2025 3:55 PM
127	Have this public art be rotational, or changeable, so that our many talented artists can be involved.	3/11/2025 3:54 PM
128	No	3/11/2025 3:27 PM
129	Don't spend a lot of money on public art. Try not to overemphasize the importance of any one culture of group.	3/11/2025 1:08 PM
130	family change rooms are needed for those with kids of different ages, but men in the womens' washrooms/changerooms and vice versa is absolutely disgusting and scary. Please do not do that. My tax dollars will vote against it in every way I can. Put money back into the old neighbourhoods. Open Happy Land Pool again!	3/11/2025 12:33 PM
131	This is a beautiful facility and I am sure that it will be well appreciated and used by the people in this local area. I hope the costs of this project will also be borne by those same residents? I hope this is the 'funding model' used by all the new recreational centres being built or planned? Also, access fees will be lower for residents of Winnipeg and a different fee for those who reside outside of Winnipeg? Those who pay city taxes should have a lower admission/registration fee than those outside the city.	3/11/2025 11:30 AM
132	Stop building new infrastructure when you can't maintain the old stuff. I can't believe I have to say this.	3/11/2025 11:26 AM
133	Same s before: I am opposed to the whole idea of the rec centre when support for existing rec facilities in the inner city, where such are really needed, is dying. Maintain and improve the inner city facilities, and if anything is left over, use it for the suburbs then.	3/11/2025 11:04 AM
134	Except for the indoor ice complex, the rest of this indoor building plan should be cancelled. At a minimum, if built, it should have an sustaining endowment, separate and apart from the Civic tax base.	3/11/2025 10:53 AM
135	Not in agreement that this should be put in at all tax payers expense. Tired of sprawl. Developer of the area should have paid for this promise to the area.	3/11/2025 10:24 AM
136	Programming for school visits and a seniors centre with good coffee	3/11/2025 10:16 AM
137	Pembina Active Living (55+) requires a dedicated space for our organization. We have had the support of our City of Winnipeg Councillors in the past and hope to do so in the future.	3/11/2025 10:15 AM
138	Please engage more with pedestrian and cycling stakeholders. This presentation comes	3/11/2025 9:49 AM

South Winnipeg Recreation Campus

across as motorist-first. I need to see more details and more consideration for those of us who don't primarily use a car (and those of us who become a pedestrian once we park and get out of our car)

139	No	3/11/2025 9:47 AM
140	Taxes and fees going up double digits and YOU want to spend millions on a rec centre for a few select,privileged people	3/11/2025 9:32 AM
141	we need baseball facilities in this area!	3/11/2025 9:22 AM
142	How nice that the city is spending all of this recreation money to suburbs at the expense of existing facilities. Where is the "densification" that is supposedly good for the older neighbourhoods while further away neighbourhoods are being built. Then the argument for new facilities is "but there isn't anything close"/"there's no transit/sewer/parks/bike paths/fire & police services/rec facilities in our neighbourhoods"	3/11/2025 9:14 AM
143	Facilities like this should be built in needy neighbourhoods, not in such a wealthy community.	3/11/2025 9:12 AM
144	Considering the **MASSIVE** tax increases by Scott Gillingham.... we need to keep expenses at the "barest minimum". We do not need to pad the expenses with "FLUFF" that does absolutely nothing.... like art .	3/11/2025 9:09 AM
145	I am concerned that the City is putting so many resources into this project when inner city neighbourhoods lack recreation opportunities. If this project goes forward equal resources must be put into to those communities. Instead, we are closing down facilities to fund new facilities wealthier communities.	3/11/2025 9:05 AM
146	The city has a 26 billion deficit. Do not spend money we don't have!	3/11/2025 9:03 AM
147	Yes. This is a poorly conceived, stupid way for Winnipeg to remain mired in a deficit. We can't afford this. We don't want this.	3/11/2025 8:57 AM
148	ensure that access to use the facility is affordable for all age groups!!!!	3/11/2025 8:46 AM
149	put the money to better use. street repair , crime fighting.	3/11/2025 8:42 AM
150	I do not support the building of these very high end facilities for the sprawling suburbs while inner city facilities are threatened with closure and not upgraded or maintained to meet the needs of the inner city communities which need them the most. More modest plans for those communities should reflect a desire to ensure that ALL communities continue to be served.	3/11/2025 8:41 AM
151	Stop raising my taxes for the amenities of the rich, while closing the amenities in my neighborhood.	3/11/2025 8:40 AM
152	It would be really cool to have rotating art installations. If we are designing a community space, then it is a great opportunity to make spaces that are designed to welcome the community to participate continually in its creation (i.e. providing and creating art to show in it).	3/11/2025 8:38 AM
153	We have no budget. We should focus on improvements in the inner-city and more densely populated areas. This will be more cost efficient, and encourage densification	3/11/2025 8:32 AM
154	It is a waste of money when we have streets falling apart.	3/11/2025 8:32 AM
155	Finally we cannot afford this. The city is spending money on things like opening Portage and Main when the upgrades to the Water Treatment will cost billions and is essential to all of Winnipeg. While recreation centres are lovely and perhaps warranted, developments of this scope will ultimately be way over budget and should not be completed when the city is crumbling around us. With the huge increase in residences in South Winnipeg our water and sewer system is much more important.	3/11/2025 8:27 AM
156	I don't understand why facilities in the winnipeg core are getting closed or falling apart, but we'll build these brand new ones in other areas. Many people in the core don't have access to cars and are never going to come here.	3/11/2025 8:26 AM
157	No	3/11/2025 8:24 AM
158	Yes! Please look to Sgt Tommy Prince place for how to design the universal washroom. They have adult size change tables and hoier lifts so folks that need it can have a full change. My husband serves on several committees on accessibility. He himself has Cerebral Palsy, and	3/11/2025 8:24 AM

South Winnipeg Recreation Campus

the ED of The Cerebral Palsy Association of MB. His name is David Kron and you can reach him at 204-250-4226. He will steer you in the right direction for considering accessibility.

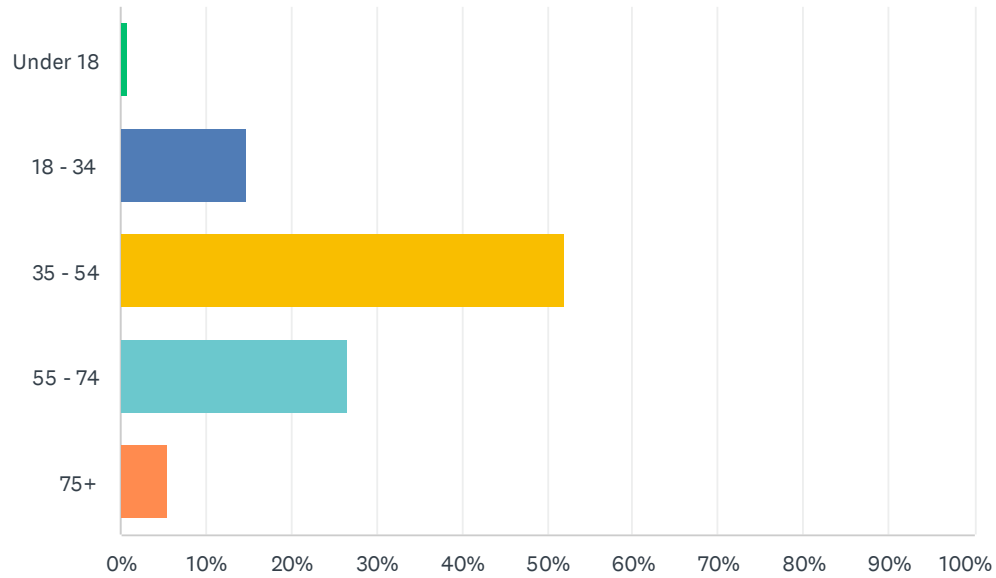

159	Investment in this area is pandering to affluent people to fund future campaigns.	3/11/2025 8:23 AM
160	No	3/11/2025 8:22 AM
161	Need to to have people to provide support and supervision of the various sports, Health supports easy access, It seems weird there is not a pool availability for water sports.	3/11/2025 8:17 AM
162	I am totally against building this palace in the suburbs. Meanwhile in urban Winnipeg there is only YFC which has been a total waste of taxpayer money handed over to a bigoted religious group	3/11/2025 8:12 AM
163	What happened to the sports complex that was supposed to be built near Concordia? WHY in these economic hard times would you proceed with this? Are we not in a recession right now?	3/11/2025 7:34 AM
164	showcase the LBGTQ2+Community	3/11/2025 7:26 AM
165	Yes this place should have a pool.	3/11/2025 6:25 AM
166	The new recreation centre in South Winnipeg is unnecessary given the nearby private facility. Meanwhile, core areas lack investment, with outdoor pools closing and infrastructure crumbling. Prioritize fixing inner-city recreational facilities over unsustainable suburban development.	3/11/2025 5:52 AM
167	Why does South winnipeg get this when the rest of the city is falling apart	3/10/2025 10:43 PM
168	There are lots of recreation options in the south end of the city. What about the North end? We need more.	3/10/2025 10:29 PM
169	Where are the outside hockey/ skating rinks.	3/10/2025 10:24 PM
170	As stated several times. Learn from what is lacking at Dakota Fieldhouse. Ample parking. Shaded volleyball courts and walking access around the entire gymnasium for spectators not to interfere with the game or view of other spectators when moving from court to court.	3/10/2025 10:11 PM
171	I sincerely hope that senior's are being considered for what is being termed a "multigenerational" complex. I would like to be able to use this space as well as my grandchildren. I am disappointed there is no mention of a swimming pool as the only one in the area (Margaret Grant) is not able to serve all the needs of the community. There needs to be full disclosure on what the entrance fees are, can we all afford to use this space? Will there be a designated space for a senior's club like Pembina Active Living (55+), as this is desperately needed in the area. Please show this as a priority.	3/10/2025 7:49 PM
172	Center has to be people friendly in general and physically challenged people in particular.	3/10/2025 7:16 PM
173	You have this completely backward. Our community is in desperate need of new ice hockey facilities and swimming pools. The private sector has already done an excellent job of providing fitness facilities, yet you've chosen to prioritize this? Please reconsider and focus on what our community truly needs.	3/10/2025 6:46 PM
174	Concentrate on "function over form." Keep it simple. Tax payers do not need or deserve another City of Winnipeg project that goes massively over budget.	3/10/2025 6:44 PM
175	You are significantly missing the boat on a full size turf soccer field which can also be used for baseball, football, flag football, ultimate and any other grass based sport. Our winter is long. Just another mistake. Dakota has new gyms and they aren't used all the time. Every school has gyms for rent. The universities have gyms to rent.	3/10/2025 5:52 PM
176	No	3/10/2025 5:25 PM
177	I would like to see the artwork for sale. Keep the art fresh and new.	3/10/2025 4:39 PM
178	I know a facility is likely needed for the area and I'm not opposed to suburbanites having their own rec facilities. I question whether this scale of facility costing X-millions of taxpayers money is necessary when inner city facilities are crumbling and funding is cut to them. The city needs to reinvest in its core to end the outward growth death spiral. And this facility seems like the symptom of a city focusing on growth over sustainability.	3/10/2025 3:46 PM
179	I think the community would appreciate a pool. Outdoor or indoor.	3/10/2025 2:20 PM

South Winnipeg Recreation Campus

180	The entire facility would need to be fully accessible for people with disabilities. Consultation with people with disabilities to ensure this is the ideal way to achieve this.	3/10/2025 2:16 PM
181	Again, I want to comment on the fact that a lot of the Inner city facilities, those in the West End and in Wolsley, Have had their facilities shutdown, and a campus way in the south of the city is not very accessible to those of low income and without a vehicle	3/10/2025 1:57 PM
182	Must have regulation volleyball courts (ideally 6 half courts that have at least 3m of serving room on each side). Crucially important.	3/10/2025 1:34 PM
183	Hockey Complex! It is unbelievable that there is not appropriate hockey facility in an area that is the size of Brandon. Can you imagine if Brandon had no rinks at all?	3/10/2025 1:20 PM
184	STOP WASTING TAXPAYERS MONEY On areas that can personally pay for their own Recreational spots	3/10/2025 1:12 PM
185	If you're naming rooms, fields, roads, tracks, or any other aspect of current and future development, avoid the acceptance of \$\$\$ to influence those names. Keep the names generic OR representative of EVERYONE...not just the South Asian community. If this continues, so too will the animosity towards that culture.	3/10/2025 1:09 PM
186	No.	3/10/2025 1:03 PM
187	PLEASE make a pool and have swimming lessons for kids	3/10/2025 12:52 PM
188	There should either be an option for individual universal or family-sized changing rooms, as well as separate changing rooms for men and women. We shouldn't just have universal rooms and should not just have gender-specific rooms.	3/10/2025 11:22 AM

Appendix B – Survey Analysis

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Background

The goal of this engagement was to gather input from South Winnipeg residents, future users of the SWRC, and key stakeholders about the site plan and building designs.

Engagement

The survey was available from March 10 to April 7, 2025, on Engage Winnipeg and at the open house. There was a total of 610 respondents. The survey consisted of nine project questions and four optional demographic questions. The demographic questions help assess which segments of Winnipeg's population we are hearing from.

Feedback collected through the survey will help refine the design to ensure it meets community needs, reflects local priorities, and supports a welcoming, inclusive, and multi-generational recreation space.

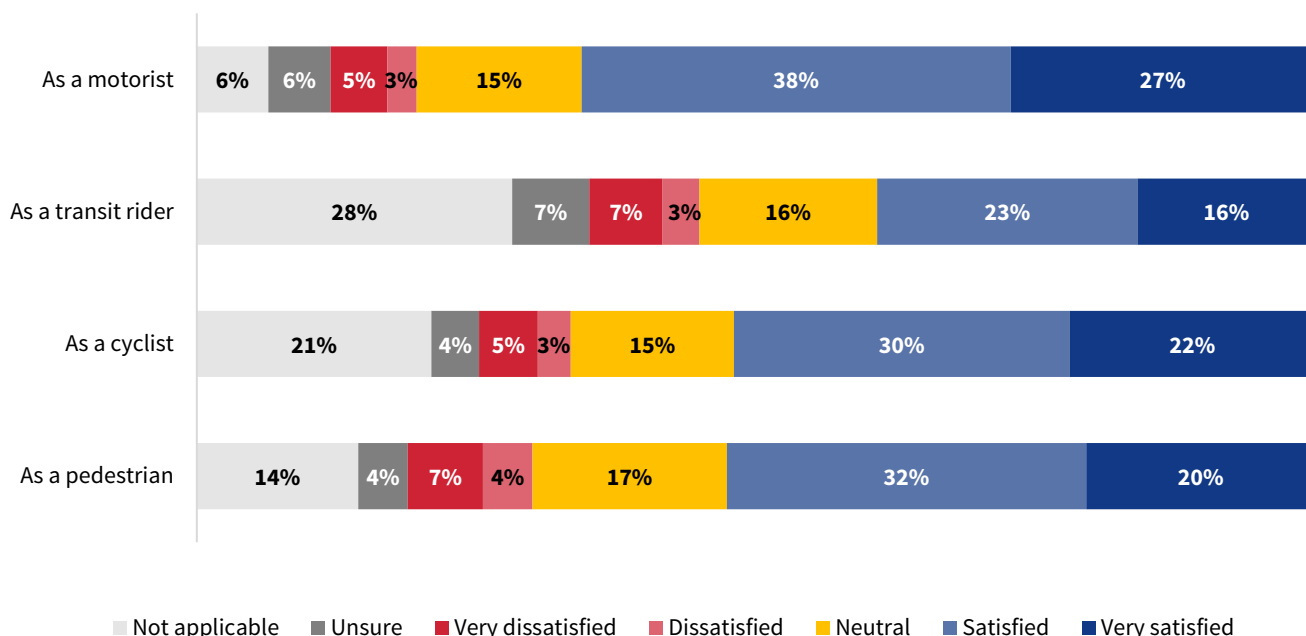

What We Heard

The following shows the results of the survey. Quantitative data is represented in graphs. Qualitative data is represented in themes (no themes that represent less than two percent of responses are reported).

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Question 1: We need to make sure that people can get to the campus using all types of transportation. The design includes an entrance near Bison Drive for pedestrians, cyclists, and transit riders. The design also includes parking and a drop-off/pick-up near Joe Keeper Way for motorists. How satisfied are you with the access to the South Winnipeg Recreation Campus? (n=610)

Most respondents (over 39% in each mode type) are satisfied or very satisfied with the access to the South Winnipeg Recreation Campus. A large number of respondents selected ‘Not applicable’ for the ‘Cyclist’ and ‘Transit rider’ options. Satisfaction among people who mainly cycle or ride transit may be higher than shown in the graph due to this.

Question 2: If you are not satisfied with any of the access provided, please tell us why in the space below. (n=141)

Table 1: Key themes identified in question 2 of the survey

Theme ('n' comments had this theme*)	Description and quotes
Motor Traffic and Parking	
Road capacity and congestion (29)	Traffic flow, school traffic, tournament event traffic, single lane road expansion <i>“Bison already gets backed up with school traffic. Adding another large building will only create more of a backup when Bison is single lane.”</i>

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Parking availability (15)	Not enough parking or accessible parking spots, parking during large events <i>“Why is all of the parking at the street?”</i> <i>“Make sure there is accessible parking near the entrance”</i>
Access points (15)	Entrance/exit locations, the need for multiple access points <i>“Pickup/dropoff can be a problem, with the mix of children, seniors, vehicles, Transit Plus vans, it needs to be large with clear sight lines, otherwise it will need a monitor - example Bonnycastle school.”</i>
Public Transportation	
Transit coverage (26)	Limited routes, no direct transit service, infrequent service, wait times, peak/off-peak access, long walk to stop <i>“Most of the transit stops seem to be quite far away from the main building which makes it hard for those with mobility issues to access it. It would be nicer to have a transit stop right in front of the building off the parking lot.”</i> <i>“The only concern would be how often transit would routes would run. Greater than every 30min during non-busy times might limit use.”</i>
Pedestrian and Cyclist Usage	
Bike lanes (18)	No bike path, unsafe cycling, disconnected cycling routes, gaps in network <i>“Bike paths need to be improved to get there.”</i>
Pedestrian access (16)	Missing sidewalks, unsafe crossings, walkability <i>“For someone who is walking, the location is not at all convenient or pleasant to access (walking down busy streets with nowhere to rest and no protection from the elements (full sun in the summer, full wind in the winter).”</i>
Bike parking (4)	Need secure, visible racks <i>“There needs to be a safe place to park bikes.”</i>
Location	
Connectivity (29)	Disconnected from main roads and pathways <i>“This is way across the city, I am unable to use the access due to the condition of the roads en route!”</i> <i>“It is far away from me, would take a couple of buses or a long drive to get there”</i>
Integration with existing infrastructure (17)	Road and bike path connections <i>“Need to consider cycle access from the east (ie how to cross Waverley) to get to Bison.”</i>
Social equity (16)	Location of SWRC is too far from communities needing it ‘most’ (north end), suggestion to invest in centres in underserved areas <i>“Because it’s too far from the people who desperately need access to recreational facilities in Winnipeg. We need investment in the north end and central neighborhoods.”</i>
Accessibility	

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

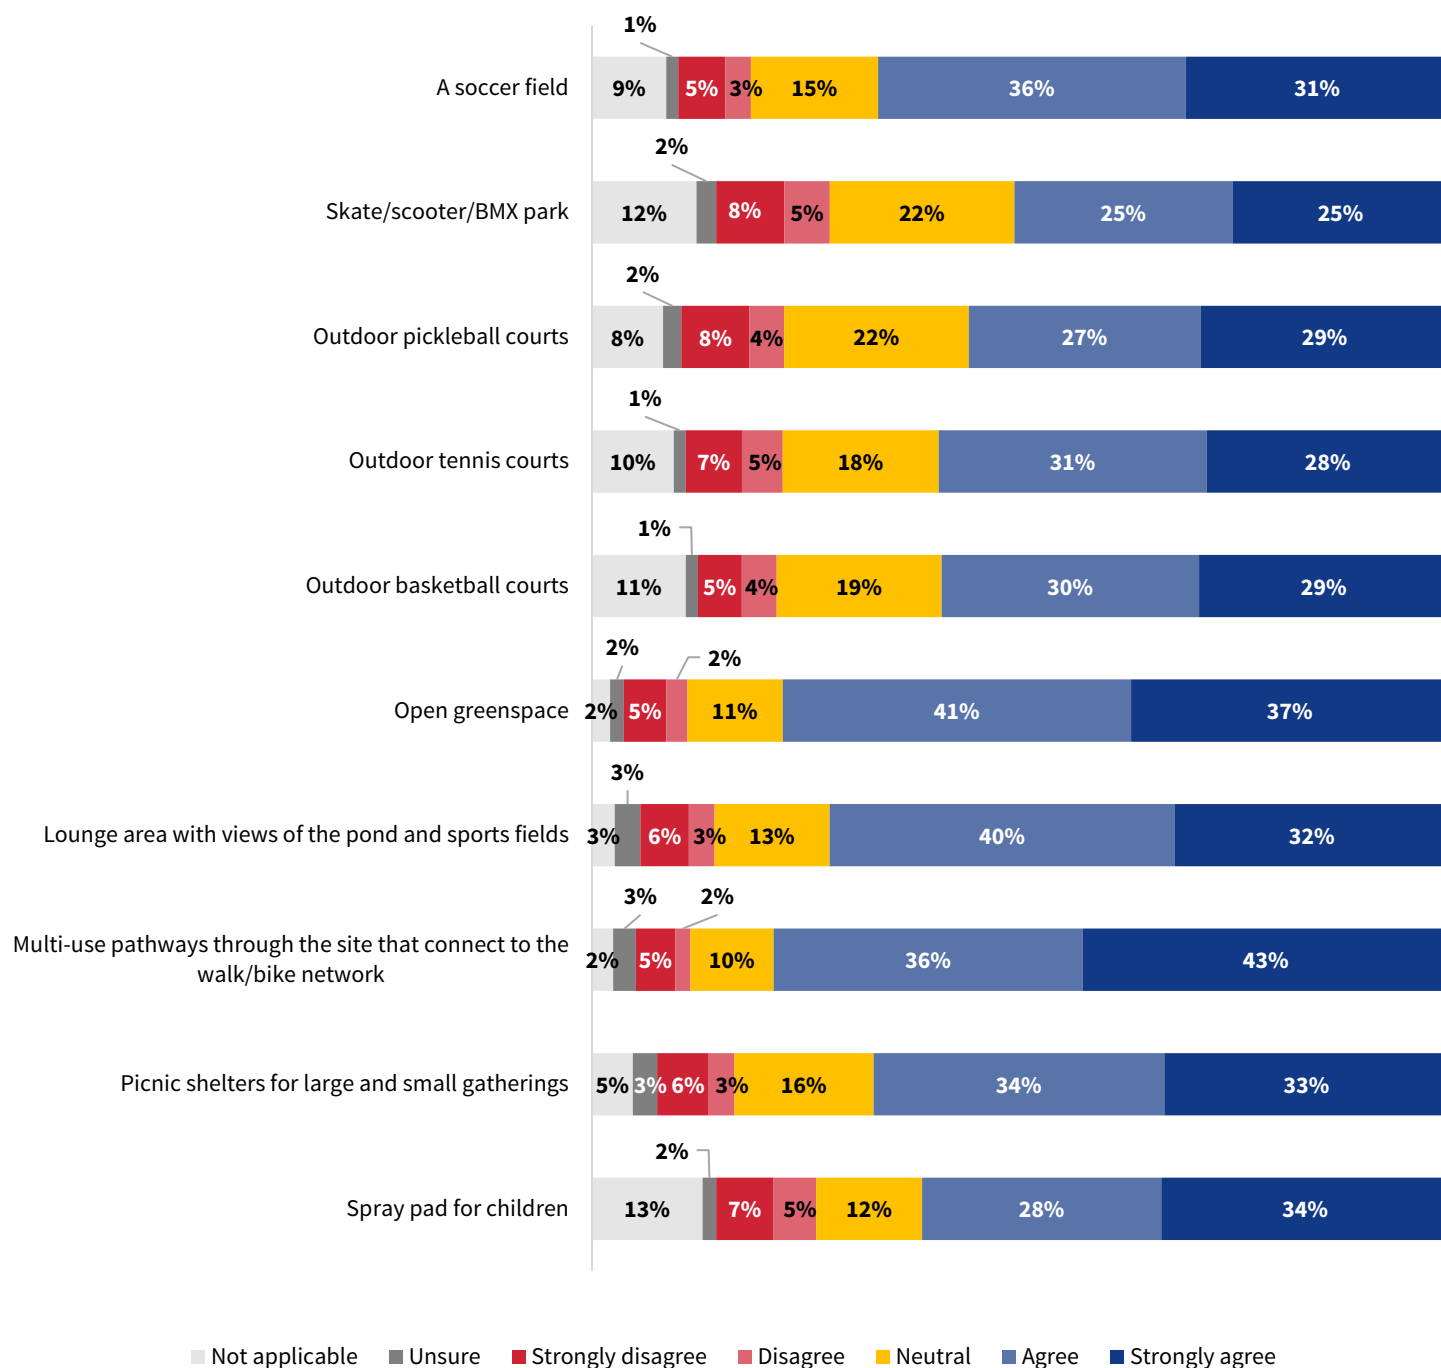

Physical accessibility (4)	Drop-off areas, parking locations, mobility aid accessibility, ramps <i>“Pickup/dropoff can be a problem, with the mix of children, seniors, vehicles, Transit Plus vans, it needs to be large with clear sight lines”</i>
Financial and Investment	
Budget priorities (24)	Allocation of funds, fix existing buildings, social equity, desire to see money invested elsewhere, favours south end <i>“Why are we building more roads and more recreation facilities when we can’t maintain what we already have?”</i> <i>“You are catering to the wealthy and those with cars while abandoning the inner city whom actually need better recreation and resources”</i>

*May not equal 100% as comments often had multiple themes.

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Question 3: The South Winnipeg Recreation Campus includes a variety of outdoor amenities in Phase 1 and future phases. Do you agree or disagree that the following amenities will meet the needs of you and your family? (n=566)

Most respondents (over 50% for each amenity type) are satisfied or very satisfied that the variety of outdoor amenities in Phase 1 and future phases will meet the needs of them and their families.

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Question 4: If any of the outdoor amenities do not meet the needs of you and your family, please tell us why in the space below. (n= 215)

Table 2: Key themes identified in question 4 of the survey

Theme ('n' comments had this theme*)	Description and examples
Facility Design and Amenities	
Alternate facilities (105)	Outdoor rink, soccer, splash pad, beach volleyball, softball, cricket <i>"Hockey rinks, cricket, and a rugby pitch would be amazing for the community"</i>
Baseball specific (52)	Many comments about baseball diamonds and batting cages <i>"Baseball has been entirely overlooked. Winnipeg south is home to a AAA baseball organization for multiple age groups. This would be very much used."</i>
Design functionality (21)	Desire for larger amenities and greenspace, picnic design, suggestions for layout, parking lot size <i>"Spray pad area too small. Skate/bmx area too small and disconnected due to facility in the way"</i> <i>"For the outdoor field make sure the surface is artificial turf, and it caters to soccer, lacrosse and football."</i>
Older adults amenities (7)	Amenities suitable for older adults <i>"As a senior I see no space designated or available for senior groups. Initially, this was supposed to be a priority for the city."</i>
Seasonal use and winter sports (6)	All-season facility, accessing outdoor courts in winter <i>"I would rather see a facility that is more adaptable for all season use. There is no mention of winter sports or rentals"</i>
Location	
Social equity (23)	Too far, not central, inaccessible for some areas <i>"Too far away from people who need them"</i>
Pedestrian and Cyclist Usage	
Safety for cyclists and pedestrians (4)	Separation of paths, unsafe crossings, pedestrian-cyclist conflict <i>"Please separate pedestrian and cycle paths. It is dangerous/offputting for pedestrians."</i>
Financial and investment	
Budget priorities (16)	Allocation of funds, fix existing buildings, social equity, desire to see money invested elsewhere

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

	<i>“Why are we building new facilities when we can’t/don’t want to maintain what we already have?”</i>
--	--

*May not equal 100% as comments often had multiple themes.

Question 5: If any recreation amenities do not meet your expectations, please tell us why in the space below. (n=175)

Table 3: Key themes identified in question 5 of the survey

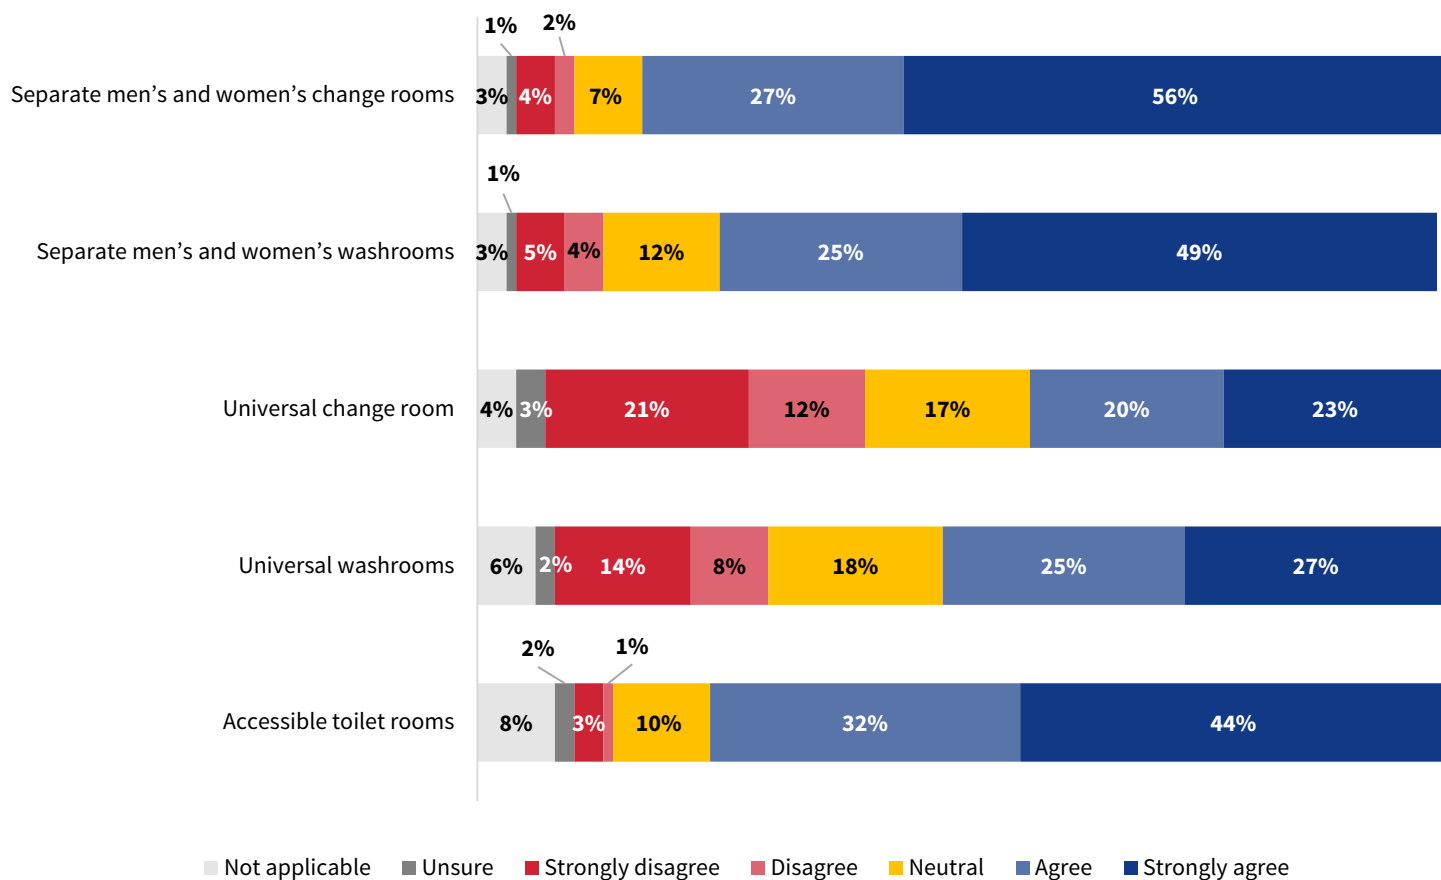

Theme ('n' comments had this theme*)	Description and examples
Facility Design and Amenities	
Desired facilities (68)	Swimming pool, splash pad, baseball, climbing wall, arena, yoga space, pickleball, cricket, squash <i>“How about a climbing wall?”</i>
Size and layout (29)	Desire for larger fitness centre, gym, and kitchen, privacy for yoga <i>“I think fitness centre is little small considering the community size.”</i>
Desired amenities (15)	Indoor amenities that would support sports and socializing like field hockey turf, score clocks, coffee area <i>“Need giant curtains to separate/protect so some gym area can be used for baseball training.”</i>
Older adults amenities (12)	Space for older adult programming and meeting <i>“We need a location for Seniors - PAL is very active in the community but can’t get a permanent space for activities.”</i>
Location	
Location (10)	Difficult access, suburban focus <i>“They are not centrally located and too far away to access.”</i>
Similar facilities nearby (17)	U of M, Altea, Goodlife <i>“There are similar facilities around Winnipeg, no need to build another one.”</i>
Accessibility	
Accessibility (7)	Fully accessible facilities, mobility aid accessibility <i>“They’d need to be fully accessible for people with disabilities. Consultation with people with disabilities to ensure this is the ideal way to achieve this.”</i>
Financial and Investment	
Budget priorities (26)	Allocation of funds, fix existing buildings, social equity, desire to see money invested elsewhere <i>“Spend the money all over the city not just in one neighborhood.”</i>

*May not equal 100% as comments often had multiple themes.

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Question 6: Do you agree or disagree that the following change room and washroom options will meet the needs of you and your family? (n=554)

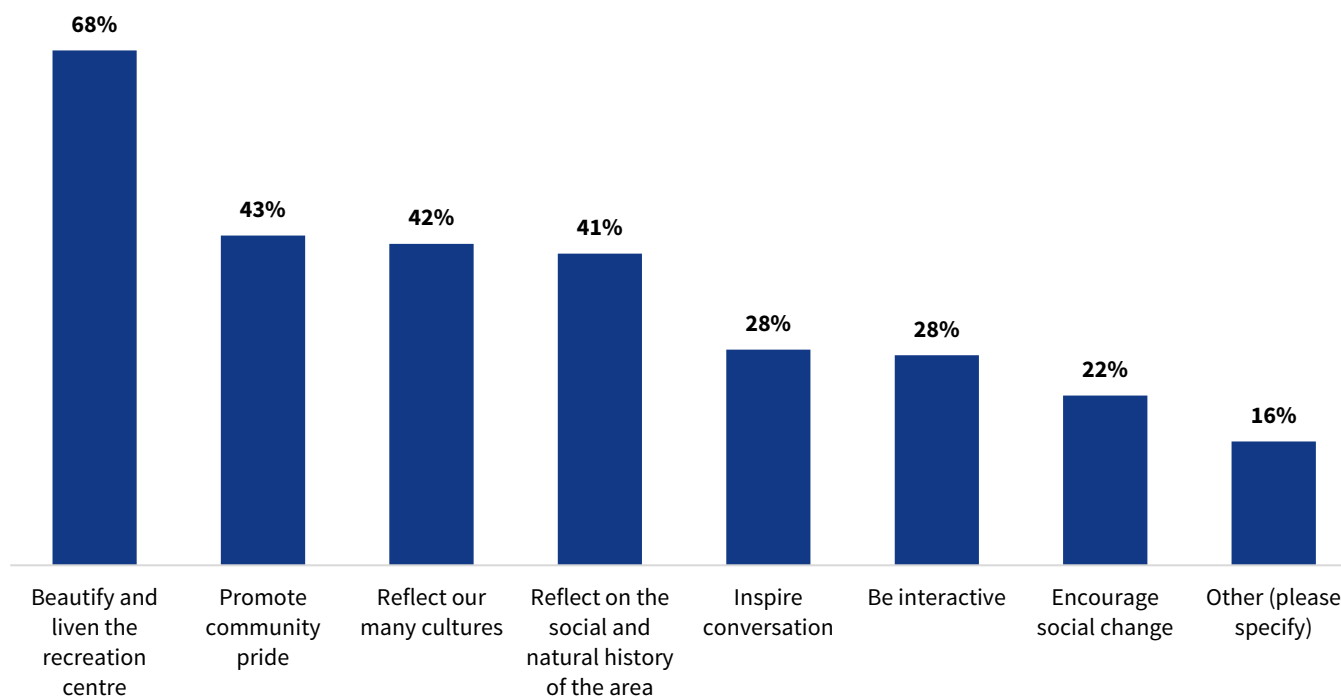

Most respondents (over 40% in each change room and washroom type) agree or strongly agree that the change room and washroom options will meet the needs of them and their families.

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Question 7: The South Winnipeg Recreation Campus will include public art. What do you want the public art to achieve? * (n=546)

**Responses will not equal 100% as respondents were able to choose multiple responses.*

Most respondents (68%) would like to see the public art beautify and liven the recreation centre, many respondents would also like to see the public art promote community pride (43%), reflect our many cultures (42%) and reflect the social and natural history of the area (41%).

For those who chose 'other' (n=89), the results were as follows:

- **Support for local artists** – 14 respondents wrote in that they want to see art created or displayed by local, Winnipeg, or Manitoba-based artists
- **Opposition to public art due to cost** – 13 respondents expressed concern that the public art is a waste of taxpayer money, especially considering the city's debt and infrastructure needs

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Question 8: What stories or themes would you like to see in public art at the South Winnipeg Recreation Campus? (n=232)

Table 4: Key themes identified in question 8 of the survey

Theme ('n' comments had this theme*)	Description and examples
Art theme	
Nature (51)	Beauty of nature, Red River Valley <i>"Nature of the Red River Valley"</i>
Celebration of diversity and unity (50)	Diversity of history and cultures, inclusion, coexistence, togetherness <i>"Both a combination of historic Winnipeg, Manitoba, and Canadian art and art from newcomer communities reflected in the area."</i>
Historical and cultural storytelling (49)	History of the area and land, old photos <i>"Geographic history of the area, what the natural environment looked like in different epochs i.e. Prehistoric, last glacial era"</i>
Positive and motivational themes (48)	Playful, visually captivating, inspiring, fitness themes, sports themes <i>"Nature, beauty, Canadian wildlife, active living, recreational sports or activities"</i>
Indigenous art (39)	Truth and Reconciliation, lived experiences, Indigenous culture and pride <i>"The history of indigenous and other cultures in our city."</i>
Acknowledging the past (18)	Acknowledgement of ongoing colonization, recognition of other major events <i>"The history of Manitoba with the good and bad so people remember and learn from past."</i>
Local Artists	
Support for local artists (16)	Winnipeg artists, community events, U of M art students, emerging artists, interactive art <i>"Have local artists promote their work."</i>
Neutral and Non-Controversial Art	
Neutral and non-controversial art (10)	Keep neutral, no cultural or political agendas, relatable themes <i>"Nothing political or agenda pushing."</i>
Financial and investment	
Budget priorities (12)	Allocation of funds, fix existing buildings, social equity, desire to see money invested elsewhere, not a budget priority, avoid art spending

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

	<i>"The new recreation centre in South Winnipeg is unnecessary given the nearby private facility. Meanwhile, core areas lack investment, with outdoor pools closing and infrastructure crumbling. Prioritize fixing inner-city recreational facilities over unsustainable suburban development."</i>
--	--

*May not equal 100% as comments often had multiple themes.

Question 9: Is there anything else you would like to share? (n=188)

Table 5: Key themes identified in question 9 of the survey

Theme ('n' comments had this theme*)	Description and examples
Facility Design and Amenities	
Amenities and equipment (55)	Pitching machines, rugby, baseball and soccer equipment, sauna <i>"Would love to see outdoor tennis courts that are separate from pickleball courts."</i>
Community spaces (17)	Dedicated space for older adult programing, kids club, office space <i>"Provide an accessible space for older adult groups to meet for presentations"</i>
Suggestions for prioritizing different phases (4)	Completion in a timely manner, desire to see different facilities in Phase 1 <i>"Hopefully the future phases are completed in a timely manner. I fear Phase 1 will get completed and the future phases will take decades"</i>
Accessibility and Inclusion	
Universal design (15)	Mobility aid accessible, wide doorways, ramps, elevators, braille <i>"Please do not just show disabled people in wheelchairs or blind as examples. Be sure to include those with "invisible" disabilities."</i>
Suitable for all ages (15)	Places for older adults, places for young children <i>"Please consider all stages of life for accessibility and programming"</i>
Universal changerooms (5)	Family changerooms, gendered bathrooms <i>"There should either be an option for individual universal or family-sized changing rooms, as well as separate changing rooms for men and women. We shouldn't just have universal rooms and should not just have gender-specific rooms."</i>
Social equity	
Social equity (34)	Underserved areas should be prioritized; new facilities should be where access is currently limited

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

	<i>“Why not fix up and keep in use existing structures in areas of the city with higher density and where more children rely on public facilities like this.”</i>
Art	
Inclusivity in art and design (14)	Including artwork that celebrates diverse cultural identities, Indigenous art, family values, healthy living/wellness, local art <i>“We add to our past and our present and future are evolving. The art space should be able to accommodate for this reality.”</i>
Neutral and non-controversial art (5)	Avoiding political statements, choosing abstract or nature-inspired art <i>“Don't try to make a political statement with the art.”</i>
Financial and Investment	
Budget priorities (42)	Allocation of funds, social equity, desire to see money invested elsewhere, affordability of new campus, operations costs, staffing, and maintenance <i>“I question whether this scale of facility costing X-millions of taxpayers money is necessary when inner city facilities are crumbling and funding is cut to them.”</i>

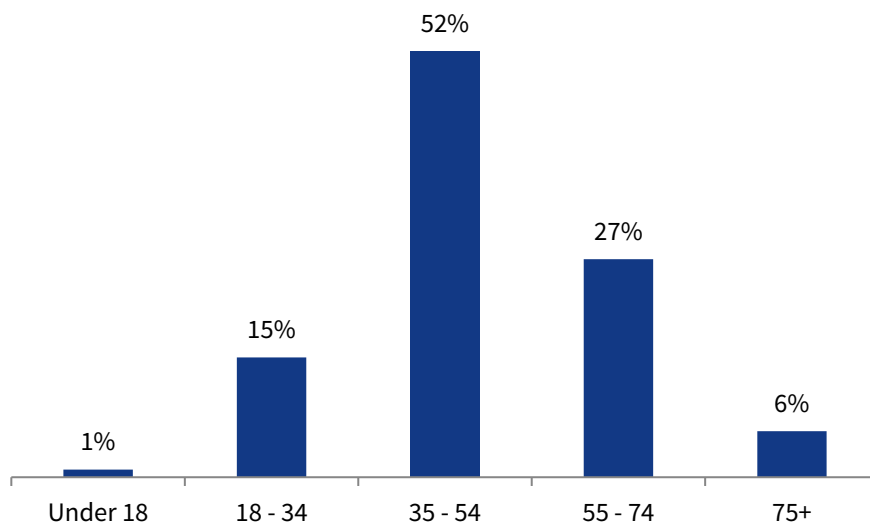

**May not equal 100% as comments often had multiple themes.*

Demographics

Question 10: What is your age? (n=532)

Question 11: Please provide the first three characters of your postal code. (n=513)

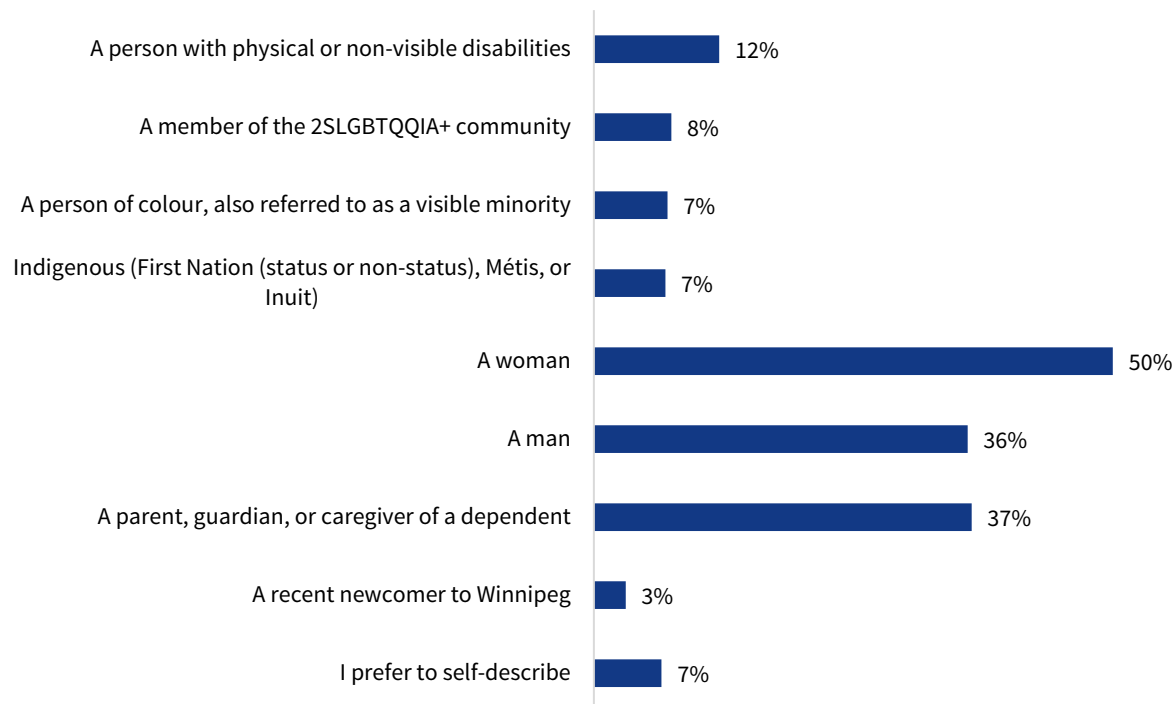

The below image shows the spread of postal codes that respondents had. The South Winnipeg Recreation Campus will be located in the R3Y postal code area in the southwest region of the city.

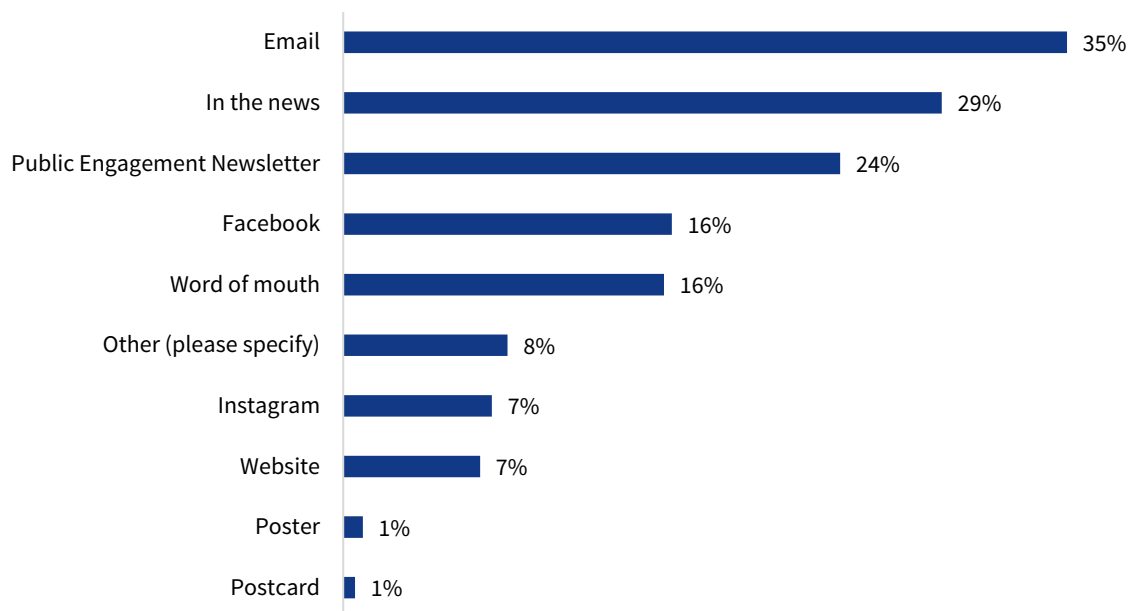

SOUTH WINNIPEG RECREATION CAMPUS

Appendix B – Survey Analysis

Question 12: Please identify as you feel comfortable. (n=520)

Question 13: How did you hear about this project? * (n=527)

**Responses will not equal 100% as respondents were able to choose multiple responses.*

Appendix C – Stakeholder Meetings

South Winnipeg Recreation Campus

Appendix C – Stakeholder Meetings

Background

This appendix summarizes input from two stakeholder meetings conducted as part of the engagement for the South Winnipeg Recreation Campus (SWRC).

Engagement

Stakeholder meetings were held with 2 cultural and accessibility organizations. These stakeholder meetings were held on March 18 and 21, 2025. The meetings began with a brief presentation to introduce the project followed by a discussion on the designs, community needs, and current gaps.

What We Heard

The following feedback was heard at stakeholder meetings.

Theme	Comments
Washrooms	Desire for separate gender washrooms. Considerations for faith, suggestion to include wudu station.
Public art	Desire for diverse public art that represents various demographics.
Desire to use multipurpose and gym spaces for community gatherings	Desire to have large spaces that communities can gather in.
Accessibility	Concern with winter conditions, including snow and ice removal, especially when large events may fill up the majority of the parking spots.
